QUICK GUIDE TO CIGNA ID CARDS
We pack a lot of important information on our ID cards.

This brochure can help define and clarify information that appears on Cigna’s most common customer ID cards. It can also help you understand the requirements associated with our various plans, allowing you to quickly and efficiently serve your patients.

We may occasionally update this brochure during the year. Download the most current version at Cigna.com > Health Care Professionals > Sample ID Cards.

Important information about this guide

Please note: Some Cigna ID cards include a “G” in the upper-right corner, and may have different service channels, including customer service phone numbers and claim appeal addresses.

Sample standard Cigna ID card images are shown in this guide. However, the actual content may vary to conform to a state’s legislative and regulatory requirements. An ID card is not a guarantee of coverage, and benefits should be verified.

Always be sure to check the back of your patient’s ID card for the correct contact information. You can also refer to the Important contact information page in the back of this guide, or refer to the Cigna Reference Guide for physicians, hospitals, ancillaries, and other health care professionals by logging in to the Cigna for Health Care Professionals website (CignaforHCP.com) > Resources > Reference Guides > Medical Reference Guides > Health Care Professional Reference Guides.

**Cigna Choice Fund® plans**

These plans combine an employer-funded health reimbursement account (HRA) or employer/employee-funded tax-advantaged health savings account (HSA) with PPO, EPO, Open Access Plus, LocalPlus, or indemnity plans. Customers will have access to providers who participate in the network aligned to their plan.

**Networks: Vary by plan**

Plans that use these networks offer customers access to a suite of providers, and allow them to be in charge of how and when they spend their health fund dollars.

› Referrals are not required to see specialists.
› Typically, no copayments are required.
› Providers should bill Cigna directly.
› Precertification may still be required for certain services and procedures.

For a directory of providers who participate in these networks, visit Cigna.com > Find a Doctor.

**Shared Administration Repricing plans**

Shared Administration Repricing plans are offered by the Cigna Taft-Hartley and Federal Business Segment. They are designed for Taft-Hartley and federal plan employers that want to continue processing and paying their own claims, and retain customer and provider services, or use a third-party administrator to perform these functions.

**Networks: Shared Administration Open Access Plus, Shared Administration PPO, or LocalPlus**

Plans that use these networks offer customers access to a national network of providers.

› Referrals are not required to see specialists.
› Both in- and out-of-network benefits are available. Customers can access providers that participate in a national network, which includes Away From Home Care.

For a directory of providers who participate in these networks, visit CignaSharedAdministration.com.

STRATEGIC ALLIANCE PLANS

Networks: Vary by plan

The sample below shows an ID card for a customer with a Cigna-administered plan. If it displays a strategic alliance logo,* the customer may use that strategic alliance’s network when outside the service area for Cigna network-participating providers.

Sample ID cards for Cigna’s strategic alliances

These samples show ID cards for people whose health plans are administered by one of our strategic alliances with HealthPartners, Tufts Health Plan, MVP Health Care, or Health Alliance Plan (HAP) and their affiliate, ASR Health Benefits/Physicians Care. The Cigna logo on the card indicates they may visit a Cigna-participating provider when in the Cigna service area.

*Logos include HealthPartners, Tufts Health Plan, HAP, PhysiciansCare, and MVP.

For more information, see the next page.
Strategic alliance plans

Cigna has entered into strategic alliances with several nationally recognized health care companies. These plans give our customers access to an alliance’s network of providers and discounts in specific geographic areas. They also provide the alliance’s customers with access to Cigna’s national provider network and discounts outside their specific geographic area.

Networks: Vary by plan

› Referrals are not required to see specialists.
› Precertification may still be required for certain services and procedures.
› Claims should be submitted to the payer ID on the customer’s ID card.
