COVID-19 Updates

With the 90-day continuance of the national public health emergency announced by the U.S. Department of Health and Human Services, UnitedHealthcare is extending our temporary COVID-19 measures. Visit our **COVID-19 website** for full details. Please also refer to the **Summary of COVID-19 Dates by Program** and **COVID-19 Testing and Treatment Billing Guide** for coding and other billing guidance.

Practice Administration

Last update: July 24, 2020, 9:55 a.m. CDT

The information and self-service tools on this page will help you manage your practice administration responsibilities during the COVID-19 national public health emergency period. Please check back often, as any changes or interruptions to standard UnitedHealthcare business practices, processes and policies will be updated here.

For easy reference, this **Summary of COVID-19 Dates** outlines the beginning and end dates of program, process and procedure changes that UnitedHealthcare has implemented as a result of COVID-19.
