

PARENTS:

If your child has asthma or lead poisoning, a program in Maryland can help ... for *FREE!*

DID YOU KNOW?

- **LEAD:** Lead can hurt your child's development and growth, and its effects can last a long time. Lead can get into your child from paint and other things in and around your home

health.maryland.gov/phpa/OEHFP/EH/Pages/LeadHomeVisiting.aspx

- **ASTHMA:** Asthma attacks are a big reason for missed school days and missed work days for parents. Asthma attacks can happen because of things in the home, like dust, pests, mold, pets, and tobacco smoke

THE GOOD NEWS

Maryland offers free visits to help make your home healthier. We can assist with helping you remove lead from your house and prevent asthma attacks in your children.

YOU ARE ELIGIBLE FOR OUR FREE HOME VISITING PROGRAM IF:

- Your child has lead poisoning, has frequent asthma attacks, or both
- Your child is 18 years old or younger and lives in Maryland
- Your child gets Medicaid/MCHP or qualifies for Medicaid/MCHP
