

**CJIS FEE CHANGES:**

The fee as of October 1, 2016 is 30.00 for a full background check, 18.00 for State only, and FBI only is 12.00 plus the fingerprinting fee which varies at each location in Maryland.

If an applicant send in an over payment we will have to return the application and fee back to them. This will slow up the process of your all receiving the criminal history. **The CJIS locations no longer accepts money orders for payment. It must be a personal or cashier check, Visa, or MasterCard.**

To those out of state applicants the only option is personal or cashier check for payment when they mail it in. The check must be written out for the exact amount.
