On February 14, 2024, a Case Resolution Conference ("CRC") was held before a committee of the Board. As a resolution of this matter, the Respondent-Pharmacy agreed to enter into this public Consent Order consisting of Findings of Fact, Conclusions of Law, and an Order.

FINDINGS OF FACT

The Board makes the following Findings of Fact:

BACKGROUND

1. At all times relevant hereto, the Respondent-Pharmacy was permitted to operate as a pharmacy in the State of Maryland. The Respondent-Pharmacy was originally issued a permit to operate as a pharmacy in Maryland on October 18, 2018, under Permit Number P07954. The Respondent-Pharmacy's permit is scheduled to expire on May 31, 2024.

2. The Respondent-Pharmacy is located in Hyattsville, Maryland.
3. At all times relevant hereto, the Respondent-Pharmacy was owned by an individual (the "Owner")¹, who was not licensed as a pharmacist in Maryland.
4. At all times relevant hereto, the Owner employed a pharmacist ("Pharmacist 1") licensed to practice pharmacy in Maryland to provide pharmacy services.

THE COMPLAINT

5. On or about July 6, 2023, the Board received a referral from the Maryland Office of Controlled Substances Administration ("OCSA") regarding regulatory inspections it conducted of the Respondent-Pharmacy on June 8, 2023, and July 5, 2023.

6. At the June 8, 2023, inspection, an OCSA inspector met with Pharmacist 1 and spoke with the Owner by telephone. During the inspection, the OCSA inspector discovered the following deficiencies: major discrepancy between the actual count of Schedule II Controlled Dangerous Substances ("CDS") compared to the Respondent-Pharmacy's records; Pharmacist 1 could not produce Schedule II CDS invoices prior to October 2021; and the Respondent-Pharmacy's dispensing records indicated no dispensing of Schedule II CDS since May 23, 2019, even though the Respondent-Pharmacy consistently ordered large quantities of Schedule II CDS after May 23, 2019. Moreover, the Owner stated that the Respondent-Pharmacy had not ordered Schedule II CDS since October of 2021, even though records indicated that large quantities of oxycodone were

ordered in January of 2022. Finally, the Owner stated that large quantities of Schedule II CDS were stolen during a break-in a couple of months ago, but he could not produce a police report nor a DEA 106 Form. The OCSA inspector gave the Respondent-Pharmacy two weeks to produce documents to reconcile the significant discrepancies.

7. On or about July 5, 2023, OCSA inspectors conducted a follow-up inspection of the Respondent-Pharmacy. During the inspection, OCSA inspectors noted the following deficiencies: even though Pharmacist 1 produced Schedule II CDS invoices from 2019 to 2022, many invoices were missing; Pharmacist 1 was unable to open the Schedule II CDS safe to perform a drug count due to battery problems; and the Owner reporting that he had transferred Schedule II CDS inventory from the Respondent-Pharmacy to a new pharmacy (“Pharmacy 1”) he planned to open in Takoma Park, Maryland, even though Pharmacy 1 did not have a CDS or DEA registration. OCSA inspectors then traveled to Pharmacy 1 in Takoma Park, Maryland with the Owner, intending to conduct an inspection of Pharmacy 1. The Owner, however, was unable to open the padlock to the door, stating that the “delivery person” had the key.

8. After receiving the referral from OCSA, the Board initiated an investigation of the Respondent-Pharmacy.

BOARD INVESTIGATION

9. The Board’s investigation included but was not limited to: subpoenaing pharmacy records from the Respondent-Pharmacy; reviewing the Automation of Reports and Consolidated Orders System (“ARCOS”) report regarding CDS purchased by the Respondent-Pharmacy; reviewing the Prescription Drug Monitoring Program (“PDMP”)

report regarding CDS the Respondent-Pharmacy dispensed; onsite inspections and audits of the Respondent-Pharmacy and Pharmacy 1 on or about July 7, 2023, and August 2, 2023.

10. On or about July 7, 2023, Board inspectors conducted an onsite inspection of the Respondent-Pharmacy. Based on the ARCOS report, which detailed CDS the Respondent-Pharmacy purchased, as reported by the drug wholesalers, and the PDMP report, which detailed all CDS the Respondent-Pharmacy dispensed, the Respondent-Pharmacy was unable to account for large quantities of CDS. The major discrepancies included but were not limited to the following number of CDS tablets being unaccounted for: 32,710 tablets of oxycodone 30 mg; 17,691 tablets of oxycodone 20 mg; 21,904 tablets of oxycodone 15 mg; 5,610 tablets of amphetamine salts 30 mg; and 3,500 tablets of hydrocodone/acetaminophen 10/325 mg.

11. On or about August 2, 2023, OCSA inspectors conducted a follow-up inspection and audit of the Respondent-Pharmacy to determine if any of the unaccounted-for CDS could be reconciled. Present during the inspection were the Owner, another pharmacist ("Pharmacist 2"), and a pharmacy technician. At the August 2, 2023, follow-up inspection, OCSA inspectors and Pharmacist 2 engaged in a hand-count of tablets with respect to ten (10) different CDS drugs in the Respondent-Pharmacy's inventory. An analysis of the results of the hand-count compared to the Respondent-Pharmacy's records and reports again revealed major shortages of CDS drugs. These shortages included but were not limited to the following: oxycodone 30 mg (shortage of between 24,300 to 26,910 tablets); oxycodone 20 mg (shortage of between 7,200 to 16,391 tablets); oxycodone 15

mg (shortage of between 786 to 10,548 tablets); and amphetamine salts 30 mg (shortage of between 1,600 to 4,110 tablets).

12. Following a pre-deprivation hearing on November 15, 2023, the Board, on December 11, 2023, issued an interim order summarily suspending the Respondent-Pharmacy's permit to practice pharmacy in Maryland but stayed the suspension subject to the following conditions: 1) the Respondent-Pharmacy shall inventory and return all existing CDS inventory through its reverse distributor; 2) the Respondent-Pharmacy shall immediately return its DEA registration to the DEA and its CDS registration to OCSA; and 3) the Respondent-Pharmacy was prohibited from dispensing, purchasing, storing, or otherwise handling CDS.

13. On January 18, 2024, an OCSA inspector and DEA diversion investigators visited the Respondent-Pharmacy. During the visit, the Respondent-Pharmacy agreed to have the DEA investigators take possession of all of the Respondent-Pharmacy's CDS medications and destroy them at a later time. The Respondent-Pharmacy also surrendered its DEA registration to the DEA investigators and CDS registration to the OCSA inspector.

CONCLUSIONS OF LAW

Based on the foregoing Findings of Fact, the Board concludes as a matter of law that the Respondent-Pharmacy's actions, as described above, constitute: failing to operate in compliance with the law and with the rules and regulations of the Board, *i.e.* COMAR 10.34.10.01A(1) and/or (B)(1), (2), and/or (3), and/or COMAR 10.34.24.03A, B and/or C, and/or COMAR 10.34.24.04A, in violation of Health Occ. § 12-403(c)(1); failing to be located and equipped so that the pharmacy may be operated without endangering the public

health, in violation of Health Occ. § 12-403(c)(2); participating in any activity that is a ground for Board action against a licensed pharmacist under § 12-313 of this title, *i.e.* Health Occ. § 12-313(b)(2), (21) and/or (25), in violation of Health Occ. § 12-403(c)(9); failing to make or keep on file for at least 5 years a record of each prescription prepared or dispensed in the pharmacy, in violation of Health Occ. § 12-403(c)(13)(i); failing to keep additional records as required by the rules and regulations adopted by the Board, in violation of Health Occ. § 12-403(c)(13)(iii); and failing to provide such personnel, automation, and technology as are necessary to allow the licensed pharmacist employee sufficient time to utilize the pharmacist's knowledge and training to perform competently the functions of a licensed pharmacist as required by law, in violation of Health Occ. § 12-403(c)(15).

ORDER

It is, on the affirmative vote of a majority of the Board, hereby:
