2. At all times relevant, Respondent was employed as a pharmacy technician at Northside Pharmacy ("Northside") in Elkton, Maryland.

3. The Board received information from Northside that it had terminated the Respondent after she allegedly stole medication.

5. The Board's investigation revealed that on January 8, 2011, the Elkton Police Department ("the police") responded to a call from Northside regarding an employee theft. Northside reported to the police that while conducting inventory it was discovered that a 4 oz. bottle of phenylin codeine [sic] was missing. Phenylin codeine [sic] is a schedule 4 controlled dangerous substance.

7. On January 10, 2011, the Respondent was terminated from her employment at Northside.

8. On January 18, 2011, the Respondent was interviewed by the police, at which time she advised that she had taken two types of medication from Northside: phenylin codeine [sic] and clonazepam.¹

9. Northside did not press charges against the Respondent for theft of the medications.
