**Important Medicare Information**

SAMHSA is working with the [Centers for Medicare and Medicaid Services](#) to educate practitioners about the importance of SBIRT coverage and the Medicare billing rules around these services. SBIRT services are defined as alcohol and/or substance (other than tobacco) abuse **structured assessment** (for example, Alcohol Use Disorders Identification Test, Drug Abuse Screening Test) and brief intervention. Medicare may not pay for screening services unless specifically required by statute.

More information can be found at the [Medicare Learning Network](#).
