

Provider Update

This update contains pertinent information about changes that will impact the Johns Hopkins HealthCare provider network.

ICD-10 Codes to Identify Social Determinants of Health

Effective Date: March 15, 2021

Health Plan(s) Affected: Johns Hopkins Advantage MD, Johns Hopkins Employer Health Programs (EHP), Priority Partners, Johns Hopkins US Family Health Plan (USFHP)

Type of Change: Process

Explanation of Change(s):

When providing services to a member of the health plans above, if you observe a social determinant of health that has an ICD-10 code, please include the code(s) on claims you submit. **NOTE:** These are supplemental diagnosis codes and should not be used as the admitting or principal diagnosis code to indicate the medical reason for the visit.

The ICD-10-CM codes included in categories Z55-Z65 and Z75 (“Z codes”) identify non-medical factors that may influence a patient’s health status, such as the member’s socioeconomic situation, including education and literacy, employment, housing, lack of adequate food or water or occupational exposure to risk factors like dust, radiation, or toxic agents.

ICD-10 Codes Pertaining to Social Determinants of Health:

ICD-10-CM Code Category	Problems/Risk Factors Included in Category
Z55 – Problems related to education and literacy	Z55.0 Illiteracy and low-level literacy Z55.1 Schooling unavailable and unattainable Z55.2 Failed school examinations Z55.3 Underachievement in school Z55.4 Educational maladjustment and discord with teachers and classmates Z55.8 Other problems related to education and literacy
Z56 – Problems related to employment and unemployment	Z56.0 Unemployment, unspecified Z56.1 Change of job Z56.2 Threat of job loss Z56.4 Discord with boss and workmates Z56.5 Uncongenial work environment

Please contact the JHHC Provider Relations department at 888-895-4998 with any questions or concerns.

	<p>Z56.6 Other physical and mental strain related to work</p> <p>Z56.89 Other problems related to employment</p>
