

PARENTS:

If your child has asthma or lead poisoning, a new program in Maryland can help ... for *FREE!*

DID YOU KNOW?

- **LEAD:** Lead can hurt your child's development and growth, and its effects can last a long time. Lead can get into your child from paint and other things in and around your home
- **ASTHMA:** Asthma attacks are a big reason for missed school days and missed work days for parents. Asthma attacks can happen because of things in the home, like dust, pests, mold, pets, and tobacco smoke
