Maryland AIDS Drug Assistance Program

Client Services Enrollment Application

GENERAL INFORMATION

MADAP ensures that people living with HIV/AIDS in Maryland have access to the medication they need to stay healthy. MADAP is a statewide program and is funded primarily through the Ryan White CARE Act. MADAP pays for medications for eligible clients with no insurance and helps clients with insurance by paying for eligible insurance premiums, copay, and deductible costs so that clients can get their medication. The list of medicines covered by MADAP (the MADAP formulary) includes all FDA-approved HIV treatment medications, a wide range of medications used to treat opportunistic infections and complications of HIV infection or related conditions.

Clients approved for MADAP must re-apply for the program annually. Clients enrolled in MADAP can use MADAP to receive their medications at any of the Maryland Medicaid network pharmacies that accept Maryland Medical Assistance (Medicaid). When you are approved, you will receive a welcome letter and a MADAP ID card. You must present your MADAP ID card with your prescription(s) at a participating pharmacy to receive covered medications at no charge.
