IN THE MATTER OF PHILIP G. PRICE
License No. 11157

BEFORE THE MARYLAND BOARD OF PHARMACY

PRE-CHARGE CONSENT ORDER

Background

On June 7, 2007, the Maryland Board of Pharmacy (the “Board”) received an online renewal application from Philip G. Price (the “Respondent”) in which he indicated that he was currently under investigation by the South Carolina Pharmacy Board for a positive drug screening with the South Carolina Recovering Professional Program. At the time of application, the Respondent was living and practicing pharmacy in South Carolina. On July 5, 2007, the South Carolina Board of Pharmacy issued an Order of Temporary Suspension based on the Respondent’s positive drug screening. On November 14, 2007, the South Carolina Board of Pharmacy entered into a Consent Agreement with the Respondent in which the Respondent agreed to certain probationary terms and conditions in order for his South Carolina license to be reinstated. As a result, the Board conducted an investigation into the matter which confirmed the disciplinary proceedings before the South Carolina Board of Pharmacy. It is the intent of the Maryland Board of Pharmacy (the “Board”) to mirror and enforce the provisions of the South Carolina Board of Pharmacy Consent Agreement with respect to the Respondent’s Maryland pharmacist’s license.

In lieu of instituting formal proceedings against the Respondent, in accordance with the Maryland Pharmacy Act, Md. Code Ann., Health Occ. § 12-101 et seq., the Board held a Pre-
Charge Case Resolution Conference with the Respondent on November 19, 2008. As a result, the Board and the Respondent have agreed to resolve this matter as set forth in this Consent Order.

**FINDINGS OF FACT**

1. At all times relevant hereto and at present, the Respondent lives and practices pharmacy in South Carolina.

2. On June 7, 2007, the Respondent submitted an online renewal application to the Maryland Board of Pharmacy indicating that he was under investigation by the South Carolina Board of Pharmacy for a positive drug screening.

3. From January 1, 2007 to April 30, 2007, the Respondent diverted Methylphenidate and Hydromorphone, both Schedule II controlled substances, while practicing pharmacy in South Carolina.

4. On July 5, 2007, the South Carolina Board of Pharmacy issued an Order of Temporary Suspension.

5. On November 14, 2007, the South Carolina Board of Pharmacy entered into a Consent Agreement with the Respondent in which the Respondent’s South Carolina license was reinstated, effective January 3, 2008, and placed on immediate probation for a minimum of five (5) years. The probationary conditions include:
   a. Random periodic blood and urine alcohol and/or drug analysis;
   b. Written contract with the Recovering Professional Program for a minimum of five (5) years to provide assessment, treatment, monitoring and aftercare activities;
c. The Recovering Professionals Program shall submit regular written reports to the South Carolina Board documenting the Respondent’s full compliance with the contract;

d. Respondent is prohibited from employment as a pharmacist or consultant or health-related occupation without prior approval of the South Carolina Board;

e. Respondent may not practice in settings that involve access to legend or controlled substances; and

f. Respondent must provide a copy of the Consent Agreement to his employer.

5. No criminal conviction resulted from the Respondent’s illicit drug use.

6. The Respondent is currently compliant with the terms of his contract with the Recovering Professional Program.

CONCLUSION OF LAW

Based on the foregoing Findings of Fact, the Board concludes that the Respondent is subject to disciplinary action in accordance with Md. Code Ann., Health Occ. §§12-313(b) (15), (21) and (24).

**ORDERED** that Mr. Price shall be responsible for all costs associated with this Consent Order; and be it further,
