

# PDMP Mandatory Registration in CRISP

---

## **Overview**

With recent changes to Maryland state statute (HB437 / Chapter 147, 2016), CDS prescribers and pharmacists in Maryland are required to register for the Maryland Prescription Drug Monitoring Program.

The Maryland Prescription Drug Monitoring Program (PDMP) is administered by the Department of Health and Mental Hygiene (DHMH), Behavioral Health Administration (BHA). Registration and PDMP access are implemented through the Chesapeake Regional Information System for our Patients (CRISP) – The state-designated health information exchange serving Maryland and the District of Columbia.

## **Who is subject to the legal registration mandate?**

**Pharmacists:** Licensed pharmacists in Maryland must be registered with the PDMP by July 1, 2017.

**Prescribers:** Practitioners authorized to prescribe CDS in Maryland must be registered with the PDMP by July 1, 2017

*CDS prescribers include: physicians, physician assistants, nurse practitioners, nurse midwives, dentists, podiatrists, and veterinarians.*

**Course of instruction training requirement:** The new PDMP statute requires all registrants complete a course of instruction on effective use of the PDMP. You will meet this legal requirement by completing the full registration process; the training is provided in video format imbedded in the registration workflow.

Please review the [Updated PDMP Legislation Fact Sheet](#) from the Behavioral Health Administration for more information about this and other legal changes to the PDMP that may affect you.

## **Registration instructions**

### ***If you are a new registrant...***

New users who do not currently have access to PDMP can register online. Please set aside 30 minutes to complete the registration and training process. You may save your progress and continue later.

PDMP Registration Home Page: [INSERT URL]

The registration process for all registrants will include a training video and an MOU that should be electronically signed. Upon completion of the registration Process, an email with a PDMP Registration Code will be sent to the email address specified in the registration process. Please save the PDMP Registration Code for your records. It is advised that you use an e-mail address that you can access regardless of professional or workplace affiliation.

- ***If you are an existing CDS prescriber and have a Maryland License number, DEA, NPI, and CDS numbers:***

You will need to have the following to register:

- 30 minutes to complete the registration
- Computer with internet connection and audio

- Licensure Information including: DEA Number and CDS Permit Number
- National Provider Identification (NPI)
- An individual e-mail address that only you access

The Registration process will require you to answer a series of questions to confirm your identity and will then ask you to confirm information for registration. Please provide the requested information throughout the process.

For step by step instructions on the Prescriber registration process, please visit [[crisphealth.org](http://crisphealth.org)]

➤ ***If you are a pharmacist or a new prescriber with a Maryland License number, OR if you do not have a CDS and/or DEA number at this time (e.g. unemployed prescriber, etc.):***

**Required to register**

- 30 minutes to complete the registration
- Computer with internet connection and audio
- An individual e-mail address that only you access
- An electronic copy of your Driver's License, Employee ID, or Passport
- Your license, DEA, NPI, and CDS numbers, if applicable

For step-by-step instructions on the Pharmacists and New Prescriber registration process, please visit [[crisphealth.org](http://crisphealth.org)]

***If you are already registered with PDMP...***

If you currently have access to PDMP, you do not have to take additional steps at this time. You are already registered! Registration occurs only once and if you have ever registered for PDMP access in the past, you meet the legal mandate. If you are already registered, you are also compliant with the PDMP course of instruction requirement under the law.

If the e-mail address you registered with becomes inactivated, please contact **CRISP (877-952-7477 or [support@crisphealth.org](mailto:support@crisphealth.org))** to provide a different e-mail address that only you can access. This will ensure your access to PDMP regardless of any occupational organization affiliation.

***If you aren't sure whether or not you are already registered with PDMP...***

If you are a CDS prescriber, you can visit [[Registration home page](#)]. Enter the 'autoregistration workflow' and complete the first step of entering your CDS permit and license number. If an account exists for those credentials, you will be alerted on the screen and an email will be sent to the email address on record with CRISP.

If you are a pharmacist, [[WHAT DO THEY DO?](#)]

***More Information***

For any legal, policy, or PDMP programmatic questions, please contact the Maryland PDMP Office at 410-402-8686 or [dhmh.pdmp@maryland.gov](mailto:dhmh.pdmp@maryland.gov)

For questions about how to register for PDMP, please contact CRISP at 877-952-7477 or [support@crisphealth.org](mailto:support@crisphealth.org).

For any questions regarding the status of your CDS permit or to register for a CDS permit, please contact the Maryland Office of Controlled Substances Administration at 410-764-2890.
