IN THE MATTER OF
MOHAMED ELBERRY, R.Ph.
LICENSE NO. 14144

BEFORE THE MARYLAND
STATE BOARD OF
PHARMACY

CONSENT ORDER

HISTORY

On June 8, 2011, the Maryland Board of Pharmacy (the “Board”) received credible information indicating that Mohamed Elberry, License Number 14144, had been terminated from his position as a pharmacist in Kansas due to the theft of drugs from his employer. The Board’s investigation into this matter revealed that Mr. Elberry entered into consent orders with two different boards of pharmacy based on the misconduct. The Board subsequently learned that Mr. Elberry signed a five-year monitoring agreement with the Pharmacists’ Education and Advocacy Council of Maryland (“PEAC”).

In lieu of instituting formal proceedings against Mr. Elberry, in accordance with the Maryland Pharmacy Act, Md. Code Ann., Health Occ. § 12-313, and Board regulations, COMAR 10.34.01, a Pre-charge Case Resolution Conference (“CRC”) was held with members of the Board, Board Counsel, Mr. Elberry, and his counsel on May 23, 2012. Thereafter, the Board and Mr. Elberry agreed to resolve this matter as set forth in this Consent Order.

FINDINGS OF FACT

1. At all times relevant hereto, Mr. Elberry was a licensed pharmacist with the Board, Pharmacist License No. 14144. He was originally licensed by the Board on April 23, 1996.

2. On June 8, 2011, the Board received notification from the Kansas State Board of
Pharmacy that it planned on filing a case against Mr. Elberry following receipt of a report from his chain pharmacy employer that Mr. Elberry was terminated for the suspected theft of Tussionex, a Hydrocodone-based cough syrup. The Kansas State Board of Pharmacy also informed the Board that a police report was filed and Mr. Elberry was referred to that state’s impaired professionals program.

3. On August 29, 2011, Mr. Elberry entered into a diversion agreement with the State of Kansas, pursuant to which he was not prosecuted for the theft provided he pay a fine and enter into a drug monitoring program.

4. On or about September 7, 2011, Mr. Elberry entered into a consent agreement with the Kansas State Board of Pharmacy. Mr. Elberry was placed on five years of supervised probation, during which he agreed to enter into a five-year agreement with that state’s impaired professionals program and comply with random drug testing.

5. On or about January 17, 2012, Mr. Elberry entered into a consent order with the District of Columbia Board of Pharmacy based on the reciprocal discipline from Kansas. The D.C. Board of Pharmacy placed Mr. Elberry on five years of probation, effective September 7, 2011, during which he is required to participate in an impaired professionals program that includes random drug testing and counseling, and ensure quarterly reports are submitted to that board by the impaired professionals program and his employer.

6. On May 23, 2012, a Pre-Charge CRC was held with two Board members, Board counsel, Mr. Elberry, and his counsel, to determine if the matter could be resolved without the need to initiate formal proceedings.

7. At the CRC, Mr. Elberry revealed that a medical problem in 2007 led to severe joint pain
which caused him to take the Tussionex from his employer on eight occasions in 2011.

Mr. Elberry stated that a change in his other medications has eased the pain considerably and that he now manages pain with a non-controlled NSAID, similar to a stronger Advil.

8. At the CRC, Mr. Elberry confirmed that he has moved back to Maryland from Kansas and would like to work as a pharmacist in Maryland.

9. At the CRC, Mr. Elberry also informed the Board that he entered into a five-year contract with PEAC on December 13, 2011.

CONCLUSIONS OF LAW

Based on the foregoing Findings of Fact, the Board concludes that Mr. Elberry is subject to discipline pursuant to Md. Code Ann., Health Occ. §§ 12-313(b)(21), (24), and (25).
