CONSENT ORDER

BACKGROUND

Based on the information received and a subsequent investigation by the Maryland State Board of Pharmacy (the "Board") and subject to the Maryland Pharmacy Act, Maryland Pharmacy Act, Md. Code Ann., Health Occ. §12-101 et seq. (1994 Repl. Vol.), (the "Act"). The Board charged Jon D. Johnson, P.D. License Number: 06686 (the "Respondent"), with violation of certain provisions of §12-313. Specifically, the Board charged the Respondent with violation of the following provisions of §12-313 of the Act:

Subject to the hearing provisions of §12-315 of this subtitle, the Board, on the affirmative vote of a majority of its members then serving, may deny a license to any applicant, reprimand any license to any applicant, reprimand any licensee, place any licensee on probation, or suspend or revoke a license if the applicant or licensee:

(14) Fraudulently or deceptively obtains or attempts to obtain a license for the applicant or licensee or for another;

(24) Violates any rule or regulation adopted by the Board.

The Board also charged the Respondent with violating COMAR 10.34.18.02 which states:

(A) A pharmacist licensed to practice in Maryland applying for renewal shall earn 30 hours of approved continuing pharmaceutical education within the two (2) year period immediately preceding the licensee's renewal application.

(B) A pharmacist shall attest to the fact that the pharmacist has completed the continuing education requirement on the verified form. The licensee shall retain supporting documents for inspection by the
Board for four (4) years after the date of renewal for which the continuing education credits were used.

The Respondent was given notice of the charges and the issues underlying those charges, by letter and charging document sent to the Respondent on or about October 1, 1997. A case resolution conference was held on December 4, 1997. The case resolution conference was attended by Board members, W. Irving Lottier, Jr. P.D., and Rev. William E. Johnson, Jr.; Norene Pease, Executive Director to the Board; Paul Ballard, Assistant Attorney General and Counsel to the Board; Sherrai V. Hamm, Assistant Attorney General and Administrative Prosecutor; the Respondent, and Todd K. Pounds, Esquire, Counsel for the Respondent. As a result of discussions held at the foregoing case resolution conference, the parties agreed to enter into this final consent order.

**FINDINGS OF FACT**

The Board makes the following findings of fact:

1. At all times relevant to the charges herein, the Respondent was licensed to practice pharmacy in the State of Maryland.

2. On or about September 30, 1996, the Respondent submitted an application for renewal of his pharmacy license. The Respondent signed and dated his renewal application and the continuing education record sheet affirming that the information and answers contained therein were true and correct.

3. In the Spring of 1997, the Board informed the Respondent that they were conducting an audit of the Respondent’s continuing education credits for the period ending September 30, 1996. As part of the audit process, the Board asked the Respondent to provide them with a copy of his certificate for each continuing education course listed on his renewal application.

4. In response to the Board’s request, the Respondent submitted ten (10) acceptable
continuing education certificates and seven (7) unacceptable continuing education certificates as verification for the required thirty (30) continuing education credits for the Respondent’s license renewal.

5. The Board contacted Pharm Con, the continuing education course provider for six (6) of the unacceptable continuing education certificates. The Board sought from Pharm Con, verification that the Respondent had earned credit for the courses during the Respondent’s license renewal period. Pharm Con had no record of the Respondent ever attending or completing any of the six (6) courses in question.

6. After several requests from the Board, the Respondent was unable to produce acceptable continuing education certificates, even though the Respondent signed his renewal application oath certifying that the Respondent earned thirty (30) hours of Continuing Education, and listed on his continuing education record sheet, courses totaling thirty-one and one half (31½) continuing education credits.

7. The Board recognizes that the allegations against Mr. Johnson were solely related to his continuing education credits. There were never any allegations whatsoever at any time regarding Mr. Johnson’s competency to practice pharmacy in any manner in the Board’s investigation. The Board further finds that during its investigation of the continuing education credits that Mr. Johnson in no way violated any law, regulation or practice concerning the disbursement of any controlled substance or the actual practice of pharmacy. The only violation the Board found concerned Mr. Johnson’s continuing education credits.

8. That all publications by the Board will reflect the understanding as stated in Paragraph 7 of this Consent Order.
