SECTION 1 – MINIMUM QUALIFICATIONS

1  Offeror Minimum Qualifications

There are no Offeror Minimum Qualifications for this procurement.

THE REMAINDER OF THIS PAGE IS INTENTIONALLY LEFT BLANK.
SECTION 2 – CONTRACTOR REQUIREMENTS: SCOPE OF WORK

2.1 Summary Statements and Contract Duration

2.1.1 The Maryland Department of Health intends to obtain services, as specified in this RFP, from a Contract between the selected Offeror(s) and the Department.

2.1.2 An Offeror, either directly or through its subcontractor(s), must be able to provide all services and meet all of the requirements requested in this solicitation and the successful Offeror (the Contractor) shall remain responsible for Contract performance regardless of subcontractor participation in the work.

2.1.3 The anticipated duration of services to be provided under this Contract is two (2) years. The State in its sole discretion reserves the right to extend the term for one year at the prices bid for the option year in the Financial Proposal.

2.2 Purpose and Background

2.2.1 Purpose

The State is issuing this solicitation for the purpose of obtaining a management consulting contractor to provide oversight and program management; facilitate change management and stakeholder engagement; support the definition and development of functionality in LTSS; and, support programmatic, operational, and financial transformation initiatives. The Contractor will support the re-engineering and implementation of complex business processes, work effectively with information technology (IT) vendors to translate business process needs into system specifications and manage dependencies related to the multiple transformation efforts which include the implementation of a new information technology solution, programmatic and payment system.

2.2.2 Background

2.2.2.1 The DDA has been engaged in transformation activities for the past two (2) years to improve its service delivery system, transition from its stand-alone IT platform to the Medicaid LTSS system, and move from the current prospective payment process to a reimbursement model. These changes are necessary to align services with the Centers for Medicare and Medicaid (CMS) Community Setting Rule, to address long term weaknesses in the financial processes, and to ensure a stable data processing system.

2.2.2.2 The DDA has currently engaged the assistance of a management consulting contractor to provide project management for the transition to LTSS and to provide technical support for the transformation activities. Due to changes in the timeline of when the LTSS system will be fully operational, the current management consulting contract will end before the transition is complete. The initial release of DDA functionality in LTSS was scheduled for July 2017, however, has been delayed to July 2018. This delay also moves the second release of DDA functionality from July 2018 to July 2019. The second release will fully operationalize DDA functionality in LTSS for DDA personnel and for the network of over 200 service providers. Support continues to be needed to supplement available resources within DDA. Therefore the DDA seeks to secure a new management consulting contract to ensure the adequate design, development, and testing of DDA functionality in LTSS; to facilitate the training of DDA personnel and the staff of the DDA licensed providers; and to ensure the implementation of the new payment structure.
2.3 Scope of Work - Requirements

The Contractor shall provide for the following requirements.

2.3.1 General Requirements

2.3.1.1 Oversight and Program Management

Oversee and provide program management for the DDA’s transformation through its completion by consistently monitoring and course correcting initiative activities, working to identify and mitigate risks and proactively resolving issues to keep the transformation coordinated and on schedule. Specifically, the Contractor shall work to complete the following activities around the oversight and program management of the DDA’s transformation:

2.3.1.1.1 Work with the Contract Monitor to specify projects, assign ownership of the projects and activities, and clarify roles and responsibilities for each of the project owners within the DDA transformation.

2.3.1.1.2 Develop and maintain a detailed project plan of the transformation activities in Microsoft Project to track all transformation activities and dependencies. Given the wide-reaching interdependencies of the DDA’s transformation effort, the developed project plan shall detail activities, deliverables, and responsible parties for all aspects of the DDA’s transformation. As a dynamic document, the Contractor shall update the project plan weekly.

2.3.1.1.3 To adequately manage the DDA’s transformation effort, the Contractor shall participate in twice monthly management meetings, and other meetings as deemed appropriate through a collaborative working relationship with the Contract Monitor and the LTSS Project Manager. These meetings will be used to review the status of transformation initiatives and provide insight into the overlap of ongoing initiatives and transformation activities. The Contractor shall work with identified DDA personnel to ascertain status updates on all transformation initiatives, review progress against the outlined project plan, report any risks in initiatives to DDA leadership, and if applicable provide recommendations to course correct and improve the delivery of the transformation.

2.3.1.1.4 Establish and maintain a detailed repository of program and project risks and issues. Identify and monitor risks and issues to support tracking and migration efforts on a weekly basis. Upon identification, the Contractor shall document the item in the risk and issue repository, estimate the potential impact, and identify internal or external resources needed to mitigate risks and/or resolve issues. The Contractor shall work with DDA personnel to develop risk mitigation and issue resolution strategies in alignment with the vision and objectives of the transformation.

2.3.1.1.5 Provide high level monthly update reports to the Contract Monitor by the 5th Business Day of the month, for the previous month’s reporting period. This report will contain the current status of the major efforts within the transformation and key risks facing the transformation. This will be presented to the DDA’s executive leadership for corrective action as needed.

2.3.1.1.6 Serve as a liaison between DDA and the LTSS contractor to participate in weekly project management meetings, requirement check-in point meetings, and ad hoc discussions with the LTSS contractor’s project manager to work through risks and issues as they are identified. Provide guidance to the LTSS contractor on the proper sequencing of activities based on the DDA’s transformation initiatives, DDA personnel and external stakeholder concerns. The Contractor shall include the
Contract Monitor on all written communication between the Contractor and the LTSS contractor, and communicate any issues raised from meetings and other conversations with the LTSS contractor.

2.3.1.1.7 Support DDA’s weekly meetings between representatives from the Office of Health Services (OHS), a division of the MDH, and the LTSS contractor to understand and track progress. Regular meetings will occur weekly and are designed to ensure that OHS and DDA personnel are in alignment around the activities of the LTSS contractor. Assistance will include preparing meeting documents at the direction of the Contract Monitor, participating in discussions, and conducting any follow up tasks requested by the Contract Monitor. Additionally, the Contractor shall support monthly or as needed meetings with OHS to talk through DDA driven changes in the LTSS system that impact existing OHS functionality.

2.3.1.1.8 Serve as a liaison between DDA and the MDH offices and personnel to coordinate various aspects of the DDA transformation. Required meetings and coordination with MDH offices will be identified as necessary to the Contract Monitor and LTSS Project Manager through the project plan, meetings, and/or risk and issue tracking.

2.3.1.1.9 Provide support to the DDA to fulfill information requests related to required federal and State review and approval processes related to, but not limited to State Information Technology Project Requests (ITPRs), and all other necessary documentation that may be related to federal Implementation Advanced Planning Documents (IAPDs).

2.3.1.2 Change Management and Stakeholder Engagement

The Contractor shall support the DDA’s change management effort to ensure the successful adoption of the DDA transformation initiatives, by managing and assisting with the DDA communication plans, engaging with DDA identified stakeholders, and assessing the adequacy of resources available to support rollout and implementation of transformation initiatives. The Contractor shall also monitor the performance of implemented DDA transformation initiatives and report on the results of those analyses to DDA leadership. The Contractor shall:

2.3.1.2.1 Assist with the development of a communication plan and support communication activities by working with DDA personnel to develop communication materials and outputs, such as presentations, documentation, and newsletters as directed by the DDA.

2.3.1.2.2 Assist DDA personnel with managing and advising on the delivery of communications and planning for communication events.

2.3.1.2.3 Support internal DDA change management related to DDA personnel efforts as directed by the DDA to implement key process changes. Conduct staffing analysis by assessing current staff levels to support the DDA transformation initiatives, and making recommendations on any gaps identified in the analysis.

2.3.1.2.4 Support the development of an integrated DDA Training Plan associated with the transition phase of the DDA transformation. Assist the DDA’s dedicated training team in managing the training schedule and planning communications events.

2.3.1.2.5 Monitor the progress of changes and follow-up to ensure that change management activities are implemented, evaluating the results to resolve issues, and adjust plans as necessary.
2.3.1.2.6 Develop presentations and conduct stakeholder meetings with the DDA transformation Provider Stakeholder Group and other groups as needed (determined by the Contract Monitor). Agendas and presentations shall be provided to the Contract Monitor three (3) Business Days in advance of each session for review and approval.

2.3.1.3 Support for the Definition and Development of Functionality in LTSS

In coordination with the LTSS contractor who is responsible for the documentation of requirements in the form of use cases or narrative descriptions of the functions to be performed by users of the system, the Contractor shall help to facilitate the DDA’s definition of forms, business rules, and alerts that are needed in the system to support the DDA programmatic and operational goals. The definition of these items is critical to operationalizing the DDA’s to-be processes in LTSS. The Contractor shall provide the following support to DDA personnel as they engage in the requirements development, design, and development of key DDA future state functionality in LTSS.

2.3.1.3.1 In consultation with DDA personnel, provide appropriate business context for the DDA’s to-be processes in support of the LTSS contractor’s documentation of functional and non-functional or system requirements for services and functions. To provide this context, the Contractor shall work one-on-one with DDA personnel to evaluate options and define specific functionality needed in LTSS to support the to-be processes. Additionally, with an understanding of the to-be processes, the Contractor shall work with DDA personnel to identify risks and develop mitigation strategies related to information flow, roles and responsibilities, and compliance with federal and State regulations.

2.3.1.3.2 Maintain and update to-be process documentation, providing quarterly updates to DDA and the LTSS contractor. By continually updating the to-be processes to reflect decisions made during the requirements and design phases, the DDA will have a comprehensive set of accurate process flows that can be used for future training activities.

2.3.1.3.3 Work with DDA personnel to document and finalize key templates (including but not limited to correspondence, notifications, and forms) required for the LTSS system. All templates and related documents shall be delivered to the Contract Monitor separately upon completion of each template and cumulatively upon Contract Transition (see Section 3.9). In many cases, the templates are outdated and in other cases, additional correspondence, notifications, and forms are needed to support processes, streamline communication and increase consistency across the system. The Contractor shall work with appropriate DDA personnel to write and/or revise these templates to implement them in the LTSS system.

2.3.1.3.4 Track outstanding questions from the LTSS contractor and work with the DDA to respond in a timely fashion. As the DDA moves through the requirements, design, and testing processes, questions will be routinely identified that do not have simple straightforward answers. The Contractor shall work with DDA personnel to research and respond to solutions to questions posed by the LTSS contractor. This work shall be conducted via email, telephone, and/or face-to-face meetings. The Contractor shall share any written communications with other units within the Maryland Department of Health and with the LTSS contractor with the Contract Monitor.

2.3.1.3.5 Conduct initial reviews of all deliverables produced by the LTSS contractor within ten (10) Business Days of receipt using the Contractor’s knowledge of DDA’s to-be processes and understanding of the DDA programs. This review is meant to help ensure that developed deliverables meet the DDA’s needs and to reduce the time it takes for DDA and OHS stakeholders to review documentation. Upon completion of the initial review, the Contractor shall distribute the document(s) to DDA and OHS stakeholders for their input and review.
2.3.1.3.6 Once the Contractor’s initial review of a deliverable has been completed, the Contractor shall coordinate DDA and OHS reviews of deliverables produced by the LTSS contractor. Upon completion of the review by DDA and OHS staff, the Contractor shall consolidate all comments and work to resolve any discrepancies for final response to the LTSS contractor. During this process, the Contractor shall communicate as needed with the DDA, OHS, and LTSS contractor via email, telephone, and/or face-to-face meetings. The Contractor shall secure the Contract Monitor’s final approval before submitting the final response to the LTSS contractor.

2.3.2 Optional Task Order Process Using Fixed Price Work Orders

The Contractor shall perform the following tasks as part of its services using fixed labor hour rate pricing through the Work Order process. This work shall not exceed 500 hours per contract year.

2.3.2.1 Support for Programmatic, Operational, and Financial Transformation Initiatives

Beyond the development of DDA functionality in LTSS and the DDA’s adoption of a new information technology platform, the DDA transformation depends on numerous programmatic, operational, and financial initiatives. For the transformation to be successful, these efforts must be carefully undertaken and completed in a timely fashion. These initiatives include but are not limited to the following:

2.3.2.1.1 Programmatic Initiatives, to include but not be limited to:
1. Development of waiver renewal, applications, and amendments;
2. Responses to the CMS corrective action plans and mandatory technical assistance;
3. Development and implementation of changes to eligibility and waiting list criteria;

2. Funding policy changes;

Through the Work Order process, the Contractor may be engaged to provide the following services:
2.3.2.2.1 Participate in and produce follow-up reports and analysis associated with regular initiative meetings as needed (typically weekly) to provide technical support and understanding around the DDA existing as-is and intended to-be processes, helping DDA personnel understand how these transformation efforts fit into the DDA’s to-be processes.

2.3.2.2.2 Develop documentation, policy information and financial analysis as needed for the DDA on the given transformation initiative.

2.3.2.2.3 Provide subject matter expertise to augment DDA personnel to support key programmatic, operational, and fiscal transformation initiatives.

2.3.2.3 Work Order Process

2.3.2.3.1 Additional services will be provided via a Work Order process. The Contract Monitor will e-mail a Work Order Request (See Attachment P) to the Contractor to provide services or resources that are within the scope of Section 2.3.2. The Contractor shall work hours at its proposed rate up to 1,000 hours per year for Work Orders. The Work Order Request will include:

2.3.2.3.3 The Contract Monitor may contact the Contractor to obtain additional information, clarification or revision to the Work Order, and will provide the Work Order to the Procurement Officer for a determination of compliance and a determination whether a change order is appropriate. Written Procurement Officer approval is required before Work Order may be executed by the State.

2.3.2.3.4 In the event the Contractor cannot complete a Work Order within its proposed labor hours as approved by the Procurement Officer, the Contractor is obligated to complete the Work Order with no additional compensation beyond the compensation stated in the Work Order. Hours worked to complete a Work Order in excess of those proposed in the approved Work Order shall neither be paid nor counted against the 1,000 hour annual cap on Work Order hours stated in Section 2.3.2.3.1.

2.3.3.2 The Contract Monitor will review the final deliverable to determine compliance with the acceptable criteria as defined for that deliverable. The written deliverables defined as draft documents must demonstrate due diligence in meeting the scope requirements with limited structural errors such as poor grammar, misspellings or incorrect punctuation.

2.3.3.3 The Contract Monitor will review each deliverable within ten (10) Business Days and provide feedback to the Contractor so that the deliverable may be finalized. Upon receipt of feedback, the Contractor will have five (5) Business Days to finalize the deliverable. Upon completion of a deliverable, the Contractor shall deliver each deliverable in final form to the Contract Monitor for acceptance. Upon receipt of a final deliverable, the Contract Monitor will commence a review of the deliverable as required to validate the completeness and quality in meeting requirements. Upon validation, the Contract Monitor will issue to the Contractor notice of acceptance or rejection of deliverables in an Agency Acceptance of Deliverables Form (see Attachment Q).

2.3.3.4 In the event of rejection, the Contractor shall correct the identified deficiencies or non-conformities. Subsequent project tasks may not continue until deficiencies with a deliverable are rectified and accepted by the Contract Monitor or the Contract Monitor has specifically issued, in writing, a waiver for conditional continuance of project tasks. For purposes of this solicitation and the resulting Contract:

1. “Sensitive Data” means information that is protected against unwarranted disclosure, to include Personally Identifiable Information (PII), Protected Health Information (PHI) or other private/confidential data, as specifically determined by the State. Sensitive Data includes information about an individual that (1) can be used to distinguish or trace an individual’s identity, such as name, social security number, date and place of birth, mother’s maiden name, or biometric records; (2) is linked or linkable to an individual, such as medical, educational, financial, and employment information; (3) falls within the definition of “personal information” under Md. 2. “Relevant subcontractor” includes any subcontractor that assists the Contractor in the critical functions of the Contract, handles Sensitive Data, and/or assists with any related implemented system, excluding subcontractors that provide secondary services that are not pertinent to assisting the Contractor in the critical functions of the Contract, handling Sensitive Data, and/or assisting with any related implemented system.

3. The Contractor, including any relevant subcontractor(s), shall implement administrative, physical, and technical safeguards to protect State data that are no less rigorous than accepted industry standards for information security such as those listed below, and ensure that all such safeguards, including the manner in which State data is collected, accessed, used, stored, processed, disposed of and disclosed, comply with applicable data protection and privacy laws as well as the terms and conditions of this solicitation and resulting Contract.
The Contractor, including any and all subcontractor(s), agrees to abide by all applicable federal, State and local laws concerning information security and comply with current State of Maryland Department of Information Technology Security Policy: [http://doit.maryland.gov/support/Pages/SecurityPolicies.aspx](http://doit.maryland.gov/support/Pages/SecurityPolicies.aspx). The State IT Security Policy may be revised from time to time. The Contractor and all subcontractors shall comply with all such revisions. Updated and revised versions of the State IT Policy and Standards are available online on this website.

To ensure appropriate data protection safeguards are in place, the Contractor and any relevant subcontractor(s) shall at a minimum implement and maintain the following information technology controls at all times throughout the life of the Contract. The Contractor and any relevant subcontractor(s) may augment this list with additional information technology controls.

1. Establish separate production, test, and training environments for systems supporting the services provided under this Contract and ensure that production data is not replicated in the test and/or training environment unless it has been previously anonymized or otherwise modified to protect the confidentiality of Sensitive Data elements.

2. Apply hardware and software hardening procedures as recommended by the manufacturer to reduce the Contractor/subcontractor’s systems’ surface of vulnerability. The purpose of system hardening procedures is to eliminate as many security risks as possible. These procedures may include but are not limited to removal of unnecessary software, disabling or removing of unnecessary services, removal of unnecessary usernames or logins, and deactivation of unneeded features in the Contractor/subcontractor’s system configuration files.

3. Establish policies and procedures to implement and maintain mechanisms for regular internal vulnerability testing of operating system, application, and network devices supporting the services provided under this Contract. Such testing is intended to identify outdated software versions; missing software patches; and device or software misconfigurations; and validate compliance with or deviations from the Contractor’s and/or subcontractor’s security policy. The Contractor and any relevant subcontractor(s) shall evaluate all identified vulnerabilities for potential adverse effect on the system’s security and/or integrity and remediate the vulnerability promptly or document why remediation action is unnecessary or unsuitable. The Department shall have the right to inspect these policies and procedures and the performance of vulnerability testing to confirm the effectiveness of these measures for the services being provided under this Contract.

4. Where website hosting or Internet access is the service provided or part of the service provided, the Contractor and any relevant subcontractor(s) shall conduct regular external vulnerability testing. External vulnerability testing is an assessment designed to examine the Contractor’s and subcontractor’s security profile from the Internet without benefit of access to internal systems and networks behind the external security perimeter. The Contractor and any relevant subcontractor(s) shall evaluate all identified vulnerabilities on Internet-facing devices for potential adverse effect on the system’s security and/or integrity and remediate the vulnerability promptly or document why remediation action is unnecessary or unsuitable. The Department shall have the right to inspect these policies and procedures and the performance of vulnerability testing to confirm the effectiveness of these measures for the services being provided under this Contract.

5. Ensure that anti-virus and anti-malware software is installed and maintained on all systems supporting the services provided under this Contract, automatically updated, and configured to actively scan and detect threats to the system for remediation.
(6) Enforce strong user authentication and password control measures over the Contractor/subcontractor’s systems supporting the services provided under this Contract to minimize the opportunity for unauthorized system access through compromise of the user access controls. At a minimum, the implemented measures should be consistent with the most current State of Maryland Department of Information Technology’s Information Security Policy (http://doit.maryland.gov/support/Pages/SecurityPolicies.aspx), including specific requirements for password length, complexity, history, and account lockout.

(7) Ensure State data under this service is not processed, transferred, or stored outside of the United States.

(8) Ensure that State data is not comingled with the Contractor’s and subcontractor’s other clients’ data through the proper application of data compartmentalization security measures. This includes but is not limited to classifying data elements and controlling access to those elements based on the classification and the user’s access or security level.

(9) Apply data encryption to protect State data, especially Sensitive Data, from improper disclosure or alteration. Data encryption should be applied to State data in transit over networks and, where possible, State data at rest within the system, as well as to State data when archived for backup purposes. Encryption algorithms which are utilized for this purpose must comply with current Federal Information Processing Standards (FIPS), “Security Requirements for Cryptographic Modules”, FIPS PUB 140-2: http://csrc.nist.gov/publications/fips/fips140-2/fips1402.pdf

(10) Enable appropriate logging parameters on systems supporting services provided under this Contract to monitor user access activities, authorized and failed access attempts, system exceptions, and critical information security events as recommended by the operating system and application manufacturers as well as information security standards including the current State of Maryland Department of Information Security Policy: http://doit.maryland.gov/support/Pages/SecurityPolicies.aspx

(11) Retain the aforementioned logs and review them at least daily to identify suspicious or questionable activity for investigation and documentation as to their cause and perform remediation, if required. The Department shall have the right to inspect these policies and procedures and the Contractor or subcontractor’s performance to confirm the effectiveness of these measures for the services being provided under this Contract.

(12) Ensure system and network environments are separated by properly configured and updated firewalls to preserve the protection and isolation of Sensitive Data from unauthorized access as well as the separation of production and non-production environments.

(13) Restrict network connections between trusted and untrusted networks by physically and/or logically isolating systems supporting the services being provided under the Contract from unsolicited and unauthenticated network traffic.

(14) Review at regular intervals the aforementioned network connections, documenting and confirming the business justification for the use of all service, protocols, and ports allowed, including the rationale or compensating controls implemented for those protocols considered insecure but necessary.

(15) Ensure that the Contractor’s and any subcontractor’s personnel shall not connect any of their own equipment to a State LAN/WAN without prior written approval by the State. The Contractor/subcontractor shall complete any necessary paperwork as directed and coordinated with the Contract Monitor to obtain approval by the State to connect Contractor/subcontractor-owned equipment to a State LAN/WAN.

3.2.3.2 Contingency / Disaster Recovery Plans

(1) The Contractor and any relevant subcontractor(s) shall have robust contingency and disaster recovery plans in place to ensure that the services provided under this Contract
will be maintained in the event of disruption to the Contractor/subcontractor’s operations (including, but not limited to, disruption to information technology systems), however caused.

(2) The contingency and disaster recovery plans must be designed to ensure that services under this Contract are restored after a disruption within forty-eight hours in order to avoid unacceptable consequences due to the unavailability of services.

(3) The Contractor and any relevant subcontractor(s) shall test the contingency/disaster recovery plans at least twice annually to identify any changes that need to be made to the plan(s) to ensure a minimum interruption of service. Coordination shall be made with the State to ensure limited system downtime when testing is conducted. At least one annual test shall include backup media restoration and failover/fallback operations.

(4) Such contingency and disaster recovery plans shall be available for the Department to inspect and practically test at any reasonable time, and subject to regular updating, revising, and testing throughout the term of the Contract.

3.2.3.3 Incident Response Requirement

(1) The Contractor shall notify the Contract Monitor when any Contractor and/or subcontractor system that may access, process, or store State data or work product is subject to unintended access or attack. Unintended access or attack includes compromise by computer malware, malicious search engine, credential compromise or access by an individual or automated program due to a failure to secure a system or adhere to established security procedures.

(2) The Contractor shall notify the Contract Monitor within two (2) Business Days of the discovery of the unintended access or attack by providing notice via written or electronic correspondence to the Contract Monitor and Procurement Officer.

(3) The Contractor shall notify the Contract Monitor within two (2) Business Days if there is a threat to the Contractor’s and/or subcontractor’s systems as it pertains to the use, disclosure, and security of the Department’s Sensitive Data.

(4) If an unauthorized use or disclosure of any Sensitive Data occurs, the Contractor must provide written notice to the Contract Monitor within two (2) Business Days after the Contractor's discovery of such use or disclosure and, thereafter, all information the State requests concerning such unauthorized use or disclosure.

(5) The Contractor, within two (2) Business Days of discovery, shall report to the Contract Monitor any improper or non-authorized use or disclosure of Sensitive Data. The Contractor shall provide such other information, including a written report, as reasonably requested by the State. The Contractor's report shall identify:
   a. The nature of the unauthorized use or disclosure;
   b. The Sensitive Data used or disclosed;
   c. Who made the unauthorized use or received the unauthorized disclosure;
   d. What the Contractor has done or shall do to mitigate any deleterious effect of the unauthorized use or disclosure; and
   e. What corrective action the Contractor has taken or shall take to prevent future similar unauthorized use or disclosure.

(6) The Contractor shall comply with all applicable laws that require the notification of individuals in the event of unauthorized release of PII or other event requiring notification. In the event of a breach of any of the Contractor's security obligations or other event
requiring notification under applicable law, the Contractor agrees to assume responsibility for informing all such individuals in accordance with applicable law and indemnify, hold harmless, and defend the State and its officials and employees from and against any claims, damages, or other harm related to such security obligation breach or other event requiring the notification.

(7) This Section 3.2.3.3 shall survive expiration or termination of the Contract.

### 3.3 Problem Escalation Procedure

3.3.1 The Contractor must provide and maintain a Problem Escalation Procedure (PEP) for both routine and emergency situations. The PEP must state how the Contractor will address problem situations as they occur during the performance of the Contract, especially problems that are not resolved to the satisfaction of the State within appropriate timeframes.

However, if this person is available to return to work and fully perform all job duties before a replacement has been authorized by the Contract Monitor, at the option and sole discretion of the Contract Monitor, the original personnel may continue to work under the Contract, or the replacement personnel will be authorized to replace the original personnel, notwithstanding the original personnel’s ability to return.

3.10.4.4 Directed Personnel Replacement.

3.10.4.4.1 The Contract Monitor may direct the Contractor to replace any personnel who are perceived as being unqualified, non-productive, unable to fully perform the job duties due to full or partial Incapacity or Extraordinary Personal Circumstance, disruptive, or known, or reasonably believed, to have committed a major infraction(s) of law, agency, or Contract requirements. Normally, a directed personnel replacement will occur only after prior notification of problems with requested remediation, as described in paragraph 3.10.4.4.2. If after such remediation the Contract Monitor determines that the personnel performance has not improved to the level necessary to continue under the Contract, if at all possible at least fifteen (15) days notification of a directed replacement will be provided. However, if the Contract Monitor deems it necessary and in the State’s best interests to
remove the personnel with less than fifteen (15) days’ notice, the Contract Monitor can direct the removal in a timeframe of less than fifteen (15) days, including immediate removal.

In circumstances of directed removal, the Contractor shall, in accordance with paragraph 3.10.3 of this section, provide a suitable replacement for approval within fifteen (15) days of the notification of the need for removal, or the actual removal, whichever occurs first.

3.10.4.4.2 If deemed appropriate in the discretion of the Contract Monitor, the Contract Monitor shall give written notice of any personnel performance issues to the Contractor, describing the problem and delineating the remediation requirement(s). The Contractor shall provide a written Remediation Plan within ten (10) days of the date of the notice and shall implement the Remediation Plan immediately upon written acceptance by the Contract Monitor. If the Contract Monitor rejects the Remediation Plan, the Contractor shall revise and resubmit the plan to the Contract Monitor within five (5) days, or in the timeframe set forth by the Contract Monitor in writing.

Should performance issues persist despite the approved Remediation Plan, the Contract Monitor will give written notice of the continuing performance issues and either request a new Remediation Plan within a specified time limit or direct the substitution of personnel whose performance is at issue with a qualified substitute, including requiring the immediate removal of the Key Personnel at issue.

Replacement or substitution of personnel under this section shall be in addition to, and not in lieu of, the State’s remedies under the Contract or which otherwise may be available at law or in equity.

### 3.11 Personnel Work-time Preference

3.11.1 Staff assigned full time to the Contract should not have other job duties, other than for occasional exigencies. Staff assigned part time to the Contract should not have other job duties that in combination with the assignment to this Contract exceed a full-time equivalency.

3.11.2 Exceptions to the preferences in Section 3.11.1 must be either approved in writing by the Contract Monitor or be included in the Contractor’s final Technical Proposal. (See Section 5.4.2.7.5)

THE REMAINDER OF THE PAGE IS INTENTIONALLY LEFT BLANK.
SECTION 4 – PROCUREMENT INSTRUCTIONS

4.1 Pre-Proposal Conference

A Pre-Proposal Conference (the Conference) will be held at the date, time, and location indicated on the RFP Key Information Summary Sheet (see Appendix 1, Definition). All prospective Offerors are encouraged to attend in order to facilitate better preparation of their Proposals.

The Conference will be summarized. As promptly as is feasible after the Conference, a summary of the Conference and all questions and answers known at that time will be distributed to all prospective Offerors known to have received a copy of this RFP. This summary, as well as the questions and answers, will also be posted on eMaryland Marketplace. See RFP Section 4.2.

In order to assure adequate seating and other accommodations at the Conference, please e-mail or fax the Pre-Proposal Conference Response Form (Attachment A) to the attention of the Procurement Coordinator at least five (5) Business Days prior to the Pre-Proposal Conference date. In addition, if there is a need for sign language interpretation and/or other special accommodations due to a disability, please notify the Procurement Coordinator at least five (5) Business Days prior to the Pre-Proposal Conference date. The Department will make a reasonable effort to provide such special accommodation.

4.2 eMaryland Marketplace

Each Offeror is requested to indicate its eMaryland Marketplace (eMM) vendor number in the Transmittal Letter (cover letter— see Section 5.4.2.3) submitted at the time of its Proposal submission to this RFP.

eMM is an electronic commerce system administered by the Maryland Department of General Services. In addition to using the MDH website (https://health.maryland.gov/procumnt/Pages/Procopps.aspx) and possibly other means for transmitting the RFP and associated materials, solicitation and summary of the Pre-Proposal Conference, Offeror questions, and Procurement Officer’s responses, addenda, and other solicitation-related information will be provided via eMM.

In order to receive a contract award, a vendor must be registered on eMM. Registration is free. Go to https://emaryland.buyspeed.com/bso/login.jsp, click on “Register” to begin the process, and then follow the prompts.

4.3 Questions

Written questions from prospective Offerors will be accepted by the Procurement Officer prior to the Conference. If possible and appropriate, such questions will be answered at the Conference. (No substantive question will be answered prior to the Conference.) Questions to the Procurement Officer shall be submitted via e-mail to the Procurement Officer’s e-mail address indicated on the RFP Key Information Summary Sheet (see Appendix 1, Definition). Please identify in the subject line the Solicitation Number and Title. Questions, both oral and written, will also be accepted from prospective Offerors attending the Conference. If possible and appropriate, these questions will be answered at the Conference.

Questions will also be accepted subsequent to the Conference and should be submitted to the Procurement Officer via email in a timely manner prior to the Proposal due date. Questions are requested to be submitted at least five
(5) days prior to the Proposal due date. The Procurement Officer, based on the availability of time to research and communicate an answer, shall decide whether an answer can be given before the Proposal due date. Time permitting, answers to all substantive questions that have not previously been answered, and are not clearly specific only to the requestor, will be distributed to all vendors that are known to have received a copy of the RFP in sufficient time for the answer to be taken into consideration in the Proposal.

### 4.4 Procurement Method

This Contract will be awarded in accordance with the Competitive Sealed Proposals method under COMAR 21.05.03.

### 4.5 Proposals Due (Closing) Date and Time

Proposals, in the number and form set forth in RFP Section 5.2 “Proposals” must be received by the Procurement Officer at the Procurement Officer’s address no later than the Proposal Due date and time indicated on the RFP Key Information Summary Sheet (see Appendix 1, Definition) in order to be considered.

Requests for extension of this time or date will not be granted. Offerors mailing Proposals should allow sufficient mail delivery time to ensure timely receipt by the Procurement Officer. Except as provided in COMAR 21.05.03.02.F and 21.05.02.10, Proposals received after the due date and time listed in the RFP Key Information Summary Sheet will not be considered.

Proposals may be modified or withdrawn by written notice received by the Procurement Officer before the time and date set forth in the RFP Key Information Summary Sheet for receipt of Proposals.

Proposals may not be submitted by e-mail or facsimile. Proposals will not be opened publicly.

Vendors not responding to this solicitation are requested to submit the “Notice to Vendors” form, which includes company information and the reason for not responding (e.g., too busy, cannot meet mandatory requirements, etc.). This form is located in the RFP immediately following the Title Page (page ii).

### 4.6 Multiple or Alternate Proposals

Multiple and/or alternate Proposals will not be accepted.

### 4.7 Economy of Preparation

Proposals should be prepared simply and economically and provide a straightforward and concise description of the Offeror’s Proposal to meet the requirements of this RFP.

### 4.8 Public Information Act Notice

An Offeror should give specific attention to the clear identification of those portions of its Proposal that it considers confidential and/or proprietary commercial information or trade secrets, and provide justification why such materials, upon request, should not be disclosed by the State under the Public Information Act, Md. Code Ann., General Provisions Article, Title 4. (Also, see RFP Section 5.4.2.2 “Claim of Confidentiality”). This confidential and/or proprietary information should be identified by page and section number and placed after the
Title Page and before the Table of Contents in the Technical Proposal and if applicable, separately in the Financial Proposal.

Offerors are advised that, upon request for this information from a third party, the Procurement Officer is required to make an independent determination whether the information must be disclosed.

4.9 Award Basis

The Contract shall be awarded to the responsible Offeror submitting the Proposal that has been determined to be the most advantageous to the State, considering price and evaluation factors set forth in this RFP (see COMAR 21.05.03.03F), for providing the goods and services as specified in this RFP. See RFP Section 6 for further award information.

4.10 Oral Presentation

Offerors may be required to make oral presentations to State representatives. Offerors must confirm in writing any substantive oral clarification of or change in their Proposals made in the course of discussions. Any such written clarifications or changes then become part of the Offeror’s Proposal and are binding if the Contract is awarded. The Procurement Officer will notify Offerors of the time and place of oral presentations.

4.11 Duration of Proposal

Proposals submitted in response to this RFP are irrevocable for 120 days following the closing date for submission of Proposals or best and final offers (see Section 6.5.2.5) if requested. This period may be extended at the Procurement Officer’s request only with the Offeror’s written agreement.

4.12 Revisions to the RFP

If it becomes necessary to revise this RFP before the due date for Proposals, the Department shall endeavor to provide addenda to all prospective Offerors that were sent this RFP or are otherwise known by the Procurement Officer to have obtained this RFP. In addition, addenda to the RFP will be posted on the Department’s procurement web page and through eMM. It remains the responsibility of all prospective Offerors to check all applicable websites for any addenda issued prior to the submission of Proposals. Addenda made after the due date for Proposals will be sent only to those Offerors that submitted timely Proposals and that remain under award consideration as of the issuance date of the addenda.

Acknowledgment of the receipt of all addenda to this RFP issued before the Proposal due date shall be included in the Transmittal Letter (see Section 5.4.2.3) accompanying the Offeror’s Technical Proposal. Acknowledgement of the receipt of addenda to the RFP issued after the Proposal due date shall be in the manner specified in the addendum notice. Failure to acknowledge receipt of an addendum does not relieve the Offeror from complying with the terms, additions, deletions, or corrections set forth in the addendum.

4.13 Cancellations

The State reserves the right to cancel this RFP, accept or reject any and all Proposals, in whole or in part, received in response to this RFP, waive or permit the cure of minor irregularities, and conduct discussions with all qualified...
or potentially qualified Offerors in any manner necessary to serve the best interests of the State. The State also reserves the right, in its sole discretion, to award a Contract based upon the written Proposals received without discussions or negotiations.

In the event a government entity proposes and receives the recommendation for award for the Contract resulting from this RFP, the procurement may be cancelled and the award processed as a Memorandum of Understanding (MOU) or Inter-Agency Agreement (IA) in accordance with COMAR 21.01.03.01.A(4).

### 4.14 Incurred Expenses

The State will not be responsible for any costs incurred by any Offeror in preparing and submitting a Proposal, in making an oral presentation, providing a demonstration, or performing any other activities related to submitting a Proposal in response to this solicitation.

### 4.15 Protest/Disputes

Any protest or dispute related, respectively, to this solicitation or the resulting Contract shall be subject to the provisions of COMAR 21.10 (Administrative and Civil Remedies).

### 4.16 Offeror Responsibilities

The selected Offeror shall be responsible for all products and services required by this RFP. All subcontractors must be identified and a complete description of their role relative to the Proposal must be included in the Offeror’s Proposal. If applicable, subcontractors utilized in meeting the established MBE or VSBE participation goal(s) for this solicitation shall be identified as provided in the appropriate Attachment(s) to this RFP (see Section 4.26 “Minority Business Enterprise Goals” and Section 4.27 “Veteran-Owned Small Business Enterprise Goal”).

If an Offeror that seeks to perform or provide the services required by this RFP is the subsidiary of another entity, all information submitted by the Offeror, including but not limited to references, financial reports, or experience and documentation (e.g. insurance policies, bonds, letters of credit) used to meet minimum qualifications, if any, shall pertain exclusively to the Offeror, unless the parent organization will guarantee the performance of the subsidiary. If applicable, the Offeror shall submit with its Proposal an explicit statement, signed by an authorized representative of the parent organization, stating that the parent organization will guarantee the performance of the subsidiary.

A parental guarantee of the performance of the Offeror under this Section will not automatically result in crediting the Offeror with the experience and/or qualifications of the parent under any evaluation criteria pertaining to the Offeror’s experience and qualifications. Instead, the Offeror will be evaluated on the extent to which the State determines that the experience and qualification of the parent are transferred to and shared with the Offeror, the parent is directly involved in the performance of the Contract, and the value of the parent’s participation as determined by the State.

### 4.17 Mandatory Contractual Terms

By submitting a Proposal in response to this RFP, an Offeror, if selected for award, shall be deemed to have accepted the terms and conditions of this RFP and the Contract, attached herein as Attachment M. Any exceptions to this RFP or the Contract shall be clearly identified in the Executive Summary of the Technical Proposal. **A Proposal that takes exception to these terms may be rejected (see RFP Section 5.4.2.4).**
4.18 Proposal Affidavit

A Proposal submitted by an Offeror must be accompanied by a completed Proposal Affidavit. A copy of this Affidavit is included as Attachment C of this RFP.

4.19 Contract Affidavit

All Offerors are advised that if a Contract is awarded as a result of this solicitation, the successful Offeror will be required to complete a Contract Affidavit, a copy which is included as Attachment N of this RFP. This Affidavit must be provided within five (5) Business Days of notification of proposed Contract award. The Contractor must also submit a Contract Affidavit with any Contract renewal, including the exercise of any options or modifications that may extend the Contract term. For purposes of completing Section “B” of this Affidavit (Certification of Registration or Qualification with the State Department of Assessments and Taxation), a business entity that is organized outside of the State of Maryland is considered a “foreign” business.

4.20 Compliance with Laws/Arrearages

By submitting a Proposal in response to this RFP, the Offeror, if selected for award, agrees that it will comply with all federal, State, and local laws applicable to its activities and obligations under the Contract.

By submitting a response to this solicitation, each Offeror represents that it is not in arrears in the payment of any obligations due and owing the State, including the payment of taxes and employee benefits, and shall not become so in arrears during the term of the Contract if selected for Contract award.

4.21 Verification of Registration and Tax Payment

Before a business entity can do business in the State, it must be registered with the State Department of Assessments and Taxation (SDAT). SDAT is located at State Office Building, Room 803, 301 West Preston Street, Baltimore, Maryland 21201. For registration information, visit https://www.egov.maryland.gov/businessexpress.

It is strongly recommended that any potential Offeror complete registration prior to the due date for receipt of Proposals. An Offeror’s failure to complete registration with SDAT may disqualify an otherwise successful Offeror from final consideration and recommendation for Contract award.

4.22 False Statements

Offerors are advised that Md. Code Ann., State Finance and Procurement Article, § 11-205.1 provides as follows:

(a) In connection with a procurement contract a person may not willfully:

(1) falsify, conceal, or suppress a material fact by any scheme or device;

(2) make a false or fraudulent statement or representation of a material fact; or

(3) use a false writing or document that contains a false or fraudulent statement or entry of a material fact.

(b) A person may not aid or conspire with another person to commit an act under subsection (a) of this section.
(c) A person who violates any provision of this section is guilty of a felony and on conviction is subject to a fine not exceeding $20,000 or imprisonment not exceeding 5 years or both.

4.23 Payments by Electronic Funds Transfer

By submitting a response to this solicitation, the Offeror agrees to accept payments by electronic funds transfer (EFT) unless the State Comptroller’s Office grants an exemption. Payment by EFT is mandatory for contracts exceeding $200,000. The selected Offeror shall register using the COT/GAD X-10 Vendor Electronic Funds (EFT) Registration Request Form. Any request for exemption must be submitted to the State Comptroller’s Office for approval at the address specified on the COT/GAD X-10 form, must include the business identification information as stated on the form, and must include the reason for the exemption. The COT/GAD X-10 form may be downloaded from the Comptroller’s website at: http://comptroller.marylandtaxes.com/Government_Services/State_Accounting_Information/Static_Files/APM/X-1020130407.pdf.

4.24 Prompt Payment Policy

This procurement and the Contract(s) to be awarded pursuant to this solicitation are subject to the Prompt Payment Policy Directive issued by the Governor’s Office of Minority Affairs (GOMA), (now Governor’s Office of Small, Minority and Women Business Affairs - GOSBA) and dated August 1, 2008. Promulgated pursuant to Md. Code Ann., State Finance and Procurement Article, §§ 11-201, 13-205(a), and Title 14, Subtitle 3, and COMAR 21.01.01.03 and 21.11.03.01, the Directive seeks to ensure the prompt payment of all subcontractors on non-construction procurement contracts. The Contractor shall comply with the prompt payment requirements outlined in the Contract “Prompt Payment” clause (see Attachment M). Additional information is available on GOSBA’s website at: http://goma.maryland.gov/Documents/Legislation/PromptPaymentFAQs.pdf.

Code Ann., Maryland Uniform Electronic Transactions Act, Commercial Law Article, Title 21.

4.25.2 Participation in the solicitation process on a procurement contract for which electronic means has been authorized shall constitute consent by the Offeror to conduct by electronic means all elements of the procurement of that Contract which are specifically authorized under the solicitation or Contract.

4.25.3 “Electronic means” refers to exchanges or communications using electronic, digital, magnetic, wireless, optical, electromagnetic, or other means of electronically conducting transactions. Electronic means includes facsimile, e-mail, internet-based communications, electronic funds transfer, specific electronic bidding platforms (e.g., https://emaryland.buyspeed.com/bsol), and electronic data interchange.

4.25.4 In addition to specific electronic transactions specifically authorized in other sections of this solicitation (e.g., RFP § 4.23 “Payments by Electronic Funds Transfer”) and subject to the exclusions noted in section 4.25.5 of this subsection, the following transactions are authorized to be conducted by electronic means on the terms described:
4.25.4.1 The Procurement Officer may conduct the procurement using eMM, e-mail, or facsimile to issue:

(c) Pre-Proposal conference documents;
(d) Questions and responses;
(e) Communications regarding the solicitation or Proposal to any Offeror or potential Offeror;
(f) Notices of award selection or non-selection; and
(g) The Procurement Officer’s decision on any Proposal protest or Contract claim.

4.25.4.2 An Offeror or potential Offeror may use e-mail or facsimile to:

(a) Ask questions regarding the solicitation;
(b) Reply to any material received from the Procurement Officer by electronic means that includes a Procurement Officer’s request or direction to reply by e-mail or facsimile, but only on the terms specifically approved and directed by the Procurement Officer; and
(c) Submit a "No Proposal Response" to the solicitation.

4.25.4.3 The Procurement Officer, the Contract Monitor, and the Contractor may conduct day-to-day Contract administration, except as outlined in Section 4.25.5 of this subsection utilizing e-mail, facsimile, or other electronic means if authorized by the Procurement Officer or Contract Monitor.

4.25.5 The following transactions related to this procurement and any Contract awarded pursuant to it are not authorized to be conducted by electronic means:

(c) Filing of Contract Claims;
(d) Submission of documents determined by the Department to require original signatures (e.g., Contract execution, Contract modifications, etc.); or
(e) Any transaction, submission, or communication where the Procurement Officer has specifically directed that a response from the Contractor or Offeror be provided in writing or hard copy.

4.25.6 Any facsimile or e-mail transmission is only authorized to the facsimile numbers or e-mail addresses for the identified person as provided in the solicitation, Contract, or direction from the Procurement Officer or Contract Monitor.

Attachment D-4B MBE Prime Contractor Report
Attachment D-5 Subcontractor Paid/Unpaid MBE Invoice Report

4.26.3 An Offeror shall include with its Proposal a completed MBE Utilization and Fair Solicitation Affidavit (Attachment D-1A) whereby:

(a) The Offeror acknowledges the certified MBE participation goal and commits to make a good faith effort to achieve the goal and any applicable subgoals, or requests a waiver, and affirms that MBE subcontractors were treated fairly in the solicitation process; and

(b) The Offeror responds to the expected degree of MBE participation, as stated in the solicitation, by identifying the specific commitment of certified MBEs at the time of Proposal submission. The Offeror shall specify the percentage of total contract value associated with each MBE subcontractor identified on the MBE participation schedule, including any work performed by the MBE Prime (including a Prime participating as a joint venture) to be counted towards meeting the MBE participation goals.

(c) An Offeror requesting a waiver should review Attachment D-1B (Waiver Guidance) and D-1C (Good Faith Efforts Documentation to Support Waiver Request) prior to submitting its request.

If an Offeror fails to submit a completed Attachment D-1A with the Proposal, the Procurement Officer shall determine that the Proposal is not reasonably susceptible of being selected for award.

4.26.4 Offerors are responsible for verifying that each MBE (including any MBE Prime and/or MBE Prime participating in a joint venture) selected to meet the goal and any subgoals and subsequently identified in Attachment D-1A is appropriately certified and has the correct NAICS codes allowing it to perform the committed work.

4.26.5 Within ten (10) Business Days from notification that it is the recommended awardee or from the date of the actual award, whichever is earlier, the Offeror must provide the following documentation to the Procurement Officer.

(a) Outreach Efforts Compliance Statement (Attachment D-2);

(b) MBE Subcontractor/Prime Project Participation Certification (Attachment D-3A/3B); and

(c) Any other documentation required by the Procurement Officer to ascertain Offeror responsibility in connection with the certified MBE subcontractor participation goal or any applicable subgoals.

Further, if the recommended awardee believes a waiver (in whole or in part) of the overall MBE goal or of any applicable subgoal is necessary, the recommended awardee must submit a fully-documented waiver request that complies with COMAR 21.11.03.11.

If the recommended awardee fails to return each completed document within the required time, the Procurement Officer may determine that the recommended awardee is not responsible and, therefore, not eligible for Contract award. If the Contract has already been awarded, the award is voidable.

4.26.6 A current directory of certified MBEs is available through the Maryland State Department of Transportation (MDOT), Office of Minority Business Enterprise, 7201 Corporate Center Drive, Hanover, Maryland 21076. The phone numbers are (410) 865-1269, 1-800-544-6056, or TTY (410) 865-1342. The directory is also available on the MDOT website at http://mbe.mdot.maryland.gov/directory/. The most
current and up-to-date information on MBEs is available via this website. **Only MDOT-certified MBEs may be used to meet the MBE subcontracting goals.**

4.26.7 The Contractor, once awarded a Contract, will be responsible for submitting or requiring its subcontractor(s) to submit the following forms to provide the State with ongoing monitoring of MBE participation:

(a) **Attachment D-4A** (Prime Contractor Paid/Unpaid MBE Invoice Report);
(b) **Attachment D-4B** (MBE Prime Contractor Report, *if applicable*); and
(c) **Attachment D-5** (MBE Subcontractor Paid/Unpaid MBE Invoice Report).

4.26.8 An Offeror that requested a waiver of the goal or any of the applicable subgoals will be responsible for submitting the Good Faith Efforts Documentation to Support Waiver Request (**Attachment D-1C**) and all documentation within ten (10) Business Days from notification that it is the recommended awardee or from the date of the actual award, whichever is earlier, as required in COMAR 21.11.03.11.

4.26.9 All documents, including the MBE Utilization and Fair Solicitation Affidavit & MBE Participation Schedule (**Attachment D-1A**), completed and submitted by the Offeror in connection with its certified MBE participation commitment shall be considered a part of the resulting Contract and are hereby expressly incorporated into the Contract by reference thereto. All of the referenced documents will be considered a part of the Proposal for order of precedence purposes (see Contract – **Attachment M**, Section 2.1).

4.26.10 The Offeror is advised that liquidated damages will apply in the event the Contractor fails to comply in good faith with the requirements of the MBE program and pertinent Contract provisions. (See Contract – **Attachment M**, “Liquidated Damages” clause).

4.26.11 As set forth in COMAR 21.11.03.12-1(D), when a certified MBE firm participates on a Contract as a Prime Contractor (including a joint-venture where the MBE firm is a partner), a procurement agency may count the distinct, clearly defined portion of the work of the contract that the certified MBE firm performs with its own work force towards fulfilling up to fifty-percent (50%) of the MBE participation goal (overall) and up to one hundred percent (100%) of not more than one of the MBE participation sub-goals, if any, established for the contract.

In order to receive credit for self-performance, an MBE Prime must list its firm in Section 4A of the MBE Participation Schedule (**Attachment D-1A**) and include information regarding the work it will self-perform. For the remaining portion of the overall goal and the sub-goals, the MBE Prime must also identify certified MBE subcontractors (see Section 4B of the MBE Participation Schedule (**Attachment D-1A**)) used to meet those goals. If dually-certified, the MBE Prime can be designated as only one of the MBE sub-goal classifications but can self-perform up to 100% of the stated sub-goal.

As set forth in COMAR 21.11.03.12-1, once the Contract work begins, the work performed by a certified MBE firm, including an MBE Prime, can only be counted towards the MBE participation goal(s) if the MBE firm is performing a commercially useful function on the Contract.

4.26.12 With respect to Contract administration, the Contractor shall:

(1) Submit to the Department’s designated representative by the 10th of the month following the reporting
period:

a. **A Prime Contractor Paid/Unpaid MBE Invoice Report** (Attachment D-4A) listing any unpaid invoices, over 45 days old, received from any certified MBE subcontractor, the amount of each invoice and the reason payment has not been made; and

b. **(If Applicable) An MBE Prime Contractor Report** (Attachment D-4B) identifying an MBE Prime’s self-performing work to be counted towards the MBE participation goals.

(2) Include in its agreements with its certified MBE subcontractors a requirement that those subcontractors submit to the Department’s designated representative by the 10th of the month following the reporting period an MBE Subcontractor Paid/Unpaid Invoice Report (Attachment D-5) that identifies the Contract and lists all payments to the MBE subcontractor received from the Contractor in the preceding reporting period month, as well as any outstanding invoices, and the amounts of those invoices.

(3) Maintain such records as are necessary to confirm compliance with its MBE participation obligations. These records must indicate the identity of certified minority and non-minority subcontractors employed on the Contract, type of work performed by each, and actual dollar value of work performed. Subcontract agreements documenting the work performed by all MBE participants must be retained by the Contractor and furnished to the Procurement Officer on request.

(4) Consent to provide such documentation as reasonably requested and right-of-entry at reasonable times for purposes of the State’s representatives verifying compliance with the MBE participation obligations. Contractor must retain all records concerning MBE participation and make them available for State inspection for three years after final completion of the Contract.

(5) Upon completion of the Contract and before final payment and/or release of retainage, submit a final report in affidavit form and under penalty of perjury, of all payments made to, or withheld from MBE subcontractors.

4.26.13 **Notice to Offerors.** Questions or concerns regarding the Minority Business Enterprise (MBE) participation goal of this solicitation must be raised before the due date for submission of Proposals.

### 4.27 Veteran-Owned Small Business Enterprise Goal

4.27.1 **Notice to Offerors.** Questions or concerns regarding the Veteran-Owned Small Business Enterprise (VSBE) participation goal of this solicitation must be raised before the due date for submission of Proposals.

4.27.2 **Purpose.** The Contractor shall structure its procedures for the performance of the work required in this Contract to attempt to achieve the VSBE participation goal stated in this solicitation. VSBE performance must be in accordance with this section and Attachment E, as authorized by COMAR 21.11.13. The Contractor agrees to exercise all good faith efforts to carry out the requirements set forth in this section and Attachment E.

Veteran-Owned Small Business Enterprises must be verified by the Office of Small and Disadvantaged Business Utilization (OSDBU) of the United States Department of Veterans Affairs. The listing of verified VSBEs may be found at http://www.va.gov/osdbu.

4.27.3 **VSBE Goal.** A VSBE participation goal of 1% of the total Contract dollar amount has been established for this procurement. By submitting a response to this solicitation, the Offeror agrees that this percentage of the total dollar amount of the Contract will be performed by verified veteran-owned small business enterprises.

4.27.4 **Solicitation and Contract Formation.**
4.27.4.1 In accordance with COMAR 21.11.13.05 C (1), this solicitation requires Offerors to:

(a) Identify specific work categories within the scope of the procurement appropriate for subcontracting;
(b) Solicit VSBEs before proposals are due, describing the identified work categories and providing instructions on how to bid on the subcontracts;
(c) Attempt to make personal contact with the VSBEs solicited and to document these attempts;
(d) Assist VSBEs to fulfill, or to seek waiver of, bonding requirements; and
(e) Attempt to attend preproposal or other meetings the procurement agency schedules to publicize contracting opportunities to VSBEs.

4.27.4.2 An Offeror must include with its Proposal a completed VSBE Utilization Affidavit and Prime/Subcontractor Participation Schedule (Attachment E-1) whereby the Offeror:

(1) Acknowledges it: a) intends to meet the VSBE participation goal; or b) requests a full or partial waiver of the VSBE participation goal. If the Offeror commits to the full VSBE goal or requests a partial waiver, it shall commit to making a good faith effort to achieve the stated goal; and
(2) Responds to the expected degree of VSBE participation as stated in the solicitation, by identifying the specific commitment of VSBEs at the time of Proposal submission. The Offeror shall specify the percentage of contract value associated with each VSBE prime/subcontractor identified on the VSBE Participation Schedule.

As set forth in COMAR 21.11.13.05.B(2), when a verified VSBE firm participates on a Contract as a Prime Contractor, a procurement agency may count the distinct, clearly defined portion of the work of the contract that the VSBE Prime Contractor performs with its own work force towards meeting up to one hundred percent (100%) of the VSBE goal.

In order to receive credit for self-performance, a VSBE Prime must list its firm in the VSBE Prime/Subcontractor Participation Schedule (Attachment E-1) and include information regarding the work it will self-perform. For any remaining portion of the VSBE goal that is not to be performed by the VSBE Prime, the VSBE Prime must also identify verified VSBE subcontractors used to meet the remainder of the goal.

Within ten (10) Business Days from notification that it is the apparent awardee, the awardee must provide the following documentation to the Procurement Officer.

(1) VSBE Project Participation Statement (Attachment E-2);
(2) If the apparent awardee believes a full or partial waiver of the overall VSBE goal is necessary, it must submit a fully-documented waiver request that complies with COMAR 21.11.13.07; and
(3) Any other documentation required by the Procurement Officer to ascertain Offeror responsibility in connection with the VSBE participation goal.

If the apparent awardee fails to return each completed document within the required time, the Procurement Officer may determine that the apparent awardee is not responsible and therefore not eligible for Contract award.

4.27.5 Contract Administration Requirements. The Contractor, once awarded the Contract shall:

(1) Submit monthly to the Department a report listing any unpaid invoices, over 45 days old, received from any VSBE subcontractor, the amount of each invoice, and the reason payment has not been made. (Attachment E-3).
(2) Include in its agreements with its VSBE subcontractors a requirement that those subcontractors submit monthly to the Department a report that identifies the prime contract and lists all payments received from
Contractor in the preceding 30 days, as well as any outstanding invoices, and the amount of those invoices. 
(Attachment E-4).

(3) Maintain such records as are necessary to confirm compliance with its VSBE participation obligations. These records must indicate the identity of VSBE and non-VSBE subcontractors employed on the contract, the type of work performed by each, and actual dollar value of work performed. The subcontract agreement documenting the work performed by all VSBE participants must be retained by the Contractor and furnished to the Procurement Officer on request.

(4) Consent to provide such documentation as reasonably requested and right-of-entry at reasonable times for purposes of the State’s representatives verifying compliance with the VSBE participation obligations. The Contractor must retain all records concerning VSBE participation and make them available for State inspection for three years after final completion of the Contract.

(5) At the option of the procurement agency, upon completion of the Contract and before final payment and/or release of retainage, submit a final report in affidavit form and under penalty of perjury, of all payments made to, or withheld from VSBE subcontractors.

### 4.28 Living Wage Requirements

4.28.1 Maryland law requires that Contractors meeting certain conditions pay a living wage to covered employees on State service contracts over $100,000. Maryland Code, State Finance and Procurement, § 18-101 et al. The Commissioner of Labor and Industry at the Department of Labor, Licensing and Regulation requires that a Contractor subject to the Living Wage law submit payroll records for covered employees and a signed statement indicating that it paid a living wage to covered employees; or receive a waiver from Living Wage reporting requirements. See COMAR 21.11.10.05.

4.28.2 If subject to the Living Wage law, Contractor agrees that it will abide by all Living Wage law requirements, including but not limited to reporting requirements in COMAR 21.11.10.05. Contractor understands that failure of Contractor to provide such documents is a material breach of the terms and conditions and may result in Contract termination, disqualification by the State from participating in State contracts, and other sanctions. See the “Living Wage” clause in the Contract (Attachment M).

4.28.3 Additional information regarding the State’s living wage requirement is contained in Attachment F. Offerors must complete and submit the Maryland Living Wage Requirements Affidavit of Agreement (Attachment F-1) with their Proposals. If an Offeror fails to complete and submit the required documentation, the State may determine the Offeror to be not responsible under State law.

4.28.4 Contractors and subcontractors subject to the Living Wage Law shall pay each covered employee at least the minimum amount set by law for the applicable Tier area. The specific living wage rate is determined by whether a majority of services take place in a Tier 1 Area or Tier 2 Area of the State. The Tier 1 Area includes Montgomery, Prince George’s, Howard, Anne Arundel and Baltimore Counties, and Baltimore City. The Tier 2 Area includes any county in the State not included in the Tier 1 Area. In the event that the employees who perform the services are not located in the State, the head of the unit responsible for a State Contract pursuant to §18-102(d) of the State Finance and Procurement Article shall assign the tier based upon where the recipients of the services are located.

4.28.5 The Contract resulting from this solicitation will be determined to be a Tier 1 Contract or a Tier 2 Contract depending on the location(s) from which the Contractor provides 50% or more of the services. The Offeror must identify in its Proposal the location(s) from which services will be provided, including the location(s) from which 50% or more of the Contract services will be provided.

(1) If the Contractor provides 50% or more of the services from a location(s) in a Tier 1 jurisdiction(s) the Contract will be a Tier 1 Contract.
(2) If the Contractor provides 50% or more of the services from a location(s) in a Tier 2 jurisdiction(s), the Contract will be a Tier 2 Contract.

(3) If the Contractor provides more than 50% of the services from an out-of-State location, the State agency determines the wage tier based on where the majority of the service recipients are located. In this circumstance, this Contract will be determined to be a Tier 1 Contract.

4.28.6 Information pertaining to reporting obligations may be found by going to the Maryland Department of Labor, Licensing and Regulation (DLLR) website: http://www.dllr.state.md.us/labor/prev/livingwage.shtml.

NOTE: Whereas the Living Wage may change annually, the Contract price may not be changed because of a Living Wage change.

4.29 Federal Funding Acknowledgement

4.29.1 There are programmatic conditions that apply to this Contract due to federal funding. (See Attachment G).

4.29.2 The total amount of federal funds allocated for the MDH is $502,234,605 in Maryland State fiscal year 2018. This represents 42.5% of all funds budgeted for the unit in that fiscal year. This does not necessarily represent the amount of funding available for any particular grant, contract, or solicitation.

4.29.3 This Contract contains federal funds. The source of these federal funds is: Medicaid. The CFDA number is: 93.778. The conditions that apply to all federal funds awarded by the Department are contained in Federal Funds Attachment G. Any additional conditions that apply to this particular federally-funded contract are contained as supplements to Federal Funds Attachment G and Offerors are to complete and submit these Attachments with their Proposals as instructed in the Attachments. Acceptance of this agreement indicates the Offeror’s intent to comply with all conditions, which are part of this Contract.

4.30 Conflict of Interest Affidavit and Disclosure

Offerors shall complete and sign the Conflict of Interest Affidavit and Disclosure (Attachment H) and submit it with their Proposals. All Offerors are advised that if a Contract is awarded as a result of this solicitation, the Contractor’s personnel who perform or control work under this Contract and each of the participating subcontractor personnel who perform or control work under this Contract shall be required to complete agreements substantially similar to Attachment H, Conflict of Interest Affidavit and Disclosure. For policies and procedures applying specifically to Conflict of Interests, the Contract is governed by COMAR 21.05.08.08.

4.31 Non-Disclosure Agreement

All Offerors are advised that this solicitation and any resultant Contract(s) are subject to the terms of the Non-Disclosure Agreement (NDA) contained in this solicitation as Attachment I. This Agreement must be provided within five (5) Business Days of notification of proposed Contract award. However, to expedite processing, it is suggested that this document be completed and submitted with the Proposal.

4.32 HIPAA - Business Associate Agreement

The Contract that result from this solicitation is not extended for use by any other government or by Maryland Non-Profit Organizations.

SECTION 5 – PROPOSAL FORMAT

5.1 Two Part Submission

Offerors shall submit Proposals in separate volumes:
- Volume I – TECHNICAL PROPOSAL
- Volume II – FINANCIAL PROPOSAL

5.2 Proposals

5.2.1 Volume I – Technical Proposal, and Volume II – Financial Proposal shall be sealed separately from one another. It is preferred, but not required, that the name, email address, and telephone number of a contact person for the Offeror be included on the outside of the packaging for each volume. Each Volume shall contain an unbound original, so identified, and four (4) copies. Unless the resulting package will be too unwieldy, the Department’s preference is for the two (2) sealed Volumes to be submitted together in a single package including a label bearing:

1. RFP title and number,
2. Name and address of the Offeror, and
3. Closing date and time for receipt of Proposals

to the Procurement Officer prior to the date and time for receipt of Proposals (see RFP Key Information Summary Sheet for the identity of the Procurement Officer and the Proposals Due (Closing) Date and Time).

5.2.2 An electronic version (on Compact Disk/CD, Digital Versatile Disc/DVD, or Universal Serial Bus/USB Flash/Thumb Drive) of Volume 1 - Technical Proposal in Microsoft Word format must be enclosed with the original Volume I - Technical Proposal submission. An electronic version (on CD, DVD, or USB Flash Drive) of Volume II - Financial Proposal in Microsoft Word or Microsoft Excel format must be enclosed with the original Volume II - Financial Proposal submission. Each CD/DVD/USB Flash Drive must be labeled on the outside with the RFP title and number, name of the Offeror, and volume number. Each CD/DVD/USB Flash Drive must be packaged with the original copy of the appropriate Proposal (Technical or Financial). In the event of any discrepancy between the hard copy and electronic versions of an Offeror’s Proposal, the State shall determine the controlling version in accordance with the State’s interests.

5.2.3 A second electronic version of Volume I and Volume II in searchable Adobe .pdf format shall be submitted on CD, DVD, or USB Flash Drive for Public Information Act (PIA) requests. This copy shall be redacted so that confidential and/or proprietary information has been removed (see RFP Section 4.8 “Public Information Act Notice”).

5.2.4 Beginning with Tab B (see RFP Section 5.4.2.3), all pages of both Proposal volumes shall be consecutively-numbered from beginning (Page 1) to end (Page “x”). The Title Page, Table of Contents, and any Claim of Confidentiality (Tabs A and A-1; see RFP Sections 5.4.2.1 and 5.4.2.2), should be numbered using small Roman numerals (ex. i, ii, iii, iv, v, etc.).

5.2.5 Proposals and any modifications to Proposals will be shown only to State employees, members of the Evaluation Committee, and other persons deemed by the Department to have a legitimate interest in them.
5.3 Delivery

Offerors may either mail or hand-deliver Proposals.

5.3.1 For U.S. Postal Service deliveries, any Proposal that has been received at the appropriate mailroom, or typical place of mail receipt, for the respective procuring unit by the time and date listed in the RFP will be deemed to be timely. If an Offeror chooses to use the U.S. Postal Service for delivery, the Department recommends that it use Express Mail, Priority Mail, or Certified Mail only as these are the only forms for which both the date and time of receipt can be verified by the Department. It could take several days for an item sent by first class mail to make its way by normal internal mail to the procuring unit and an Offeror using first class mail will not be able to prove a timely delivery at the mailroom.

5.3.2 Hand-delivery includes delivery by commercial carrier acting as agent for the Offeror. For any type of direct (non-mail) delivery, an Offeror is advised to secure a dated, signed, and time-stamped (or otherwise indicated) receipt of delivery.

5.3.3 After receipt, a Register of Proposals will be prepared that identifies each Offeror. The Register of Proposals will be open to inspection only after the Procurement Officer makes a determination recommending the award of the Contract.

5.4 Volume I – Technical Proposal

Note: No pricing information is to be included in the Technical Proposal (Volume I). Pricing information is to be included only in the Financial Proposal (Volume II).

5.4.1 Format of Technical Proposal. Inside a sealed package described in Section 5.2 “Proposals,” the unbound original, four (4) copies, and the electronic version shall be provided. The RFP sections are numbered for ease of reference. Section 5.4.2 sets forth the order of information to be provided in the Technical Proposal, e.g., Section 5.4.2.1 “Title and Table of Contents,” Section 5.4.2.2 “Claim of Confidentiality,” Section 5.4.2.3 “Transmittal Letter,” Section 5.4.2.4 “Executive Summary,” etc. In addition to the instructions below, responses in the Offeror’s Technical Proposal should reference the organization and numbering of Sections in the RFP (ex. “Section 2.2.1 Response . . .; “Section 2.2.2 Response . . .,” etc.). This Proposal organization will allow State officials and the Evaluation Committee (see RFP Section 6.1) to “map” Offeror responses directly to RFP requirements by Section number and will aid in the evaluation process.

5.4.2 The Technical Proposal shall include the following documents and information in the order specified as follows. Each section of the Technical Proposal shall be separated by a TAB as detailed below:

5.4.2.1 Title Page and Table of Contents (Submit under TAB A). The Technical Proposal should begin with a Title Page bearing the name and address of the Offeror and the name and number of this RFP. A Table of Contents shall follow the Title Page for the Technical Proposal, organized by section, subsection, and page number.

5.4.2.2 Claim of Confidentiality (If applicable, submit under TAB A-1). Any information which is claimed to be confidential is to be noted by reference and included after the Title Page and before the Table of Contents, and if applicable, also in the Offeror’s Financial Proposal. An explanation for each claim of confidentiality shall be included (see Section 4.8 “Public Information Act Notice”). The entire Proposal should not be given a blanket confidentiality designation. Any
5.4.2.3 **Transmittal Letter (Submit under TAB B).** A Transmittal Letter shall accompany the Technical Proposal. The purpose of this letter is to transmit the Proposal and acknowledge the receipt of any addenda. The Transmittal Letter should be brief and signed by an individual who is authorized to commit the Offeror to the services and requirements as stated in this RFP. The Transmittal Letter should include the following:

1. Name and address of the Offeror;
2. Name, title, e-mail address, and telephone number of primary contact for the Offeror;
3. Solicitation Title and Solicitation Number that the Proposal is in response to;
4. Signature, typed name, and title of an individual authorized to commit the Offeror to its Proposal;
5. Federal Employer Identification Number (FEIN) of the Offeror, or if a single individual, that individual’s Social Security Number (SSN);
6. Offeror’s eMM number;
7. Offeror’s MBE certification number (if applicable);
8. Acceptance of all State RFP and Contract terms and conditions (see Section 4.17); if any exceptions are taken, they are to be noted in the Executive Summary (see Section 5.4.2.4); and
9. Acknowledgement of all addenda to this RFP.

5.4.2.4 **Executive Summary (Submit under TAB C).** The Offeror shall condense and highlight the contents of the Technical Proposal in a separate section titled “Executive Summary.” The Summary shall identify the Service Category(ies) and Region(s) for which the Offeror is proposing to provide services (if applicable). In addition, the Summary shall indicate whether the Offeror is the subsidiary of another entity, and if so, whether all information submitted by the Offeror pertains exclusively to the Offeror. If not, the subsidiary Offeror shall include a guarantee of performance from its parent organization as part of its Executive Summary. (See Section 4.16, Offeror Responsibilities.)

The Summary shall also identify any exceptions the Offeror has taken to the requirements of this RFP, the Contract (Attachment M), or any other attachments. Exceptions to terms and conditions may result in having the Proposal deemed unacceptable or classified as not reasonably susceptible of being selected for award.

If the Offeror has taken no exceptions to the requirements of this RFP, the Contract (Attachment M), or any other attachments, the Executive Summary shall so state.

5.4.2.5 **Minimum Qualifications Documentation (If applicable, Submit under TAB D).** The Offeror shall submit any Minimum Qualifications documentation that may be required, as set forth in RFP Section 1, “Minimum Qualifications.” (If customer references are required in Section 1, those references shall be submitted under Tab D and shall contain the information described in Section 5.4.2.9.)

5.4.2.6 **Offeror Technical Response to RFP Requirements and Proposed Work Plan (Submit under TAB E).**

5.4.2.6.1 The Offeror shall address each Scope of Work requirement (RFP Section 2) in its Technical Proposal and describe how its proposed services, including the services of any proposed subcontractor(s), will meet or exceed the requirement(s). If the State is seeking
Offeror agreement to any requirement(s), the Offeror shall state its agreement or disagreement. Any paragraph in the Technical Proposal that responds to a Scope of Work requirement shall include an explanation of how the work will be done. Any exception to a requirement, term, or condition may result in having the Proposal classified as not reasonably susceptible of being selected for award or the Offeror deemed not responsible.

5.4.2.6.2 The Offeror shall give a definitive section-by-section description of the proposed plan to meet the requirements of the RFP, i.e., a Work Plan. The Work Plan shall include the specific methodology, techniques, and number of staff, if applicable, to be used by the Offeror in providing the required services as outlined in RFP Section 2, Scope of Work. The description shall include an outline of the overall management concepts employed by the Offeror and a project management plan, including project control mechanisms and overall timelines. Project deadlines considered contract deliverables must be recognized in the Work Plan.

5.4.2.6.3 The Offeror shall identify the location(s) from which it proposes to provide the services, including, if applicable, any current facilities that it operates, and any required construction to satisfy the State’s requirements as outlined in this RFP.

5.4.2.6.4 The Offeror shall provide a draft Problem Escalation Procedure (PEP) that includes, at a minimum, titles of individuals to be contacted by the Department’s Contract Monitor should problems arise under the Contract and explains how problems with work under the Contract will be escalated in order to resolve any issues in a timely manner. Final procedures shall be submitted as indicated in RFP Section 3.3.

5.4.2.6.5 The Offeror shall provide their understanding of Centers for Medicare and Medicaid Services, Home and Community Based Waivers and Regulations.

5.4.2.7 Experience and Qualifications of Proposed Staff (Submit under TAB F). The Offeror shall identify the qualifications and types of staff proposed to be utilized under the Contract. Specifically, the Offeror shall:

5.4.2.7.1 Provide an Organizational Chart outlining personnel and their related duties.
5.4.2.7.2 Describe in detail how the proposed staff’s experience and qualifications relate to their specific responsibilities, including any staff of proposed subcontractor(s), as detailed in the Work Plan.
5.4.2.7.3 Include individual resumes for the Key Personnel, including Key Personnel for any proposed subcontractor(s), who are to be assigned to the project if the Offeror is awarded the Contract. Each resume should include the amount of experience the individual has had relative to the Scope of Work set forth in this solicitation. Letters of intended commitment to work on the project, including letters from any proposed subcontractor(s), shall be included in this section.
5.4.2.7.4 Include job titles and the percentage of time each individual will spend on his/her assigned tasks. Offerors using job titles other than those commonly used by industry standards must provide a crosswalk reference document. The Offeror shall specify the positions and individuals working the positions assigned for tasks A, B, and C as well as the number of hours each individual is proposed to spend on each task.
5.4.2.7.5 Either state that it will comply with the Personnel Work-time Preferences contained in Section 3.11 or describe how and why it proposes differing personnel work-time circumstances.

5.4.2.8 Offeror Qualifications and Capabilities (Submit under TAB G). The Offeror shall include information on past experience with similar projects and/or services. The Offeror shall describe
how its organization can meet the requirements of this RFP and shall also include the following information:

1. The number of years the Offeror has provided the similar services;
2. The number of clients/customers and geographic locations that the Offeror currently serves;
3. The names and titles of headquarters or regional management personnel who may be involved with supervising the services to be performed under this Contract;
4. The Offeror’s process for resolving billing errors;
5. An organizational chart that identifies the complete structure of the Offeror, including any parent company, headquarters, regional offices, and subsidiaries of the Offeror; and

5.4.2.9 References (Submit under TAB H). At least three (3) references are requested from customers who are capable of documenting the Offeror’s ability to provide the services specified in this RFP. References used to meet any Minimum Qualifications (see RFP Section 1) may be used to meet this request. References provided under Tab D in accordance with Section 5.4.2.5 should not be repeated in Tab H. Instead mention in Tab H that references used to meet Minimum Qualifications were provided in Tab D.

Each reference shall be from a client for whom the Offeror has provided services within the past five (5) years and shall include the following information:

1. Name of client organization;
2. Name, title, telephone number, and e-mail address, if available, of point of contact for client organization; and
3. Value, type, duration, and description of services provided.

The Department reserves the right to request additional references or utilize references not provided by an Offeror.

5.4.2.10 List of Current or Prior State Contracts (Submit under TAB I). Provide a list of all contracts with any entity of the State of Maryland for which the Offeror is currently performing services or for which services have been completed within the last five (5) years. For each identified contract, the Offeror is to provide:

1. The State contracting entity;
2. A brief description of the services/goods provided;
3. The dollar value of the contract;
4. The term of the contract;
5. The State employee contact person (name, title, telephone number, and, if possible, e-mail address); and
6. Whether the contract was terminated before the end of the term specified in the original contract, including whether any available renewal option was not exercised.

Information obtained regarding the Offeror’s level of performance on State contracts will be used by the Procurement Officer to determine the responsibility of the Offeror and considered as part of the experience and past performance evaluation criteria of the RFP.

5.4.2.11 Financial Capability (Submit under TAB J). An Offeror must include in its Proposal a commonly-accepted method to prove its fiscal integrity. If available, the Offeror shall include
Financial Statements, preferably a Profit and Loss (P&L) statement and a Balance Sheet, for the last two (2) years (independently audited preferred).

In addition, the Offeror may supplement its response to this Section by including one or more of the following with its response:

(1) Dun & Bradstreet Rating;
(2) Standard and Poor’s Rating;
(3) Lines of credit;
(4) Evidence of a successful financial track record; and
(5) Evidence of adequate working capital.

5.4.2.12 Certificate of Insurance (Submit under TAB K). The Offeror shall provide a copy of its current certificate of insurance showing the types and limits of insurance in effect as of the Proposal submission date. The current insurance types and limits do not have to be the same as described in Section 3.1. See Section 3.1 for the required insurance certificate submission for the recommended Offeror.

5.4.2.13 Subcontractors (Submit under TAB L). The Offeror shall provide a complete list of all subcontractors that will work on the Contract if the Offeror receives an award, including those utilized in meeting the MBE and/or VSBE subcontracting goal, if applicable. This list shall include a full description of the duties each subcontractor will perform and why/how each subcontractor was deemed the most qualified for this project.

5.4.2.14 Legal Action Summary (Submit under TAB M). This summary shall include:

(1) A statement as to whether there are any outstanding legal actions or potential claims against the Offeror and a brief description of any action;
(2) A brief description of any settled or closed legal actions or claims against the Offeror over the past five (5) years;
(3) A description of any judgments against the Offeror within the past five (5) years, including the case name, court case docket number, and what the final ruling or determination was from the court; and
(4) In instances where litigation is on-going and the Offeror has been directed not to disclose information by the court, the name of the judge and location of the court.

If an Offeror responds to this TAB with a generic statement such as, “See 10K” or “See SEC filing”:
- The referenced document must be included in the Technical Proposal
- The location within the document where the requested information can be found should be specifically noted
- The information contained in the indicated section should be responsive to the information requested under this TAB. A generic statement in the document to the effect that there often are what might be called nuisance lawsuits filed against the Offeror will only be sufficient if it is a true statement. i.e., the Offeror is asserting that in its opinion no lawsuit filed against it is noteworthy.

5.4.2.15 Economic Benefit Factors (Submit under TAB N). The Offeror shall submit with its Proposal a narrative describing benefits that will accrue to the Maryland economy as a direct or indirect result of its performance of this contract. Proposals will be evaluated to assess the benefit to Maryland’s
The economic benefit offered should be consistent with the Offeror’s Total Proposal Price from Attachment B, the Financial Proposal Form. See COMAR 21.05.03.03A (3).

Proposals that identify specific benefits as being contractually enforceable commitments will be rated more favorably than Proposals that do not identify specific benefits as contractual commitments, all other factors being equal.

Offerors shall identify any performance guarantees that will be enforceable by the State if the full level of promised benefit is not achieved during the Contract term.

As applicable, for the full duration of the Contract, including any renewal period, or until the commitment is satisfied, the Contractor shall provide to the Procurement Officer or other designated agency personnel reports of the actual attainment of each benefit listed in response to this section. These benefit attainment reports shall be provided quarterly, unless elsewhere in these specifications a different reporting frequency is stated.

In responding to this section, the following do not generally constitute economic benefits to be derived from this Contract:

1. Generic statements that the State will benefit from the Offeror’s superior performance under the Contract;
2. Descriptions of the number of Offeror employees located in Maryland other than those that will be performing work under this Contract; and
3. Tax revenues from Maryland-based employees or locations, other than those that will be performing, or used to perform, work under this Contract.

Discussion of Maryland-based employees or locations may be appropriate if the Offeror makes some projection or guarantee of increased or retained presence based upon being awarded this Contract.

Examples of economic benefits to be derived from a contract may include any of the following. For each factor identified below, identify the specific benefit and contractual commitments and provide a breakdown of expenditures in that category:

1. The Contract dollars to be recycled into Maryland’s economy in support of the Contract, through the use of Maryland subcontractors, suppliers and joint venture partners. Do not include actual fees or rates paid to subcontractors or information from your Financial Proposal;
2. The number and types of jobs for Maryland residents resulting from the Contract. Indicate job classifications, number of employees in each classification and aggregate payroll to which the Offeror has committed, including contractual commitments at both prime and, if applicable, subcontract levels. If no new positions or subcontracts are anticipated as a result of this Contract, so state explicitly;
3. Tax revenues to be generated for Maryland and its political subdivisions as a result of the Contract. Indicate tax category (sales taxes, payroll taxes, inventory taxes and estimated personal income taxes for new employees). Provide a forecast of the total tax revenues resulting from the Contract;
4. Subcontract dollars committed to Maryland small businesses and MBEs; and
5. Other benefits to the Maryland economy which the Offeror promises will result from awarding the Contract to the Offeror, including contractual commitments. Describe the

THE REMAINDER OF THIS PAGE IS INTENTIONALLY LEFT BLANK.
SECTION 6 – EVALUATION AND SELECTION PROCESS

6.1 Evaluation Committee

Evaluation of Proposals will be performed in accordance with COMAR 21.05.03 by a committee established for that purpose and based on the evaluation criteria set forth below. The Evaluation Committee will review Proposals, participate in Offeror oral presentations and discussions, and provide input to the Procurement Officer. The Department reserves the right to utilize the services of individuals outside of the established Evaluation Committee for advice and assistance, as deemed appropriate.

6.2 Technical Proposal Evaluation Criteria

The criteria to be used to evaluate each Technical Proposal are listed below in descending order of importance. Unless stated otherwise, any subcriteria within each criterion have equal weight.

6.2.1 Offeror’s Technical Response to RFP Requirements and Work Plan (See RFP § 5.4.2.6). The State prefers an Offeror’s response to work requirements in the RFP that illustrates a comprehensive understanding of work requirements and mastery of the subject matter, including an explanation of how the work will be done. Proposals which include limited responses to work requirements such as “concur” or “will comply” will receive a lower ranking than those Proposals that demonstrate an understanding of the work requirements and include plans to meet or exceed them.

6.2.2 Experience and Qualifications of Proposed Staff (See RFP § 5.4.2.7)

6.2.3 Offeror Qualifications and Capabilities, including proposed Subcontractors (See RFP § 5.4.2.8 – 5.4.2.14)

6.2.3.1 Offerors with the indicated experience as attested to by references will receive a higher evaluation within this category.

(1) Five (5) years of demonstrated experience providing management consulting and project management support services to state-wide governmental entities in order to receive consideration under this procurement.

(2) Three (3) years of demonstrated experience providing management consulting experience to a state governmental agency that administers programs and funding to support people with developmental disabilities and community based services.

6.2.4 Economic Benefit to State of Maryland (See RFP § 5.4.2.15)

6.3 Financial Proposal Evaluation Criteria

All Qualified Offerors will be ranked from the lowest (most advantageous) to the highest (least advantageous) price based on the Total Proposal Price within the stated guidelines set forth in this RFP and as submitted on Attachment B - Financial Proposal Form.
6.4 Reciprocal Preference

Although Maryland law does not generally authorize procuring units to favor resident Offerors in awarding procurement contracts, many other states do grant their resident businesses preferences over Maryland contractors. Therefore, COMAR 21.05.01.04 permits procuring units to apply a reciprocal preference in favor of a Maryland resident business under the following conditions:

1. The Maryland resident business is a responsible Offeror;
2. The most advantageous offer is from a responsible Offeror whose principal office or principal operations through which it would provide the services required under this RFP is in another state;
3. The other state gives a preference to its resident businesses through law, policy, or practice; and
4. The Maryland resident preference does not conflict with a federal law or grant affecting the procurement Contract.

The preference given shall be identical to the preference that the other state, through law, policy, or practice gives to its resident businesses.

6.5 Selection Procedures

6.5.1 General. The Contract will be awarded in accordance with the Competitive Sealed Proposals (CSP) method found at COMAR 21.05.03. The Competitive Sealed Proposals method allows for the conducting of discussions and the revision of Proposals during these discussions. Therefore, the State may conduct discussions with all Offerors that have submitted Proposals that are determined to be reasonably susceptible of being selected for contract award or potentially so. However, the State reserves the right to make an award without holding discussions.

In either case (i.e., with or without discussions), the State may determine an Offeror to be not responsible and/or an Offeror’s Proposal to be not reasonably susceptible of being selected for award at any time after the initial closing date for receipt of Proposals and prior to Contract award. If the State finds an Offeror to be not responsible and/or an Offeror’s Technical Proposal to be not reasonably susceptible of being selected for award, that Offeror’s Financial Proposal will subsequently be returned if the Financial Proposal is unopened at the time of the determination.

6.5.2 Selection Process Sequence

6.5.2.1 A determination is made that the MDOT Certified MBE Utilization and Fair Solicitation Affidavit (Attachment D-1A) is included and properly completed, if there is an MBE goal. In addition, a determination is made that the VSBE Utilization Affidavit and Subcontractor Participation Schedule (Attachment E-1) is included and is properly completed, if there is a VSBE goal. Finally, a determination is made that all Minimum Qualifications, if any (See RFP Section 1), have been satisfied.

6.5.2.2 Technical Proposals are evaluated for technical merit and ranked. During this review, oral presentations and discussions may be held. The purpose of such discussions will be to assure a full understanding of the State’s requirements and the Offeror’s ability to perform the services, as well as facilitate arrival at a Contract that is most advantageous to the State. Offerors will be contacted by the State as soon as any discussions are scheduled.

6.5.2.3 Offerors must confirm in writing any substantive oral clarifications of, or changes in, their Technical Proposals made in the course of discussions. Any such written clarifications or changes...
then become part of the Offeror’s Technical Proposal. Technical Proposals are given a final review and ranked.

6.5.2.4 The Financial Proposal of each Qualified Offeror (a responsible Offeror determined to have submitted an acceptable Proposal) will be evaluated and ranked separately from the Technical evaluation. After a review of the Financial Proposals of Qualified Offerors, the Evaluation Committee or Procurement Officer may again conduct discussions to further evaluate the Offeror’s entire Proposal.

6.5.2.5 When in the best interest of the State, the Procurement Officer may permit Qualified Offerors to revise their initial Proposals and submit, in writing, Best and Final Offers (BAFOs). The State may make an award without issuing a request for a BAFO.

6.5.3 **Award Determination.** Upon completion of the Technical Proposal and Financial Proposal evaluations and rankings, each Offeror will receive an overall ranking. The Procurement Officer will recommend award of the Contract to the responsible Offeror that submitted the Proposal determined to be the most advantageous to the State. In making this most advantageous Proposal determination, technical will receive greater weight than financial factors.

ATTACHMENT B – FINANCIAL PROPOSAL INSTRUCTIONS & FORM

B-1: FINANCIAL PROPOSAL INSTRUCTIONS

In order to assist Offerors in the preparation of their Financial Proposal and to comply with the requirements of this solicitation, Financial Proposal Instructions and a Financial Proposal Form have been prepared. Offerors shall submit their Financial Proposal on the Financial Proposal Form in accordance with the instructions on the Financial Proposal Form and as specified herein. Do not alter the Financial Proposal Form or the Proposal may be determined to be not reasonably susceptible of being selected for award. The Financial Proposal Form is to be signed and dated, where requested, by an individual who is authorized to bind the Offeror to the prices entered on the Financial Proposal Form.

The Financial Proposal Form is used to calculate the Offeror’s TOTAL PROPOSAL PRICE. Follow these instructions carefully when completing your Financial Proposal Form:

A) All Unit and Extended Prices must be clearly entered in dollars and cents, e.g., $24.15. Make your decimal points clear and distinct.

B) All Unit Prices must be the actual price per unit the State will pay for the specific item or service identified in this RFP and may not be contingent on any other factor or condition in any manner.

C) All calculations shall be rounded to the nearest cent, i.e., .344 shall be .34 and .345 shall be .35.

D) Any goods or services required through this RFP and proposed by the vendor at No Cost to the State must be clearly entered in the Unit Price, if appropriate, and Extended Price with $0.00.

E) Every blank in every Financial Proposal Form shall be filled in. Any changes or corrections made to the Financial Proposal Form by the Offeror prior to submission shall be initialed and dated.

F) Except as instructed on the Financial Proposal Form, nothing shall be entered on or attached to the Financial Proposal Form that alters or proposes conditions or contingencies on the prices. Alterations and/or conditions may render the Proposal not reasonably susceptible of being selected for award.

G) It is imperative that the prices included on the Financial Proposal Form have been entered correctly and calculated accurately by the Offeror and that the respective total prices agree with the entries on the Financial Proposal Form. Any incorrect entries or inaccurate calculations by the Offeror will be treated as provided in COMAR 21.05.03.03 F, and may cause the Proposal to be rejected.

H) If option years are included, Offerors must submit pricing for each option year. Any option to renew will be exercised at the sole discretion of the State and comply with all terms and conditions in force at the time the option is exercised. If exercised, the option period shall be for a period identified in the RFP at the prices entered in the Financial Proposal Form.

I) All Financial Proposal prices entered below are to be fully loaded prices that include all costs/expenses associated with the provision of services as required by the RFP. The Financial Proposal price shall include, but is not limited to, all: labor, profit/overhead, general operating, administrative, and all other expenses and costs necessary to perform the work set forth in the solicitation. No other amounts will be paid to the Contractor. If labor rates are requested, those amounts shall be fully-loaded rates; no overtime amounts will be paid.

J) Unless indicated elsewhere in the RFP, sample amounts used for calculations on the Financial Proposal Form are typically estimates for evaluation purposes only. Unless stated otherwise in the RFP, the Department does not guarantee a minimum or maximum number of units or usage in the performance of this Contract.
K) Failure to adhere to any of these instructions may result in the Proposal being determined not reasonably susceptible of being selected for award.

L) The estimated units and total prices will be automatically filled in and tabulated on the Excel spreadsheet. The Offeror is to fill in the proposed prices in the Unit Price Columns. The yearly totals and the Total Proposal Price Column will be automatically tabulated for the Offeror’s Total Proposal Price.

M) In addition there is space available for the Part 2 Optional Tasks fields to identify additional labor categories.

N) Quantities listed on the financial proposal sheet for Optional Tasks under Total Class Hours are estimated and not guaranteed. Quantities could be higher or lower. The estimated quantities are for providing a baseline for fee for services. The state does not guarantee a minimum or maximum number of quantities as expressed in this RFP.

B-2: FINANCIAL PROPOSAL FORM

The Financial Proposal Form shall contain all price information in the format specified on these pages. Complete the Financial Proposal Form only as provided in the Financial Proposal Instructions. Do not amend, alter or leave blank any items on the Financial Proposal Form. If option years are included, Offerors must submit pricing for each option year. Failure to adhere to any of these instructions may result in the Proposal being determined not reasonably susceptible of being selected for award.

B. CERTIFICATION REGARDING COMMERCIAL NONDISCRIMINATION
The undersigned Offeror hereby certifies and agrees that the following information is correct: In preparing its Proposal on this project, the Offeror has considered all Proposals submitted from qualified, potential subcontractors and suppliers, and has not engaged in “discrimination” as defined in § 19-103 of the State Finance and Procurement Article of the Annotated Code of Maryland. “Discrimination” means any disadvantage, difference, distinction, or preference in the solicitation, selection, hiring, or commercial treatment of a vendor, subcontractor, or commercial customer on the basis of race, color, religion, ancestry, or national origin, sex, age, marital status, sexual orientation, sexual identity, or on the basis of disability or any otherwise unlawful use of characteristics regarding the vendor’s, supplier’s, or commercial customer’s employees or owners. “Discrimination” also includes retaliating against any person or other entity for reporting any incident of “discrimination”. Without limiting any other provision of the solicitation on this project, it is understood that, if the certification is false, such false certification constitutes grounds for the State to reject the Proposal submitted by the Offeror on this project, and terminate any contract awarded based on the Proposal. As part of its Proposal, the Offeror herewith submits a list of all instances within the past four (4) years where there has been a final adjudicated determination in a legal or administrative proceeding in the State of Maryland that the Offeror discriminated against subcontractors, vendors, suppliers, or commercial customers, and a description of the status or resolution of that determination, including any remedial action taken. (3) Fail to use the certified minority business enterprise in the performance of the contract; or
(4) Pay the certified minority business enterprise solely for the use of its name in the Proposal.

Without limiting any other provision of the solicitation on this project, it is understood that if the certification is false, such false certification constitutes grounds for the State to reject the Proposal submitted by the Offeror on this project, and terminate any contract awarded based on the Proposal.

B-2. CERTIFICATION REGARDING VETERAN-OWNED SMALL BUSINESS ENTERPRISES

If the Offeror fails to accurately complete and submit this Affidavit and Schedule with the Proposal as required, the Procurement Officer shall determine that the Proposal is not reasonably susceptible of being selected for award.

1. Contractor shall structure its procedures for the performance of the work required in this Contract to attempt to achieve the minority business enterprise (MBE) subcontractor participation goal stated in the Request for Proposals. Contractor agrees to exercise good faith efforts to carry out the requirements set forth in these Instructions, as authorized by the Code of Maryland Regulations (COMAR) 21.11.03.

2. MBE Goals and Subgoals: Please review the solicitation for information regarding the Contract’s MBE overall participation goals and subgoals. After satisfying the requirements for any established subgoals, the Contractor is encouraged to use a diverse group of subcontractors and suppliers from any/all of the various MBE classifications to meet the remainder of the overall MBE participation goal.

3. MBE means a minority business enterprise that is certified by the Maryland Department of Transportation (“MDOT”). Only MBEs certified by MDOT may be counted for purposes of achieving the MBE participation goals. In order to be counted for purposes of achieving the MBE participation goals, the MBE firm, including an MBE Prime, must be MDOT-certified for the services, materials or supplies that it is committed to perform on the MBE Participation Schedule.

4. Please refer to the MDOT MBE Directory at www.mdot.state.md.us to determine if a firm is certified with the appropriate North American Industry Classification System (“NAICS”) Code and the product/services description (specific product that a firm is certified to provide or specific areas of work that a firm is certified to perform). For more general information about NAICS, please visit www.naics.com. Only those specific products and/or services for which a firm is certified in the MDOT Directory can be used for purposes of achieving the MBE participation goals. WARNING: If the firm’s NAICS Code is in graduated status, such services/products may not be counted for purposes of achieving the MBE participation goals. A NAICS Code is in graduated status if the term “Graduated” follows the Code in the MDOT MBE Directory.

5. Guidelines Regarding MBE Prime Self-Performance: Please note that when a certified MBE firm participates as a Prime contractor on a Contract, a procurement agency may count the distinct, clearly defined portion of the work of the Contract that the certified MBE firm performs with its own workforce toward fulfilling up to, but no more than, fifty-percent (50%) of the MBE participation goal (overall), including up to one hundred percent (100%) of not more than one of the MBE participation subgoals, if any, established for the Contract.

✓ In order to receive credit for self-performance, an MBE Prime must be certified in the appropriate NAICS code to do the work and must list its firm in the MBE Participation Schedule, including the certification category under which the MBE Prime is self-performing and include information regarding the work it will self-perform.
✓ For the remaining portion of the overall goal and the remaining subgoals, the MBE Prime must also identify on the MBE Participation Schedule the other certified MBE subcontractors used to meet those goals or request a waiver.

✓ These guidelines apply to the work performed by the MBE Prime that can be counted for purposes of meeting the MBE participation goals. These requirements do not affect the MBE Prime’s ability to self-perform a greater portion of the work in excess of what is counted for purposes of meeting the MBE participation goals.

✓ Please note that the requirements to meet the MBE participation overall goal and subgoals are distinct and separate. If the Contract has subgoals, regardless of MBE Prime’s ability to self-perform up to 50% of the overall goal (including up to 100% of any subgoal), the MBE Prime must either commit to other MBEs for each of any remaining subgoals or request a waiver. As set forth in Attachment D1-B Waiver Guidance, the MBE Prime’s ability to self-perform certain portions of the work of the Contract will not be deemed a substitute for the good faith efforts to meet any remaining subgoal or the balance of the overall goal.

✓ In certain instances where the percentages allocated to MBE participation subgoals add up to more than 50% of the overall goal, the portion of self-performed work that an MBE Prime may count toward the overall goal may be limited to less than 50%. Please refer to GOMA’s website (www.goma.maryland.gov) for the MBE Prime Regulations Q&A for illustrative examples.

6. Subject to items 1 through 5 above, when a certified MBE performs as a participant in a joint venture, a procurement agency may count a portion of the total dollar value of the Contract equal to the distinct, clearly-defined portion of the work of the Contract that the certified MBE performs with its own workforce towards fulfilling the Contract goal, and not more than one of the Contract subgoals, if any.

7. As set forth in COMAR 21.11.03.12-1, once the Contract work begins, the work performed by a certified MBE firm, including an MBE prime, can only be counted towards the MBE participation goal(s) if the MBE firm is performing a commercially useful function on the Contract. Please refer to COMAR 21.11.03.12-1 for more information regarding these requirements.

8. If you have any questions as to whether a firm is certified to perform the specific services or provide specific products, please contact MDOT’s Office of Minority Business Enterprise at 1-800-544-6056 or via email to mbe@mdot.state.md.us sufficiently prior to the submission due date.

9. Worksheet: The percentage of MBE participation, calculated using the percentage amounts for all of the MBE firms listed on the Participation Schedule MUST at least equal the MBE participation goal and/or any subgoals (if applicable) set forth in the solicitation. If an Offeror is unable to achieve the MBE participation goal and/or any subgoals (if applicable), the Offeror must request a waiver in Item 1 of the MBE Utilization and Fair Solicitation Affidavit (Attachment D-1A) or the Proposal will be determined to be not susceptible of being selected for award. You may wish to use the Subgoal summary below to assist in calculating the percentages and confirm that you have met the applicable MBE participation goal and subgoals, if any.

MBE UTILIZATION AND FAIR SOLICITATION AFFIDAVIT
& MBE PARTICIPATION SCHEDULE

This MBE Utilization and Fair Solicitation Affidavit and MBE Participation Schedule must be completed in its entirety and included with the Proposal. If the Offeror fails to accurately complete and submit this Affidavit and Schedule with the Proposal as required, the Procurement Officer shall determine that the Proposal is not reasonably susceptible of being selected for award.

In connection with the Proposal submitted in response to Solicitation No. MDH/OPASS 19-17976 I affirm the following:

1. **MBE Participation (PLEASE CHECK ONLY ONE)**

   - [ ] I acknowledge and intend to meet IN FULL both the overall certified Minority Business Enterprise (MBE) participation goal of 5 percent:

     Therefore, I am not seeking a waiver pursuant to COMAR 21.11.03.11. I acknowledge that by checking the above box and agreeing to meet the stated goal and subgoal(s), if any, I must complete the MBE Participation Schedule (Item 4 below) in order to be considered for award.

   - OR

   - [ ] I conclude that I am unable to achieve the MBE participation goal and/or subgoals. I hereby request a waiver, in whole or in part, of the overall goal and/or subgoals. I acknowledge that by checking this box and requesting a partial waiver of the stated goal and/or one or more of the stated subgoal(s) if any, I must complete the MBE Participation Schedule (Item 4 below) for the portion of the goal and/or subgoal(s) if any, for which I am not seeking a waiver, in order to be considered for award.

2. **Additional MBE Documentation**

   I understand that if I am notified that I am the apparent awardee or as requested by the Procurement Officer, I must submit the following documentation within 10 Business Days of receiving notice of the potential award or from the date of conditional award (per COMAR 21.11.03.10), whichever is earlier:

   - (b) Good Faith Efforts Documentation to Support Waiver Request ([Attachment D-1C](#))
   - (c) Outreach Efforts Compliance Statement ([Attachment D-2](#));
   - (d) MBE Subcontractor/MBE Prime Project Participation Statement ([Attachments D-3A/B](#));
   - (e) Any other documentation, including additional waiver documentation if applicable, required by the Procurement Officer in connection with the certified MBE participation goal and subgoals, if any.
I understand that if I fail to return each completed document within the required time, the Procurement Officer may determine that my proposal is not susceptible of being selected for contract award. If the Contract has already been awarded, the award is voidable.

3. **Information Provided to MBE firms**

In the solicitation of subcontract quotations or offers, MBE firms were provided not less than the same information and amount of time to respond as were non-MBE firms.

4. **MBE Participation Schedule**

Set forth below are the (i) certified MBEs I intend to use, (ii) percentage of the total Contract amount allocated to each MBE for this project and (iii) items of work each MBE will provide under the Contract. I have confirmed with the MDOT database that the MBE firms identified below (including any self-performing MBE prime firms) are performing work activities for which they are MDOT-certified.

WAIVER GUIDANCE

GUIDANCE FOR DOCUMENTING GOOD FAITH EFFORTS TO MEET MBE PARTICIPATION GOALS

In order to show that it has made good faith efforts to meet the Minority Business Enterprise (MBE) participation goal (including any MBE subgoals) on a contract, the Offeror must either (1) meet the MBE Goal(s) and document its commitments for participation of MBE Firms, or (2) when it does not meet the MBE Goal(s), document its Good Faith Efforts to meet the goal(s).

I. Definitions

MBE Goal(s) – “MBE Goal(s)” refers to the MBE participation goal and MBE participation subgoal(s).

Good Faith Efforts – The “Good Faith Efforts” requirement means that when requesting a waiver, the Offeror must demonstrate that it took all necessary and reasonable steps to achieve the MBE Goal(s), which, by their scope, intensity, and appropriateness to the objective, could reasonably be expected to obtain sufficient MBE participation, even if those steps were not fully successful. Whether an Offeror that requests a waiver made adequate good faith efforts will be determined by considering the quality, quantity, and intensity of the different kinds of efforts that the Offeror has made. The efforts employed by the Offeror should be those that one could reasonably expect an Offeror to take if the Offeror were actively and aggressively trying to obtain MBE participation sufficient to meet the MBE contract goal and subgoals. Mere pro forma efforts are not good faith efforts to meet the MBE contract requirements. The determination concerning the sufficiency of the Offeror’s good faith efforts is a judgment call; meeting quantitative formulas is not required.

Identified Firms – A. “Identified Firms” means a list of the MBEs identified by the procuring agency during the goal setting process and listed in the procurement as available to perform the Identified Items of Work. It also may include additional MBEs identified by the Offeror as available to perform the Identified Items of Work, such as MBEs certified or granted an expansion of services after the procurement was issued. B. If the procurement does not include a list of Identified Firms, this term refers to all of the MBE Firms the Offeror identified as available to perform the Identified Items of Work. The Offeror should include all appropriately certified firms that are reasonably identifiable.

Identified Items of Work – A. “Identified Items of Work” means the Proposal items identified by the procuring agency during the goal setting process and listed in the procurement as possible items of work for performance by MBE Firms. It also may include additional portions of items of work the Offeror identified for performance by MBE Firms to increase the likelihood that the MBE Goal(s) will be achieved. B. If the procurement does not include a list of Identified Items of Work, this term refers to all of the items of work the Offeror identified as possible items of work for performance by MBE Firms and should include all reasonably identifiable work opportunities.

MBE Firms – “MBE Firms” refers to firms certified by the Maryland Department of Transportation (“MDOT”) under COMAR 21.11.03. Only MDOT-certified MBE Firms can participate in the State’s MBE Program.
II. Types of Actions Agency will Consider

The Offeror is responsible for making relevant portions of the work available to MBE subcontractors and suppliers and select those portions of the work or material needs consistent with the available MBE subcontractors and suppliers, so as to facilitate MBE participation. The following is a list of types of actions the procuring agency will consider as part of the Offeror’s Good Faith Efforts when the Offeror fails to meet the MBE Goal(s). This list is not intended to be a mandatory checklist, nor is it intended to be exclusive or exhaustive. Other factors or types of efforts may be relevant in appropriate cases.

A. Identify Proposal Items as Work for MBE Firms
   1. Identified Items of Work in Procurements
      (a) Certain procurements will include a list of Proposal items identified during the goal setting process as possible work for performance by MBE Firms. If the procurement provides a list of Identified Items of Work, the Offeror shall make all reasonable efforts to solicit quotes from MBE Firms to perform that work.
      (b) Offerors may, and are encouraged to, select additional items of work to be performed by MBE Firms to increase the likelihood that the MBE Goal(s) will be achieved.

   2. Identified Items of Work by Offerors
      (a) When the procurement does not include a list of Identified Items of Work or for additional Identified Items of Work, Offerors should reasonably identify sufficient items of work to be performed by MBE Firms.
      (b) Where appropriate, Offerors should break out contract work items into economically feasible units to facilitate MBE participation, rather than perform these work items with their own forces. The ability or desire of a Prime contractor to perform the work of a contract with its own organization does not relieve the Offeror of the responsibility to make Good Faith Efforts.

B. Identify MBE Firms to Solicit
   1. MBE Firms Identified in Procurements
      (a) Certain procurements will include a list of the MBE Firms identified during the goal setting process as available to perform the items of work. If the procurement provides a list of Identified MBE Firms, the Offeror shall make all reasonable efforts to solicit those MBE firms.
      (b) Offerors may, and are encouraged to, search the MBE Directory to identify additional MBEs who may be available to perform the items of work, such as MBEs certified or granted an expansion of services after the solicitation was issued.

   2. MBE Firms Identified by Offerors
      (a) When the procurement does not include a list of Identified MBE Firms, Offerors should reasonably identify the MBE Firms that are available to perform the Identified Items of Work.
      (b) Any MBE Firms identified as available by the Offeror should be certified to perform the Identified Items of Work.

C. Solicit MBEs
   1. Solicit all Identified Firms for all Identified Items of Work by providing written notice (a written solicitation). The Offeror should:
      (a) provide the written solicitation at least 10 days prior to Proposal opening to allow sufficient time for the MBE Firms to respond;
      (b) send the written solicitation by first-class mail, facsimile, or email using contact information in the MBE Directory, unless the Offeror has a valid basis for using different contact information; and
      (c) provide adequate information about the plans, specifications, anticipated time schedule for portions of the work to be performed by the MBE, and other requirements of the contract to assist MBE Firms in
responding. (This information may be provided by including hard copies in the written solicitation or by electronic means as described in C.3 below.)

2. “All” Identified Firms includes the MBEs listed in the procurement and any MBE Firms the Offeror identifies as potentially available to perform the Identified Items of Work, but it does not include MBE Firms who are no longer certified to perform the work as of the date the Offeror provides written solicitations.

3. “Electronic Means” includes, for example, information provided via a website or file transfer protocol (FTP) site containing the plans, specifications, and other requirements of the contract. If an interested MBE cannot access the information provided by electronic means, the Offeror must make the information available in a manner that is accessible to the interested MBE.

4. Follow up on initial written solicitations by contacting MBEs to determine if they are interested. The follow up contact may be made:
   (a) by telephone using the contact information in the MBE Directory, unless the Offeror has a valid basis for using different contact information; or
   (b) in writing via a method that differs from the method used for the initial written solicitation.

5. In addition to the written solicitation set forth in C.1 and the follow up required in C.4, use all other reasonable and available means to solicit the interest of MBE Firms certified to perform the work of the contract. Examples of other means include:
   (a) attending any pre-proposal meetings at which MBE Firms could be informed of contracting and subcontracting opportunities; and
   (b) if recommended by the procurement, advertising with or effectively using the services of at least two minority focused entities or media, including trade associations, minority/women community organizations, minority/women contractors’ groups, and local, state, and federal minority/women business assistance offices listed on the MDOT Office of Minority Business Enterprise website.

D. Negotiate with Interested MBE Firms

Offerors must negotiate in good faith with interested MBE Firms.

1. Evidence of negotiation includes, without limitation, the following:
   (a) the names, addresses, and telephone numbers of MBE Firms that were considered;
   (b) a description of the information provided regarding the plans and specifications for the work selected for subcontracting and the means used to provide that information; and
   (c) evidence as to why additional agreements could not be reached for MBE Firms to perform the work.

2. An Offeror using good business judgment would consider a number of factors in negotiating with subcontractors, including MBE subcontractors, and would take a firm's price and capabilities as well as contract goals into consideration.

3. The fact that there may be some additional costs involved in finding and using MBE Firms is not in itself sufficient reason for an Offeror’s failure to meet the contract MBE goal(s), as long as such costs are reasonable. Factors to take into consideration when determining whether an MBE Firm’s quote is excessive or unreasonable include, without limitation, the following:
   (a) dollar difference between the MBE subcontractor’s quote and the average of the other subcontractors’ quotes received by the Offeror;
   (b) percentage difference between the MBE subcontractor’s quote and the average of the other subcontractors’ quotes received by the Offeror;
   (c) percentage that the MBE subcontractor’s quote represents of the overall contract amount;
   (d) number of MBE firms that the Offeror solicited for that portion of the work;
   (e) whether the work described in the MBE and Non-MBE subcontractor quotes (or portions thereof) submitted for review is the same or comparable; and
(f) number of quotes received by the Offeror for that portion of the work.

4. The above factors are not intended to be mandatory, exclusive, or exhaustive, and other evidence of an excessive or unreasonable price may be relevant.

5. The Offeror may not use its price for self-performing work as a basis for rejecting an MBE Firm’s quote as excessive or unreasonable.

6. The “average of the other subcontractors’ quotes received” by the Offeror refers to the average of the quotes received from all subcontractors. Offeror should attempt to receive quotes from at least three subcontractors, including one quote from an MBE and one quote from a Non-MBE.

7. An Offeror shall not reject an MBE Firm as unqualified without sound reasons based on a thorough investigation of the firm’s capabilities. For each certified MBE that is rejected as unqualified or that placed a subcontract quotation or offer that the Offeror concludes is not acceptable, the Offeror must provide a written detailed statement listing the reasons for this conclusion. The Offeror also must document the steps taken to verify the capabilities of the MBE and Non-MBE Firms quoting similar work.
   (a) The factors to take into consideration when assessing the capabilities of an MBE Firm, include, but are not limited to the following: financial capability, physical capacity to perform, available personnel and equipment, existing workload, experience performing the type of work, conduct and performance in previous contracts, and ability to meet reasonable contract requirements.
   (b) The MBE Firm’s standing within its industry, membership in specific groups, organizations, or associations and political or social affiliations (for example union vs. non-union employee status) are not legitimate causes for the rejection or non-solicitation of bids in the efforts to meet the project goal.

E. Assisting Interested MBE Firms
   When appropriate under the circumstances, the Procurement Officer will consider whether the Offeror made reasonable efforts to assist interested MBE Firms in obtaining:
   1. The bonding, lines of credit, or insurance required by the procuring agency or the Offeror; and
   2. Necessary equipment, supplies, materials, or related assistance or services.

III. Other Considerations

In making a determination of Good Faith Efforts the Procurement Officer may consider engineering estimates, catalogue prices, general market availability and availability of certified MBE Firms in the area in which the work is to be performed, other bids or offers and subcontract bids or offers substantiating significant variances between certified MBE and Non-MBE costs of participation, and their impact on the overall cost of the contract to the State and any other relevant factors.

The Procurement Officer may take into account whether an Offeror decided to self-perform subcontract work with its own forces, especially where the self-performed work is Identified Items of Work in the procurement. The Procurement Officer also may take into account the performance of other Offerors in meeting the MBE requirements of the contract. For example, when the apparent successful Offeror fails to meet the contract goal, but others meet it, this reasonably raises the question of whether, with additional reasonable efforts, the apparent successful Offeror could have met the goal. If the apparent successful Offeror fails to meet the goal, but meets or exceeds the average MBE participation obtained by other Offerors, this, when viewed in conjunction with other factors, could be evidence of the apparent successful Offeror having made Good Faith Efforts.
IV. Documenting Good Faith Efforts

At a minimum, an Offeror seeking a waiver of the MBE Goal(s) or a portion thereof must provide written documentation of its Good Faith Efforts, in accordance with COMAR 21.11.03.11, within 10 Business Days after receiving notice that it is the apparent awardee. The written documentation shall include the following:

A. Items of Work (Complete Good Faith Efforts Documentation Attachment D-1C, Part 1)
A detailed statement of the efforts made to select portions of the work proposed to be performed by certified MBE Firms in order to increase the likelihood of achieving the stated MBE Goal(s).

B. Outreach/Solicitation/Negotiation
1. The record of the Offeror’s compliance with the outreach efforts prescribed by COMAR 21.11.03.09C(2)(a). (Complete Outreach Efforts Compliance Statement – Attachment D-2).

2. A detailed statement of the efforts made to contact and negotiate with MBE Firms including:
   (a) the names, addresses, and telephone numbers of the MBE Firms who were contacted, with the dates and manner of contacts (letter, fax, email, telephone, etc.) (Complete Good Faith Efforts Attachment D-1C-Part 2, and submit letters, fax cover sheets, emails, etc. documenting solicitations); and
   (b) a description of the information provided to MBE Firms regarding the plans, specifications, and anticipated time schedule for portions of the work to be performed and the means used to provide that information.

C. Rejected MBE Firms (Complete Good Faith Efforts Attachment D-1C, Part 3)
1. For each MBE Firm that the Offeror concludes is not acceptable or qualified, a detailed statement of the reasons for the Offeror’s conclusion, including the steps taken to verify the capabilities of the MBE and Non-MBE Firms quoting similar work.

2. For each certified MBE Firm that the Offeror concludes has provided an excessive or unreasonable price, a detailed statement of the reasons for the Offeror’s conclusion, including the quotes received from all MBE and Non-MBE firms bidding on the same or comparable work. (Include copies of all quotes received.)

3. A list of MBE Firms contacted but found to be unavailable. This list should be accompanied by an MBE Unavailability Certificate (see D-1B - Exhibit A to this Part 1) signed by the MBE contractor or a statement from the Offeror that the MBE contractor refused to sign the MBE Unavailability Certificate.

D. Other Documentation
1. Submit any other documentation requested by the Procurement Officer to ascertain the Offeror’s Good Faith Efforts.

2. Submit any other documentation the Offeror believes will help the Procurement Officer ascertain its Good Faith Efforts.

Identify those items of work that the Offeror made available to MBE Firms. This includes, where appropriate, those items the Offeror identified and determined to subdivide into economically feasible units to facilitate the MBE participation. For each item listed, show the anticipated percentage of the total contract amount. It is the Offeror’s responsibility to demonstrate that sufficient work to meet the goal was made available to MBE Firms, and the total percentage of the items of work identified for MBE participation equals or exceeds the percentage MBE goal set for the procurement. Note: If the procurement includes a list of Proposal items identified during the goal setting process as possible items of work for performance by MBE Firms, the Offeror should make all of those items of work available to MBE Firms or explain why that item was not made available. If the Offeror selects additional items of work to make available to MBE Firms, those additional items should also be included below.

RFP Template Version: 01/20/2017
☐ Please check if Additional Sheets are attached.
Identify the MBE Firms solicited to provide quotes for the Identified Items of Work made available for MBE participation. Include the name of the MBE Firm solicited, items of work for which quotes were solicited, date and manner of initial and follow-up solicitations, whether the MBE provided a quote, and whether the MBE is being used to meet the MBE participation goal. MBE Firms used to meet the participation goal must be included on the MBE Participation Schedule. Note: If the procurement includes a list of the MBE Firms identified during the goal setting process as potentially available to perform the items of work, the Offeror should solicit all of those MBE Firms or explain why a specific MBE was not solicited. If the Offeror identifies additional MBE Firms who may be available to perform Identified Items of Work, those additional MBE Firms should also be included below. Copies of all written solicitations and documentation of follow-up calls to MBE Firms must be attached to this form. This list should be accompanied by a Minority Contractor Unavailability Certificate signed by the MBE contractor or a statement from the Offeror that the MBE contractor refused to sign the Minority Contractor Unavailability Certificate (see Attachment D-1B – Exhibit A). If the Offeror used a Non-MBE or is self-performing the identified items of work, Part 3 must be completed.

VSBE Utilization Affidavit and Prime/Subcontractor Participation Schedule

(submit with Proposal)

This document MUST BE included with the Proposal. If the Offeror fails to complete and submit this form with the Proposal, the procurement officer may determine that the Proposal is not reasonably susceptible of being selected for award.

In conjunction with the Proposal submitted in response to Solicitation No. MDH/OPASS 19-17976, I affirm the following:

1. □ I acknowledge and intend to meet the overall verified VSBE participation goal of .05%. Therefore, I will not be seeking a waiver.

   OR

□ I conclude that I am unable to achieve the verified VSBE participation goal. I hereby request a waiver, in whole or in part, of the overall goal. Within 10 Business Days of receiving notice that our firm is the apparent awardee, I will submit all required waiver documentation in accordance with COMAR 21.11.13.07. If this request is for a partial waiver, I have identified the portion of the VSBE goal that I intend to meet.

2. I understand that if I am notified that I am the apparent awardee, I must submit the following additional documentation within 10 Business Days of receiving notice of the apparent award or from the date of conditional award (per COMAR 21.11.13.06), whichever is earlier.

   (a) Subcontractor Project Participation Statement (Attachment E-2); and
   (b) Any other documentation, including waiver documentation, if applicable, required by the Procurement Officer to ascertain Offeror responsibility in connection with the VSBE participation goal.

   I understand that if I fail to return each completed document within the required time, the Procurement Officer may determine that I am not responsible and therefore not eligible for contract award. If the contract has already been awarded, the award is voidable.

3. In the solicitation of subcontract quotations or offers, VSBE subcontractors were provided not less than the same information and amount of time to respond as were non-VSBE subcontractors.

4. Set forth below are the (i) verified VSBEs I intend to use and (ii) the percentage of the total contract amount allocated to each VSBE for this project. I hereby affirm that the VSBE firms are only providing those products and services for which they are verified.

ATTACHMENT F – LIVING WAGE REQUIREMENTS FOR SERVICE CONTRACTS

Living Wage Requirements for Service Contracts

A. This contract is subject to the Living Wage requirements under Md. Code Ann., State Finance and Procurement Article, Title 18, and the regulations proposed by the Commissioner of Labor and Industry (Commissioner). The Living Wage generally applies to a Contractor or Subcontractor who performs work on a State contract for services that is valued at $100,000 or more. An employee is subject to the Living Wage if he/she is at least 18 years old or will turn 18 during the duration of the contract; works at least 13 consecutive weeks on the State Contract and spends at least one-half of the employee’s time during any work week on the State Contract.

B. The Living Wage Law does not apply to:

1. A Contractor who:
   (a) Has a State contract for services valued at less than $100,000, or
   (b) Employs 10 or fewer employees and has a State contract for services valued at less than $500,000.

2. A Subcontractor who:
   (a) Performs work on a State contract for services valued at less than $100,000,
   (b) Employs 10 or fewer employees and performs work on a State contract for services valued at less than $500,000, or
   (c) Performs work for a Contractor not covered by the Living Wage Law as defined in B(1)(b) above, or B(3) or C below.

3. Service contracts for the following:
   (a) Services with a Public Service Company;
   (b) Services with a nonprofit organization;
   (c) Services with an officer or other entity that is in the Executive Branch of the State government and is authorized by law to enter into a procurement (“Unit”); or
   (d) Services between a Unit and a County or Baltimore City.

C. If the Unit responsible for the State contract for services determines that application of the Living Wage would conflict with any applicable federal program, the Living Wage does not apply to the contract or program.

D. A Contractor must not split or subdivide a State contract for services, pay an employee through a third party, or treat an employee as an independent Contractor or assign work to employees to avoid the imposition of any of the requirements of Md. Code Ann., State Finance and Procurement Article, Title 18.

E. Each Contractor/Subcontractor, subject to the Living Wage Law, shall post in a prominent and easily accessible place at the work site(s) of covered employees a notice of the Living Wage Rates, employee rights under the law, and the name, address, and telephone number of the Commissioner.
F. The Commissioner shall adjust the wage rates by the annual average increase or decrease, if any, in the Consumer Price Index for all urban consumers for the Washington/Baltimore metropolitan area, or any successor index, for the previous calendar year, not later than 90 days after the start of each fiscal year. The Commissioner shall publish any adjustments to the wage rates on the Division of Labor and Industry’s website. An employer subject to the Living Wage Law must comply with the rate requirements during the initial term of the contract and all subsequent renewal periods, including any increases in the wage rate, required by the Commissioner, automatically upon the effective date of the revised wage rate.

G. A Contractor/Subcontractor who reduces the wages paid to an employee based on the employer’s share of the health insurance premium, as provided in Md. Code Ann., State Finance and Procurement Article, §18-103(c), shall not lower an employee’s wage rate below the minimum wage as set in Md. Code Ann., Labor and Employment Article, §3-413. A Contractor/Subcontractor who reduces the wages paid to an employee based on the employer’s share of health insurance premium shall comply with any record reporting requirements established by the Commissioner.

H. A Contractor/Subcontractor may reduce the wage rates paid under Md. Code Ann., State Finance and Procurement Article, §18-103(a), by no more than 50 cents of the hourly cost of the employer’s contribution to an employee’s deferred compensation plan. A Contractor/Subcontractor who reduces the wages paid to an employee based on the employer’s contribution to an employee’s deferred compensation plan shall not lower the employee’s wage rate below the minimum wage as set in Md. Code Ann., Labor and Employment Article, §3-413.

I. Under Md. Code Ann., State Finance and Procurement Article, Title 18, if the Commissioner determines that the Contractor/Subcontractor violated a provision of this title or regulations of the Commissioner, the Contractor/Subcontractor shall pay restitution to each affected employee, and the State may assess liquidated damages of $20 per day for each employee paid less than the Living Wage.

J. Information pertaining to reporting obligations may be found by going to the Division of Labor and Industry website http://www.dllr.state.md.us/labor/prev/livingwage.shtml.

A Summary of Certain Federal Fund Requirements and Restrictions

1. Form and rule enclosed: 18 U.S.C. 1913 and Section 1352 of P.L. 101-121 require that all prospective and present sub-grantees (this includes all levels of funding) who receive more than $100,000 in federal funds must submit the form “Certification Against Lobbying.” It assures, generally, that recipients will not lobby federal entities with federal funds, and that, as is required, they will disclose other lobbying on form SF-LLL.

2. Form and instructions enclosed: “Form LLL, Disclosure of Lobbying Activities” must be submitted by those receiving more than $100,000 in federal funds, to disclose any lobbying of federal entities (a) with profits from federal contracts or (b) funded with nonfederal funds.

3. Form and summary of Act enclosed: Sub-recipients of federal funds on any level must complete a “Certification Regarding Environmental Tobacco Smoke,” required by Public Law 103-227, the Pro-Children Act of 1994. Such law prohibits smoking in any portion of any indoor facility owned or leased or contracted for regular provision of health, day care, early childhood development, education, or library services for children under the age of 18. Such language must be included in the conditions of award (they are included in the certification, which may be part of such conditions.) This does not apply to those solely receiving Medicaid or Medicare, or facilities where WIC coupons are redeemed.

4. In addition, federal law requires that:

   A) Title 2 of the Code of Federal Regulations (CFR) 200, specifically Subpart D, requires that grantees (both recipients and sub-recipients) which expend a total of $750,000 in federal assistance shall have a single or program-specific audit conducted for that year in accordance with the provisions of the Single Audit Act of 1984, P.L. 98-502, and the Single Audit Act Amendments of 1996, P.L. 104-156 and Title 2 CFR 200, Subpart D. All sub-grantee audit reports, performed in compliance with Title 2 CFR 200 shall be forwarded within 30 days of report issuance to the Department Contract Monitor.

   B) All sub-recipients of federal funds comply with Sections 503 and 504 of the Rehabilitation Act of 1973, the conditions of which are summarized in item (C).

   C) Recipients of $10,000 or more (on any level) must include in their contract language the requirements of Sections 503 (language specified) and 504 referenced in item (B).

      Section 503 of the Rehabilitation Act of 1973, as amended, requires recipients to take affirmative action to employ and advance in employment qualified disabled people. An affirmative action program must be prepared and maintained by all contractors with 50 or more employees and one or more federal contracts of $50,000 or more.

      This clause must appear in subcontracts of $10,000 or more:

      1) The contractor will not discriminate against any employee or applicant for employment because of physical or mental handicap in regard to any position for which the employee or applicant for employment is qualified. The contractor agrees to take affirmative action to employ, advance in employment and otherwise treat qualified handicapped individuals without discrimination based upon their physical or mental handicap in all upgrading, demotion or transfer, recruitment, advertising, layoff or termination, rates of pay or other forms of compensation, and selection for training, including apprenticeship.
2) The contractor agrees to comply with the rules, regulations, and relevant orders of the Secretary of Labor issued pursuant to the act.

3) In the event of the contractor’s non-compliance with the requirements of this clause, actions for non-compliance may be taken in accordance with the rules, regulations and relevant orders of the Secretary of Labor issued pursuant to the Act.

4) The contractor agrees to post in conspicuous places, available to employees and applicants for employment, notices in a form to be prescribed by the director, provided by or through the contracting office. Such notices shall state the contractor’s obligation under the law to take affirmative action to employ and advance in employment qualified handicapped employees and applicants for employment, and the rights of applicants and employees.

5) The contractor will notify each labor union or representative of workers with which it has a collective bargaining agreement or other contract understanding, that the contractor is bound by the terms of Section 503 of the Rehabilitation Act of 1973, and committed to take affirmative action to employ and advance in employment physically and mentally handicapped individuals.

6) The contractor will include the provisions of this clause in every subcontract or purchase order of $10,000 or more unless exempted by rules, regulations, or orders of the [federal] Secretary issued pursuant to Section 503 of the Act, so that such provisions will be binding upon each subcontractor or vendor. The contractor will take such action with respect to any subcontract or purchase order as the Director of the Office of Federal Contract Compliance Programs may direct to enforce such provisions, including action for non-compliance.

Section 504 of the Rehabilitation Act of 1973, as amended (29 U.S.C. Sec. 791 et seq.) prohibits discrimination on the basis of handicap in all federally assisted programs and activities. It requires the analysis and making of any changes needed in three general areas of operation—programs, activities, and facilities and employment. It states, among other things, that:

Grantees that provide health ... services should undertake tasks such as ensuring emergency treatment for the hearing impaired and making certain that persons with impaired sensory or speaking skills are not denied effective notice with regard to benefits, services, and waivers of rights or consents to treatments.

D) All sub-recipients comply with Title VI of the Civil Rights Act of 1964 that they must not discriminate in participation by race, color, or national origin.

E) All sub-recipients of federal funds from SAMHSA (Substance Abuse and Mental Health Services Administration) or NIH (National Institute of Health) are prohibited from paying any direct salary at a rate more than Executive Level II of the Federal Executive pay scale, per year. (This includes, but is not limited to, sub-recipients of the Substance Abuse Prevention and Treatment and the Community Mental Health Block Grants and NIH research grants.)

F) There may be no discrimination on the basis of age, according to the requirements of the Age Discrimination Act of 1975.

G) For any education program, as required by Title IX of the Education Amendments of 1972, there may be no discrimination on the basis of sex.
H) For research projects, a form for Protection of Human Subjects (Assurance/ Certification/ Declaration) should be completed by each level funded, assuring that either: (1) there are no human subjects involved, or (2) an Institutional Review Board (IRB) has given its formal approval before human subjects are involved in research. [This is normally done during the application process rather than after the award is made, as with other assurances and certifications.]

I) In addition, there are conditions, requirements, and restrictions which apply only to specific sources of federal funding. These should be included in your grant/contract documents when applicable.
CERTIFICATION REGARDING LOBBYING
Certification for Contracts, Grants, Loans, and Cooperative Agreements

The undersigned certifies, to the best of his or her knowledge and belief, that:

(1) No federal appropriated funds have been paid or will be paid, by or on behalf of the undersigned, to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with the awarding of any federal contract, the making of any federal grant, the making of any federal loan, the entering into of any cooperative agreement, and the extension, continuation, renewal, amendment, or modification of any federal contract, grant, loan, or cooperative agreement.

(2) If any funds other than federal appropriated funds have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with this federal contract, grant, loan, or cooperative agreement, the undersigned shall complete and submit Standard Form-LLL, “Disclosure Form to Report Lobbying,” in accordance with its instructions.

(3) The undersigned shall require that the language of this certification be included in the award documents for all sub-awards at all tiers (including subcontracts, sub-grants, and contracts under grants, loans, and cooperative agreements) and that all sub-recipients shall certify and disclose accordingly.

This certification is a material representation of fact upon which reliance was placed when this transaction was made or entered into. Submission of this certification is a prerequisite for making or entering into this transaction imposed by Section 1352, title 31, U.S. Code. Any person who fails to file the required certification shall be subject to a civil penalty of not less than $10,000 and not more than $100,000 for each such failure.

CERTIFICATION REGARDING ENVIRONMENTAL TOBACCO SMOKE

Public Law 103-227, also known as the Pro-Children Act of 1994, Part C Environmental Tobacco Smoke, requires that smoking not be permitted in any portion of any indoor facility owned, or leased or contracted for by an entity and used routinely or regularly for provision of health, day care, early childhood development services, education or library services to children under the age of 18, if the services are funded by federal programs either directly or through State or local governments, by Federal grant, contract, loan, or loan guarantee. The law also applies to children’s services that are provided in indoor facilities that are constructed, operated or maintained with such federal funds. The law does not apply to children’s services provided in private residences, portions of facilities used for inpatient drug or alcohol treatment, service providers whose sole sources of applicable federal funds is Medicare or Medicaid, or facilities where WIC coupons are redeemed. Failure to comply with the provisions of the law may result in the imposition of a civil monetary penalty of up to $1000 for each violation and/or the imposition of an administrative compliance order on the responsible entity.

By signing this certification, the offeror/contractor (for acquisitions) or applicant/grantee (for grants) certifies that the submitting organization will comply with the requirements of the Act and will not allow smoking within any portion of any indoor facility used for the provision of services for children as defined by the Act.

The submitting organization further agrees that it will require the language of this certification be included in any sub-awards which contain provisions for children’s services and that all sub-recipients shall certify accordingly.

RECITALS

WHEREAS, the Contractor has been awarded a contract (the “Contract”) following the solicitation for Management Consulting and Program Management for Continued Support of DDA Functionality in LTSS Solicitation # (solicitation number); and

WHEREAS, in order for the Contractor to perform the work required under the Contract, it will be necessary for the State at times to provide the Contractor and the Contractor’s employees, agents, and subcontractors (collectively “Contractor’s Personnel”) with access to certain information the State deems confidential (the “Confidential Information”).

NOW, THEREFORE, in consideration of being given access to the Confidential Information in connection with the solicitation and the Contract, and for other good and valuable consideration, the receipt and sufficiency of which the parties acknowledge, the parties do hereby agree as follows:

1. Regardless of the form, format, or media on or in which the Confidential Information is provided and regardless of whether any such Confidential Information is marked as such, “Confidential Information” means (1) any and all information provided by or made available by the State to the Contractor in connection with the Contract and (2) any and all Personally Identifiable Information (PII) (including but not limited to personal information as defined in Md. Ann. Code, General Provisions §4-101(h)) and Protected Health Information (PHI) that is provided by a person or entity to the Contractor in connection with this Contract. Confidential Information includes, by way of example only, information that the Contractor views, takes notes from, copies (if the State agrees in writing to permit copying), possesses or is otherwise provided access to and use of by the State in relation to the Contract.

2. The Contractor shall not, without the State’s prior written consent, copy, disclose, publish, release, transfer, disseminate, use, or allow access for any purpose or in any form, any Confidential Information except for the sole and exclusive purpose of performing under the Contract. The Contractor shall limit access to the Confidential Information to the Contractor’s Personnel who have a demonstrable need to know such Confidential Information in order to perform under the Contract and who have agreed in writing to be bound by the disclosure and use limitations pertaining to the Confidential Information. The names of the Contractor’s Personnel are attached hereto and made a part hereof as ATTACHMENT I-1. The Contractor shall update ATTACHMENT I-1 by adding additional names (whether Contractor’s personnel or a subcontractor’s personnel) as needed, from time to time.

3. If the Contractor intends to disseminate any portion of the Confidential Information to non-employee agents who are assisting in the Contractor’s performance of the Contract or will otherwise have a role in performing any aspect of the Contract, the Contractor shall first obtain the written consent of the State to any such dissemination. The State may grant, deny, or condition any such consent, as it may deem appropriate in its sole and absolute subjective discretion.

4. The Contractor hereby agrees to hold the Confidential Information in trust and in strictest confidence, adopt or establish operating procedures and physical security measures, and take all other measures necessary to protect the Confidential Information from inadvertent release or disclosure to unauthorized third parties and to prevent
all or any portion of the Confidential Information from falling into the public domain or into the possession of persons not bound to maintain the confidentiality of the Confidential Information.

5. The Contractor shall promptly advise the State in writing if it learns of any unauthorized use, misappropriation, or disclosure of the Confidential Information by any of the Contractor’s Personnel or the Contractor’s former Personnel. Contractor shall, at its own expense, cooperate with the State in seeking injunctive or other equitable relief against any such person(s).

6. The Contractor shall, at its own expense, return to the Department all copies of the Confidential Information in its care, custody, control or possession upon request of the Department or on termination of the Contract. The Contractor shall complete and submit ATTACHMENT J-2 when returning the Confidential Information to the Department. At such time, the Contractor shall also permanently delete any Confidential Information stored electronically by the Contractor.

7. A breach of this Agreement by the Contractor or the Contractor’s Personnel shall constitute a breach of the Contract between the Contractor and the State.

8. Contractor acknowledges that any failure by the Contractor or the Contractor’s Personnel to abide by the terms and conditions of use of the Confidential Information may cause irreparable harm to the State and that monetary damages may be inadequate to compensate the State for such breach. Accordingly, the Contractor agrees that the State may obtain an injunction to prevent the disclosure, copying or improper use of the Confidential Information. The Contractor consents to personal jurisdiction in the Maryland State Courts. The State’s rights and remedies hereunder are cumulative and the State expressly reserves any and all rights, remedies, claims and actions that it may have now or in the future to protect the Confidential Information and seek damages from the Contractor and the Contractor’s Personnel for a failure to comply with the requirements of this Agreement. In the event the State suffers any losses, damages, liabilities, expenses, or costs (including, by way of example only, attorneys’ fees and disbursements) that are attributable, in whole or in part to any failure by the Contractor or any of the Contractor’s Personnel to comply with the requirements of this Agreement, the Contractor shall hold harmless and indemnify the State from and against any such losses, damages, liabilities, expenses, and costs.

9. Contractor and each of the Contractor’s Personnel who receive or have access to any Confidential Information shall execute a copy of an agreement substantially similar to this Agreement, in no event less restrictive than as set forth in this Agreement, and the Contractor shall provide originals of such executed Agreements to the State.

10. The parties further agree that:
   a. This Agreement shall be governed by the laws of the State of Maryland;
   b. The rights and obligations of the Contractor under this Agreement may not be assigned or delegated, by operation of law or otherwise, without the prior written consent of the State;
   c. The State makes no representations or warranties as to the accuracy or completeness of any Confidential Information;
   d. The invalidity or unenforceability of any provision of this Agreement shall not affect the validity or enforceability of any other provision of this Agreement;
   e. Signatures exchanged by facsimile are effective for all purposes hereunder to the same extent as original signatures;
   f. The Recitals are not merely prefatory but are an integral part hereof; and
   g. The effective date of this Agreement shall be the same as the effective date of the Contract entered into by the parties.

10.2 This indemnification clause shall not be construed to mean that the Contractor shall indemnify the State against liability for any losses, damages, claims, suits, actions, liabilities, and/or expenses that are attributable to the sole negligence of the State or the State’s employees.

10.3 The State of Maryland has no obligation to provide legal counsel or defense to the Contractor or its subcontractors in the event that a suit, claim, or action of any character is brought by any person not party to this Contract against the Contractor or its subcontractors as a result of or relating to the Contractor’s performance under this Contract.

13.3 Any and all references to the Maryland Code, Annotated contained in this Contract shall be construed to refer to such Code sections as are from time to time amended.

14. **Nondiscrimination in Employment**

The Contractor agrees: (a) not to discriminate in any manner against an employee or applicant for employment because of race, color, religion, creed, age, sex, sexual orientation, gender identification, marital status, national origin, ancestry, genetic information, or any otherwise unlawful use of characteristics, or disability of a qualified individual with a disability unrelated in nature and extent so as to reasonably preclude the performance of the employment, or the individual’s refusal to submit to a genetic test or make available the results of a genetic test; (b) to include a provision similar to that contained in subsection (a), above, in any underlying subcontract except a subcontract for standard commercial supplies or raw materials; and (c) to post and to cause subcontractors to post in conspicuous places available to employees and applicants for employment, notices setting forth the substance of this clause.

15. **Contingent Fee Prohibition**

The Contractor warrants that it has not employed or retained any person, partnership, corporation, or other entity, other than a bona fide employee, bona fide agent, bona fide salesperson, or commercial selling agency working for the business, to solicit or secure the Contract, and that the business has not paid or agreed to pay any person, partnership, corporation, or other entity, other than a bona fide employee, bona fide agent, bona fide salesperson, or commercial selling agency, any fee or any other consideration contingent on the making of this Contract.

16. **Non-Availability of Funding**

If the General Assembly fails to appropriate funds or if funds are not otherwise made available for continued performance for any fiscal period of this Contract succeeding the first fiscal period, this Contract shall be canceled automatically as of the beginning of the fiscal year for which funds were not appropriated or otherwise made available; provided, however, that this will not affect either the State’s or the Contractor’s rights under any termination clause in this Contract. The effect of termination of the Contract hereunder will be to discharge both the Contractor and the State from future performance of the Contract, but not from their rights and obligations existing at the time of termination. The Contractor shall be reimbursed for the reasonable value of any nonrecurring costs incurred but not amortized in the price of the Contract. The State shall notify the Contractor as soon as it has knowledge that funds may not be available for the continuation of this Contract for each succeeding fiscal period beyond the first.

17. **Termination for Default**
If the Contractor fails to fulfill its obligations under this Contract properly and on time, or otherwise violates any provision of the Contract, the State may terminate the Contract by written notice to the Contractor. The notice shall specify the acts or omissions relied upon as cause for termination. All finished or unfinished work provided by the Contractor shall, at the State’s option, become the State’s property. The State shall pay the Contractor fair and equitable compensation for satisfactory performance prior to receipt of notice of termination, less the amount of damages caused by the Contractor’s breach. If the damages are more than the compensation payable to the Contractor, the Contractor will remain liable after termination and the State can affirmatively collect damages. Termination hereunder, including the termination of the rights and obligations of the parties, shall be governed by the provisions of COMAR 21.07.01.11B.

18. **Termination for Convenience**

The performance of work under this Contract may be terminated by the State in accordance with this clause in whole, or from time to time in part, whenever the State shall determine that such termination is in the best interest of the State. The State will pay all reasonable costs associated with this Contract that the Contractor has incurred up to the date of termination, and all reasonable costs associated with termination of the Contract; provided, however, the Contractor shall not be reimbursed for any anticipatory profits that have not been earned up to the date of termination. Termination hereunder, including the determination of the rights and obligations of the parties, shall be governed by the provisions of COMAR 21.07.01.12A(2).

19. **Delays and Extensions of Time**

19.1 The Contractor agrees to prosecute the work continuously and diligently and no charges or claims for damages shall be made by it for any delays, interruptions, interferences, or hindrances from any cause whatsoever during the progress of any portion of the work specified in this Contract.

19.2 Time extensions will be granted only for excusable delays that arise from unforeseeable causes beyond the control and without the fault or negligence of the Contractor, including but not restricted to, acts of God, acts of the public enemy, acts of the State in either its sovereign or contractual capacity, acts of another Contractor in the performance of a contract with the State, fires, floods, epidemics, quarantine restrictions, strikes, freight embargoes, or delays of subcontractors or suppliers arising from unforeseeable causes beyond the control and without the fault or negligence of either the Contractor or the subcontractors or suppliers.

20. **Suspension of Work**

The State unilaterally may order the Contractor in writing to suspend, delay, or interrupt all or any part of its performance for such period of time as the Procurement Officer may determine to be appropriate for the convenience of the State.

21. **Pre-Existing Regulations**

In accordance with the provisions of Md. Code Ann., State Finance and Procurement Article, § 11-206, the regulations set forth in Title 21 of the Code of Maryland Regulations (COMAR 21) in effect on the date of execution of this Contract are applicable to this Contract.

22. **Financial Disclosure**

The Contractor shall comply with the provisions of Md. Code Ann., State Finance and Procurement Article, § 13-221, which requires that every person that enters into contracts, leases, or other agreements with the State or its agencies during a calendar year under which the business is to receive in the aggregate,
$100,000 or more, shall within thirty (30) days of the time when the aggregate value of these contracts, leases or other agreements reaches $100,000, file with the Secretary of the State certain specified information to include disclosure of beneficial ownership of the business.

23. Political Contribution Disclosure

The Contractor shall comply with Md. Code Ann., Election Law Article, Title 14, which requires that every person that enters into a contract for a procurement with the State, a county, or a municipal corporation, or other political subdivision of the State, during a calendar year in which the person receives a contract with a governmental entity in the amount of $200,000 or more, shall, file with the State Board of Elections statements disclosing: (a) any contributions made during the reporting period to a candidate for elective office in any primary or general election; and (b) the name of each candidate to whom one or more contributions in a cumulative amount of $500 or more were made during the reporting period. The statement shall be filed with the State Board of Elections: (a) before execution of a contract by the State, a county, a municipal corporation, or other political subdivision of the State, and shall cover the 24 months prior to when a contract was awarded; and (b) if the contribution is made after the execution of a contract, then twice a year, throughout the contract term, on or before: (i) May 31, to cover the six (6) month period ending April 30; and (ii) November 30, to cover the six (6) month period ending October 31. Additional information is available on the State Board of Elections website: http://www.elections.state.md.us/campaign_finance/index.html.

24. Documents Retention and Inspection Clause

The Contractor and subcontractors shall retain and maintain all records and documents relating to this Contract for a period of five (5) years after final payment by the State hereunder or any applicable statute of limitations or federal retention requirements (such as HIPAA), whichever is longer, and shall make them available for inspection and audit by authorized representatives of the State, including the Procurement Officer or designee, at all reasonable times. All records related in any way to the Contract are to be retained for the entire time provided under this section. In the event of any audit, the Contractor shall provide assistance to the State, without additional compensation, to identify, investigate, and reconcile any audit discrepancies and/or variances. This Section 24 shall survive expiration or termination of the Contract.

25. Right to Audit

25.1 The State reserves the right, at its sole discretion and at any time, to perform an audit of the Contractor’s and/or subcontractor’s performance under this Contract. An audit is defined as a planned and documented independent activity performed by qualified personnel including but not limited to State and federal auditors, to determine by investigation, examination, or evaluation of objective evidence from data, statements, records, operations and performance practices (financial or otherwise) the Contractor’s compliance with the Contract, including but not limited to adequacy and compliance with established procedures and internal controls over the Contract services being performed for the State.

25.2 Upon three (3) Business Days’ notice, the Contractor and/or any subcontractors shall provide the State reasonable access to their respective records to verify conformance to the terms of the Contract. The Department may conduct these audits with any or all of its own internal resources or by securing the services of a third party accounting or audit firm, solely at the Department’s election. The Department may copy, at its own expense, any record related to the services performed and provided under this Contract.

25.3 The right to audit shall include any of the Contractor’s subcontractors including but not limited to any
lower tier subcontractor(s) that provide essential support to the Contract services. The Contractor and/or subcontractor(s) shall ensure the Department has the right to audit such subcontractor(s).

25.4 The Contractor and/or subcontractors shall cooperate with Department and Department’s designated accountant or auditor and shall provide the necessary assistance for the Department or Department’s designated accountant or auditor to conduct the audit.

25.5 This Section shall survive expiration or termination of the Contract.

26. **Compliance with Laws**

The Contractor hereby represents and warrants that:

26.1 It is qualified to do business in the State and that it will take such action as, from time to time hereafter, may be necessary to remain so qualified;

26.2 It is not in arrears with respect to the payment of any monies due and owing the State, or any department or unit thereof, including but not limited to the payment of taxes and employee benefits, and that it shall not become so in arrears during the term of this Contract;

26.3 It shall comply with all federal, State and local laws, regulations, and ordinances applicable to its activities and obligations under this Contract; and

26.4 It shall obtain, at its expense, all licenses, permits, insurance, and governmental approvals, if any, necessary to the performance of its obligations under this Contract.

27. **Cost and Price Certification**

27.1 By submitting cost or price information, the Contractor certifies to the best of its knowledge that the information submitted is accurate, complete, and current as of the date of its Proposal.

27.2 The price under this Contract and any change order or modification hereunder, including profit or fee, shall be adjusted to exclude any significant price increases occurring because the Contractor furnished cost or price information which, as of the date of its Proposal, was inaccurate, incomplete, or not current.

28. **Subcontracting; Assignment**

The Contractor may not subcontract any portion of the services provided under this Contract without obtaining the prior written approval of the Procurement Officer, nor may the Contractor assign this Contract or any of its rights or obligations hereunder, without the prior written approval of the Procurement Officer; provided, however, that a Contractor may assign monies receivable under a contract after due notice to the State. Any subcontracts shall include such language as may be required in various clauses contained within this Contract, exhibits, and attachments. The Contract shall not be assigned until all approvals, documents, and affidavits are completed and properly registered. The State shall not be responsible for fulfillment of the Contractor’s obligations to its subcontractors.

29. **Liability**

For breach of this Contract, negligence, misrepresentation, or any other contract or tort claim, the Contractor shall be liable as follows:
29.1 For infringement of patents, copyrights, trademarks, service marks, and/or trade secrets, as provided in Section 7 of this Contract;

29.2 Without limitation for damages for bodily injury (including death) and damage to real property and tangible personal property; and

29.3 For all other claims, damages, losses, costs, expenses, suits, or actions in any way related to this Contract, regardless of the form the Contractor’s liability for third party claims arising under Section 10 of this Contract shall be unlimited if the State is not immune from liability for claims arising under Section 10.

30. **Commercial Nondiscrimination**

30.1 As a condition of entering into this Contract, the Contractor represents and warrants that it will comply with the State’s Commercial Nondiscrimination Policy, as described at Md. Code Ann., State Finance and Procurement Article, Title 19. As part of such compliance, the Contractor may not discriminate on the basis of race, color, religion, ancestry or national origin, sex, age, marital status, sexual orientation, sexual identity, genetic information or an individual’s refusal to submit to a genetic test or make available the results of a genetic test or on the basis of disability or other unlawful forms of discrimination in the solicitation, selection, hiring, or commercial treatment of subcontractors, vendors, suppliers, or commercial customers, nor shall the Contractor retaliate against any person for reporting instances of such discrimination. The Contractor shall provide equal opportunity for subcontractors, vendors, and suppliers to participate in all of its public sector and private sector subcontracting and supply opportunities, provided that this clause does not prohibit or limit lawful efforts to remedy the effects of marketplace discrimination that have occurred or are occurring in the marketplace. The Contractor understands that a material violation of this clause shall be considered a material breach of this Contract and may result in termination of this Contract, disqualification of the Contractor from participating in State contracts, or other sanctions. This clause is not enforceable by or for the benefit of, and creates no obligation to, any third party.

30.2 The Contractor shall include the above Commercial Nondiscrimination clause, or similar clause approved by the Department, in all subcontracts.

30.3 As a condition of entering into this Contract, upon the request of the Commission on Civil Rights, and only after the filing of a complaint against the Contractor under Md. Code Ann., State Finance and Procurement Article, Title 19, as amended from time to time, the Contractor agrees to provide within sixty (60) days after the request a complete list of the names of all subcontractors, vendors, and suppliers that Contractor has used in the past four (4) years on any of its contracts that were undertaken within the State of Maryland, including the total dollar amount paid by Contractor on each subcontract or supply contract. Contractor further agrees to cooperate in any investigation conducted by the State pursuant to the State’s Commercial Nondiscrimination Policy as set forth at Md. Code Ann., State Finance and Procurement Article, Title 19, and provide any documents relevant to any investigation that are requested by the State. Contractor understands that violation of this clause is a material breach of this Contract and may result in contract termination, disqualification by the State from participating in State contracts, and other sanctions.

31. **Prompt Pay Requirements**

31.1 If the Contractor withholds payment of an undisputed amount to its subcontractor, the Department, at its option and in its sole discretion, may take one or more of the following actions:
a. Not process further payments to the contractor until payment to the subcontractor is verified;
b. Suspend all or some of the contract work without affecting the completion date(s) for the contract work;
c. Pay or cause payment of the undisputed amount to the subcontractor from monies otherwise due or that may become due;
d. Place a payment for an undisputed amount in an interest-bearing escrow account; or
e. Take other or further actions as appropriate to resolve the withheld payment.

31.2 An “undisputed amount” means an amount owed by the Contractor to a subcontractor for which there is no good faith dispute. Such “undisputed amounts” include, without limitation:

a. Retainage which had been withheld and is, by the terms of the agreement between the Contractor and subcontractor, due to be distributed to the subcontractor; and
b. An amount withheld because of issues arising out of an agreement or occurrence unrelated to the agreement under which the amount is withheld.

31.3 An act, failure to act, or decision of a Procurement Officer or a representative of the Department, concerning a withheld payment between the Contractor and a subcontractor under this provision, may not:

a. Affect the rights of the contracting parties under any other provision of law;
b. Be used as evidence on the merits of a dispute between the Department and the contractor in any other proceeding; or
c. Result in liability against or prejudice the rights of the Department.

31.4 The remedies enumerated above are in addition to those provided under COMAR 21.11.03.13 with respect to subcontractors that have contracted pursuant to the Minority Business Enterprise (MBE) program.

31.5 To ensure compliance with certified MBE subcontract participation goals, the Department may, consistent with COMAR 21.11.03.13, take the following measures:

a. Verify that the certified MBEs listed in the MBE participation schedule actually are performing work and receiving compensation as set forth in the MBE participation schedule. This verification may include, as appropriate:
   i. Inspecting any relevant records of the Contractor;
   ii. Inspecting the jobsite; and
   iii. Interviewing subcontractors and workers.

Verification shall include a review of the:
   i. Contractor’s monthly report listing unpaid invoices over thirty (30) days old from certified MBE subcontractors and the reason for nonpayment; and
   ii. Monthly report of each certified MBE subcontractor, which lists payments received from the Contractor in the preceding thirty (30) days and invoices for which the subcontractor has not been paid.

b. If the Department determines that the Contractor is not in compliance with certified MBE participation goals, then the Department will notify the Contractor in writing of its findings, and will require the Contractor to take appropriate corrective action. Corrective action may include, but is not limited to, requiring the Contractor to compensate the MBE for work performed as set forth in the MBE participation schedule.

c. If the Department determines that the Contractor is in material noncompliance with MBE contract provisions and refuses or fails to take the corrective action that the Department requires, then the Department may:
i. Terminate the contract;
ii. Refer the matter to the Office of the Attorney General for appropriate action; or
iii. Initiate any other specific remedy identified by the contract, including the contractual remedies required by any applicable laws, regulations, and directives regarding the payment of undisputed amounts.

d. Upon completion of the Contract, but before final payment or release of retainage or both, the Contractor shall submit a final report, in affidavit form under the penalty of perjury, of all payments made to, or withheld from, MBE subcontractors.

32. Living Wage

If a Contractor subject to the Living Wage law fails to submit all records required under COMAR 21.11.10.05 to the Commissioner of Labor and Industry at the Department of Labor, Licensing and Regulation, the agency may withhold payment of any invoice or retainage. The agency may require certification from the Commissioner on a quarterly basis that such records were properly submitted.

33. Use of Estimated Quantities

Unless specifically indicated otherwise in the State’s solicitation or other controlling documents related to the Scope of Work, any sample amounts provided are estimates only and the Department does not guarantee a minimum or maximum number of units or usage in the performance of this Contract.

34. Contract Monitor and Procurement Officer

The work to be accomplished under this Contract shall be performed under the direction of the Contract Monitor. All matters relating to the interpretation of this Contract shall be referred to the Procurement Officer for determination.

35. Notices

All notices hereunder shall be in writing and either delivered personally or sent by certified or registered mail, postage prepaid, as follows:

36. Liquidated Damages

36.1 The Contract requires the Contractor to make good faith efforts to comply with the Minority Business Enterprise (“MBE”) Program and Contract provisions. The State and the Contractor acknowledge and agree that the State will incur economic damages and losses, including, but not limited to, loss of goodwill,
detrimental impact on economic development, and diversion of internal staff resources, if the Contractor does not make good faith efforts to comply with the requirements of the MBE Program and pertinent MBE Contract provisions. The parties further acknowledge and agree that the damages the State might reasonably be anticipated to accrue as a result of such lack of compliance are difficult or impossible to ascertain with precision and liquidated damages represent a fair, reasonable, and appropriate estimation of damages.

Upon a determination by the State that the Contractor failed to make good faith efforts to comply with one or more of the specified MBE Program requirements or pertinent MBE Contract provisions and without the State being required to present any evidence of the amount or character of actual damages sustained, the Contractor agrees to pay liquidated damages to the State at the rates set forth below. Such liquidated damages are intended to represent estimated actual damages and are not intended as a penalty. The Contractor expressly agrees that the State may withhold payment on any invoices as an offset against liquidated damages owed. The Contractor further agrees that for each specified violation, the agreed-upon liquidated damages are reasonably proximate to the loss the State is anticipated to incur as a result of each violation.

36.1.1 Failure to submit each monthly payment report in full compliance with COMAR 21.11.03.13B(3): $35.00 per day until the monthly report is submitted as required.

36.1.2 Failure to include in its agreements with MBE subcontractors a provision requiring submission of payment reports in full compliance with COMAR 21.11.03.13B(4): $85.00 per MBE subcontractor.

36.1.3 Failure to comply with COMAR 21.11.03.12 in terminating, canceling, or changing the scope of work/value of a contract with an MBE subcontractor and/or amendment of the MBE participation schedule: the difference between the dollar value of the MBE participation commitment on the MBE participation schedule for that specific MBE firm and the dollar value of the work performed by that MBE firm for the Contract.

36.1.4 Failure to meet the Contractor’s total MBE participation goal and subgoal commitments: the difference between the dollar value of the total MBE participation commitment on the MBE participation schedule and the MBE participation actually achieved.

36.1.5 Failure to promptly pay all undisputed amounts to a subcontractor in full compliance with the prompt payment provisions of the Contract: $100.00 per day until the undisputed amount due to the subcontractor is paid.

36.2 Notwithstanding the assessment or availability of liquidated damages, the State reserves the right to terminate the Contract and exercise any and all other rights or remedies which may be available under the Contract or otherwise may be available at law or in equity.

(If a Contractor intends to rely on its Parent Company in some manner while performing on the State Contract, the following clause should be included and completed for the Contractor’s Parent Company to guarantee performance of the Contractor. The guarantor/Contractor’s Parent Company should be named as a party and signatory to the Contract and should be in good standing with SDAT.)

37. Parent Company Guarantee

(Corporate name of Contractor’s Parent Company) hereby guarantees absolutely the full, prompt, and complete performance by (Contractor) of all the terms, conditions and obligations contained in this Contract, as it may be amended from time to time, including any and all exhibits that are now or may
become incorporated hereunto, and other obligations of every nature and kind that now or may in the future arise out of or in connection with this Contract, including any and all financial commitments, obligations, and liabilities. (Corporate name of Contractor’s Parent Company) may not transfer this absolute guaranty to any other person or entity without the prior express written approval of the State, which approval the State may grant, withhold, or qualify in its sole and absolute subjective discretion. (Corporate name of Contractor’s Parent Company) further agrees that if the State brings any claim, action, lawsuit or proceeding against (Contractor), (Corporate name of Contractor’s Parent Company) may be named as a party, in its capacity as Absolute Guarantor.

38. **Federal Department of Health and Human Services (DHHS) Exclusion Requirements**

The Contractor agrees that it will comply with federal provisions (pursuant to §§ 1128 and 1156 of the Social Security Act and 42 C.F.R. 1001) that prohibit payments under certain federal health care programs to any individual or entity that is on the List of Excluded Individuals/Entities maintained by DHHS. By executing this contract, the Contractor affirmatively declares that neither it nor any employee is, to the best of its knowledge, subject to exclusion. The Contractor agrees, further, during the term of this contract, to check the List of Excluded Individuals/Entities prior to hiring or assigning individuals to work on this Contract, and to notify the Department immediately of any identification of the Contractor or an individual employee as excluded, and of any DHHS action or proposed action to exclude the Contractor or any Contractor employee.

39. **Limited English Proficiency**

The Contractor shall provide equal access to public services to individuals with limited English proficiency in compliance with Md. Code Ann., State Government Article, §§ 10-1101 et seq., and Policy Guidance issued by the Office of Civil Rights, Department of Health and Human Services, and DHMH Policy 02.06.07.

40. **Miscellaneous**

40.1 Any provision of this Contract which contemplates performance or observance subsequent to any termination or expiration of this Contract shall survive termination or expiration of this Contract and continue in full force and effect.

40.2 If any term contained in this Contract is held or finally determined to be invalid, illegal, or unenforceable in any respect, in whole or in part, such term shall be severed from this Contract, and the remaining terms contained herein shall continue in full force and effect, and shall in no way be affected, prejudiced, or disturbed thereby.

**IN WITNESS THEREOF**, the parties have executed this Contract as of the date hereinabove set forth.
