Webinars

May 27:

Project Echo: [Best Practices in Adoption of Telehealth: COVID 19 and Beyond Mini Series](#)

For primary and ambulatory healthcare workers using or planning on using telecommunication technologies to support and promote long-distance clinical health care and patient education.

National Clinician Consultation Center: [HIV Pre-Exposure Prophylaxis \(PrEP\) for Patients with Substance Use Disorders](#)

This webinar will help clinicians overcome PrEP implementation challenges, assess PrEP eligibility, and identify strategies for addressing side effect and adherence concerns.

May 28:

Planned Parenthood: [Addressing Intimate Partner Violence and Reproductive Coercion in Clients](#)

Upon completion of this training, participants will be able to: Understand the impact of intimate partner violence (IPV) and reproductive coercion on client's health; recognize the role of providers in identifying and addressing IPV and reproductive coercion; screen clients for IPV and reproductive coercion; become familiar with local resources.

MidAtlantic AETC: [Lessons Learned from the HIV Epidemic & Application to COVID-19](#)

Objectives: Identify key steps in educating health professionals as part of the HIV epidemic and discuss lessons learned from the HIV epidemic and how to address current concerns in the COVID-19 pandemic. CEUs/CMEs offered.
