Need help finding a place to get medication? Call [1-800-232-0233](tel:1-800-232-0233) (TTY [888-720-7489](tel:888-720-7489))

Get medication for COVID-19

COVID-19 medications are now available through your doctor, local pharmacies, and health clinics. If you have COVID-19 symptoms and test positive, do not wait to get treated. You must take oral COVID-19 medication within 5 days of your first COVID-19 symptoms. Use the tool below to find a location that is right for you.

Find COVID-19 Medication

Step 3: Once you zoom in to your desired area on the map, click on “Locations with testing, medical visits, and medication (Test-to-Treat)”

How to get medication

1. Locations to get testing, medical visits, and medication (Test-to-Treat)

Some pharmacy clinics and health centers can prescribe and give you medication at the same location.

Step 4: Clicking on this box will drop down a list of Test to Treat locations that correspond to the blue dots in the map area.

 HRSA-supported Health Center
[Book an appointment at HLTH CARE HOMELESS - 421 FALLSWAY](#)

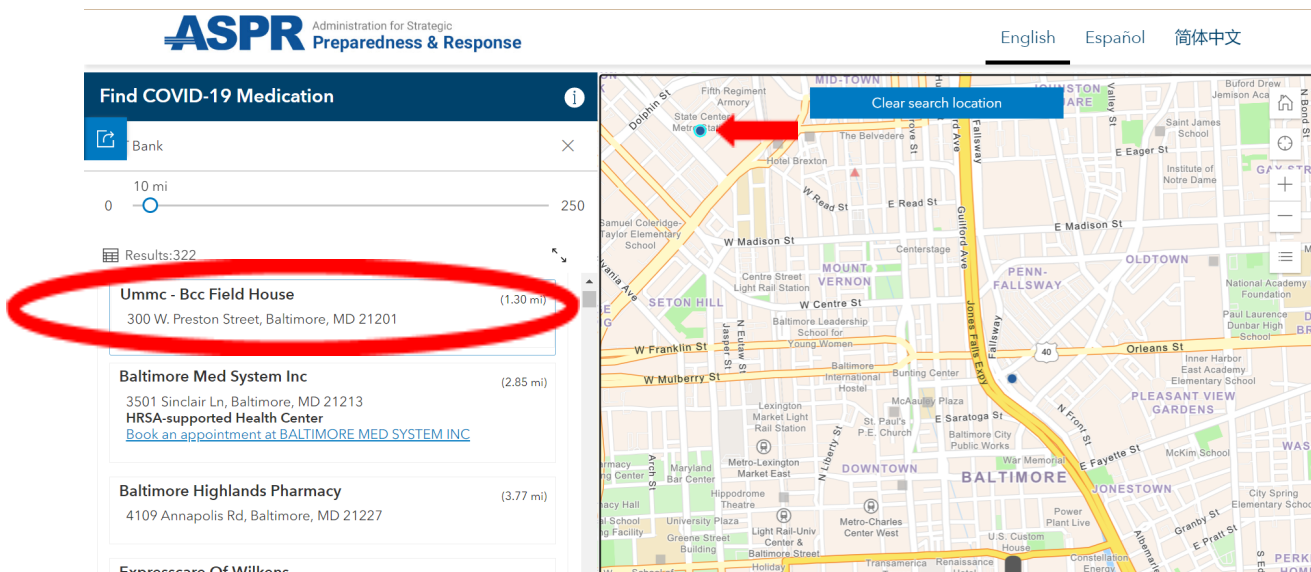

CVS STORE #07952 (0.51 mi)
 630 Exeter St., Baltimore, MD 21202
[Book an appointment at CVS STORE #07952](#)

Ummc - Bcc Field House (1.30 mi)

Step 5: When you select a location and move your cursor over the information in the list, it will show you exactly where it is on the map with a light blue circle.

Step 6: Zoom in to see street-level detail and keep scrolling down the list on the left-hand side to see more locations. When you have found your desired location, click the blue “Book an appointment at [name of provider]” link under the provider name to book an appointment. If it does not have a link or a phone number to make appointments, you may be able to walk in without one. You may want to call first to make sure you can walk in without an appointment.

Step 7: To clear the information and search for a different location, click the “X” next to the address bar or the blue “Clear search location” button and repeat the steps above.
