

Circumstances of Suicide Deaths in Maryland: Data from the 2003-2019 Maryland Violent Death Reporting System (MVDRS)

Prepared July 19, 2022 by the
Center for Environmental, Occupational, and Injury Epidemiology (CEOIE)

Please note: The Maryland Vital Statistics Administration provides official death counts and rates for the State of Maryland. They can be viewed online at <https://health.maryland.gov/vsa/Pages/reports.aspx>. The Maryland Violent Death Reporting System is designed to supplement vital statistics data by providing information about the circumstances of violent death. Please refer to the Vital Statistics Administration for case counts and rates.

Circumstance data presented in this report is limited to information documented in the law enforcement and/or medical examiner files. Information on mental health and substance abuse history comes solely from these sources and not medical records or other treatment records.

Cases included in this report:

- Single-suicides of Maryland residents injured in Maryland
- Multiple-suicides of Maryland residents injured in Maryland
- Homicide followed by a single-suicide of Maryland residents injured in Maryland
- Single-suicides of out-of-state residents injured in Maryland

Cases excluded from this report:

- Suicide deaths of out-of-state residents that were injured out-of-state and died in Maryland

Circumstances of Suicide Deaths in Maryland: 2003-2019 MVDRS

Table 1: Usual Industry¹ of Suicide Decedents 18 Years and Older in Maryland, 2019

Usual Industry Sector ¹	n	%
Construction	88	14.3%
Public Administration	55	8.9%
Retail Trade	47	7.6%
Not in workforce (homemaker, student, volunteer, unable to work)	46	7.5%
Transportation and Warehousing	42	6.8%
Accommodation and Food	39	6.3%
Manufacturing	37	6.0%
Health Care and Social Assistance	33	5.3%
Professional, Scientific, and Technical Services	33	5.3%
Other Services (except Public Administration)	32	5.2%
Administrative and Support and Waste Management and Remediation Services	23	3.7%
Educational Services	16	2.6%
Arts, Entertainment, and Recreation	14	2.3%
Military	14	2.3%
Finance and Insurance	12	1.9%
All other industries ²	43	7.0%
Missing, unknown, and not enough information	43	7.0%
Total	617	100.0%

¹Major industry sectors defined using the 2012 North American Industry Classification System (NAICS).

²All other industries includes: agriculture, forestry, fishing and hunting, information, utilities, wholesale trade, mining, quarrying, and oil and gas extraction.

Most Common Usual Industry, by Sex

Among **males**:

1. Construction (17.7%)
2. Public administration (9.1%)
3. Retail trade (7.9%)

Among **females**:

1. Healthcare and social assistance (18.5%)

Most Common Usual Industry, by Race and Ethnicity

Among **White, Non-Hispanics**:

1. Construction (16.6%)
2. Public administration (9.1%)
3. Retail trade (7.1%)

Among **Black, Non-Hispanics**:

1. Public administration (17.5%)
2. Transportation and warehousing (10.7%)

Most Common Usual Industry, by Age Group

Among **<25 year-olds**:

1. Not in workforce (30.8%)

Among **25-44 year-olds**:

1. Construction (13.8%)
2. Accommodation and food services (9.9%)
3. Other services (except public administration) (7.9%)

Among **45-64 year-olds**:

1. Construction (15.6%)
2. Public administration (12.4%)
3. Transportation and warehousing (8.4%)

Among **65+ year-olds**:

1. Construction (15.3%)
2. Manufacturing (12.9%)

Table 2: Usual Occupation¹ of Suicide Decedents 18 Years and Older in Maryland, 2019

Usual Major Occupation ¹	n	%
Construction and Extraction	72	11.7%
Management	63	10.2%
Not in workforce (homemaker, student, volunteer, unable to work)	48	7.8%
Transportation and Material Moving	39	6.3%
Sales and Related Occupations	37	6.0%
Food Preparation and Serving Related Occupations	31	5.0%
Installation, Maintenance, and Repair	30	4.9%
Office and Administrative Support	30	4.9%
Production	28	4.5%
Protective Service	27	4.4%
Healthcare Practitioners and Technical Occupations	24	3.9%
Computer and Mathematical	21	3.4%
Building and Grounds Cleaning and Maintenance	16	2.6%
Military	15	2.4%
Personal Care and Service	15	2.4%
Architecture and Engineering	14	2.3%
Business and Financial Operations	14	2.3%
Arts, Design, Entertainment, Sports, and Media	12	1.9%
All Other Occupations ²	41	6.6%
Missing, unknown, and not enough information	40	6.5%
Total	617	100.0%

¹Usual occupation defined using the 2010 Standard Occupational Classification (SOC) system major groups.

²All other occupations includes: education, training, and library occupations; life, physical, and social science occupations; community and social service occupations; healthcare support occupations; farming, fishing, and forestry occupations; legal occupations.

Most Common Usual Occupation, by Sex

Among males:

1. Construction and extraction occupations (14.4%)
2. Management occupations (11%)
3. Transportation and material moving occupations (7.7%)

Among females:

1. Not in workforce (16.9%)
2. Healthcare practitioners and technical occupations (11.3%)
3. Office and administrative support occupations (10.5%)

Most Common Usual Occupation, by Race and Ethnicity

Among White, Non-Hispanics:

1. Construction and extraction occupations (13.9%)
2. Management occupations (11.7%)
3. Not in workforce (7.3%)

Among Black, Non-Hispanics:

1. Transportation and material moving occupations (12.6%)

Most Common Usual Occupation, by Age Group

Among <25 year-olds:

1. Not in workforce (30.8%)

Among 25-44 year-olds:

1. Construction and extraction occupations (11.3%)
2. Management occupations (7.9%)
3. Transportation and material moving occupations (7.9%)

Among 45-64 year-olds:

1. Construction and extraction occupations (14.2%)
2. Management occupations (8.9%)
3. Transportation and material moving occupations (7.1%)

Among 65+ year-olds:

1. Management occupations (19.4%)
2. Construction and extraction occupations (10.5%)
