Maryland Cancer Fund – Cancer Treatment Grant Application Instructions

The Maryland Cancer Fund (MCF) is a resource for funding cancer prevention, screening, treatment, and research in Maryland. The MCF offers Cancer Treatment Grants for low-income, uninsured Marylanders through qualified organizations.

Background: The Maryland legislature passed House Bill 1000 in 2004 to allow Maryland taxpayers to donate money through their State income tax forms to the Maryland Cancer Fund. Monies donated to the MCF may be used for cancer research, prevention, screening, diagnosis, and treatment. The program is administered by the Maryland DHMH, Center for Cancer Prevention and Control (CCPC).

The MCF awards grants to qualified organizations on behalf of individuals for cancer diagnosis and/or cancer treatment. MCF grants can be used for cancer diagnostic testing, staging or treatment, including: surgery, chemotherapy, radiation therapy, hormonal therapy, biopsy, imaging procedures, laboratory testing, home health services, and medical supplies or medical equipment.

It is the intention of the MCF to assist as many eligible Maryland residents as possible with cancer diagnosis and treatment. To accomplish that, the MCF works in conjunction with Maryland Health Insurance Plan (MHIP*). MHIP* provides comprehensive health care services to eligible Maryland residents. MCF grants can be used to pay the MHIP* costs. See Attachment 4 for more information on how MHIP* is utilized with the MCF.

The cancer treatment grant application is available to eligible organizations interested in applying for funding on behalf of a patient to pay for either: (1) MHIP* costs for patients diagnosed with cancer, or (2) direct costs of diagnosis and/or cancer treatment.

- Funding for MHIP* costs: Grant funding may be used to pay for MHIP* premiums, deductibles, coinsurance, and copays for 1 year. Grant funding under this option may also be used to pay for services not covered under MHIP* following consultation with the MCF Coordinator. Total funds requested may not exceed \$15,000 for direct costs per patient, per year. The applicant is **required to apply for MHIP*** when a patient has a confirmed cancer diagnosis and MHIP* is more cost effective to cover treatment costs. For more information on MHIP*, go to <http://www.marylandhealthinsuranceplan.state.md.us/>.
- Funding for Direct Costs: Grant funding may be used to pay the direct costs for cancer diagnosis and treatment for 1 year. Allowable cancer diagnosis and treatment services are defined in Attachment 1. Total funds requested may not exceed \$20,000 for direct costs per patient, per year.

For more information on the Maryland Cancer Fund, please visit the website, at to http://phpa.dhmh.maryland.gov/cancer/SitePages/mcf_home.aspx.

*MHIP Standard enrollment ends 11/13/2013 with coverage ending 6/30/2014. MHIP+, Federal & Federal+ coverage ends 12/31/2013. Further instructions TBA.

Summary Information

Type of Grant: Cancer Treatment Cost Reimbursement Grant

Grant Award:

- If applying for funding to pay for MHIP* costs: up to a maximum of \$15,000 is allowed for direct costs. This award maximum is per patient, per year for premiums, deductibles, coinsurances, and copays. Grant award may also be used to pay for services not covered under MHIP*.
- If applying for funding to pay for direct costs: up to a maximum of \$20,000 is allowed for direct costs.
- Indirect Costs: Entities applying for MCF grants may include indirect costs – up to maximum of 7% of the direct costs. Indirect costs are funding additional to the base grant award amounts, as referenced above.

Award Period: 1 year

Date of Award: The one (1) year award period is established on the Standard Grant Agreement between DHMH and the Grantee.

Availability of Funds: MCF funds are limited. Therefore, **prior to completing an application, contact the Maryland Cancer Fund Coordinator, Sandra Gregory at 410-767-6213** or sandra.buie-gregory@maryland.gov to determine whether funding is available.

Application Deadline: Open and continuous (dependent upon the availability of funds)

Notification of Award: Anticipated notification of grant approval within 10 business days upon receipt of application.

Eligible Organizations: Only eligible organizations are permitted to apply to the Maryland Cancer Fund on behalf of a patient. Eligible organizations are: local health departments and DHMH CCPC-funded cancer screening programs. (For example, the local Breast and Cervical Cancer Programs, the Cigarette Restitution Fund Local Public Health Programs, and the Maryland Colorectal Cancer Control Program screening sites funded by the Centers for Disease Control and Prevention). All organizations applying for funds must have an office located in Maryland.

Eligible Patients:

- Are uninsured;
- Are Maryland residents;
- Have a family income less than 250% of the federal poverty level (See <http://aspe.hhs.gov/poverty/> for the current federal poverty guidelines); and

*MHIP Standard enrollment ends 11/13/2013 with coverage ending 6/30/2014. MHIP+, Federal & Federal+ coverage ends 12/31/2013. Further instructions TBA.

- Have a finding of cancer or a suggestive finding of cancer within 6 months of the application date.

Funding Provisions:

- **The eligible organization is required to apply for MHIP* for the patient who has a confirmed cancer diagnosis when MHIP* is more cost effective and the patient is MHIP* eligible.**
- MCF funding **may NOT** be used to pay for any services rendered prior to the effective date of award.
- If the applicant receives Cigarette Restitution Funds (CRF) allocated for treatment of targeted cancers, the CRF funds must be exhausted or obligated prior to applying for the MCF.

Re: Maryland Cancer Fund (MCF) Program Policy – MCF Treatment Grant Applications and Applying for the Maryland Health Insurance Program

As the need for Maryland Cancer Fund (MCF) services continues to grow, it's increasingly critical to expend the MCF Treatment Grant funds as efficiently as possible in order to maximize the number of clients served. Currently, many MCF grantees utilize awarded funds to provide Maryland Health Insurance Program (MHIP) coverage for clients needing cancer treatment as a significant cost-savings measure. MHIP enrollment is also beneficial for the client as it not only covers cancer treatment, it also provides comprehensive health care coverage. The following policies are being instituted effective immediately so that we can continue to meet the growing need for cancer treatment services. These new program policies provide guidance on utilization of MHIP when applying for the MCF.

Exceptions may be made in the case of costly diagnostic procedures if it is possible to enroll the client in MHIP before a cancer diagnosis is determined. This decision will be made in conjunction with DHMH staff upon review of the treatment plan. • If cancer is diagnosed, MCF grantees should inform the DHMH MCF Coordinator immediately of the date of cancer diagnosis. The MCF grantee must use the remaining awarded funds to <i>enroll eligible clients into MHIP</i> and pay the costs of the premium, deductible, copay and coinsurance. MCF grantees may reapply for a Treatment Grants for clients needing treatment beyond the initial one year MCF grant award period (<i>pending availability of MCF funds</i>). • If cancer is NOT diagnosed, MCF grantees should inform the DHMH MCF Coordinator immediately of the results of the rule-out. The MCF grantee is required close-out the MCF grant award by <i>submitting the DHMH 440 Form 60 days after the date of the rule-out</i>.

We appreciate your continued participation with the Maryland Cancer Fund. Your assistance enables the vulnerable population of uninsured and low-income Marylanders to receive much needed cancer treatment. Please be reminded that all MCF Treatment Grants are awarded pending availability of MCF funds; grantees should consult with the DHMH MCF Coordinator, Ms. Sandra Gregory at 410-767-6213 to check availability of funds, or if you have questions regarding this new policy.

Thank you for your assistance.
