ABDULMOJEED LAWAL * **STATE BOARD**
PHARMACIST * **OF PHARMACY**
License No. 09734 * **Case No.: 25-069**

CONSENT ORDER

BACKGROUND

On March 31, 2024, the license Abdulmojeed Lawal, Pharmacist, License No. 09734, held with the Maryland Board of Pharmacy (“the Board”) to practice pharmacy in Maryland expired because he did not complete requirements for renewal. Mr. Lawal’s license was not reinstated until he completed requirements, on October 17, 2024. The Board received information showing that Mr. Lawal practiced pharmacy without an active license in the interim.

In lieu of instituting formal proceedings against Mr. Lawal license, in accordance with the Maryland Pharmacy Act, Md. Code Ann., Health Occ. § 12-101 *et seq.*, and Board regulations, COMAR 10.34.01, the Board proposed, and Mr. Lawal agreed, to resolve this matter as set forth in this Consent Order.

FINDINGS OF FACT

1. Mr. Lawal was originally licensed to practice pharmacy in Maryland under License No. 09734 on or about March 17, 1982. His license expired on March 31, 2024, and was reinstated on October 17, 2024. His license is currently set to expire on March 31, 2026.

2. At all times relevant hereto, Mr. Lawal owned and managed a pharmacy in Maryland.

3. On January 17, 2024, Mr. Lawal entered into a Consent Order with the Board in Case No.20-263. As part of his probation, Mr. Lawal agreed that the Board would receive reports on him from the Prescription Drug Monitoring Program (PDMP). Mr. Lawal also agreed to “practice in accordance with the laws and regulations governing the practice of pharmacy in Maryland.”

4. On or about March 28, 2024, the Board received Mr. Lawal’s application for renewal of his pharmacist license. Mr. Lawal’s application was incomplete, as he had not completed his implicit bias training program required pursuant to Md. Code Ann., Health Occ. § 1-225. Mr. Lawal’s license subsequently expired on March 31, 2024.

5. On or about July 8, 2024, the Board received Mr. Lawal’s application for reinstatement of his pharmacist license. According to his application, Mr. Lawal still had yet to complete an implicit bias training program. On July 10, 2024, the Board emailed Mr. Lawal, asking him to submit proof of completion of an implicit bias training program; he did not respond with such proof, so his reinstatement application was not processed.

6. In order to monitor Mr. Lawal’s compliance with his probation in Case No. 20-263, the Board subpoenaed the PDMP for Pharmacist Audit Logs for Mr. Lawal. The audit logs showed Mr. Lawal had accessed the system as recently as July 25, 2024, while his license was expired.

7. On October 9, 2024, the United States Drug Enforcement Agency (the “DEA”) performed an inspection at Mr. Lawal’s pharmacy. The DEA subsequently

informed the Board that during the inspection, it observed Mr. Lawal filling prescriptions; Mr. Lawal also informed the DEA that he was the pharmacy's full-time pharmacist. At the time of the DEA's inspection, Mr. Lawal's pharmacist license was still expired.

8. Shortly after the DEA's inspection, Mr. Lawal once again applied for reinstatement of his pharmacist license. This time, Mr. Lawal had completed an implicit bias training program, so his license was reinstated on October 17, 2024.

CONCLUSIONS OF LAW

Based on the foregoing Findings of Fact, the Board concludes that Mr. Lawal is subject to discipline for practicing as a pharmacist without a license pursuant to Md. Code Ann., Health Occ. §§ 12-301, 12-701, and 12-707(e)(1), and COMAR 10.34.11.09A.

ORDER

Based on the foregoing Findings of Fact and Conclusions of Law, by a unanimous decision of a quorum of the Board, it is hereby:
