IN THE MATTER OF
BARRY THOMAS, P.D.

BEFORE THE MARYLAND
STATE BOARD OF PHARMACY

FINDINGS OF FACT
AND CONSENT ORDER

PROCEDURAL BACKGROUND

1. In December of 1982, certain information having come to
the attention of the Maryland State Board of Pharmacy (the
"Board"), the Board directed an investigation of Barry Thomas,
P.D. (the "Respondent").

2. Following the investigation and after considering the
various reports the Board, upon advice of counsel, determined to
charge Respondent with a violation of Health Occupations, § 12-311(b)(4), (5), (7), (14) and (20), Annotated Code of Maryland.

3. The aforementioned charges were embodied in a September
14, 1983 charge letter against Barry Thomas, P.D. That letter
included appropriate notice of the charges and the grounds upon
which they were based, and Respondent was advised of a prehearing
conference to be held on Monday, October 3, 1983.

4. After the prehearing conference, Respondent entered into
a Consent Order, signed by Respondent on or about November 9,
1983 and by Bernard B. Lachman, P.D., President of the Board on
November 23, 1983. The Conclusions of Law of the Consent Order,
which is attached hereto as Exhibit "B", are incorporated by reference. In the Order, Respondent consented to the revocation of his license for one (1) year from the date of the Order, after which the Board agreed to entertain a petition for reinstatement of Respondent's license to practice pharmacy, upon satisfaction of at least the following conditions:

"[A]t a minimum, Respondent must present evidence satisfactory to the Board that he has completed and been discharged from an alcohol and drug abuse treatment substantially similar to the Impaired Pharmacists Program offered at the University of Maryland Hospital and that he is and has been free of all dependency on drugs and alcohol for at least one year. At such time, if the Board determines that complete reinstatement would not be appropriate, the Board may reinstate Respondent's license subject to whatever terms and conditions it deems appropriate."

5. By letter dated August 28, 1984, Respondent requested the Board to consider reinstatement of his license to practice pharmacy in the State of Maryland.

FINDING OF FACT

6. The Findings of Fact of the Board in the Consent Order are found to be true, as of the date of the Order, and are incorporated by reference as if set forth therein.

7. Respondent successfully completed the 35-day in-patient drug and alcohol abuse program at the Joseph S. Massie Unit in Cumberland, Maryland from September 19, 1983 to October 24, 1983. Pursuant to a consent for disclosure of records signed by Respon-
dent, the Discharge Summary and Discharge Narrative, both com-
pleted by Denise Sloan, the Counselor assigned to Respondent,
were released and are part of the Board record. On discharge, he
was referred to the Allegany County Health Department for further
counseling.

8. Since his discharge from the Massie Unit, Respondent has
been an active volunteer with the Program; his duties have
included supervising recreational and social activities, assist-
ing clinical staff in crisis intervention, and supportive inter-
action with residents. He has also been a strong supporter of
Narcotics Anonymous and Alcoholics Anonymous in the Cumberland
area.

9. The Board has received written correspondence on behalf
of Respondent from several persons, whose veracity the Board has
no reason to question, which reflect positively on Respondent's
efforts at rehabilitation and on his future prognosis, including:

a. Letter of December 14, 1984 to the Board by
Davis M. Dayhoff, M.S., C.A.C., Clinical Coordintor and
Volunteer Coordinator at the Massie Unit;

b. Letter to the Board by George M. Dignan,
Secretary of the Fort Cumberland Group of Alcoholics
Anonymous;

c. Letter to the Board of December 12, 1984 by
Patti Jane Dutcher, M.Ed., C.A.C., Program Director at
the Allegany County Health Department, Addictions Out-
patient unit;
d. Letter to the Board of December 11, 1984 by Jane A. Fiscus, M.D., Health Officer for Allegany County, stating inter alia, that Respondent is highly motivated and hard working, that drug screen urinalyses obtained randomly had been negative, and that resumption of professional status and activity with close supervision, treatment and monitoring is a critically important positive step in the recovery process;

e. Letter to the Board of December 11, 1984 from Andrea Marquette-Metz, an addictions counselor at the Allegany County Health Department;

f. Letter to the Board of November 23, 1984 from Jon T. Hann, P.D., President of the Allegany-Garrett County Pharmaceutical Association;

g. Letter to the Board of February 4, 1985 by Robert J. Martin of Potomac Valley Pharmacy, Inc.

10. Through his written correspondence and his appearance with his wife before the Board on February 20, 1985, the Board has found Respondent to be sincerely engaged in attempts to arrest his dependency on drugs and alcohol. The Board also finds his marital relationship to be improved.

11. Respondent acknowledges that he still has the disease of alcohol addiction, that he will continue to require counseling and other out-patient treatment, and that urinalysis monitoring and other conditions are advisable for this Board to impose
should it decide to allow Respondent to resume his practice of pharmacy in this State.

ORDER

Based on the foregoing Findings of Fact it this 17th day of April, 1985, by unanimous vote of the those members of the Board considering this case:

18. In the event that Respondent changes jobs as a pharmacist, or decides not to practice pharmacy, Respondent shall immediately notify the Board, in writing, identifying his new employer by name, address and telephone number and describing his new position;
