

# Draft Maryland Parkinson's Disease Registry Advisory Committee Meeting Minutes

May 31, 2023 4:00 PM – 5:00 PM

## Meeting Objectives:

- To reconvene the Maryland Parkinson's Disease Registry Advisory Committee and review the Committee's responsibilities for the next 12 months.
- To identify the Parkinson's disease and relevant Parkinsonism ICD-10 codes to be used in the dataset and website required under Senate Bill 584.

## Welcome and Introductions

Kristi Pier of MDH called the meeting to order, and reviewed the agenda

## Updates

Kristi Pier from the MDH Center for Chronic Disease Prevention and Control provided an overview of the committee's structure, responsibilities, and member roles. She also reviewed the actions required under Senate Bill 584.

## CRISP Reporting Capabilities

Laura Mandel from CRISP presented on CRISP's reporting capabilities relevant to the registry.

## Discussion of Diagnostic Codes

The committee discussed ICD-10 codes related to Parkinson's disease and relevant Parkinsonism for inclusion in the registry dataset and website.

## Public Comment

There were no comments from the public.

## Closing

The meeting concluded at 5:00 PM. The next meeting date is to be determined.
