SECTION 2 – CONTRACTOR REQUIREMENTS: SCOPE OF WORK

2.1 Summary Statement

2.1.1 The Maryland Department of Health and Mental Hygiene (the Department), Office of the Inspector General, is issuing this Request for Proposals (RFP) to assist in its mission to reduce Medicaid Improper Payments through the efficient identification of Overpayments (see definition in Appendix 1), Underpayments (see definition in Appendix 1), and actions to prevent future Improper Payments (see definition in Appendix 1). The State Plan provides for a contingency rate 5% higher than the highest rate paid to Medicare RACS for non-DME/DMS claims and Managed Care Organizations (MCOs) pursuant to Federal regulations. Bidders may enter a contingency rate that shall not exceed 17.5%. This RFP includes the following tasks:

1. Identifying Medicaid claims that contain Underpayments or Overpayments for which payment was made under Title XIX and XXI of the Social Security Act;

2. Supporting the Department in preventing future Improper Payments by making recommendations in an Improper Payments prevention plan See Section Appendix 1 (v);

3. Performing the necessary outreach to notify affected Provider communities of the recovery auditor’s purpose and direction (this outreach effort does NOT include the proactive education of Providers about Medicaid coverage and coding rules); and

4. Providing support to the Department in the hearing process, should any Provider appeal an Underpayment or Overpayment detected by the Contractor;

2.1.2 It is the State’s intention to obtain services, as specified in this RFP, from a Contract between the selected Offeror and the State. The anticipated duration of services to be provided under this Contract is three years with two one year option periods each. See Key Information Summary Sheet (page iv).

2.1.3 The Department intends to make a single award as a result of this RFP to the Offeror whose proposal is deemed the most advantageous to the State.

2.1.4 Offerors, either directly or through their subcontractor(s), must be able to provide all services and meet all of the requirements in this solicitation.

2.2 Background and Purpose

2.2.1 The State of Maryland, acting through the Department, is soliciting proposals from responsible and qualified Offerors with demonstrated experience and expertise performing Audit services to detect improper Medicaid payments. The identification of Underpayments and Overpayments will occur for claims paid under the Maryland Medicaid Fee-For-Service and Managed Care Organization (MCO) for services for which payment is made under Title XIX and Title XXI of the Social Security Act. Overpayments are made to Medicaid Providers arising from inappropriate claims and, where indicated, the Contractor for the RAC shall make referrals to the Contract Monitor for potential fraud, and will recommend preventive and educational measures to the appropriate parties.

The Contractor must be able to perform data mining of Medicaid claim information. The Medicaid claims information will be exchanged electronically in a secure format between the Contractor and the Department. Based on the Medicaid claims detail provided by the Department, the Contractor will need to apply complex algorithms, have the ability to prepare valid sampling methodologies, and perform automated and complex...
reviews on designated claim types of the Medicaid Program. For any Overpayments discovered, the Contractor will be required to notify the Medicaid Providers of the Overpayment, review any support documentation that is subsequently submitted by the Provider that may negate the Overpayment, and have a reconsideration process in place for any disagreements. Upon the final determination of an Overpayment, the Contractor will be responsible for sending the information to the Department for recovery. The Contractor will also be responsible for identifying Underpayments in all areas defined by the Department. To track and support Audit activity, the Contractor will be responsible for creating and maintaining a web-based Provider portal and a RAC claims database for the following provider types.

The Contractor shall receive compensation based on a percentage of the dollars recovered as an Overpayment or paid as an Underpayment by the Department.

2.2.2 The Contractor’s mission is to reduce Improper Payments through the efficient detection and collection of Overpayments, the identification of Underpayments, the reporting of suspected fraudulent and/or criminal activities, and the recommendation of actions that will prevent future Improper Payments.

2.3 Scope of Work - Requirements

2.3.1 Work Plan

The Contractor shall submit a work plan to the Contract Monitor by the 15th Business Day after Contract Commencement. Thereafter, a revised work plan must be submitted no less than 30 days prior to the start of each subsequent contract year before review work for that year may begin. Within five (5) Business Days of receiving any comments on the proposed work plan from the Contract Monitor, the Contractor must make appropriate changes to the work plan and resubmit it to the Contract Monitor. The work plan must include the Contractor’s proposed means of outreach to notify Provider communities of the RAC’s purpose and activities. The work plan must identify the Contractor’s Project Manager and Quality Improvement Manager, who will be required to have weekly calls with the Contract Monitor to discuss any revisions to the work plan, RAC project update, problems occurring with the recovery work, and other items of importance for discussion. The
Contract Monitor, at his or her discretion, may decrease the frequency of calls based on Contractor performance.

The Contractor shall provide to the Department an Audit schedule with work plan for all the Provider types. The schedule shall include the Provider type and the number of Audits scheduled to be performed for each year of service. The Contractor may expand the time frame of dates and Provider types with the approval of the Department. Thereafter, the new work plan must be submitted no less than 30 days prior to the end of the fiscal year.

2.3.2 Contract Administration

The Contractor shall be responsible for ensuring that all assigned audit staff are familiar with the applicable State and Federal laws and regulations governing the Maryland Medicaid Fee-For-Service and MCO Programs, identified in the DHMH Division of State Documents website at http://www.dsd.state.md.us/comar/subtitle_chapters/10_Chapters.aspx#Subtitle09 for the provider type audits performed.

The Contractor shall also be responsible for the following duties:

a. detecting patterns of Improper Payments and abuse by specific Providers using algorithms,
b. making referrals of suspected abuse to the Department,
c. conducting Department-approved Audits of Providers,
d. handling Provider submission of additional documentation, e.g. medical records,
e. tracking any changes to the findings of Improper Payments based on submission of additional documentation from Providers,
f. sending Overpayment letters and providing necessary witness testimony at resulting appeal proceedings (the Contractor shall work in consultation with the Department staff),
g. compiling and updating a database of Provider-approved addresses and points of contact,
h. maintaining all Audit work papers (paper and electronic) and disposing of information in accordance with the Department’s approved records retention plan, and
i. providing and maintaining hardware and software to import claims from Maryland Medicaid Management Information System (MMIS) in accordance with applicable privacy and security standards, as well as having data mining analysis software.

2.3.3 Contractor Objectives

The goal of the Contractor is to identify instances of Improper Payments made to Medicaid Providers by the Department in order to maximize successful recoveries, deter Provider billing errors and prevent fraud, waste, and abuse in the Maryland Medicaid program. Additionally, the Contractor will identify vulnerabilities within the Maryland Medicaid system that will help prevent future Improper Payments from occurring by suggesting improvements. Within 30 calendar days, after the submission of the approved work plan, the Contractor shall provide, as a deliverable, a detailed description outlining how these objectives will be accomplished.

2.3.4 Identification of Improper Payments

A. Provider Types under Review

The Contractor shall Audit the following non-DME/DMS provider types: physicians, laboratories, in-state hospitals, out-of-state hospitals as well as providers of durable medical equipment (DME), MCOs, disposable medical supplies (DMS), and oxygen and related respiratory services. With the Department’s approval, the
Contractor may select additional Provider types to be Audited and Fee-For-Service and MCO claims to be reviewed.

At a minimum, the following number and types of Providers shall be audited:

The Contractor with the Contract Monitor shall identify Providers to be audited within 30 Business Days of receiving approval of the work plan, in a format acceptable to the Contract Monitor, a detailed overview with supporting documentation to justify the Audit. Selection of Providers for Audit shall be based on information gathered either from Department or Contractor data, and a review of MMIS claims data. The Department reserves the right to direct the Contractor to Audit a Provider not previously identified by the Contractor. The Contract Monitor shall approve all Audits on a case by case basis prior to the Contractor starting the Audit process. The Contingency Fee may not be paid until approved by the Department.

**Note:** The Department reserves the right to limit the period available for the Contractor to review by region, by claim type, by Provider type, or by any other reason where the Department believes it is in the best interest of the Maryland Medical Assistance Program to limit claim review. This notice will be made in writing to the Contractor (paper or electronic) and will be effective immediately.

The Contractor shall not request more than 150 medical records from a Provider in any one request, nor shall the Contractor request more than 500 medical records from any Provider in any 6-month period.

B. Claim Identification Guidelines

The Contractor shall:

1. Identify Providers that have received payments from the State in error, because of suspected fraud, duplicate payments or benefits, Overpayments, or payments made for services not ordered or otherwise performed, or are otherwise ineligible under the law, rules, terms, or conditions of the Maryland Medicaid program.
2. Ensure that processes are developed to minimize Provider burden to the greatest extent possible when identifying Improper Payments. This may include, but is not limited to, ensuring Audit parameters are refined to selecting only those claims with the greatest probability of Improper Payments.

3. NOT use random review in order to identify cases for which it will order medical records from the Provider. Instead, the Contractor shall utilize data analysis techniques to identify those claims most likely to contain Overpayments.

The Contractor may receive referrals from the Medical Assistance Program or other contracting entities with the Department and, upon approval from the Department, may perform Provider specific reviews.

C. Excluded Improper Payments

The Contractor shall NOT attempt to identify Improper Payments arising from any of the following:

1. Services provided under a program other than Maryland Medical Assistance Program

2. Cost report providers

Underpayments and Overpayments that result from cost report settlements of Long Term Care Providers. This includes claims based on rates set by cost reports of Long Term Care Providers and their associated “room and board” claims that pertain to a recipient’s stay in a skilled nursing facility or an intermediate care facility for the intellectually disabled.

3. Claims more than 6 years past the claim paid date. The Contractor shall take no further action on any Improper Payments inadvertently identified 6 years past the claim paid date.

4. Claims of Providers under investigation

Any Overpayment or Underpayment for those Providers known to be under investigation by law enforcement, including the Office of the Attorney General’s Medicaid Fraud Control Unit, the Office of the Inspector General, the Department of Justice, the Federal Bureau of Investigation, or any other law enforcement entity where pursuit of an Improper Payments may jeopardize the criminal investigation.

5. Claims previously reviewed, subjected to Audit, or subjected to Third Party Liability (TPL) recovery

   a. Any Overpayment or Underpayment for Providers whose claims have been subjected to a formal Audit by the Department or any administrative or law enforcement agency.

   b. Any Overpayment or Underpayment for claims that have been recovered from a third party through the TPL contractor.

D. Evidence

Under current Maryland law, the Contractor shall NOT use extrapolation for its findings. If Federal or State legislation or regulation are enacted to permit extrapolation, the Contractor may utilize extrapolation. The Contractor shall have supporting evidence of a Medicaid Overpayment for every claim that it identifies.
The Contractor shall use one of two ways to determine an Improper Payment in a targeted review process: Automated Review or Complex Review. The Contractor shall determine which review process to use based upon the criteria stated in 2.3.4 D.1. and D.2. below.

1. Automated Review occurs when a Contractor makes a claim determination at the system level without a human review of the medical record or supporting documentation.
   a. Automated Reviews are applied in scenarios where Improper Payments can be identified clearly and unambiguously. In these cases, the Improper Payments can be determined from claim data elements, well-established policy, and rules. The Contractor must obtain approval from the Contract Monitor for determining that no more complex review of documentation is required to validate that an Improper Payments exists.
   b. The Contractor will make determinations based upon coding determinations defined in the ICD-9, ICD-10, HCPCS CPT or CPT Assistant.

2. Complex Review occurs when a Contractor makes a claim determination using human review of medical records, vendor records, and other supporting documentation.
   a. The Contractor may use Complex Review when the criteria of Automated Reviews are NOT met.
   b. The Contractor shall flag the case for further review and determination of what further information may be required to validate that an Improper Payments exists. Records or documentation may be requested from the Provider or other appropriate party and then a review to validate the Improper Payments determination will be performed. On-site auditing and reviewing may also be required.
   c. Copies of the medical records must be maintained to support any adverse determinations.

E. Preventing Duplication of Effort

In order to minimize the impact on the Provider community, it is critical that the Contractor avoids situations where it and another entity are working on the same claim.

1. The Contractor shall not begin an Audit without the consent of the Contract Monitor. Before the Contractor may begin an Audit, the Contractor and Department shall make every effort to ensure the Audit will not interfere with the review by another agency or law enforcement agency.

2. The Department shall provide a monthly electronically secure list of these Audit targets to the Medicaid Fraud Control Unit (MFCU) for review, and request the MFCU share the list with their federal counterparts and coordinate recovery audit efforts of their RAC with other auditing entities. The MFCU has 30 days to review the list and indicate to the Department if any audits should not proceed. The Department will also review the list with any federal contractors conducting audits of State Medicaid providers.

F. Obtaining and Storing Records for Reviews

1. The Contractor shall request, obtain, store, and share imaged medical records and supplemental information.
a. The Contractor shall maintain a document management system and store medical records associated with an Overpayment for the duration of the Contract plus five years (See Contract § 24).

b. The Contractor shall maintain a log of all requests for medical records indicating, at a minimum, the Provider, the information being requested, the date the request was received, and the date the request was fulfilled.

2. Whenever needed for reviews, the Contractor may obtain medical records by going On-Site to the Provider’s location to view/copy the records or by requesting that the Provider mail/fax or securely transmit the records to the Contractor. The decision to go On-Site or to have records submitted to the Contractor is solely at the Contractor’s discretion. The Provider cannot demand an On-Site review or deny the Contractor’s request to perform an On-Site review.

3. If the Contractor attempts an On-Site visit and the Provider refuses to allow access to their facility, the Contractor must contact the Contract Monitor as soon as possible but not later than 1 Business Day. The Contract Monitor shall make an attempt to contact the Provider to know the reason for the refusal of the visit. The Contractor may not make an Overpayment determination based upon the lack of access. Instead, the Contractor shall request the needed records in writing.

4. The Contractor shall only request medical records for claims approved by the Department for review.

5. The Contractor must accept electronic medical records via the Provider web portal, on CD/DVD, or thumb drive at the Provider’s request.

6. When On-Site review results in an Improper Payments finding, the Contractor shall copy the relevant portions of the medical record and retain them for future use.

7. When an On-Site review results in no finding of Improper Payments, the Contractor need not retain a copy of the documentation.

2.3.5 Claim Audit Determinations

A. Rationale for Determination

The Contractor shall ensure that policies utilized in making an Audit determination are applicable at the time the service was rendered. The Contractor shall document the rationale for the determination. This rationale shall list the Audit findings, including a detailed description of the Medicaid policy or rule that was violated and if the violation resulted in an Improper Payment. Because these determinations can be appealed, it is important that the rationale for the determination be documented both initially, during the reconsideration process, and at each level of appeal.

If an issue is brought to the attention of the Department by any means and the Department instructs the Contractor on the interpretation of any policy and/or regulation, the Contractor shall abide by the Department’s decision.

B. When the Contractor reviews a claim, it may make any or all of the determinations listed below.

1. Coding Determinations

The Contractor may find that an Overpayment or Underpayment exists if the service is not correctly coded (i.e., it fails to meet one or more of the coding requirements listed in the ICD-9, ICD-10, NCCI, HCPCS, CPT, or CPT Assistant) and the finding results in a monetary discrepancy. In determining
Improper Payments, service lines or payment groups that a Provider failed to include on a claim are NOT considered Underpayments for the purposes of this Contract.

2. Other Determinations

The Contractor may determine that an Overpayment or Underpayment exists if the claim was paid twice (i.e., a duplicate claim), was paid incorrectly, or the claim was processed and did not apply a payment policy (e.g., paying the second surgery at 50% of the fee schedule amount), or the service was not provided in accordance with regulations.

3. Failure to Provide Requested Records

The Contractor may find a claim to be an Overpayment if requested records are not received within 45 calendar days of a written request. If a Provider refuses to provide requested records, the Department will retract from the provider’s future Medicaid payments the full amount of the claim and the Contractor will receive the appropriate contingency fee.

4. Potential Quality Problems

The Contractor shall report potential Provider quality issues discovered during complex reviews as soon as possible but not later than 1 Business Day to the Department. The mechanism to report potential quality issues shall be provided by the Contract Monitor after Contract Commencement and before the Go-Live Date.

5. Voluntary/Self-Reported Overpayments by the Provider

If during the course of the Contractor’s review work, a Provider identifies additional claims as potential Overpayments, these claims should be referred to the Department. The Contractor will not receive a contingency fee for voluntary/self-reported Overpayments by the Provider.

2.3.6 Identifying Underpayments

A. The Contractor will review each line by line comparisons on the claim and consider all possible occurrences of an Underpayment for all Provider types. Service lines or payment groups that a Provider failed to include on a claim are NOT considered Underpayments for the purposes of the Contract.

B. The Contractor will review claims to identify potential Maryland Medical Assistance Underpayments. On a monthly basis, the Contractor will submit a report of Underpayment findings to the Contract Monitor. This report shall be separate from the Overpayment reports.

1. By the fifteenth of each month, the Contractor shall submit a report to the Contract Monitor listing all Underpayments the Contractor identified during the previous calendar month. The report shall include the Medicaid Internal Control Number (ICN), date(s) of service, the Provider number, the claim paid date(s), the original amount paid and the reason for the Underpayment. This reporting will be separate from the reporting of Overpayments. See Section 2.3.10 for details on reporting requirements.

2. The Contractor shall keep an accurate and up-to-date database of Underpayments.
C. After receipt, the Department will evaluate all Underpayment findings. If necessary, the Contractor shall provide any documentation supporting the Underpayment determination to the Contract Monitor. The Department will make all final Underpayment determinations.

D. The Contractor will not be responsible for case files received from Providers for an Underpayment case review if the files were not requested by the Contractor. The Contractor shall dispose of the records as directed by the Provider.

2.3.7 Notice to Providers

A. Prior to the commencement of the Audit, the Contractor, at its expense, shall send a first letter to the Provider informing them of their requirement to submit medical documentation for review. The Provider has 30 calendar days to submit the required documentation as outlined in Section 2.3.4.F.(1).

B. Upon completion of the Audit, the Contractor, at its expense, shall send letters to Providers informing them of both the preliminary and final Audit results. The Contractor may communicate electronically with the Provider, if the Provider agrees to accept electronic communication and the Contractor is able to have a receipt or other evidence of delivery of the electronic communication.

C. Each letter template shall be reviewed and approved by the Contract Monitor or designee prior to implementation.

1. Preliminary Findings Letter
   a. The preliminary findings letter shall clearly identify the potential discrepancies and document nationally recognized references as outlined in Section 2.3.5 B.1. and/or specific Departmental rule violations for each discrepancy.
   b. The preliminary findings letter shall include the ICN of each claim line with discrepancies.
   c. The letter shall explain that the Provider has 15 calendar days to submit additional documentation regarding the potential discrepancies and identify how Providers can send written or electronic requests for reconsideration prior to a final determination (e.g., U.S. mail, communications via the Provider portal, web conferencing, telephonic conferences, in-person meetings, etc.). The Contractor shall have the discretion to refuse in-person meeting requests with Providers.

2. Second Notice Letter
   a. After the initial 30 days, the Contractor, at its expense, shall send a certified letter to advise unresponsive Providers that they have 10 additional calendar days to submit any information related to the Audit before a final determination.
   b. The letter should reference the ICNs, repeat communication methods for contacting the Contractor for reconsideration, and note a lack of response will result in a negative finding and retraction of the full amount of the claim.

3. Final Findings Letter
   a. Within 60 calendar days of the preliminary findings letter, the Contractor shall issue a final findings letter by certified mail.
b. The final findings letter shall inform the Provider of the amount identified as an Improper Payments for each ICN and include a statement that the Department’s Fiscal Division shall pursue measures of recovery including, but not limited to, offsetting future payments.

(9) Apply data encryption to protect State data, especially Sensitive Data, from improper disclosure or alteration. Data encryption should be applied to State data in transit over networks and, where possible, State data at rest within the system, as well as to State data when archived for backup purposes. Encryption algorithms which are utilized for this purpose must comply with current Federal Information Processing Standards (FIPS), “Security Requirements for Cryptographic Modules”, FIPS PUB 140-2.

http://doit.maryland.gov/support/Pages/SecurityPolicies.aspx

(11) Retain the aforementioned logs and review them at least daily to identify suspicious or questionable activity for investigation and documentation as to their cause and perform remediation, if required. The Department shall have the right to inspect these policies and procedures and the Contractor or subcontractor’s performance to confirm the effectiveness of these measures for the services being provided under this Contract.

(12) Ensure system and network environments are separated by properly configured and updated firewalls including:

1. Restrict network connections between trusted and untrusted networks by physically and/or logically isolating systems from unsolicited and unauthenticated network traffic.
2. By default “deny all” and only allow access by exception.

(13) Restrict network connections between trusted and untrusted networks by physically and/or logically isolating systems supporting the services being provided under the Contract from unsolicited and unauthenticated network traffic.

The proposed contingency percentage rate(s) for Improper Payments shall represent the entire cost for the full and successful completion of all deliverables. No separate travel expenses or any other type of expenses shall
be paid under the Contract resulting from this RFP. The Contractor will only be paid a contingency payment on the difference between the original claim paid amount and the revised claim paid amount.

The Department will report the amount of actual recoveries to the Contractor. The Department shall pay the Contractor the contingency fee when the recovery amount is recouped from the Provider (for Overpayments), or when the Provider receives the full amount for the ICN audited (for Underpayments). The contingency fee calculation shall be based on the amount of actual recoveries received by the Department for the previous calendar month multiplied by the agreed upon contingency fee rate.

The Contractor’s payments shall be based only on a contingency fee for Overpayment amounts recovered, not identified. If a Provider pursues a successful final appeal, the Department will recoup the contingency payment from future payments to the Contractor or, in the event a Provider’s successful appeal ends after all the Contractor has received all payments made under the Contract, the Department will bill the Contractor for the amount owed from a successful appeal for which a contingency payment has previously been made.

### 3.5 SOC 2 Type 2 Audit Report

This section applies to the Contractor and any relevant subcontractor who provides services for the Department’s identified critical functions, handles Sensitive Data [see RFP Section 3.2.3(1)], and/or hosts any related implemented system for the State under the Contract. For purposes of this section, “relevant subcontractor” includes any subcontractor that assists the Contractor in the critical functions of the Contract, handles Sensitive Data, and/or assists with any related implemented system, excluding subcontractors that provide secondary services that are not pertinent to assisting the Contractor in the critical functions of the Contract, handling Sensitive Data, and/or assisting with any related implemented system.

The Contractor shall have an annual audit performed, by an independent audit firm of the Contractor’s choosing, of the Contractor’s and any relevant subcontractor’s handling of Sensitive Data which is identified as a medical information service provider who is analyzing accuracy of Medicaid payments, and shall address all areas relating to Information Technology security and operational processes (see RFP Section 3.2). These services provided by the Contractor and any relevant subcontractor that shall be covered by the audit will collectively be referred to as the “Information Functions and/or Processes.” Such audits shall be performed in accordance with audit guidance: Reporting on Controls at a Service Organization Relevant to Security, Availability, Processing Integrity, Confidentiality, or Privacy (SOC 2) as published by the American Institute of Certified Public Accountants (AICPA) and as updated from time to time, or according to the most current audit guidance promulgated by the AICPA or similarly-recognized professional organization, as agreed to by the Department, to assess the security of outsourced client functions or data (collectively, the “Guidance”) as follows:

#### 3.5.1 The type of audit to be performed in accordance with the Guidance is a SOC 2 Type 2 Audit (referred to as the “SOC 2 Audit” or “SOC 2 Report”). The initial SOC 2 Audit shall be scheduled and completed within a timeframe to be specified by the Contract Monitor. All subsequent SOC 2 Audits that are arranged after this initial audit shall be performed on annual basis and submitted to the Contract Monitor by March 1 for the preceding calendar year.

#### 3.5.2 The SOC 2 Audit shall report on the Contractor’s and any relevant subcontractor’s system(s) and suitability of the design and operating effectiveness of controls of the Information Functions and/or Processes to meet the requirements of the Contract, including the Security Requirements identified in Section 3.2, relevant to the following trust principles: Security and Confidentiality as defined in the aforementioned Guidance.

#### 3.5.3 The audit scope of each year’s SOC 2 Report may need to be adjusted (including the inclusion or omission of the relevant trust services principles of Security, Availability, Confidentiality, Processing Integrity, and/or Privacy) to accommodate any changes to the Contractor’s and any relevant subcontractor’s environment since the previous SOC 2 Report. Such changes may include but are not limited to the addition of Information...
Functions and/or Processes through modifications to the Contract, or due to changes in information technology or operational infrastructure implemented by the Contractor and/or subcontractor. The Contractor and any relevant subcontractor shall ensure that the audit scope of each year’s SOC 2 Report engagement shall accommodate these changes by including in the SOC 2 Report all appropriate controls related to the current environment supporting the Information Functions and/or Processes, including those controls required by the Contract.

3.5.4 The scope of the SOC 2 Report shall include work performed by any subcontractors that provide essential support to the Contractor for the Information Functions and/or Processes for the services provided to the Department under the Contract. The Contractor shall ensure the audit includes all subcontractors operating in performance of the Contract.

3.5.5 All SOC 2 Audits, including those of the Contractor and any relevant subcontractor, shall be performed at no additional expense to the Department.

3.5.6 The Contractor and all relevant subcontractors shall promptly provide a complete copy of the final SOC 2 Report(s) to the Contract Monitor upon completion of each SOC 2 Audit engagement.

3.5.7 The Contractor shall provide to the Contract Monitor, within 30 calendar days of the issuance of each SOC 2 Report, a documented corrective action plan which addresses each audit finding or exception contained in a SOC 2 Report. The corrective action plan shall identify in detail the remedial action to be taken by the Contractor and/or subcontractor(s) along with the date(s) when each remedial action is to be implemented.

3.5.8 If the Contractor, including any relevant subcontractor, currently has an annual information security assessment performed that includes the operations, systems, and repositories of the Information Functions and/or Processes being provided to the Department under the Contract, and if that assessment generally conforms to the content and objective of the Guidance, the Department will determine in consultation with appropriate State government technology and audit authorities whether the Contractor’s and any relevant subcontractor’s current information security assessments are acceptable in lieu of the SOC 2 Report(s).

3.5.9 If the Contractor and any relevant subcontractor fails during the Contract term to obtain an annual SOC 2 Report by the date specified in RFP Section 3.5.1, the Department shall have the right to retain an independent audit firm to perform an audit engagement of a SOC 2 Report of the Information Functions and/or Processes utilized or provided by the Contractor and any relevant subcontractor under the Contract. The Contractor and any relevant subcontractor agrees to allow the independent audit firm to access its facility/ies for purposes of conducting this audit engagement(s), and will provide the necessary support and cooperation to the independent audit firm that is required to perform the audit engagement of the SOC 2 Report. The Department will invoice the Contractor for the expense of the SOC 2 Report(s), or deduct the cost from future payments to the Contractor.

### 3.6 MBE Reports

If this solicitation includes an MBE Goal (see Section 4.26), the Contractor and its MBE subcontractors shall provide the following MBE Monthly Reports based upon the commitment to the goal:

1. **Attachment D-4A**, the MBE Participation Prime Contractor Paid/Unpaid MBE Invoice Report by the 10th of the month following the reporting period to the Contract Monitor and the MBE Liaison Officer;

2. **Attachment D-4B (if applicable)**, the MBE Prime Contractor Report by the 10th of the month following the reporting period to the Contract Monitor and the MBE Liaison Officer; and

RFP Template Version: 01/20/2017
3.7 VSBE Reports

If this solicitation includes a VSBE Goal (see Section 4.27), the Contractor and its VSBE subcontractors shall provide the following VSBE Monthly Reports based upon the commitment to the goal:

(1) **Attachment E-3**, the VSBE Participation Prime Contractor Paid/Unpaid VSBE Invoice Report by the 10th of the month following the reporting period to the Contract Monitor and the VSBE Liaison Officer; and

(2) **Attachment E-4**, the VSBE Participation Subcontractor Paid/Unpaid VSBE Invoice Report by the 10th of the month following the reporting period to the Contract Monitor and the VSBE Liaison Officer.

3.8 Liquidated Damages

3.8.1 The Contract requires the Contractor to make good faith efforts to comply with the Minority Business Enterprise (“MBE”) Program and Contract provisions. The State and the Contractor acknowledge and agree that the State will incur economic damages and losses, including, but not limited to, loss of goodwill, detrimental impact on economic development, and diversion of internal staff resources, if the Contractor does not make good faith efforts to comply with the requirements of the MBE Program and pertinent MBE Contract provisions. The parties further acknowledge and agree that the damages the State might reasonably be anticipated to accrue as a result of such lack of compliance are difficult or impossible to ascertain with precision and that liquidated damages represent a fair, reasonable, and appropriate estimation of damages.

Upon a determination by the State that the Contractor failed to make good faith efforts to comply with one or more of the specified MBE Program requirements or pertinent MBE Contract provisions and without the State being required to present any evidence of the amount or character of actual damages sustained, the Contractor agrees to pay liquidated damages to the State at the rates set forth below. Such liquidated damages are intended to represent estimated actual damages and are not intended as a penalty. The Contractor expressly agrees that the State may withhold payment on any invoices as an offset against liquidated damages owed. The Contractor further agrees that for each specified violation, the agreed-upon liquidated damages are reasonably proximate to the loss the State is anticipated to incur as a result of each violation.

3.8.2 Failure to submit each monthly payment report in full compliance with COMAR 21.11.03.13B(3): $31.00 per day until the monthly report is submitted as required.

3.8.3 Failure to include in its agreements with MBE subcontractors a provision requiring submission of payment reports in full compliance with COMAR 21.11.03.13B(4): $81.00 per MBE subcontractor.

3.8.4 Failure to comply with COMAR 21.11.03.12 in terminating, canceling, or changing the scope of work/value of a contract with an MBE subcontractor and/or amendment of the MBE participation schedule: the difference between the dollar value of the MBE participation commitment on the MBE participation schedule for that specific MBE firm and the dollar value of the work performed by that MBE firm for the Contract.

3.8.5 Failure to meet the Contractor’s total MBE participation goal and subgoal commitments: the difference between the dollar value of the total MBE participation commitment on the MBE participation schedule and the MBE participation actually achieved.
3.8.6 Failure to promptly pay all undisputed amounts to a subcontractor in full compliance with the prompt payment provisions of the Contract: $100.00 per day until the undisputed amount due to the subcontractor is paid.

3.8.7 Notwithstanding the assessment or availability of liquidated damages, the State reserves the right to terminate the Contract and to exercise any and all other rights or remedies which may be available under the Contract or which otherwise may be available at law or in equity.

### 3.9 End of Contract Transition

Contract Transition Requirements

In the event that a new contractor is selected, the Contractor shall work cooperatively with the Department and a successor contractor at the end of this Contract to ensure an efficient and timely transition of contract responsibilities with minimal disruption of services.

1. The Contractor shall prepare and submit an Exit Transition Plan and Schedule of Activities to facilitate the transfer of responsibilities, information, software and documentation, materials, etc., to a successor contractor and the Department. The transition period shall begin ninety (90) days before the Contract end date, or the end date of any final exercised option or contract extension. The Exit Transition Plan shall be submitted by the Contractor 30 days prior to the end of the term of the Contract or any extension term. The Exit Transition Plan shall include, at a minimum:

   a. Proposed approach to transition operations to another contractor;
   b. Identification and release of State owned documents;
   c. Timely turnover of all records and other necessary data to the Department or the Department’s designee;
   d. Electronic records or files to be turned over in an acceptable format to the Department (the cost of converting to the appropriate format will be the responsibility of the Contractor);
   e. Maintenance and transition of telephone services, including current toll-free numbers;
   f. Designation of a knowledgeable person who will be available daily to assist the Department during the transition process and for one month following the end of the term of the Contract or any extension term; and
   g. Proposed timeline for the transition process.

(2) The Contract Monitor must approve the Exit Transition Plan before it can be implemented.

(3) The Contract Monitor and the successor contractor will define all data files related to the Contract for transfer during this transition period and deadlines for submission. The Contract Monitor will have the final authority for determining the information required.

(4) The Contractor shall work closely and cooperatively with the Department and the successor contractor to transfer appropriate software, records, and other items deemed necessary by the Department, and to ensure uninterrupted services to Providers and the Department during the
transition period. This includes concluding all unresolved Audits initiated prior to the conclusion of the Contract, attending any hearings resulting from the Contractor’s assessments during the course of the Contract, and defending the State’s position at hearings pending final payment.

(5) At its sole discretion, the Contract Monitor may withhold the final Contract payment until all elements of the Exit Transition Plan are completed to the Department’s satisfaction.

### 3.10 Substitution of Personnel

3.10.1 **Continuous Performance of Key Personnel.** Unless substitution is approved per paragraphs 3.10.2-3.10.4 of this section, Key Personnel shall be the same personnel proposed in the Contractor’s Technical Proposal, which will be incorporated into the Contract by reference. Such identified Key Personnel shall perform continuously for the duration of the Contract, or such lesser duration as specified in the Technical Proposal. Key Personnel may not be removed by the Contractor from working under this Contract, as described in the RFP or the Contractor’s Technical Proposal, without the prior written approval of the Contract Monitor.

If the Contract is task order based, the provisions of this section apply to Key Personnel identified in each task order proposal and agreement.

3.10.2 **Definitions.** For the purposes of this section, the following definitions apply:

- **Extraordinary Personal Circumstance** – Any circumstance in an individual’s personal life that reasonably requires immediate and continuous attention for more than fifteen (15) days and precludes the individual from performing his/her job duties under this Contract. Examples of such circumstances may include, but are not limited to: a sudden leave of absence to care for a family member who is injured, sick, or incapacitated; the death of a family member, including the need to attend to the estate or other affairs of the deceased or his/her dependents; substantial damage to, or destruction of, the individual’s home that causes a major disruption in the individual’s normal living circumstances; criminal or civil proceedings against the individual or a family member; jury duty; and military service call-up.

- **Incapacitating** – Any health circumstance that substantially impairs the ability of an individual to perform the job duties described for that individual’s position in the RFP or the Contractor’s Technical Proposal.

- **Sudden** – When the Contractor has less than thirty (30) days’ prior notice of a circumstance beyond its control that will require the replacement of any Key Personnel working under the Contract.

3.10.3 **Key Personnel General Substitution Provisions.** The following provisions apply to all of the circumstances of staff substitution described in paragraph 3.10.4 of this section.

1. The Contractor shall demonstrate to the Contract Monitor’s satisfaction that the proposed substitute Key Personnel have qualifications at least equal to those of the Key Personnel for whom the replacement is requested.

2. The Contractor shall provide the Contract Monitor with a substitution request that shall include:
   - A detailed explanation of the reason(s) for the substitution request;
   - The resume of the proposed substitute personnel, signed by the substituting individual and his/her formal supervisor;
   - The official resume of the current personnel for comparison purposes; and
   - Any evidence of any required credentials.
3. The Contract Monitor may request additional information concerning the proposed substitution. In addition, the Contract Monitor and/or other appropriate State personnel involved with the Contract may interview the proposed substitute personnel prior to deciding whether to approve the substitution request.

4. The Contract Monitor will notify the Contractor in writing of: (i) the acceptance or denial, or (ii) contingent or temporary approval for a specified time limit, of the requested substitution. The Contract Monitor will not unreasonably withhold approval of a requested Key Personnel replacement.

3.10.4 Replacement Circumstances

3.10.4.1 Voluntary Key Personnel Replacement. To voluntarily replace any Key Personnel, the Contractor shall submit substitution request as described in paragraph 3.10.3 of this section to the Contract Monitor at least fifteen (15) days prior to the intended date of change. Except in a circumstance described in paragraph 3.10.4 (2) of this clause, a substitution may not occur unless and until the Contract Monitor approves the substitution in writing.

3.10.4.2 Key Personnel Replacement Due to Vacancy. The Contractor shall replace Key Personnel whenever a vacancy occurs due to the sudden termination, resignation, leave of absence due to an Extraordinary Personal Circumstance, Incapacitating injury, illness or physical condition, or death of such personnel. (A termination or resignation with thirty (30) days or more advance notice shall be treated as a Voluntary Key Personnel Replacement as per Section 3.10.4.1 of this section.). Under any of the circumstances set forth in this paragraph 3.10.4.2, the Contractor shall identify a suitable replacement and provide the same information or items required under paragraph 3.10.3 of this section within fifteen (15) days of the actual vacancy occurrence or from when the Contractor first knew or should have known that the vacancy would be occurring, whichever is earlier.

3.10.4.3 Key Personnel Replacement Due to an Indeterminate Absence. If any Key Personnel has been absent from his/her job for a period of ten (10) days due to injury, illness, or other physical condition, leave of absence under a family medical leave, or an Extraordinary Personal Circumstance and it is not known or reasonably anticipated that the individual will be returning to work within the next twenty (20) days to fully resume all job duties, before the 25th day of continuous absence, the Contractor shall identify a suitable replacement and provide the same information or items to the Contract Monitor as required under paragraph 3.10.3 of this section.

However, if this person is available to return to work and fully perform all job duties before a replacement has been authorized by the Contract Monitor, at the option and sole discretion of the Contract Monitor, the original personnel may continue to work under the Contract, or the replacement personnel will be authorized to replace the original personnel, notwithstanding the original personnel’s ability to return.

3.10.4.4 Directed Personnel Replacement.

3.10.4.4.1 The Contract Monitor may direct the Contractor to replace any personnel who are perceived as being unqualified, non-productive, unable to fully perform the job duties due to full or partial Incapacity or Extraordinary Personal Circumstance, disruptive, or known, or reasonably believed, to have committed a major infraction(s) of law, agency, or Contract requirements. Normally, a directed personnel replacement will occur only after prior notification of problems with requested remediation, as described in paragraph 3.10.4.4.2. If after such remediation, the Contract Monitor determines that the personnel performance has not improved to the level necessary to continue under the Contract, if at all possible at least fifteen (15) days notification of a directed replacement will be provided. However, if the Contract Monitor deems it necessary and in the State’s best interests to remove the personnel with
less than fifteen (15) days’ notice, the Contract Monitor can direct the removal in a timeframe of less than fifteen (15) days, including immediate removal.

In circumstances of directed removal, the Contractor shall, in accordance with paragraph 3.10.3 of this section, provide a suitable replacement for approval within fifteen (15) days of the notification of the need for removal, or the actual removal, whichever occurs first.

3.10.4.4.2 If deemed appropriate in the discretion of the Contract Monitor, the Contract Monitor shall give written notice of any personnel performance issues to the Contractor, describing the problem and delineating the remediation requirement(s). The Contractor shall provide a written Remediation Plan within ten (10) days of the date of the notice and shall implement the Remediation Plan immediately upon written acceptance by the Contract Monitor. If the Contract Monitor rejects the Remediation Plan, the Contractor shall revise and resubmit the plan to the Contract Monitor within five (5) days, or in the timeframe set forth by the Contract Monitor in writing.

Should performance issues persist despite the approved Remediation Plan, the Contract Monitor will give written notice of the continuing performance issues and either request a new Remediation Plan within a specified time limit or direct the substitution of personnel whose performance is at issue with a qualified substitute, including requiring the immediate removal of the Key Personnel at issue.

Replacement or substitution of personnel under this section shall be in addition to, and not in lieu of, the State’s remedies under the Contract or which otherwise may be available at law or in equity.
SECTION 4 – PROCUREMENT INSTRUCTIONS

4.1 Pre-Proposal Conference

A Pre-Proposal Conference (the Conference) will be held at the date, time, and location indicated on the RFP Key Information Summary Sheet (near the beginning of the solicitation, after the Title Page and Notice to Vendors). All prospective Offerors are encouraged to attend in order to facilitate better preparation of their Proposals.

The Conference will be summarized. As promptly as is feasible after the Conference, a summary of the Conference and all questions and answers known at that time will be distributed to all prospective Offerors known to have received a copy of this RFP. This summary, as well as the questions and answers, will also be posted on eMaryland Marketplace. See RFP Section 4.2.

In order to assure adequate seating and other accommodations at the Conference, please e-mail or fax the Pre-Proposal Conference Response Form (Attachment A) to the attention of the Procurement Officer at least five (5) Business Days prior to the Pre-Proposal Conference date. In addition, if there is a need for sign language interpretation and/or other special accommodations due to a disability, please notify the Procurement Officer at least five (5) Business Days prior to the Pre-Proposal Conference date. The Department will make a reasonable effort to provide such special accommodation.

4.2 eMaryland Marketplace

Each Offeror is requested to indicate its eMaryland Marketplace (eMM) vendor number in the Transmittal Letter (cover letter) submitted at the time of its Proposal submission to this RFP.

eMM is an electronic commerce system administered by the Maryland Department of General Services. In addition to using the DHMH website (http://dhmh/maryland.gov/opass/Pages/Home.aspx) and possibly other means for transmitting the RFP and associated materials, solicitation and summary of the Pre-Proposal Conference, Offeror questions, and Procurement Officer’s responses, addenda, and other solicitation-related information will be provided via eMM.

In order to receive a contract award, a vendor must be registered on eMM. Registration is free. Go to https://emaryland.buyspeed.com/bso/login.jsp, click on “Register” to begin the process, and then follow the prompts.

4.3 Questions

Written questions from prospective Offerors will be accepted by the Procurement Officer prior to the Conference. If possible and appropriate, such questions will be answered at the Conference. (No substantive question will be answered prior to the Conference.) Questions to the Procurement Officer shall be submitted via e-mail to the Procurement Officer’s e-mail address indicated on the RFP Key Information Summary Sheet (near the beginning of the solicitation, after the Title Page and Notice to Vendors). Please identify in the subject line the Solicitation Number and Title. Questions, both oral and written, will also be accepted from prospective Offerors attending the Conference. If possible and appropriate, these questions will be answered at the Conference.

Questions will also be accepted subsequent to the Conference and should be submitted to the Procurement Officer via email in a timely manner prior to the Proposal due date. Questions are requested to be submitted at least five (5) days prior to the Proposal due date. The Procurement Officer, based on the availability of time to research and communicate an answer, shall decide whether an answer can be given before the Proposal due date. Time permitting, answers to all substantive questions that have not previously been answered, and are not clearly specific only to the
requestor, will be distributed to all vendors that are known to have received a copy of the RFP in sufficient time for
the answer to be taken into consideration in the Proposal.

### 4.4 Procurement Method

This Contract will be awarded in accordance with the Competitive Sealed Proposals method under COMAR 21.05.03.

### 4.5 Proposals Due (Closing) Date and Time

Proposals, in the number and form set forth in RFP Section 5.2 “Proposals” must be received by the Procurement
Officer at the Procurement Officer’s address no later than the Proposal Due date and time indicated on the RFP Key
Information Summary Sheet (near the beginning of the solicitation, after the Title Page and Notice to Vendors) in
order to be considered.

Requests for extension of this time or date will not be granted. Offerors mailing Proposals should allow sufficient
mail delivery time to ensure timely receipt by the Procurement Officer. Except as provided in COMAR 21.05.03.02.F
and 21.05.02.10, Proposals received after the due date and time listed in the RFP Key Information Summary Sheet
will not be considered.

Proposals may be modified or withdrawn by written notice received by the Procurement Officer before the time and
date set forth in the RFP Key Information Summary Sheet for receipt of Proposals.

**Proposals may not be submitted by e-mail or facsimile. Proposals will not be opened publicly.**

Vendors not responding to this solicitation are requested to submit the “Notice to Vendors” form, which includes
company information and the reason for not responding (e.g., too busy, cannot meet mandatory requirements, etc.).
This form is located in the RFP immediately following the Title Page (page ii).

### 4.6 Multiple or Alternate Proposals

Multiple and/or alternate Proposals will not be accepted.

### 4.7 Economy of Preparation

Proposals should be prepared simply and economically and provide a straightforward and concise description of the
Offeror’s Proposal to meet the requirements of this RFP.

### 4.8 Public Information Act Notice

An Offeror should give specific attention to the clear identification of those portions of its Proposal that it considers
confidential and/or proprietary commercial information or trade secrets, and provide justification why such materials,
upon request, should not be disclosed by the State under the Public Information Act, Md. Code Ann., General
Provisions Article, Title 4. (Also, see RFP Section 5.4.2.2 “Claim of Confidentiality”). This confidential and/or
proprietary information should be identified by page and section number and placed after the Title Page and before
the Table of Contents in the Technical Proposal and if applicable, separately in the Financial Proposal.
Offerors are advised that, upon request for this information from a third party, the Procurement Officer is required to make an independent determination whether the information must be disclosed.

### 4.9 Award Basis

The Contract shall be awarded to the responsible Offeror submitting the Proposal that has been determined to be the most advantageous to the State, considering price and evaluation factors set forth in this RFP (see COMAR 21.05.03.03F), for providing the goods and services as specified in this RFP. See RFP Section 6 for further award information.

### 4.10 Oral Presentation

Offerors may be required to make oral presentations to State representatives. Offerors must confirm in writing any substantive oral clarification of or change in their Proposals made in the course of discussions. Any such written clarifications or changes then become part of the Offeror’s Proposal and are binding if the Contract is awarded. The Procurement Officer will notify Offerors of the time and place of oral presentations.

### 4.11 Duration of Proposal

Proposals submitted in response to this RFP are irrevocable for 120 days following the closing date for submission of Proposals or best and final offers (see Section 6.5.2.5) if requested. This period may be extended at the Procurement Officer’s request only with the Offeror’s written agreement.

### 4.12 Revisions to the RFP

If it becomes necessary to revise this RFP before the due date for Proposals, the Department shall endeavor to provide addenda to all prospective Offerors that were sent this RFP or are otherwise known by the Procurement Officer to have obtained this RFP. In addition, addenda to the RFP will be posted on the Department’s procurement web page and through eMM. It remains the responsibility of all prospective Offerors to check all applicable websites for any addenda issued prior to the submission of Proposals. Addenda made after the due date for Proposals will be sent only to those Offerors that submitted timely Proposals and that remain under award consideration as of the issuance date of the addenda.

Acknowledgment of the receipt of all addenda to this RFP issued before the Proposal due date shall be included in the Transmittal Letter accompanying the Offeror’s Technical Proposal. Acknowledgement of the receipt of addenda to the RFP issued after the Proposal due date shall be in the manner specified in the addendum notice. Failure to acknowledge receipt of an addendum does not relieve the Offeror from complying with the terms, additions, deletions, or corrections set forth in the addendum.

### 4.13 Cancellations

The State reserves the right to cancel this RFP, accept or reject any and all Proposals, in whole or in part, received in response to this RFP, waive or permit the cure of minor irregularities, and conduct discussions with all qualified or potentially qualified Offerors in any manner necessary to serve the best interests of the State. The State also reserves the right, in its sole discretion, to award a Contract based upon the written Proposals received without discussions or negotiations.
In the event, a government entity proposes and receives the recommendation for award for the Contract resulting from this RFP, the procurement may be cancelled and the award processed as a Memorandum of Understanding in accordance with COMAR 21.01.03.01.A(4).

### 4.14 Incurred Expenses

The State will not be responsible for any costs incurred by any Offeror in preparing and submitting a Proposal, in making an oral presentation, providing a demonstration, or performing any other activities related to submitting a Proposal in response to this solicitation.

### 4.15 Protest/Disputes

Any protest or dispute related, respectively, to this solicitation or the resulting Contract shall be subject to the provisions of COMAR 21.10 (Administrative and Civil Remedies).

### 4.16 Offeror Responsibilities

The selected Offeror shall be responsible for all products and services required by this RFP. All subcontractors must be identified and a complete description of their role relative to the Proposal must be included in the Offeror’s Proposal. If applicable, subcontractors utilized in meeting the established MBE or VSBE participation goal(s) for this solicitation shall be identified as provided in the appropriate Attachment(s) to this RFP (see Section 4.26 “Minority Business Enterprise Goals” and Section 4.27 “Veteran-Owned Small Business Enterprise Goal”).

If an Offeror that seeks to perform or provide the services required by this RFP is the subsidiary of another entity, all information submitted by the Offeror, including but not limited to references, financial reports, or experience and documentation (e.g. insurance policies, bonds, letters of credit) used to meet minimum qualifications, if any, shall pertain exclusively to the Offeror, unless the parent organization will guarantee the performance of the subsidiary. If applicable, the Offeror shall submit with its Proposal an explicit statement, signed by an authorized representative of the parent organization, stating that the parent organization will guarantee the performance of the subsidiary.

A parental guarantee of the performance of the Offeror under this Section will not automatically result in crediting the Offeror with the experience and/or qualifications of the parent under any evaluation criteria pertaining to the Offeror’s experience and qualifications. Instead, the Offeror will be evaluated on the extent to which the State determines that the experience and qualification of the parent are transferred to and shared with the Offeror, the parent is directly involved in the performance of the Contract, and the value of the parent’s participation as determined by the State.

### 4.17 Mandatory Contractual Terms

By submitting a Proposal in response to this RFP, an Offeror, if selected for award, shall be deemed to have accepted the terms and conditions of this RFP and the Contract, attached herein as Attachment M. Any exceptions to this RFP or the Contract shall be clearly identified in the Executive Summary of the Technical Proposal. **A Proposal that takes exception to these terms may be rejected (see RFP Section 5.4.2.4).**

### 4.18 Proposal Affidavit

A Proposal submitted by an Offeror must be accompanied by a completed Proposal Affidavit. A copy of this Affidavit is included as Attachment C of this RFP.
4.19 Contract Affidavit

All Offerors are advised that if a Contract is awarded as a result of this solicitation, the successful Offeror will be required to complete a Contract Affidavit, a copy which is included as Attachment N of this RFP. This Affidavit must be provided within five (5) Business Days of notification of proposed Contract award. The Contractor must also submit a Contract Affidavit with any Contract renewal, including the exercise of any options or modifications that may extend the Contract term. For purposes of completing Section “B” of this Affidavit (Certification of Registration or Qualification with the State Department of Assessments and Taxation), a business entity that is organized outside of the State of Maryland is considered a “foreign” business.

4.20 Compliance with Laws/Arrearages

By submitting a Proposal in response to this RFP, the Offeror, if selected for award, agrees that it will comply with all federal, State, and local laws applicable to its activities and obligations under the Contract.

By submitting a response to this solicitation, each Offeror represents that it is not in arrears in the payment of any obligations due and owing the State, including the payment of taxes and employee benefits, and shall not become so in arrears during the term of the Contract if selected for Contract award.

4.21 Verification of Registration and Tax Payment

Before a business entity can do business in the State, it must be registered with the State Department of Assessments and Taxation (SDAT). SDAT is located at State Office Building, Room 803, 301 West Preston Street, Baltimore, Maryland 21201. For registration information, visit https://www.egov.maryland.gov/businessexpress .

It is strongly recommended that any potential Offeror complete registration prior to the due date for receipt of Proposals. An Offeror’s failure to complete registration with SDAT may disqualify an otherwise successful Offeror from final consideration and recommendation for Contract award.

4.22 False Statements

Offerors are advised that Md. Code Ann., State Finance and Procurement Article, § 11-205.1 provides as follows:

(a) In connection with a procurement contract a person may not willfully:

   (1) falsify, conceal, or suppress a material fact by any scheme or device;
   (2) make a false or fraudulent statement or representation of a material fact; or

(b) A person may not aid or conspire with another person to commit an act under subsection (a) of this section.

(c) A person who violates any provision of this section is guilty of a felony and on conviction is subject to a fine not exceeding $20,000 or imprisonment not exceeding 5 years or both.

4.26 Minority Business Enterprise Goals

4.26.1 Establishment of Goal and Subgoals. An overall MBE subcontractor participation goal of 5% of the total contract dollar value, including all option years, if any, has been established for this procurement.

Notwithstanding any subgoals established above, the Contractor is encouraged to use a diverse group of subcontractors and suppliers from any/all of the various MBE classifications to meet the remainder of the overall MBE participation goal.

There are no MBE subcontractor participation subgoals for this procurement.

4.26.2 Attachments D-1 to D-5 – The following Minority Business Enterprise participation instructions, and forms are provided to assist Offerors:

<table>
<thead>
<tr>
<th>Attachment D-1A</th>
<th>MBE Utilization and Fair Solicitation Affidavit &amp; MBE Participation Schedule (must be submitted with Proposal)</th>
</tr>
</thead>
<tbody>
<tr>
<td>Attachment D-1B</td>
<td>Waiver Guidance</td>

<tr>
<td>Attachment D-1C</td>
<td>Good Faith Efforts Documentation to Support Waiver Request</td>
</tr>
<tr>
<td>Attachment D-2</td>
<td>Outreach Efforts Compliance Statement</td>
</tr>
</tbody>
</table>
4.26.3 An Offeror shall include with its Proposal a completed MBE Utilization and Fair Solicitation Affidavit (Attachment D-1A) whereby:

(a) The Offeror acknowledges the certified MBE participation goal and commits to make a good faith effort to achieve the goal and any applicable subgoals, or requests a waiver, and affirms that MBE subcontractors were treated fairly in the solicitation process; and

(b) The Offeror responds to the expected degree of MBE participation, as stated in the solicitation, by identifying the specific commitment of certified MBEs at the time of Proposal submission. The Offeror shall specify the percentage of total contract value associated with each MBE subcontractor identified on the MBE participation schedule, including any work performed by the MBE Prime (including a Prime participating as a joint venture) to be counted towards meeting the MBE participation goals.

(c) An Offeror requesting a waiver should review Attachment D-1B (Waiver Guidance) and D-1C (Good Faith Efforts Documentation to Support Waiver Request) prior to submitting its request.

If an Offeror fails to submit a completed Attachment D-1A with the Proposal as required, the Procurement Officer shall determine that the Proposal is not reasonably susceptible of being selected for award.

4.26.4 Offerors are responsible for verifying that each MBE (including any MBE Prime and/or MBE Prime participating in a joint venture) selected to meet the goal and any subgoals and subsequently identified in Attachment D-1A is appropriately certified and has the correct NAICS codes allowing it to perform the committed work.

4.26.5 Within ten (10) Business Days from notification that it is the recommended awardee or from the date of the actual award, whichever is earlier, the Offeror must provide the following documentation to the Procurement Officer.

(a) Outreach Efforts Compliance Statement (Attachment D-2);

(b) MBE Subcontractor/Prime Project Participation Certification (Attachment D-3A/3B); and

(c) Any other documentation required by the Procurement Officer to ascertain Offeror responsibility in connection with the certified MBE subcontractor participation goal or any applicable subgoals.

Further, if the recommended awardee believes a waiver (in whole or in part) of the overall MBE goal or of any applicable subgoal is necessary, the recommended awardee must submit a fully-documented waiver request that complies with COMAR 21.11.03.11.

If the recommended awardee fails to return each completed document within the required time, the Procurement Officer may determine that the recommended awardee is not responsible and, therefore, not eligible for Contract award. If the Contract has already been awarded, the award is voidable.

4.26.6 A current directory of certified MBEs is available through the Maryland State Department of Transportation (MDOT), Office of Minority Business Enterprise, 7201 Corporate Center Drive, Hanover, Maryland 21076. The phone numbers are (410) 865-1269, 1-800-544-6056, or TTY (410) 865-1342. The directory is also available on the MDOT website at http://mbe.mdot.maryland.gov/directory/. The most current and up-to-date information on MBEs is available via this website. Only MDOT-certified MBEs may be used to meet the MBE subcontracting goals.
4.26.7 The Contractor, once awarded a Contract, will be responsible for submitting or requiring its subcontractor(s) to submit the following forms to provide the State with ongoing monitoring of MBE participation:

(a) Attachment D-4A (Prime Contractor Paid/Unpaid MBE Invoice Report);
(b) Attachment D-4B (MBE Prime Contractor Report, if applicable); and
(c) Attachment D-5 (MBE Subcontractor Unpaid MBE Invoice Report).

4.26.8 An Offeror that requested a waiver of the goal or any of the applicable subgoals will be responsible for submitting the Good Faith Efforts Documentation to Support Waiver Request (Attachment D-1C) and all documentation within ten (10) Business Days from notification that it is the recommended awardee or from the date of the actual award, whichever is earlier, as required in COMAR 21.11.03.11.

4.26.9 All documents, including the MBE Utilization and Fair Solicitation Affidavit & MBE Participation Schedule (Attachment D-1A), completed and submitted by the Offeror in connection with its certified MBE participation commitment shall be considered a part of the resulting Contract and are hereby expressly incorporated into the Contract by reference thereto. All of the referenced documents will be considered a part of the Proposal for order of precedence purposes (see Contract – Attachment M, Section 2.1).

4.26.10 The Offeror is advised that liquidated damages will apply in the event the Contractor fails to comply in good faith with the requirements of the MBE program and pertinent Contract provisions. (See Contract – Attachment M, “Liquidated Damages” clause).

4.26.11 As set forth in COMAR 21.11.03.12-1(D), when a certified MBE firm participates on a Contract as a Prime Contractor (including a joint-venture where the MBE firm is a partner), a procurement agency may count the distinct, clearly defined portion of the work of the contract that the certified MBE firm performs with its own work force towards fulfilling up to fifty percent (50%) of the MBE participation goal (overall) and up to one hundred percent (100%) of not more than one of the MBE participation sub-goals, if any, established for the contract.

In order to receive credit for self-performance, an MBE Prime must list its firm in Section 4A of the MBE Participation Schedule (Attachment D-1A) and include information regarding the work it will self-perform. For the remaining portion of the overall goal and the sub-goals, the MBE Prime must also identify certified MBE subcontractors (see Section 4B of the MBE Participation Schedule (Attachment D-1A) used to meet those goals. If dually-certified, the MBE Prime can be designated as only one of the MBE sub-goal classifications but can self-perform up to 100% of the stated sub-goal.

As set forth in COMAR 21.11.03.12-1, once the Contract work begins, the work performed by a certified MBE firm, including an MBE Prime, can only be counted towards the MBE participation goal(s) if the MBE firm is performing a commercially useful function on the Contract.

4.26.12 With respect to Contract administration, the Contractor shall:

(1) Submit to the Department’s designated representative by the 10th of the month following the reporting period:
   a. A Prime Contractor Paid/Unpaid MBE Invoice Report (Attachment D-4A) listing any unpaid invoices, over 45 days old, received from any certified MBE subcontractor, the amount of each invoice and the reason payment has not been made; and
   b. (If Applicable) An MBE Prime Contractor Report (Attachment D-4B) identifying an MBE Prime’s self-performing work to be counted towards the MBE participation goals.

(2) Include in its agreements with its certified MBE subcontractors a requirement that those subcontractors submit to the Department’s designated representative by the 10th of the month following the reporting period
an MBE Subcontractor Paid/Unpaid Invoice Report (Attachment D-5) that identifies the Contract and lists all payments to the MBE subcontractor received from the Contractor in the preceding reporting period month, as well as any outstanding invoices, and the amounts of those invoices.

(3) Maintain such records as are necessary to confirm compliance with its MBE participation obligations. These records must indicate the identity of certified minority and non-minority subcontractors employed on the Contract, type of work performed by each, and actual dollar value of work performed. Subcontract agreements documenting the work performed by all MBE participants must be retained by the Contractor and furnished to the Procurement Officer on request.

(4) Consent to provide such documentation as reasonably requested and right-of-entry at reasonable times for purposes of the State’s representatives verifying compliance with the MBE participation obligations. Contractor must retain all records concerning MBE participation and make them available for State inspection for three years after final completion of the Contract.

(5) Upon completion of the Contract and before final payment and/or release of retainage, submit a final report in affidavit form and under penalty of perjury, of all payments made to, or withheld from MBE subcontractors.

### 4.27 Veteran-Owned Small Business Enterprise Goal

There is no Veteran-Owned Small Business Enterprise (VSBE) participation goal for this procurement.

### 4.28 Living Wage Requirements

4.28.1 Maryland law requires that Contractors meeting certain conditions pay a living wage to covered employees on State service contracts over $100,000. Maryland Code, State Finance and Procurement, § 18-101 et al. The Commissioner of Labor and Industry at the Department of Labor, Licensing and Regulation requires that a Contractor subject to the Living Wage law submit payroll records for covered employees and a signed statement indicating that it paid a living wage to covered employees; or receive a waiver from Living Wage reporting requirements. See COMAR 21.11.10.05.

4.28.2 If subject to the Living Wage law, Contractor agrees that it will abide by all Living Wage law requirements, including but not limited to reporting requirements in COMAR 21.11.10.05. Contractor understands that failure of Contractor to provide such documents is a material breach of the terms and conditions and may result in Contract termination, disqualification by the State from participating in State contracts, and other sanctions. See the “Living Wage” clause in the Contract (Attachment M).

4.28.3 Additional information regarding the State’s living wage requirement is contained in Attachment F. Offerors must complete and submit the Maryland Living Wage Requirements Affidavit of Agreement (Attachment F-1) with their Proposals. If an Offeror fails to complete and submit the required documentation, the State may determine the Offeror to be not responsible under State law.

4.28.4 Contractors and subcontractors subject to the Living Wage Law shall pay each covered employee at least the minimum amount set by law for the applicable Tier area. The specific living wage rate is determined by whether a majority of services take place in a Tier 1 Area or Tier 2 Area of the State. The Tier 1 Area includes Montgomery, Prince George’s, Howard, Anne Arundel and Baltimore Counties, and Baltimore City. The Tier 2 Area includes any county in the State not included in the Tier 1 Area. In the event that the employees who perform the services are not located in the State, the head of the unit responsible for a State Contract pursuant to §18-102(d) of the State Finance and Procurement Article shall assign the tier based upon where the recipients of the services are located.
4.28.5 The Contract resulting from this solicitation will be determined to be a Tier 1 Contract or a Tier 2 Contract depending on the location(s) from which the Contractor provides 50% or more of the services. The Offeror must identify in its Proposal the location(s) from which services will be provided, including the location(s) from which 50% or more of the Contract services will be provided.

(1) If the Contractor provides 50% or more of the services from a location(s) in a Tier 1 jurisdiction(s) the Contract will be a Tier 1 Contract.
(2) If the Contractor provides 50% or more of the services from a location(s) in a Tier 2 jurisdiction(s), the Contract will be a Tier 2 Contract.
(3) If the Contractor provides more than 50% of the services from an out-of-State location, the State agency determines the wage tier based on where the majority of the service recipients are located. In this circumstance, this Contract will be determined to be a Tier 1 Contract.

4.28.6 Information pertaining to reporting obligations may be found by going to the Maryland Department of Labor, Licensing and Regulation (DLLR) website: http://www.dllr.state.md.us/labor/prev/livingwage.shtml.

NOTE: Whereas the Living Wage may change annually, the Contract price may not be changed because of a Living Wage change.

4.29 Federal Funding Acknowledgement

4.29.1 There are programmatic conditions that apply to this Contract due to federal funding. (See Attachment G).

4.30 Conflict of Interest Affidavit and Disclosure

Offerors shall complete and sign the Conflict of Interest Affidavit and Disclosure (Attachment H) and submit it with their Proposals. All Offerors are advised that if a Contract is awarded as a result of this solicitation, the Contractor’s personnel who perform or control work under this Contract and each of the participating subcontractor personnel who perform or control work under this Contract shall be required to complete agreements substantially similar to Attachment H, Conflict of Interest Affidavit and Disclosure. For policies and procedures applying specifically to Conflict of Interests, the Contract is governed by COMAR 21.05.08.08.

4.31 Non-Disclosure Agreement

All Offerors are advised that this solicitation and any resultant Contract(s) are subject to the terms of the Non-Disclosure Agreement (NDA) contained in this solicitation as Attachment I. This Agreement must be provided within five (5) Business Days of notification of proposed Contract award. However, to expedite processing, it is suggested that this document be completed and submitted with the Proposal.

4.32 HIPAA - Business Associate Agreement

Based on the determination by the Department that the functions to be performed in accordance with this solicitation constitute Business Associate functions as defined in the Health Insurance Portability and Accountability Act of 1996 (HIPAA), the recommended awardee shall execute a Business Associate Agreement as required by HIPAA regulations at 45 C.F.R. §164.500 et seq. and set forth in Attachment J. This Agreement must be provided within five (5) Business Days of notification of proposed Contract award. However, to expedite processing, it is suggested that this document be completed and submitted with the Proposal. Should the Business Associate Agreement not be submitted upon expiration of the five (5) Business Day period as required by this solicitation, the Procurement
Officer, upon review of the Office of the Attorney General and approval of the Secretary, may withdraw the recommendation for award and make the award to the responsible Offeror with the next highest overall-ranked Proposal.

4.33 Nonvisual Access

This solicitation does not contain Information Technology (IT) provisions requiring Nonvisual Access.

4.34 Mercury and Products That Contain Mercury

This solicitation does not include the procurement of products known to likely include mercury as a component.

4.35 Location of the Performance of Services Disclosure

The Offeror is required to complete the Location of the Performance of Services Disclosure. A copy of this Disclosure is included as Attachment L. The Disclosure must be provided with the Proposal.

4.36 Department of Human Resources (DHR) Hiring Agreement

This solicitation does not require a DHR Hiring Agreement.

4.37 Small Business Reserve (SBR) Procurement

This solicitation is not designated as a Small Business Reserve (SBR) Procurement.

THE REMAINDER OF THIS PAGE IS INTENTIONALLY LEFT BLANK.
5.1 Two Part Submission

Offerors shall submit Proposals in separate volumes:

- Volume I – TECHNICAL PROPOSAL
- Volume II – FINANCIAL PROPOSAL

5.2 Proposals

5.2.1 Volume I – Technical Proposal, and Volume II – Financial Proposal shall be sealed separately from one another. It is preferred, but not required, that the name, email address, and telephone number of a contact person for the Offeror be included on the outside of the packaging for each volume. Each Volume shall contain an unbound original, so identified, and five (5). Unless the resulting package will be too unwieldy, the Department’s preference is for the two (2) sealed Volumes to be submitted together in a single package including a label bearing:

1. RFP title and number,
2. Name and address of the Offeror, and
3. Closing date and time for receipt of Proposals

to the Procurement Officer (see RFP Key Information Summary Sheet) prior to the date and time for receipt of Proposals (see RFP Section 4.4 “Proposals Due (Closing) Date and Time”).

5.2.2 An electronic version (on Compact Disk/CD, Digital Versatile Disc/DVD, or Universal Serial Bus/USB Flash/Thumb Drive) of Volume I - Technical Proposal in Microsoft Word format must be enclosed with the original Volume I - Technical Proposal submission. An electronic version (on CD, DVD, or USB Flash Drive) of Volume II - Financial Proposal in Microsoft Word or Microsoft Excel format must be enclosed with the original Volume II - Financial Proposal submission. Each CD/DVD/USB Flash Drive must be labeled on the outside with the RFP title and number, name of the Offeror, and volume number. Each CD/DVD/USB Flash Drive must be packaged with the original copy of the appropriate Proposal (Technical or Financial). In the event of any discrepancy between the hard copy and electronic versions of an Offeror’s Proposal, the State shall determine the controlling version in accordance with the State’s interests.

5.2.3 A second electronic version of Volume I and Volume II in searchable Adobe .pdf format shall be submitted on CD, DVD, or USB Flash Drive for Public Information Act (PIA) requests. This copy shall be redacted so that confidential and/or proprietary information has been removed (see RFP Section 4.8 “Public Information Act Notice”).

5.2.4 Beginning with Tab B (see RFP Section 5.4.2.3), all pages of both Proposal volumes shall be consecutively-numbered from beginning (Page 1) to end (Page “x”). The Title Page, Table of Contents, and any Claim of Confidentiality (Tabs A and A-1; see RFP Sections 5.4.2.1 and 5.4.2.2), should be numbered using romanettes (ex. i, ii, iii, iv, v, etc.).

5.2.5 Proposals and any modifications to Proposals will be shown only to State employees, members of the Evaluation Committee, and other persons deemed by the Department to have a legitimate interest in them.
5.3 Delivery

Offerors may either mail or hand-deliver Proposals.

5.3.1 For U.S. Postal Service deliveries, any Proposal that has been received at the appropriate mailroom, or typical place of mail receipt, for the respective procuring unit by the time and date listed in the RFP will be deemed to be timely. If an Offeror chooses to use the U.S. Postal Service for delivery, the Department recommends that it use Express Mail, Priority Mail, or Certified Mail only as these are the only forms for which both the date and time of receipt can be verified by the Department. It could take several days for an item sent by first class mail to make its way by normal internal mail to the procuring unit and an Offeror using first class mail will not be able to prove a timely delivery at the mailroom.

5.3.2 Hand-delivery includes delivery by commercial carrier acting as agent for the Offeror. For any type of direct (non-mail) delivery, an Offeror is advised to secure a dated, signed, and time-stamped (or otherwise indicated) receipt of delivery.

5.3.3 After receipt, a Register of Proposals will be prepared that identifies each Offeror. The Register of Proposals will be open to inspection only after the Procurement Officer makes a determination recommending the award of the Contract.

5.4 Volume I – Technical Proposal

Note: No pricing information is to be included in the Technical Proposal (Volume I). Pricing information is to be included only in the Financial Proposal (Volume II).

5.4.1 Format of Technical Proposal. Inside a sealed package described in Section 5.2 “Proposals,” the unbound original, five (5) copies, and the electronic version shall be provided. The RFP sections are numbered for ease of reference. Section 5.4.2 sets forth the order of information to be provided in the Technical Proposal, e.g., Section 5.4.2.1 “Title and Table of Contents,” Section 5.4.2.2 “Claim of Confidentiality,” Section 5.4.2.3 “Transmittal Letter,” Section 5.4.2.4 “Executive Summary,” etc. In addition to the instructions below, responses in the Offeror’s Technical Proposal should reference the organization and numbering of Sections in the RFP (ex. “Section 2.2.1 Response . . .; “Section 2.2.2 Response . . .,” etc.). This Proposal organization will allow State officials and the Evaluation Committee (see RFP Section 6.1) to “map” Offeror responses directly to RFP requirements by Section number and will aid in the evaluation process.

5.4.2 The Technical Proposal shall include the following documents and information in the order specified as follows. Each section of the Technical Proposal shall be separated by a TAB as detailed below:

5.4.2.1 Title Page and Table of Contents (Submit under TAB A). The Technical Proposal should begin with a Title Page bearing the name and address of the Offeror and the name and number of this RFP. A Table of Contents shall follow the Title Page for the Technical Proposal, organized by section, subsection, and page number.

5.4.2.2 Claim of Confidentiality (If applicable, submit under TAB A-1). Any information which is claimed to be confidential is to be noted by reference and included after the Title Page and before the Table of Contents, and if applicable, also in the Offeror’s Financial Proposal. An explanation for each claim of confidentiality shall be included (see Section 4.8 “Public Information Act Notice”). The entire Proposal should not be given a blanket confidentiality designation. Any confidentiality designation must apply to specific sections, pages, or portions of pages of the Proposal.
5.4.2.3 **Transmittal Letter (Submit under TAB B)**. A Transmittal Letter shall accompany the Technical Proposal. The purpose of this letter is to transmit the Proposal and acknowledge the receipt of any addenda. The Transmittal Letter should be brief and signed by an individual who is authorized to commit the Offeror to the services and requirements as stated in this RFP. The Transmittal Letter should include the following:

1. Name and address of the Offeror;
2. Name, title, e-mail address, and telephone number of primary contact for the Offeror;
3. Solicitation Title and Solicitation Number that the Proposal is in response to;
4. Signature, typed name, and title of an individual authorized to commit the Offeror to its Proposal;
5. Federal Employer Identification Number (FEIN) of the Offeror, or if a single individual, that individual’s Social Security Number (SSN);
6. Offeror’s eMM number;
7. Offeror’s MBE certification number (if applicable);
8. Acceptance of all State RFP and Contract terms and conditions (see Section 4.17); if any exceptions are taken, they are to be noted in the Executive Summary (see Section 5.4.2.4); and
9. Acknowledgement of all addenda to this RFP.

5.4.2.4 **Executive Summary (Submit under TAB C)**. The Offeror shall condense and highlight the contents of the Technical Proposal in a separate section titled “Executive Summary.” The Summary shall identify the Service Category(ies) and Region(s) for which the Offeror is proposing to provide services (if applicable). In addition, the Summary shall indicate whether the Offeror is the subsidiary of another entity, and if so, whether all information submitted by the Offeror pertains exclusively to the Offeror. If not, the subsidiary Offeror shall include a guarantee of performance from its parent organization as part of its Executive Summary.

The Summary shall also identify any exceptions the Offeror has taken to the requirements of this RFP, the Contract (Attachment M), or any other attachments. Exceptions to terms and conditions may result in having the Proposal deemed unacceptable or classified as not reasonably susceptible of being selected for award.

If the Offeror has taken no exceptions to the requirements of this RFP, the Contract (Attachment M), or any other attachments, the Executive Summary shall so state.

5.4.2.5 **Minimum Qualifications Documentation (If applicable, Submit under TAB D)**. The Offeror shall submit any Minimum Qualifications documentation that may be required, as set forth in RFP Section 1, “Minimum Qualifications.”

5.4.5.6 **Offeror Technical Response to RFP Requirements and Proposed Work Plan (Submit under TAB E)**.

5.4.5.6.1 The Offeror shall address each Scope of Work requirement (RFP Section 2) in its Technical Proposal and describe how its proposed services, including the services of any proposed subcontractor(s), will meet or exceed the requirement(s). If the State is seeking Offeror agreement to any requirement(s), the Offeror shall state its agreement or disagreement. Any paragraph in the Technical Proposal that responds to a Scope of Work requirement shall include an explanation of how the work will be done. Any exception to a requirement, term, or condition may result in having the Proposal classified as not reasonably susceptible of being selected for award or the Offeror deemed not responsible.
5.4.5.6.2 The Offeror shall give a definitive section-by-section description of the proposed plan to meet the requirements of the RFP, i.e., a Work Plan. The Work Plan shall include the specific methodology, techniques, and number of staff, if applicable, to be used by the Offeror in providing the required services as outlined in RFP Section 2, Scope of Work. The description shall include an outline of the overall management concepts employed by the Offeror and a project management plan, including project control mechanisms and overall timelines. Project deadlines considered contract deliverables must be recognized in the Work Plan.

5.4.5.6.3 The Offeror shall identify the location(s) from which it proposes to provide the services, including, if applicable, any current facilities that it operates, and any required construction to satisfy the State’s requirements as outlined in this RFP.

5.4.5.6.4 The Offeror shall provide a draft Problem Escalation Procedure (PEP) that includes, at a minimum, titles of individuals to be contacted by the Department’s Contract Monitor should problems arise under the Contract and explains how problems with work under the Contract will be escalated in order to resolve any issues in a timely manner. Final procedures shall be submitted as indicated in RFP Section 3.3.

5.4.2.7 Experience and Qualifications of Proposed Staff (Submit under TAB F). The Offeror shall identify the qualifications and types of staff proposed to be utilized under the Contract.

The Offeror shall describe in detail how the proposed staff’s experience and qualifications relate to their specific responsibilities, including any staff of proposed subcontractor(s), as detailed in the Work Plan. The Offeror shall include individual resumes for the Key Personnel, including Key Personnel for any proposed subcontractor(s), who are to be assigned to the project if the Offeror is awarded the Contract. Each resume should include the amount of experience the individual has had relative to the Scope of Work set forth in this solicitation. Letters of intended commitment to work on the project, including letters from any proposed subcontractor(s), shall be included in this section.

The Offeror shall provide an Organizational Chart outlining personnel and their related duties. The Offeror shall include job titles and the percentage of time each individual will spend on his/her assigned tasks. Offerors using job titles other than those commonly used by industry standards must provide a crosswalk reference document.

5.4.2.8 Offeror Qualifications and Capabilities (Submit under TAB G). The Offeror shall include information on past experience with similar projects and/or services. The Offeror shall describe how its organization can meet the requirements of this RFP and shall also include the following information:

1. The number of years the Offeror has provided the similar services;
2. The number of clients/customers and geographic locations that the Offeror currently serves;
3. The names and titles of headquarters or regional management personnel who may be involved with supervising the services to be performed under this Contract;
4. The Offeror’s process for resolving billing errors; and
5. An organizational chart that identifies the complete structure of the Offeror, including any parent company, headquarters, regional offices, and subsidiaries of the Offeror.

5.4.2.9 References (Submit under TAB H). At least three (3) references are requested from customers who are capable of documenting the Offeror’s ability to provide the services specified in this RFP. References used to meet any Minimum Qualifications (see RFP Section 1) may be used to meet this
request. Each reference shall be from a client for whom the Offeror has provided services within the past five (5) years and shall include the following information:

(1) Name of client organization;
(2) Name, title, telephone number, and e-mail address, if available, of point of contact for client organization; and
(3) Value, type, duration, and description of services provided.

The Department reserves the right to request additional references or utilize references not provided by an Offeror.

5.4.2.10 **List of Current or Prior State Contracts (Submit under TAB I).** Provide a list of all contracts with any entity of the State of Maryland for which the Offeror is currently performing services or for which services have been completed within the last five (5) years. For each identified contract, the Offeror is to provide:

(1) The State contracting entity;
(2) A brief description of the services/goods provided;
(3) The dollar value of the contract;
(4) The term of the contract;
(5) The State employee contact person (name, title, telephone number, and, if possible, e-mail address); and
(6) Whether the contract was terminated before the end of the term specified in the original contract, including whether any available renewal option was not exercised.

Information obtained regarding the Offeror’s level of performance on State contracts will be used by the Procurement Officer to determine the responsibility of the Offeror and considered as part of the experience and past performance evaluation criteria of the RFP.

5.4.2.11 **Financial Capability (Submit under TAB J).** An Offeror must include in its Proposal a commonly-accepted method to prove its fiscal integrity. If available, the Offeror shall include Financial Statements, preferably a Profit and Loss (P&L) statement and a Balance Sheet, for the last two (2) years (independently audited preferred).

In addition, the Offeror may supplement its response to this Section by including one or more of the following with its response:

(1) Dun & Bradstreet Rating;
(2) Standard and Poor’s Rating;
(3) Lines of credit;
(4) Evidence of a successful financial track record; and
(5) Evidence of adequate working capital.

5.4.2.12 **Certificate of Insurance (Submit under TAB K).** The Offeror shall provide a copy of its current certificate of insurance showing the types and limits of insurance in effect as of the Proposal submission date. The current insurance types and limits do not have to be the same as described in Section 3.1. See Section 3.1 for the required insurance certificate submission for the recommended Offeror.

5.4.2.13 **Subcontractors (Submit under TAB L).** The Offeror shall provide a complete list of all subcontractors that will work on the Contract if the Offeror receives an award, including those utilized in meeting the MBE and/or VSBE subcontracting goal, if applicable. This list shall include a
full description of the duties each subcontractor will perform and why/how each subcontractor was deemed the most qualified for this project.

5.4.2.14 **Legal Action Summary (Submit under TAB M).** This summary shall include:

1. A statement as to whether there are any outstanding legal actions or potential claims against the Offeror and a brief description of any action;
2. A brief description of any settled or closed legal actions or claims against the Offeror over the past five (5) years;
3. A description of any judgments against the Offeror within the past five (5) years, including the case name, court case docket number, and what the final ruling or determination was from the court; and
4. In instances where litigation is on-going and the Offeror has been directed not to disclose information by the court, the name of the judge and location of the court.

5.4.2.15 **Economic Benefit Factors (Submit under TAB N).** The Offeror shall submit with its Proposal a narrative describing benefits that will accrue to the Maryland economy as a direct or indirect result of its performance of this contract. Proposals will be evaluated to assess the benefit to Maryland’s economy specifically offered. The economic benefit offered should be consistent with the Offeror’s Total Proposal Price from Attachment B, the Financial Proposal Form. See COMAR 21.05.03.03A(3).

Proposals that identify specific benefits as being contractually enforceable commitments will be rated more favorably than Proposals that do not identify specific benefits as contractual commitments, all other factors being equal.

Offerors shall identify any performance guarantees that will be enforceable by the State if the full level of promised benefit is not achieved during the Contract term.

As applicable, for the full duration of the Contract, including any renewal period, or until the commitment is satisfied, the Contractor shall provide to the Procurement Officer or other designated agency personnel reports of the actual attainment of each benefit listed in response to this section. These benefit attainment reports shall be provided quarterly, unless elsewhere in these specifications a different reporting frequency is stated.

In responding to this section, the following do not generally constitute economic benefits to be derived from this Contract:

1. Generic statements that the State will benefit from the Offeror’s superior performance under the Contract;
2. Descriptions of the number of Offeror employees located in Maryland other than those that will be performing work under this Contract; and
3. Tax revenues from Maryland-based employees or locations, other than those that will be performing, or used to perform, work under this Contract.

Discussion of Maryland-based employees or locations may be appropriate if the Offeror makes some projection or guarantee of increased or retained presence based upon being awarded this Contract.

Examples of economic benefits to be derived from a contract may include any of the following. For each factor identified below, identify the specific benefit and contractual commitments and provide a breakdown of expenditures in that category:
1. The Contract dollars to be recycled into Maryland’s economy in support of the Contract, through the use of Maryland subcontractors, suppliers and joint venture partners. Do not include actual fees or rates paid to subcontractors or information from your Financial Proposal;

2. The number and types of jobs for Maryland residents resulting from the Contract. Indicate job classifications, number of employees in each classification and aggregate payroll to which the Offeror has committed, including contractual commitments at both prime and, if applicable, subcontract levels. If no new positions or subcontracts are anticipated as a result of this Contract, so state explicitly;

3. Tax revenues to be generated for Maryland and its political subdivisions as a result of the Contract. Indicate tax category (sales taxes, payroll taxes, inventory taxes and estimated personal income taxes for new employees). Provide a forecast of the total tax revenues resulting from the Contract;

4. Subcontract dollars committed to Maryland small businesses and MBEs; and

5. Other benefits to the Maryland economy which the Offeror promises will result from awarding the Contract to the Offeror, including contractual commitments. Describe the benefit, its value to the Maryland economy, and how it will result from, or because of the Contract award. Offerors may commit to benefits that are not directly attributable to the Contract, but for which the Contract award may serve as a catalyst or impetus.

5.4.3 Additional Required Technical Submissions (Submit under TAB O).

5.4.3.1 The following documents shall be completed, signed, and included in the Technical Proposal, under TAB O that follows the material submitted in response to Section 5.4.2.

a. Completed Proposal Affidavit (Attachment C).

b. Completed Maryland Living Wage Requirements Affidavit of Agreement (Attachment F-1).

format specified in **Attachment B**. The Offeror shall complete the Financial Proposal Form only as provided in the Financial Proposal Instructions and the Financial Proposal Form itself.

THE REMAINDER OF THIS PAGE IS INTENTIONALLY LEFT BLANK.
SECTION 6 – EVALUATION AND SELECTION PROCESS

6.1 Evaluation Committee

Evaluation of Proposals will be performed in accordance with COMAR 21.05.03 by a committee established for that purpose and based on the evaluation criteria set forth below. The Evaluation Committee will review Proposals, participate in Offeror oral presentations and discussions, and provide input to the Procurement Officer. The Department reserves the right to utilize the services of individuals outside of the established Evaluation Committee for advice and assistance, as deemed appropriate.

6.2 Technical Proposal Evaluation Criteria

The criteria to be used to evaluate each Technical Proposal are listed below in descending order of importance. Unless stated otherwise, any subcriteria within each criterion have equal weight.

6.2.1 Offeror’s Technical Response to RFP Requirements and Work Plan (See RFP § 5.4.2.6). The State prefers an Offeror’s response to work requirements in the RFP that illustrates a comprehensive understanding of work requirements and mastery of the subject matter, including an explanation of how the work will be done. Proposals which include limited responses to work requirements such as “concur” or “will comply” will receive a lower ranking than those Proposals that demonstrate an understanding of the work requirements and include plans to meet or exceed them.

   a. To what extent does the proposed work plan succeed in meeting the requirements, time frames, and milestones of the RFP? Are the proposed time frames realistic? Are deliverable deadlines recognized as deadlines?

   b. How sound is the methodology used to carry out the work plan? How realistic is the proposed recovery?

   c. Is there a process to monitor the delivery of contract deliverables? How sound is this process?

6.2.2 Experience and Qualifications of Proposed Staff (See RFP § 5.4.2.7)

   a. How well are the named individuals properly matched to this project with respect to their past work experience and credentials?

   b. Is the proposed staffing pattern adequate to performing the services to be performed?

6.2.3 Offeror Qualifications and Capabilities, including proposed Subcontractors (See RFP § 5.4.2.8 – 5.4.2.14)

   a. Based on the description given in its proposal, what are the overall capabilities of the Offeror relative to the requirements set forth in the RFP, e.g., size and type of staff, finances, experience, etc?

   b. Are there any conflicts of interest, financial issues, or legal issues that need to be resolved?

   c. What has been the experience of other entities when contracting and working with the Offeror

6.2.4 Economic Benefit to State of Maryland (See RFP § 5.4.2.15)
6.3 Financial Proposal Evaluation Criteria

All Qualified Offerors will be ranked from the lowest (most advantageous) to the highest (least advantageous) price based on the Total Proposal Price within the stated guidelines set forth in this RFP and as submitted on Attachment B - Financial Proposal Form.

6.4 Reciprocal Preference

Although Maryland law does not generally authorize procuring units to favor resident Offerors in awarding procurement contracts, many other states do grant their resident businesses preferences over Maryland contractors. Therefore, COMAR 21.05.01.04 permits procuring units to apply a reciprocal preference in favor of a Maryland resident business under the following conditions:

1. The Maryland resident business is a responsible Offeror;
2. The most advantageous offer is from a responsible Offeror whose principal office or principal operations through which it would provide the services required under this RFP is in another state;
3. The other state gives a preference to its resident businesses through law, policy, or practice; and
4. The Maryland resident preference does not conflict with a federal law or grant affecting the procurement Contract.

The preference given shall be identical to the preference that the other state, through law, policy, or practice gives to its resident businesses.

6.5 Selection Procedures

6.5.1 General. The Contract will be awarded in accordance with the Competitive Sealed Proposals (CSP) method found at COMAR 21.05.03. The Competitive Sealed Proposals method allows for the conducting of discussions and the revision of Proposals during these discussions. Therefore, the State may conduct discussions with all Offerors that have submitted Proposals that are determined to be reasonably susceptible of being selected for contract award or potentially so. However, the State reserves the right to make an award without holding discussions.

In either case (i.e., with or without discussions), the State may determine an Offeror to be not responsible and/or an Offeror’s Proposal to be not reasonably susceptible of being selected for award at any time after the initial closing date for receipt of Proposals and prior to Contract award. If the State finds an Offeror to be not responsible and/or an Offeror’s Technical Proposal to be not reasonably susceptible of being selected for award, that Offeror’s Financial Proposal will subsequently be returned if the Financial Proposal is unopened at the time of the determination.

6.5.2 Selection Process Sequence

6.5.2.1 A determination is made that the MDOT Certified MBE Utilization and Fair Solicitation Affidavit (Attachment D-1A) is included and properly completed, if there is an MBE goal. In addition, a determination is made that the VSBE Utilization Affidavit and Subcontractor Participation Schedule (Attachment E-1) is included and is properly completed, if there is a VSBE goal. Finally, a determination is made that all Minimum Qualifications, if any (See RFP Section 1), have been satisfied.

6.5.2.2 Technical Proposals are evaluated for technical merit and ranked. During this review, oral presentations and discussions may be held. The purpose of such discussions will be to assure a full
understanding of the State’s requirements and Offeror’s ability to perform the services, as well as facilitate arrival at a Contract that is most advantageous to the State. Offerors will be contacted by the State as soon as any discussions are scheduled.

6.5.2.3 Offerors must confirm in writing any substantive oral clarifications of, or changes in, their Technical Proposals made in the course of discussions. Any such written clarifications or changes then become part of the Offeror’s Technical Proposal. Technical Proposals are given a final review and ranked.

6.5.2.4 The Financial Proposal of each Qualified Offeror (a responsible Offeror determined to have submitted an acceptable Proposal) will be evaluated and ranked separately from the Technical evaluation. After a review of the Financial Proposals of Qualified Offerors, the Evaluation Committee or Procurement Officer may again conduct discussions to further evaluate the Offeror’s entire Proposal.

6.5.2.5 When in the best interest of the State, the Procurement Officer may permit Qualified Offerors to revise their initial Proposals and submit, in writing, Best and Final Offers (BAFOs). The State may make an award without issuing a request for a BAFO.

6.5.3 **Award Determination.** Upon completion of the Technical Proposal and Financial Proposal evaluations and rankings, each Offeror will receive an overall ranking. The Procurement Officer will recommend award of the Contract to the responsible Offeror that submitted the Proposal determined to be the most advantageous to the State. In making this most advantageous Proposal determination, technical and financial factors will receive equal weight.

### 6.6 Documents Required upon Notice of Recommendation for Contract Award

Upon receipt of a Notification of Recommendation for Contract Award, the following documents shall be completed, signed if applicable with original signatures, and submitted by the recommended awardee within five (5) Business Days, unless noted otherwise. Submit three (3) copies of each of the following documents:

1. Contract *(Attachment M)*,
2. Contract Affidavit *(Attachment N)*,

5. VSBE Attachment E-2, if applicable *see Section 4.27*,
6. Non-Disclosure Agreement *(Attachment I)*, if applicable; *see Section 4.31*,
7. HIPAA Business Associate Agreement *(Attachment J)*, if applicable; *see Section 4.32*,
8. DHR Hiring Agreement, Attachment O, if applicable *see Section 4.36*, and
9. Copy of a current Certificate of Insurance with the prescribed limits set forth in Section 3.1 “Insurance Requirements,” listing the State as an additional insured, if applicable; *see Section 3.1*

ATTACHMENT B – FINANCIAL PROPOSAL INSTRUCTIONS & FORM

B-1: FINANCIAL PROPOSAL INSTRUCTIONS

In order to assist Offerors in the preparation of their Financial Proposal and to comply with the requirements of this solicitation, Financial Proposal Instructions and a Financial Proposal Form have been prepared. Offerors shall submit their Financial Proposal on the Financial Proposal Form in accordance with the instructions on the Financial Proposal Form and as specified herein. Do not alter the Financial Proposal Form or the Proposal may be determined to be not reasonably susceptible of being selected for award. The Financial Proposal Form is to be signed and dated, where requested, by an individual who is authorized to bind the Offeror to the prices entered on the Financial Proposal Form.

The Financial Proposal Form is used to calculate the Offeror’s TOTAL PROPOSAL PRICE. Follow these instructions carefully when completing your Financial Proposal Form:

A) All Unit and Extended Prices must be clearly entered in dollars and cents, e.g., $24.15. Make your decimal points clear and distinct.

B) All Unit Prices must be the actual price per unit the State will pay for the specific item or service identified in this RFP and may not be contingent on any other factor or condition in any manner.

C) All calculations shall be rounded to the nearest cent, i.e., .344 shall be .34 and .345 shall be .35.

D) Any goods or services required through this RFP and proposed by the vendor at No Cost to the State must be clearly entered in the Unit Price, if appropriate, and Extended Price with $0.00.

E) Every blank in every Financial Proposal Form shall be filled in. Any changes or corrections made to the Financial Proposal Form by the Offeror prior to submission shall be initialed and dated.

F) Except as instructed on the Financial Proposal Form, nothing shall be entered on or attached to the Financial Proposal Form that alters or proposes conditions or contingencies on the prices. Alterations and/or conditions may render the Proposal not reasonably susceptible of being selected for award.

G) It is imperative that the prices included on the Financial Proposal Form have been entered correctly and calculated accurately by the Offeror and that the respective total prices agree with the entries on the Financial Proposal Form. Any incorrect entries or inaccurate calculations by the Offeror will be treated as provided in COMAR 21.05.03, and may cause the Proposal to be rejected.

H) If option years are included, Offerors must submit pricing for each option year. Any option to renew will be exercised at the sole discretion of the State and comply with all terms and conditions in force at the time the option is exercised. If exercised, the option period shall be for a period identified in the RFP at the prices entered in the Financial Proposal Form.

I) All Financial Proposal prices entered below are to be fully loaded prices that include all costs/expenses associated with the provision of services as required by the RFP. The Financial Proposal price shall include, but is not limited to, all: labor, profit/overhead, general operating, administrative, and all other expenses and costs necessary to perform the work set forth in the solicitation. No other amounts will be paid to the Contractor. If labor rates are requested, those amounts shall be fully-loaded rates; no overtime amounts will be paid.

J) Unless indicated elsewhere in the RFP, sample amounts used for calculations on the Financial Proposal Form are typically estimates for evaluation purposes only. Unless stated otherwise in the RFP, the Department does not guarantee a minimum or maximum number of units or usage in the performance of this Contract.

K) Failure to adhere to any of these instructions may result in the Proposal being determined not reasonably susceptible of being selected for award.

ATTACHMENT C – PROPOSAL AFFIDAVIT

A. AUTHORITY
I hereby affirm that I, ___________________ (name of affiant) am the ______________ (title) and duly authorized representative of ______________ (name of business entity) and that I possess the legal authority to make this affidavit on behalf of the business for which I am acting.

B. CERTIFICATION REGARDING COMMERCIAL NONDISCRIMINATION
The undersigned Offeror hereby certifies and agrees that the following information is correct: In preparing its Proposal on this project, the Offeror has considered all Proposals submitted from qualified, potential subcontractors and suppliers, and has not engaged in “discrimination” as defined in § 19-103 of the State Finance and Procurement Article of the Annotated Code of Maryland. “Discrimination” means any disadvantage, difference, distinction, or preference in the solicitation, selection, hiring, or commercial treatment of a vendor, subcontractor, or commercial customer on the basis of race, color, religion, ancestry, or national origin, sex, age, marital status, sexual orientation, sexual identity, or on the basis of disability or any otherwise unlawful use of characteristics regarding the vendor’s, supplier’s, or commercial customer’s employees or owners. “Discrimination” also includes retaliating against any person or other entity for reporting any incident of “discrimination”. Without limiting any other provision of the solicitation on this project, it is understood that, if the certification is false, such false certification constitutes grounds for the State to reject the Proposal submitted by the Offeror on this project, and terminate any contract awarded based on the Proposal. As part of its Proposal, the Offeror herewith submits a list of all instances within the past four (4) years where there has been a final adjudicated determination in a legal or administrative proceeding in the State of Maryland that the Offeror discriminated against subcontractors, vendors, suppliers, or commercial customers, and a description of the status or resolution of that determination, including any remedial action taken. (2) Fail to notify the certified minority business enterprise before execution of the contract of its inclusion in the Proposal;
(3) Fail to use the certified minority business enterprise in the performance of the contract; or
(4) Pay the certified minority business enterprise solely for the use of its name in the Proposal.

Without limiting any other provision of the solicitation on this project, it is understood that, if the certification is false, such false certification constitutes grounds for the State to reject the Proposal submitted by the Offeror on this project, and terminate any contract awarded based on the Proposal.

B-2. CERTIFICATION REGARDING VETERAN-OWNED SMALL BUSINESS ENTERPRISES

(2) Knowingly and with intent to defraud, fraudulently represent participation of a veteran–owned small business enterprise in order to obtain or retain a Proposal preference or a procurement contract;

(3) Willfully and knowingly make or subscribe to any statement, declaration, or other document that is fraudulent or false as to any material matter, whether or not that falsity or fraud is committed with the knowledge or consent of the person authorized or required to present the declaration, statement, or document;

(4) Willfully and knowingly aid, assist in, procure, counsel, or advise the preparation or presentation of a declaration, statement, or other document that is fraudulent or false as to any material matter, regardless of whether that falsity or fraud is committed with the knowledge or consent of the person authorized or required to present the declaration, statement, or document;

(5) Willfully and knowingly fail to file any declaration or notice with the unit that is required by COMAR 21.11.13; or

(6) Establish, knowingly aid in the establishment of, or exercise control over a business found to have violated a provision of § B-2(1)-(5) of this regulation.

MBE UTILIZATION AND FAIR SOLICITATION AFFIDAVIT & MBE PARTICIPATION SCHEDULE - INSTRUCTIONS

PLEASE READ BEFORE COMPLETING THIS DOCUMENT

This form includes Instructions and the MBE Utilization and Fair Solicitation Affidavit & MBE Participation Schedule which must be submitted with the Proposal. If the Offeror fails to accurately complete and submit this Affidavit and Schedule with the Proposal as required, the Procurement Officer shall determine that the Proposal is not reasonably susceptible of being selected for award.

1. Contractor shall structure its procedures for the performance of the work required in this Contract to attempt to achieve the minority business enterprise (MBE) subcontractor participation goal stated in the Request for Proposals. Contractor agrees to exercise good faith efforts to carry out the requirements set forth in these Instructions, as authorized by the Code of Maryland Regulations (COMAR) 21.11.03.

2. MBE Goals and Subgoals: Please review the solicitation for information regarding the Contract’s MBE overall participation goals and subgoals. After satisfying the requirements for any established subgoals, the Contractor is encouraged to use a diverse group of subcontractors and suppliers from any/all of the various MBE classifications to meet the remainder of the overall MBE participation goal.

3. MBE means a minority business enterprise that is certified by the Maryland Department of Transportation (“MDOT”). Only MBEs certified by MDOT may be counted for purposes of achieving the MBE participation goals. In order to be counted for purposes of achieving the MBE participation goals, the MBE firm, including an MBE Prime, must be MDOT-certified for the services, materials or supplies that it is committed to perform on the MBE Participation Schedule.

4. Please refer to the MDOT MBE Directory at www.mdot.state.md.us to determine if a firm is certified with the appropriate North American Industry Classification System (“NAICS”) Code and product/services description (specific product that a firm is certified to provide or specific areas of work that a firm is certified to perform). For more general information about NAICS, please visit www.naics.com. Only those specific products and/or services for which a firm is certified in the MDOT Directory can be used for purposes of achieving the MBE participation goals. WARNING: If the firm’s NAICS Code is in graduated status, such services/products may not be counted for purposes of achieving the MBE participation goals. A NAICS Code is in the graduated status if the term “Graduated” follows the Code in the MDOT MBE Directory.

5. Guidelines Regarding MBE Prime Self-Performance: Please note that when a certified MBE firm participates as a Prime contractor on a Contract, a procurement agency may count the distinct, clearly defined portion of the work of the Contract that the certified MBE firm performs with its own workforce toward fulfilling up to, but no more than, fifty-percent (50%) of the MBE participation goal (overall), including up to one hundred percent (100%) of not more than one of the MBE participation subgoals, if any, established for the Contract.

✓ In order to receive credit for self-performance, an MBE Prime must be certified in the appropriate NAICS code to do the work and must list its firm in the MBE Participation Schedule, including the certification category under which the MBE Prime is self-performing and include information regarding the work it will self-perform.

✓ For the remaining portion of the overall goal and the remaining subgoals, the MBE Prime must also identify on the MBE Participation Schedule the other certified MBE subcontractors used to meet those goals or request a waiver.
✓ These guidelines apply to the work performed by the MBE Prime that can be counted for purposes of meeting the MBE participation goals. These requirements do not affect the MBE Prime’s ability to self-perform a greater portion of the work in excess of what is counted for purposes of meeting the MBE participation goals.

✓ Please note that the requirements to meet the MBE participation overall goal and subgoals are distinct and separate. If the Contract has subgoals, regardless of MBE Prime’s ability to self-perform up to 50% of the overall goal (including up to 100% of any subgoal), the MBE Prime must either commit to other MBEs for each of any remaining subgoals or request a waiver. As set forth in Attachment D1-B Waiver Guidance, the MBE Prime’s ability to self-perform certain portions of the work of the Contract will not be deemed a substitute for the good faith efforts to meet any remaining subgoal or the balance of the overall goal.

✓ In certain instances where the percentages allocated to MBE participation subgoals add up to more than 50% of the overall goal, the portion of self-performed work that an MBE Prime may count towards the overall goal may be limited to less than 50%. Please refer to GOMA’s website (www.goma.maryland.gov) for the MBE Prime Regulations Q&A for illustrative examples.

6. Subject to items 1 through 5 above, when a certified MBE performs as a participant in a joint venture, a procurement agency may count a portion of the total dollar value of the Contract equal to the distinct, clearly-defined portion of the work of the Contract that the certified MBE performs with its own workforce towards fulfilling the Contract goal, and not more than one of the Contract subgoals, if any.

7. As set forth in COMAR 21.11.03.12-1, once the Contract work begins, the work performed by a certified MBE firm, including an MBE prime, can only be counted towards the MBE participation goal(s) if the MBE firm is performing a commercially useful function on the Contract. Please refer to COMAR 21.11.03.12-1 for more information regarding these requirements.

8. If you have any questions as to whether a firm is certified to perform the specific services or provide specific products, please contact MDOT’s Office of Minority Business Enterprise at 1-800-544-6056 or via email to mbe@mdot.state.md.us sufficiently prior to the submission due date.

9. Worksheet: The percentage of MBE participation, calculated using the percentage amounts for all of the MBE firms listed on the Participation Schedule MUST at least equal the MBE participation goal and subgoals (if applicable) set forth in the solicitation. If a Offeror is unable to achieve the MBE participation goal and/or any subgoals (if applicable), the Offeror must request a waiver in Item 1 of the MBE Utilization and Fair Solicitation Affidavit (Attachment D-1A) or the Proposal will be determined to be not susceptible of being selected for award. You may wish to use the Subgoal summary below to assist in calculating the percentages and confirm that you have met the applicable MBE participation goal and subgoals, if any.

WAIVER GUIDANCE

GUIDANCE FOR DOCUMENTING GOOD FAITH EFFORTS TO MEET MBE PARTICIPATION GOALS

In order to show that it has made good faith efforts to meet the Minority Business Enterprise (MBE) participation goal (including any MBE subgoals) on a contract, the Offeror must either (1) meet the MBE Goal(s) and document its commitments for participation of MBE Firms, or (2) when it does not meet the MBE Goal(s), document its Good Faith Efforts to meet the goal(s).

I. Definitions

MBE Goal(s) – “MBE Goal(s)” refers to the MBE participation goal and MBE participation subgoal(s).

Good Faith Efforts – The “Good Faith Efforts” requirement means that when requesting a waiver, the Offeror must demonstrate that it took all necessary and reasonable steps to achieve the MBE Goal(s), which, by their scope, intensity, and appropriateness to the objective, could reasonably be expected to obtain sufficient MBE participation, even if those steps were not fully successful. Whether a Offeror that requests a waiver made adequate good faith efforts will be determined by considering the quality, quantity, and intensity of the different kinds of efforts that the Offeror has made. The efforts employed by the Offeror should be those that one could reasonably expect a Offeror to take if the Offeror were actively and aggressively trying to obtain MBE participation sufficient to meet the MBE contract goal and subgoals. Mere pro forma efforts are not good faith efforts to meet the MBE contract requirements. The determination concerning the sufficiency of the Offeror’s good faith efforts is a judgment call; meeting quantitative formulas is not required.

Identified Firms – “Identified Firms” means a list of the MBEs identified by the procuring agency during the goal setting process and listed in the procurement as available to perform the Identified Items of Work. It also may include additional MBEs identified by the Offeror as available to perform the Identified Items of Work, such as MBEs certified or granted an expansion of services after the procurement was issued. If the procurement does not include a list of Identified Firms, this term refers to all of the MBE Firms (if State-funded) the Offeror identified as available to perform the Identified Items of Work and should include all appropriately certified firms that are reasonably identifiable.

Identified Items of Work – “Identified Items of Work” means the Proposal items identified by the procuring agency during the goal setting process and listed in the procurement as possible items of work for performance by MBE Firms. It also may include additional portions of items of work the Offeror identified for performance by MBE Firms to increase the likelihood that the MBE Goal(s) will be achieved. If the procurement does not include a list of Identified Items of Work, this term refers to all of the items of work the Offeror identified as possible items of work for performance by MBE Firms and should include all reasonably identifiable work opportunities.

MBE Firms – “MBE Firms” refers to firms certified by the Maryland Department of Transportation (“MDOT”) under COMAR 21.11.03. Only MDOT-certified MBE Firms can participate in the State’s MBE Program.
II. Types of Actions Agency will Consider

The Offeror is responsible for making relevant portions of the work available to MBE subcontractors and suppliers and select those portions of the work or material needs consistent with the available MBE subcontractors and suppliers, so as to facilitate MBE participation. The following is a list of types of actions the procuring agency will consider as part of the Offeror’s Good Faith Efforts when the Offeror fails to meet the MBE Goal(s). This list is not intended to be a mandatory checklist, nor is it intended to be exclusive or exhaustive. Other factors or types of efforts may be relevant in appropriate cases.

A. Identify Proposal Items as Work for MBE Firms
   1. Identified Items of Work in Procurements
      (a) Certain procurements will include a list of Proposal items identified during the goal setting process as possible work for performance by MBE Firms. If the procurement provides a list of Identified Items of Work, the Offeror shall make all reasonable efforts to solicit quotes from MBE Firms to perform that work.
      (b) Offerors may, and are encouraged to, select additional items of work to be performed by MBE Firms to increase the likelihood that the MBE Goal(s) will be achieved.
   2. Identified Items of Work by Offerors
      (a) When the procurement does not include a list of Identified Items of Work or for additional Identified Items of Work, Offerors should reasonably identify sufficient items of work to be performed by MBE Firms.
      (b) Where appropriate, Offerors should break out contract work items into economically feasible units to facilitate MBE participation, rather than perform these work items with their own forces. The ability or desire of a Prime contractor to perform the work of a contract with its own organization does not relieve the Offeror of the responsibility to make Good Faith Efforts.

B. Identify MBE Firms to Solicit
   1. MBE Firms Identified in Procurements
      (a) Certain procurements will include a list of the MBE Firms identified during the goal setting process as available to perform the items of work. If the procurement provides a list of Identified MBE Firms, the Offeror shall make all reasonable efforts to solicit those MBE firms.
      (b) Offerors may, and are encouraged to, search the MBE Directory to identify additional MBEs who may be available to perform the items of work, such as MBEs certified or granted an expansion of services after the solicitation was issued.
   2. MBE Firms Identified by Offerors
      (a) When the procurement does not include a list of Identified MBE Firms, Offerors should reasonably identify the MBE Firms that are available to perform the Identified Items of Work.
      (b) Any MBE Firms identified as available by the Offeror should be certified to perform the Identified Items of Work.

C. Solicit MBEs
   1. Solicit all Identified Firms for all Identified Items of Work by providing written notice. The Offeror should:
      (a) provide the written solicitation at least 10 days prior to Proposal opening to allow sufficient time for the MBE Firms to respond;
      (b) send the written solicitation by first-class mail, facsimile, or email using contact information in the MBE Directory, unless the Offeror has a valid basis for using different contact information; and
      (c) provide adequate information about the plans, specifications, anticipated time schedule for portions of the work to be performed by the MBE, and other requirements of the contract to assist MBE Firms in responding. (This information may be provided by including hard copies in the written solicitation or by electronic means as described in C.3 below.)
2. “All” Identified Firms includes the MBEs listed in the procurement and any MBE Firms you identify as potentially available to perform the Identified Items of Work, but it does not include MBE Firms who are no longer certified to perform the work as of the date the Offeror provides written solicitations.

3. “Electronic Means” includes, for example, information provided via a website or file transfer protocol (FTP) site containing the plans, specifications, and other requirements of the contract. If an interested MBE cannot access the information provided by electronic means, the Offeror must make the information available in a manner that is accessible to the interested MBE.

4. Follow up on initial written solicitations by contacting MBEs to determine if they are interested. The follow up contact may be made:
   (a) by telephone using the contact information in the MBE Directory, unless the Offeror has a valid basis for using different contact information; or
   (b) in writing via a method that differs from the method used for the initial written solicitation.

5. In addition to the written solicitation set forth in C.1 and the follow up required in C.4, use all other reasonable and available means to solicit the interest of MBE Firms certified to perform the work of the contract. Examples of other means include:
   (a) attending any pre-proposal meetings at which MBE Firms could be informed of contracting and subcontracting opportunities; and
   (b) if recommended by the procurement, advertising with or effectively using the services of at least two minority focused entities or media, including trade associations, minority/women community organizations, minority/women contractors’ groups, and local, state, and federal minority/women business assistance offices listed on the MDOT Office of Minority Business Enterprise website.

D. Negotiate With Interested MBE Firms
Offerors must negotiate in good faith with interested MBE Firms.

1. Evidence of negotiation includes, without limitation, the following:
   (a) the names, addresses, and telephone numbers of MBE Firms that were considered;
   (b) a description of the information provided regarding the plans and specifications for the work selected for subcontracting and the means used to provide that information; and
   (c) evidence as to why additional agreements could not be reached for MBE Firms to perform the work.

2. An Offeror using good business judgment would consider a number of factors in negotiating with subcontractors, including MBE subcontractors, and would take a firm’s price and capabilities as well as contract goals into consideration.

3. The fact that there may be some additional costs involved in finding and using MBE Firms is not in itself sufficient reason for an Offeror’s failure to meet the contract MBE goal(s), as long as such costs are reasonable. Factors to take into consideration when determining whether an MBE Firm’s quote is excessive or unreasonable include, without limitation, the following:
   (a) dollar difference between the MBE subcontractor’s quote and the average of the other subcontractors’ quotes received by the Offeror;
   (b) percentage difference between the MBE subcontractor’s quote and the average of the other subcontractors’ quotes received by the Offeror;
   (c) percentage that the MBE subcontractor’s quote represents of the overall contract amount;
   (d) number of MBE firms that the Offeror solicited for that portion of the work;
   (e) whether the work described in the MBE and Non-MBE subcontractor quotes (or portions thereof) submitted for review is the same or comparable; and
   (f) number of quotes received by the Offeror for that portion of the work.
4. The above factors are not intended to be mandatory, exclusive, or exhaustive, and other evidence of an excessive or unreasonable price may be relevant.

5. The Offeror may not use its price for self-performing work as a basis for rejecting an MBE Firm’s quote as excessive or unreasonable.

6. The “average of the other subcontractors’ quotes received” by the Offeror refers to the average of the quotes received from all subcontractors. Offeror should attempt to receive quotes from at least three subcontractors, including one quote from an MBE and one quote from a Non-MBE.

7. An Offeror shall not reject an MBE Firm as unqualified without sound reasons based on a thorough investigation of the firm’s capabilities. For each certified MBE that is rejected as unqualified or that placed a subcontract quotation or offer that the Offeror concludes is not acceptable, the Offeror must provide a written detailed statement listing the reasons for this conclusion. The Offeror also must document the steps taken to verify the capabilities of the MBE and Non-MBE Firms quoting similar work.
   (a) The factors to take into consideration when assessing the capabilities of an MBE Firm, include, but are not limited to the following: financial capability, physical capacity to perform, available personnel and equipment, existing workload, experience performing the type of work, conduct and performance in previous contracts, and ability to meet reasonable contract requirements.
   (b) The MBE Firm’s standing within its industry, membership in specific groups, organizations, or associations and political or social affiliations (for example union vs. non-union employee status) are not legitimate causes for the rejection or non-solicitation of bids in the efforts to meet the project goal.

E. Assisting Interested MBE Firms
   When appropriate under the circumstances, the decision-maker will consider whether the Offeror made reasonable efforts to assist interested MBE Firms in obtaining:
   1. The bonding, lines of credit, or insurance required by the procuring agency or the Offeror; and
   2. Necessary equipment, supplies, materials, or related assistance or services.

III. Other Considerations

In making a determination of Good Faith Efforts the decision-maker may consider engineering estimates, catalogue prices, general market availability and availability of certified MBE Firms in the area in which the work is to be performed, other bids or offers and subcontract bids or offers substantiating significant variances between certified MBE and Non-MBE costs of participation, and their impact on the overall cost of the contract to the State and any other relevant factors.

The decision-maker may take into account whether an Offeror decided to self-perform subcontract work with its own forces, especially where the self-performed work is Identified Items of Work in the procurement. The decision-maker also may take into account the performance of other Offerors in meeting the contract. For example, when the apparent successful Offeror fails to meet the contract goal, but others meet it, this reasonably raises the question of whether, with additional reasonable efforts, the apparent successful Offeror could have met the goal. If the apparent successful Offeror fails to meet the goal, but meets or exceeds the average MBE participation obtained by other Offerors, this, when viewed in conjunction with other factors, could be evidence of the apparent successful Offeror having made Good Faith Efforts.

IV. Documenting Good Faith Efforts

At a minimum, an Offeror seeking a waiver of the MBE Goal(s) or a portion thereof must provide written documentation of its Good Faith Efforts, in accordance with COMAR 21.11.03.11, within 10 business days after receiving notice that it is the apparent awardee. The written documentation shall include the following:
A. Items of Work (Complete Good Faith Efforts Documentation Attachment D-1C, Part 1)
A detailed statement of the efforts made to select portions of the work proposed to be performed by certified MBE Firms in order to increase the likelihood of achieving the stated MBE Goal(s).

B. Outreach/Solicitation/Negotiation
1. The record of the Offeror’s compliance with the outreach efforts prescribed by COMAR 21.11.03.09C(2)(a). (Complete Outreach Efforts Compliance Statement – Attachment D-2).

2. A detailed statement of the efforts made to contact and negotiate with MBE Firms including:
   (a) the names, addresses, and telephone numbers of the MBE Firms who were contacted, with the dates and manner of contacts (letter, fax, email, telephone, etc.) (Complete Good Faith Efforts Attachment D-1C- Part 2, and submit letters, fax cover sheets, emails, etc. documenting solicitations); and
   (b) a description of the information provided to MBE Firms regarding the plans, specifications, and anticipated time schedule for portions of the work to be performed and the means used to provide that information.

C. Rejected MBE Firms (Complete Good Faith Efforts Attachment D-1C, Part 3)
1. For each MBE Firm that the Offeror concludes is not acceptable or qualified, a detailed statement of the reasons for the Offeror’s conclusion, including the steps taken to verify the capabilities of the MBE and Non-MBE Firms quoting similar work.

2. For each certified MBE Firm that the Offeror concludes has provided an excessive or unreasonable price, a detailed statement of the reasons for the Offeror’s conclusion, including the quotes received from all MBE and Non-MBE firms bidding on the same or comparable work. (Include copies of all quotes received.)

3. A list of MBE Firms contacted but found to be unavailable. This list should be accompanied by an MBE Unavailability Certificate (see D-1B - Exhibit A to this Part 1) signed by the MBE contractor or a statement from the Offeror that the MBE contractor refused to sign the MBE Unavailability Certificate.

D. Other Documentation
1. Submit any other documentation requested by the Procurement Officer to ascertain the Offeror’s Good Faith Efforts.

2. Submit any other documentation the Offeror believes will help the Procurement Officer ascertain its Good Faith Efforts.
1. It is hereby certified that the firm of ____________________________

PART 1 – IDENTIFIED ITEMS OF WORK OFFEROR MADE AVAILABLE TO MBE FIRMS

Identify those items of work that the Offeror made available to MBE Firms. This includes, where appropriate, those items the Offeror identified and determined to subdivide into economically feasible units to facilitate the MBE participation. For each item listed, show the anticipated percentage of the total contract amount. It is the Offeror’s responsibility to demonstrate that sufficient work to meet the goal was made available to MBE Firms, and the total percentage of the items of work identified for MBE participation equals or exceeds the percentage MBE goal set for the procurement. Note: If the procurement includes a list of Proposal items identified during the goal setting process as possible items of work for performance by MBE Firms, the Offeror should make all of those items of work available to MBE Firms or explain why that item was not made available. If the Offeror selects additional items of work to make available to MBE Firms, those additional items should also be included below.

PART 2 – IDENTIFIED MBE FIRMS AND RECORD OF SOLICITATIONS

Identify the MBE Firms solicited to provide quotes for the Identified Items of Work made available for MBE participation. Include the name of the MBE Firm solicited, items of work for which quotes were solicited, date and manner of initial and follow-up solicitations, whether the MBE provided a quote, and whether the MBE is being used to meet the MBE participation goal. MBE Firms used to meet the participation goal must be included on the MBE Participation Schedule. Note: If the procurement includes a list of the MBE Firms identified during the goal setting process as potentially available to perform the items of work, the Offeror should solicit all of those MBE Firms or explain why a specific MBE was not solicited. If the Offeror identifies additional MBE Firms who may be available to perform Identified Items of Work, those additional MBE Firms should also be included below. Copies of all written solicitations and documentation of follow-up calls to MBE Firms must be attached to this form. This list should be accompanied by a Minority Contractor Unavailability Certificate signed by the MBE contractor or a statement from the Offeror that the MBE contractor refused to sign the Minority Contractor Unavailability Certificate (see Attachment D-1B – Exhibit A). If the Offeror used a Non-MBE or is self-performing the identified items of work, Part 3 must be completed.

Living Wage Requirements for Service Contracts

A. This contract is subject to the Living Wage requirements under Md. Code Ann., State Finance and Procurement Article, Title 18, and the regulations proposed by the Commissioner of Labor and Industry (Commissioner). The Living Wage generally applies to a Contractor or Subcontractor who performs work on a State contract for services that is valued at $100,000 or more. An employee is subject to the Living Wage if he/she is at least 18 years old or will turn 18 during the duration of the contract; works at least 13 consecutive weeks on the State Contract and spends at least one-half of the employee’s time during any work week on the State Contract.

B. The Living Wage Law does not apply to:

   (1) A Contractor who:
      (a) Has a State contract for services valued at less than $100,000, or
      (b) Employs 10 or fewer employees and has a State contract for services valued at less than $500,000.

   (2) A Subcontractor who:
      (a) Performs work on a State contract for services valued at less than $100,000,
      (b) Employs 10 or fewer employees and performs work on a State contract for services valued at less than $500,000, or
      (c) Performs work for a Contractor not covered by the Living Wage Law as defined in B(1)(b) above, or B(3) or C below.

   (3) Service contracts for the following:
      (a) Services with a Public Service Company;
      (b) Services with a nonprofit organization;
      (c) Services with an officer or other entity that is in the Executive Branch of the State government and is authorized by law to enter into a procurement (“Unit”); or
      (d) Services between a Unit and a County or Baltimore City.

C. If the Unit responsible for the State contract for services determines that application of the Living Wage would conflict with any applicable federal program, the Living Wage does not apply to the contract or program.

D. A Contractor must not split or subdivide a State contract for services, pay an employee through a third party, or treat an employee as an independent Contractor or assign work to employees to avoid the imposition of any of the requirements of Md. Code Ann., State Finance and Procurement Article, Title 18.

E. Each Contractor/Subcontractor, subject to the Living Wage Law, shall post in a prominent and easily accessible place at the work site(s) of covered employees a notice of the Living Wage Rates, employee rights under the law, and the name, address, and telephone number of the Commissioner.
F. **SUBMIT THIS AFFIDAVIT WITH PROPOSAL**
A Summary of Certain Federal Fund Requirements and Restrictions

1. Form and rule enclosed: 18 U.S.C. 1913 and Section 1352 of P.L. 101-121 require that all prospective and present sub-grantees (this includes all levels of funding) who receive more than $100,000 in federal funds must submit the form “Certification Against Lobbying.” It assures, generally, that recipients will not lobby federal entities with federal funds, and that, as is required, they will disclose other lobbying on form SF-LLL.

2. Form and instructions enclosed: “Form LLL, Disclosure of Lobbying Activities” must be submitted by those receiving more than $100,000 in federal funds, to disclose any lobbying of federal entities (a) with profits from federal contracts or (b) funded with nonfederal funds.

3. Form and summary of Act enclosed: Sub-recipients of federal funds on any level must complete a “Certification Regarding Environmental Tobacco Smoke,” required by Public Law 103-227, the Pro-Children Act of 1994. Such law prohibits smoking in any portion of any indoor facility owned or leased or contracted for regular provision of health, day care, early childhood development, education, or library services for children under the age of 18. Such language must be included in the conditions of award (they are included in the certification, which may be part of such conditions.) This does not apply to those solely receiving Medicaid or Medicare, or facilities where WIC coupons are redeemed.

4. In addition, federal law requires that:
   
   A) Title 2 of the Code of Federal Regulations (CFR) 200, specifically Subpart D, requires that grantees (both recipients and sub-recipients) which expend a total of $750,000 in federal assistance shall have a single or program-specific audit conducted for that year in accordance with the provisions of the Single Audit Act of 1984, P.L. 98-502, and the Single Audit Act Amendments of 1996, P.L. 104-156 and Title 2 CFR 200, Subpart D. All sub-grantee audit reports, performed in compliance with Title 2 CFR 200 shall be forwarded within 30 days of report issuance to the Department Contract Monitor.

   B) All sub-recipients of federal funds comply with Sections 503 and 504 of the Rehabilitation Act of 1973, the conditions of which are summarized in item (C).

   C) Recipients of $10,000 or more (on any level) must include in their contract language the requirements of Sections 503 (language specified) and 504 referenced in item (B).

   Section 503 of the Rehabilitation Act of 1973, as amended, requires recipients to take affirmative action to employ and advance in employment qualified disabled people. An affirmative action program must be prepared and maintained by all contractors with 50 or more employees and one or more federal contracts of $50,000 or more.

   This clause must appear in subcontracts of $10,000 or more:

   1) The contractor will not discriminate against any employee or applicant for employment because of physical or mental handicap in regard to any position for which the employee or applicant for employment is qualified. The contractor agrees to take affirmative action to employ, advance in employment and otherwise treat qualified handicapped individuals without discrimination based upon their physical or mental handicap in all upgrading, demotion or transfer, recruitment, advertising, layoff or termination, rates of pay or other forms of compensation, and selection for training, including apprenticeship.
2) The contractor agrees to comply with the rules, regulations, and relevant orders of the Secretary of Labor issued pursuant to the act.

3) In the event of the contractor’s non-compliance with the requirements of this clause, actions for non-compliance may be taken in accordance with the rules, regulations and relevant orders of the Secretary of Labor issued pursuant to the Act.

4) The contractor agrees to post in conspicuous places, available to employees and applicants for employment, notices in a form to be prescribed by the director, provided by or through the contracting office. Such notices shall state the contractor’s obligation under the law to take affirmative action to employ and advance in employment qualified handicapped employees and applicants for employment, and the rights of applicants and employees.

5) The contractor will notify each labor union or representative of workers with which it has a collective bargaining agreement or other contract understanding, that the contractor is bound by the terms of Section 503 of the Rehabilitation Act of 1973, and committed to take affirmative action to employ and advance in employment physically and mentally handicapped individuals.

6) The contractor will include the provisions of this clause in every subcontract or purchase order of $10,000 or more unless exempted by rules, regulations, or orders of the federal Secretary issued pursuant to Section 503 of the Act, so that such provisions will be binding upon each subcontractor or vendor. The contractor will take such action with respect to any subcontract or purchase order as the Director of the Office of Federal Contract Compliance Programs may direct to enforce such provisions, including action for non-compliance.

Section 504 of the Rehabilitation Act of 1973, as amended (29 U.S.C. Sec. 791 et seq.) prohibits discrimination on the basis of handicap in all federally assisted programs and activities. It requires the analysis and making of any changes needed in three general areas of operation- programs, activities, and facilities and employment. It states, among other things, that:

Grantees that provide health ... services should undertake tasks such as ensuring emergency treatment for the hearing impaired and making certain that persons with impaired sensory or speaking skills are not denied effective notice with regard to benefits, services, and waivers of rights or consents to treatments.

D) All sub-recipients comply with Title VI of the Civil Rights Act of 1964 that they must not discriminate in participation by race, color, or national origin.

E) All sub-recipients of federal funds from SAMHSA (Substance Abuse and Mental Health Services Administration) or NIH (National Institute of Health) are prohibited from paying any direct salary at a rate more than Executive Level II of the Federal Executive pay scale, per year. (This includes, but is not limited to, sub-recipients of the Substance Abuse Prevention and Treatment and the Community Mental Health Block Grants and NIH research grants.)

F) There may be no discrimination on the basis of age, according to the requirements of the Age Discrimination Act of 1975.

G) For any education program, as required by Title IX of the Education Amendments of 1972, there may be no discrimination on the basis of sex.

H) For research projects, a form for Protection of Human Subjects (Assurance/ Certification/ Declaration) should be completed by each level funded, assuring that either: (1) there are no human subjects involved, or (2) an Institutional Review Board (IRB) has given its formal approval before human subjects are involved in research.
[This is normally done during the application process rather than after the award is made, as with other assurances and certifications.]

I) In addition, there are conditions, requirements, and restrictions which apply only to specific sources of federal funding. These should be included in your grant/contract documents when applicable.

CERTIFICATION REGARDING ENVIRONMENTAL TOBACCO SMOKE

Public Law 103-227, also known as the Pro-Children Act of 1994, Part C Environmental Tobacco Smoke, requires that smoking not be permitted in any portion of any indoor facility owned, or leased or contracted for by an entity and used routinely or regularly for provision of health, day care, early childhood development services, education or library services to children under the age of 18, if the services are funded by federal programs either directly or through State or local governments, by Federal grant, contract, loan, or loan guarantee. The law also applies to children’s services that are provided in indoor facilities that are constructed, operated or maintained with such federal funds. The law does not apply to children’s services provided in private residences, portions of facilities used for inpatient drug or alcohol treatment, service providers whose sole sources of applicable federal funds is Medicare or Medicaid, or facilities where WIC coupons are redeemed. Failure to comply with the provisions of the law may result in the imposition of a civil monetary penalty of up to $1000 for each violation and/or the imposition of an administrative compliance order on the responsible entity.

By signing this certification, the offeror/contractor (for acquisitions) or applicant/grantee (for grants) certifies that the submitting organization will comply with the requirements of the Act and will not allow smoking within any portion of any indoor facility used for the provision of services for children as defined by the Act.

The submitting organization further agrees that it will require the language of this certification be included in any sub-awards which contain provisions for children’s services and that all sub-recipients shall certify accordingly.

RECITALS

WHEREAS, the Contractor has been awarded a contract (the “Contract”) following the solicitation for Medicaid Recovery Audit Contractor Solicitation # DHMH/OPASS 18-17611; and

WHEREAS, in order for the Contractor to perform the work required under the Contract, it will be necessary for the State at times to provide the Contractor and the Contractor’s employees, agents, and subcontractors (collectively “Contractor’s Personnel”) with access to certain information the State deems confidential (the “Confidential Information”).

NOW, THEREFORE, in consideration of being given access to the Confidential Information in connection with the solicitation and the Contract, and for other good and valuable consideration, the receipt and sufficiency of which the parties acknowledge, the parties do hereby agree as follows:

1. Regardless of the form, format, or media on or in which the Confidential Information is provided and regardless of whether any such Confidential Information is marked as such, “Confidential Information” means (1) any and all information provided by or made available by the State to the Contractor in connection with the Contract and (2) any and all Personally Identifiable Information (PII) (including but not limited to personal information as defined in Md. Ann. Code, General Provisions §4-101(h)) and Protected Health Information (PHI) that is provided by a person or entity to the Contractor in connection with this Contract. Confidential Information includes, by way of example only, information that the Contractor views, takes notes from, copies (if the State agrees in writing to permit copying), possesses or is otherwise provided access to and use of by the State in relation to the Contract.

2. The Contractor shall not, without the State’s prior written consent, copy, disclose, publish, release, transfer, disseminate, use, or allow access for any purpose or in any form, any Confidential Information except for the sole and exclusive purpose of performing under the Contract. The Contractor shall limit access to the Confidential Information to the Contractor’s Personnel who have a demonstrable need to know such Confidential Information in order to perform under the Contract and who have agreed in writing to be bound by the disclosure and use limitations pertaining to the Confidential Information. The State may grant, deny, or condition any such consent, as it may deem appropriate in its sole and absolute subjective discretion.

4. The Contractor hereby agrees to hold the Confidential Information in trust and in strictest confidence, adopt or establish operating procedures and physical security measures, and take all other measures necessary to protect the Confidential Information from inadvertent release or disclosure to unauthorized third parties and to prevent all or any portion of the Confidential Information from falling into the public domain or into the possession of persons not bound to maintain the confidentiality of the Confidential Information.
5. The Contractor shall promptly advise the State in writing if it learns of any unauthorized use, misappropriation, or disclosure of the Confidential Information by any of the Contractor’s Personnel or the Contractor’s former Personnel. Contractor shall, at its own expense, cooperate with the State in seeking injunctive or other equitable relief against any such person(s).

6. The Contractor shall, at its own expense, return to the Department all copies of the Confidential Information in its care, custody, control or possession upon request of the Department or on termination of the Contract. The Contractor shall complete and submit ATTACHMENT J-2 when returning the Confidential Information to the Department. The Contractor consents to personal jurisdiction in the Maryland State Courts. The State’s rights and remedies hereunder are cumulative and the State expressly reserves any and all rights, remedies, claims and actions that it may have now or in the future to protect the Confidential Information and seek damages from the Contractor and the Contractor’s Personnel for a failure to comply with the requirements of this Agreement. 9. Contractor and each of the Contractor’s Personnel who receive or have access to any Confidential Information shall execute a copy of an agreement substantially similar to this Agreement, in no event less restrictive than as set forth in this Agreement, and the Contractor shall provide originals of such executed Agreements to the State.

10. The parties further agree that:
   a. This Agreement shall be governed by the laws of the State of Maryland;
   b. The rights and obligations of the Contractor under this Agreement may not be assigned or delegated, by operation of law or otherwise, without the prior written consent of the State;
   c. The State makes no representations or warranties as to the accuracy or completeness of any Confidential Information;
   d. The invalidity or unenforceability of any provision of this Agreement shall not affect the validity or enforceability of any other provision of this Agreement;
   e. Signatures exchanged by facsimile are effective for all purposes hereunder to the same extent as original signatures;
   f. The Recitals are not merely prefatory but are an integral part hereof; and

BUSINESS ASSOCIATE AGREEMENT

This Business Associate Agreement (the “Agreement”) is made by and between the Maryland Department of Health Mental Hygiene and ___________________________________________ (Insert Name of Contractor) (hereinafter known as “Business Associate”). Covered Entity and Business Associate shall collectively be known herein as the “Parties.”

WHEREAS, Covered Entity has a business relationship with Business Associate that is memorialized in a separate agreement (the “Underlying Agreement”) pursuant to which Business Associate may be considered a “business associate” of Covered Entity as defined in the Health Insurance Portability and Accountability Act of 1996 including all pertinent privacy regulations (45 C.F.R. Parts 160 and 164) and security regulations (45 C.F.R. Parts 160, 162, and 164), as amended from time to time, issued by the U.S. Department of Health and Human Services as either have been amended by Subtitle D of the Health Information Technology for Economic and Clinical Health Act (the “HITECH Act”), as Title XIII of Division A and Title IV of Division B of the American Recovery and Reinvestment Act of 2009 (Pub. L. 111–5) (collectively, “HIPAA”); and

WHEREAS, the nature of the contractual relationship between Covered Entity and Business Associate may involve the exchange of Protected Health Information (“PHI”) as that term is defined under HIPAA; and

WHEREAS, for good and lawful consideration as set forth in the Underlying Agreement, Covered Entity and Business Associate enter into this Agreement for the purpose of ensuring compliance with the requirements of HIPAA and the Maryland Confidentiality of Medical Records Act (Md. Ann. Code, Health-General §§ 4-301 et seq.) (“MCMRA”); and

WHEREAS, this Agreement supersedes and replaces any and all Business Associate Agreements the Covered Entity and Business Associate may have entered into prior to the date hereof;

NOW THEREFORE, the premises having been considered and with acknowledgment of the mutual promises and of other good and valuable consideration herein contained, the Parties, intending to be legally bound, hereby agree as follows:

I. DEFINITIONS.

A. Catch-all definition. The following terms used in this Agreement, whether capitalized or not, shall have the same meaning as those terms in the HIPAA Rules: Breach, Data Aggregation, Designated Record Set, Disclosure, Health Care Operations, Individual, Minimum Necessary, Notice of Privacy Practices, Protected Health Information, Required by Law, Secretary, Security Incident, Subcontractor, Unsecured Protected Health Information, and Use.

B. Specific definitions:

1. Business Associate. “Business Associate” shall generally have the same meaning as the term “business associate” at 45 C.F.R. 160.103, and in reference to the party to this agreement, shall mean (Insert Name of Contractor).
2. **Covered Entity.** “Covered Entity” shall generally have the same meaning as the term “covered entity” at 45 C.F.R. § 160.103, and in reference to the party to this agreement, shall mean the Department of Health and Mental Hygiene.

4. **Protected Health Information (“PHI”).** Protected Health Information or “PHI” shall generally have the same meaning as the term “protected health information” at 45 C.F.R. § 160.103.

II. PERMITTED USES AND DISCLOSURES OF PHI BY BUSINESS ASSOCIATE.

A. Business Associate may only use or disclose PHI as necessary to perform the services set forth in the Underlying Agreement or as required by law.

B. Business Associate agrees to make uses, disclosures, and requests for PHI consistent with Covered Entity’s policies and procedures regarding minimum necessary use of PHI.

C. Business Associate may not use or disclose PHI in a manner that would violate Subpart E of 45 C.F.R. Part 164 if done by Covered Entity.

D. Business Associate may, if directed to do so in writing by Covered Entity, create a limited data set, as defined at 45 CFR 164.514(e)(2), for use in public health, research, or health care operations. Any such limited data sets shall omit any of the identifying information listed in 45 CFR § 164.514(e)(2). Business Associate will enter into a valid, HIPAA-compliant Data Use Agreement, as described in 45 CFR § 164.514(e)(4), with the limited data set recipient. Business Associate will report any material breach or violation of the data use agreement to Covered Entity immediately after it becomes aware of any such material breach or violation.

E. Except as otherwise limited in this Agreement, Business Associate may disclose PHI for the proper management and administration, or legal responsibilities of the Business Associate, provided that disclosures are Required By Law, or Business Associate obtains reasonable assurances from the person to whom the information is disclosed that it will remain confidential and used or further disclosed only as Required By Law or for the purpose for which it was disclosed to the person, and the person notifies the Business Associate of any instances of which it is aware in which the confidentiality of the information has been breached.

F. The Business Associate shall not directly or indirectly receive remuneration in exchange for any PHI of an Individual pursuant to §§13405(d)(1) and (2) of the HITECH Act. This prohibition does not apply to the State’s payment of Business Associate for its performance pursuant to the Underlying Agreement.

G. The Business Associate shall comply with the limitations on marketing and fundraising communications provided in §13406 of the HITECH Act in connection with any PHI of Individuals.

III. DUTIES OF BUSINESS ASSOCIATE RELATIVE TO PHI

A. Business Associate agrees that it will not use or disclose PHI other than as permitted or required by the Agreement or as Required by Law.
B. Business Associate agrees to use appropriate administrative, technical and physical safeguards to protect the privacy of PHI.

C. Business Associate agrees to use appropriate safeguards, and comply with Subpart C of 45 C.F.R. Part 164 with respect to electronic PHI, to prevent use or disclosure of PHI other than as provided for by the Agreement.

D1. Business Associate agrees to Report to Covered Entity any use or disclosure of PHI not provided for by the Agreement of which it becomes aware, including breaches of unsecured PHI as required by 45 C.F.R. § 164.410, and any Security Incident of which it becomes aware without reasonable delay, and in no case later than fifteen calendar days after the use or disclosure.

2. If the use or disclosure amounts to a breach of unsecured PHI, the Business Associate shall ensure its report:
   a. Is made to Covered Entity without unreasonable delay and in no case later than fifteen (15) calendar days after the incident constituting the Breach is first known, except where a law enforcement official determines that a notification would impede a criminal investigation or cause damage to national security. For purposes of clarity for this Section III.D.1, Business Associate must notify Covered Entity of an incident involving the acquisition, access, use or disclosure of PHI in a manner not permitted under 45 C.F.R. Part E within fifteen (15) calendar days after an incident even if Business Associate has not conclusively determined within that time that the incident constitutes a Breach as defined by HIPAA;
   b. Includes the names of the Individuals whose Unsecured PHI has been, or is reasonably believed to have been, the subject of a Breach;
   c. Is in substantially the same form as ATTACHMENT J-1 attached hereto; and
   d. Includes a draft letter for the Covered Entity to utilize to notify the affected Individuals that their Unsecured PHI has been, or is reasonably believed to have been, the subject of a Breach that includes, to the extent possible:
      i) A brief description of what happened, including the date of the Breach and discovery of the Breach, if known;
      ii) A description of the types of Unsecured PHI that were involved in the Breach (such as full name, Social Security number, date of birth, home address, account number, disability code, or other types of information that were involved);
      iii) Any steps the affected Individuals should take to protect themselves from potential harm resulting from the Breach;
      iv) A brief description of what the Covered Entity and Business Associate are doing to investigate the Breach, mitigate losses, and protect against any further Breaches; and
      v) Contact procedures for the affected Individuals to ask questions or learn additional information, which shall include a toll-free telephone number, an e-mail address, website, or postal address.

   e. To the extent permitted by the Underlying Agreement, Business Associate may use agents and subcontractors. In accordance with 45 C.F.R. §§ 164.502(e)(1)(ii) and 164.308(b)(2) shall ensure that any subcontractors that create, receive, maintain, or transmit PHI on behalf of the Business Associate agree to the same restrictions, conditions, and requirements that apply to the Business Associate with respect to such information. Business Associate must enter into Business Associate Agreements with subcontractors as required by HIPAA;
f. Business Associate agrees it will make available PHI in a designated record set to the Covered Entity, or, as directed by the Covered Entity, to an individual, as necessary to satisfy Covered Entity’s obligations under 45 C.F.R. § 164.524, including, if requested, a copy in electronic format;

g. Business Associate agrees it will make any amendment(s) to PHI in a designated record set as directed or agreed to by the Covered Entity pursuant to 45 C.F.R. § 164.526, or take other measures as necessary to satisfy Covered Entity’s obligations under 45 C.F.R. § 164.526;

h. Business Associate agrees to maintain and make available the information required to provide an accounting of disclosures to the Covered Entity or, as directed by the Covered Entity, to an individual, as necessary to satisfy Covered Entity’s obligations under 45 C.F.R. § 164.528;

i. To the extent the Business Associate is to carry out one or more of Covered Entity’s obligation(s) under Subpart E of 45 C.F.R. Part 164, comply with the requirements of Subpart E that apply to the Covered Entity in the performance of such obligation(s);

j. Business Associate agrees to make its internal practices, books, and records, including PHI, available to the Covered Entity and/or the Secretary for purposes of determining compliance with the HIPAA Rules.

k. Business Associate agrees to mitigate, to the extent practicable, any harmful effect that is known to Business Associate of a use or disclosure of PHI by Business Associate in violation of the requirements of this Agreement.

IV. TERM AND TERMINATION

A. **Term.** The Term of this Agreement shall be effective as of the effective date of the Contract entered into following the solicitation for Medicaid Recovery Audit Contractor, Solicitation # DHMH/OPASS 18-17611, and shall terminate when all of the PHI provided by Covered Entity to Business Associate, or the PHI created or received by Business Associate on behalf of Covered Entity, is destroyed or returned to Covered Entity, in accordance with the termination provisions in this Section IV, or on the date the Covered Entity terminates for cause as authorized in paragraph B of this Section, whichever is sooner. If it is impossible to return or destroy all of the PHI provided by Covered Entity to Business Associate, or the PHI created or received by Business Associate on behalf of Covered Entity, Business Associate’s obligations under this contract shall be ongoing with respect to that information, unless and until a separate written agreement regarding that information is entered into with Covered Entity.

B. **Termination for Cause.** Upon Covered Entity's knowledge of a material breach of this Agreement by Business Associate, Covered Entity shall:

1. Provide an opportunity for Business Associate to cure the breach or end the violation and, if Business Associate does not cure the breach or end the violation within the time specified by Covered Entity, terminate this Agreement; or

2. Immediately terminate this Agreement if Business Associate has breached a material term of this Agreement and Covered Entity determines or reasonably believes that cure is not possible.

C. **Effect of Termination.**
1. Upon termination of this Agreement, for any reason, Business Associate shall return or, if agreed to by Covered Entity, destroy all PHI received from Covered Entity, or created, maintained, or received by Business Associate on behalf of Covered Entity, that the Business Associate still maintains in any form. Business Associate shall retain no copies of the PHI. This provision shall apply to PHI that is in the possession of subcontractors or agents of Business Associate.

2. Should Business Associate make an intentional or grossly negligent Breach of PHI in violation of this Agreement or HIPAA or an intentional or grossly negligent disclosure of information protected by the Maryland Confidentiality of Medical Records Act (MCMRA), Covered Entity shall have the right to immediately terminate any contract, other than this Agreement, then in force between the Parties, including the Underlying Agreement.

D. Survival. The obligations of Business Associate under this Section shall survive the termination of this agreement.

V. CONSIDERATION

Business Associate recognizes that the promises it has made in this Agreement shall, henceforth, be detrimentally relied upon by Covered Entity in choosing to continue or commence a business relationship with Business Associate.

VI. REMEDIES IN EVENT OF BREACH

Business Associate hereby recognizes that irreparable harm will result to Covered Entity, and the business of Covered Entity, in the event of breach by Business Associate of any of the covenants and assurances contained in this Agreement. As such, in the event of breach of any of the covenants and assurances contained in Sections II or III above, Covered Entity shall be entitled to enjoin and restrain Business Associate from any continued violation of Sections II or III. Furthermore, in the event of breach of Sections II or III by Business Associate, Covered Entity is entitled to reimbursement and indemnification from Business Associate for Covered Entity’s reasonable attorneys’ fees and expenses and costs that were reasonably incurred as a proximate result of Business Associate’s breach. The remedies contained in this Section VI shall be in addition to, not in lieu of, any action for damages and/or any other remedy Covered Entity may have for breach of any part of this Agreement or the Underlying Agreement or which may be available to Covered Entity at law or in equity.

VII. MODIFICATION; AMENDMENT

This Agreement may only be modified or amended through a writing signed by the Parties and, thus, no oral modification or amendment hereof shall be permitted. The Parties agree to take such action as is necessary to amend this Agreement from time to time as is necessary for Covered Entity to comply with the requirements of the HIPAA rules and any other applicable law.

VIII. INTERPRETATION OF THIS AGREEMENT IN RELATION TO OTHER AGREEMENTS BETWEEN THE PARTIES

Should there be any conflict between the language of this Agreement and any other contract entered into between the Parties (either previous or subsequent to the date of this Agreement), the language and provisions of this Agreement shall control and prevail unless the parties specifically refer in a
subsequent written agreement to this Agreement by its title and date and specifically state that the provisions of the later written agreement shall control over this Agreement.

IX. COMPLIANCE WITH STATE LAW

The Business Associate acknowledges that by accepting the PHI from Covered Entity, it becomes a holder of medical information under the MCMRA and is subject to the provisions of that law. If the HIPAA Privacy or Security Rules and the MCMRA conflict regarding the degree of protection provided for PHI, Business Associate shall comply with the more restrictive protection requirement.

X. MISCELLANEOUS

A. Ambiguity. Any ambiguity in this Agreement shall be resolved to permit Covered Entity to comply with the Privacy and Security Rules.

B. Regulatory References. A reference in this Agreement to a section in the HIPAA Rules means the section as in effect or as amended.

If a third party claims that a product infringes a party’s patent, trademark, service mark, trade secret, or copyright, the Contractor will defend the State against that claim at Contractor’s expense and will pay all damages, costs, and attorneys’ fees that a court finally awards, provided the State: (a) promptly notifies the Contractor in writing of the claim; and (b) allows Contractor to control and cooperates with Contractor in, the defense and any related settlement negotiations. The obligations of this paragraph are in addition to those stated in Section 7.3 below.

7.3 If any products furnished by the Contractor become, or in the Contractor’s opinion are likely to become, the subject of a claim of infringement, the Contractor will, at its option and expense: (a) procure for the State the right to continue using the applicable item; (b) replace the product with a non-infringing product substantially complying with the item’s specifications; or (c) modify the item so that it becomes non-infringing and performs in a substantially similar manner to the original item.

8. **Confidential or Proprietary Information and Documentation**

8.1 Subject to the Maryland Public Information Act and any other applicable laws including, without limitation, HIPAA, the HI-TECH Act, and the Maryland Medical Records Act and the implementation of regulations promulgated pursuant thereto, all confidential or proprietary information and documentation relating to either party (including without limitation, any information or data stored within the Contractor’s computer systems) shall be held in absolute confidence by the other party. Each party shall, however, be permitted to disclose relevant confidential information to its officers, agents, and employees to the extent that such disclosure is necessary for the performance of their duties under this Contract, provided that the data may be collected, used, disclosed, stored, and disseminated only as provided by and consistent with the law. The provisions of this section shall not apply to information that: (a) is lawfully in the public domain; (b) has been independently developed by the other party without violation of this Contract; (c) was already in the possession of such party; (d) was supplied to such party by a third party lawfully in possession thereof and legally permitted to further disclose the information; or (e) which such party is required to disclose by law.
8.2 This Section 8 shall survive expiration or termination of this Contract.

9. Loss of Data

In the event of loss of any State data or records where such loss is due to the intentional act or omission or negligence of the Contractor or any of its subcontractors or agents, the Contractor shall be responsible for recreating such lost data in the manner and on the schedule set by the Contract Monitor. The Contractor shall ensure that all data is backed up and recoverable by the Contractor. Contractor shall use its best efforts to assure that at no time shall any actions undertaken by the Contractor under this Contract (or any failures to act when Contractor has a duty to act) damage or create any vulnerabilities in data bases, systems, platforms, and/or applications with which the Contractor is working hereunder.

10. Indemnification

10.1 The Contractor shall hold harmless and indemnify the State from and against any and all losses, damages, claims, suits, actions, liabilities, and/or expenses, including, without limitation, attorneys’ fees and disbursements of any character that arise from, are in connection with or are attributable to the performance or nonperformance of the Contractor or its subcontractors under this Contract.

10.2 This indemnification clause shall not be construed to mean that the Contractor shall indemnify the State against liability for any losses, damages, claims, suits, actions, liabilities, and/or expenses that are attributable to the sole negligence of the State or the State’s employees.

10.3 The State of Maryland has no obligation to provide legal counsel or defense to the Contractor or its subcontractors in the event that a suit, claim, or action of any character is brought by any person not party to this Contract against the Contractor or its subcontractors as a result of or relating to the Contractor’s performance under this Contract.

10.4 The State has no obligation for the payment of any judgments or the settlement of any claims against the Contractor or its subcontractors as a result of or relating to the Contractor’s performance under this Contract.

10.5 The Contractor shall immediately notify the Procurement Officer of any claim or lawsuit made or filed against the Contractor or its subcontractors regarding any matter resulting from, or relating to, the Contractor’s obligations under the Contract, and will cooperate, assist, and consult with the State in the defense or investigation of any claim, lawsuit, or action made or filed against the State as a result of, or relating to, the Contractor’s performance under this Contract.

10.6 This Section 10 shall survive termination of this Contract.

11. Non-Hiring of Employees

No official or employee of the State, as defined under Md. Code Ann., General Provisions Article, § 5-101, whose duties as such official or employee include matters relating to or affecting the subject matter of this Contract, shall, during the pendency and term of this Contract and while serving as an official or employee of the State, become or be an employee of the Contractor or any entity that is a subcontractor on this Contract.

12. Disputes

This Contract shall be subject to the provisions of Md. Code Ann., State Finance and Procurement Article, Title 15, Subtitle 2, and COMAR 21.10 (Administrative and Civil Remedies). Pending resolution of a claim, the Contractor shall proceed diligently with the performance of the Contract in accordance with the Procurement Officer’s decision. Unless a lesser period is provided by applicable statute, regulation, or the
Contract, the Contractor must file a written notice of claim with the Procurement Officer within thirty (30) days after the basis for the claim is known or should have been known, whichever is earlier. Contemporaneously with or within thirty (30) days of the filing of a notice of claim, but no later than the date of final payment under the Contract, the Contractor must submit to the Procurement Officer its written claim containing the information specified in COMAR 21.10.04.02.

13. Maryland Law

13.1 This Contract shall be construed, interpreted, and enforced according to the laws of the State of Maryland.

13.2 The Maryland Uniform Computer Information Transactions Act (Commercial Law Article, Title 22 of the Annotated Code of Maryland), does not apply to this Contract or any purchase order or Notice to Proceed issued under this Contract, or any software, or any software license required hereunder.

13.3 Any and all references to the Maryland Code, Annotated contained in this Contract shall be construed to refer to such Code sections as are from time to time amended.

14. Nondiscrimination in Employment

The Contractor agrees: (a) not to discriminate in any manner against an employee or applicant for employment because of race, color, religion, creed, age, sex, sexual orientation, gender identification, marital status, national origin, ancestry, genetic information, or any otherwise unlawful use of characteristics, or disability of a qualified individual with a disability unrelated in nature and extent so as to reasonably preclude the performance of the employment, or the individual’s refusal to submit to a genetic test or make available the results of a genetic test; (b) to include a provision similar to that contained in subsection (a), above, in any underlying subcontract except a subcontract for standard commercial supplies or raw materials; and (c) to post and to cause subcontractors to post in conspicuous places available to employees and applicants for employment, notices setting forth the substance of this clause.

15. Contingent Fee Prohibition

The Contractor warrants that it has not employed or retained any person, partnership, corporation, or other entity, other than a bona fide employee, bona fide agent, bona fide salesperson, or commercial selling agency working for the business, to solicit or secure the Contract, and that the business has not paid or agreed to pay any person, partnership, corporation, or other entity, other than a bona fide employee, bona fide agent, bona fide salesperson, or commercial selling agency, any fee or any other consideration contingent on the making of this Contract.

16. Non-Availability of Funding

If the General Assembly fails to appropriate funds or if funds are not otherwise made available for continued performance for any fiscal period of this Contract succeeding the first fiscal period, this Contract shall be canceled automatically as of the beginning of the fiscal year for which funds were not appropriated or otherwise made available; provided, however, that this will not affect either the State’s or the Contractor’s rights under any termination clause in this Contract. The effect of termination of the Contract hereunder will be to discharge both the Contractor and the State from future performance of the Contract, but not from their rights and obligations existing at the time of termination. The Contractor shall be reimbursed for the reasonable value of any nonrecurring costs incurred but not amortized in the price of the Contract. The State shall notify the Contractor as soon as it has knowledge that funds may not be available for the continuation of this Contract for each succeeding fiscal period beyond the first.
17. Termination for Default

If the Contractor fails to fulfill its obligations under this Contract properly and on time, or otherwise violates any provision of the Contract, the State may terminate the Contract by written notice to the Contractor. The notice shall specify the acts or omissions relied upon as cause for termination. All finished or unfinished work provided by the Contractor shall, at the State’s option, become the State’s property. The State shall pay the Contractor fair and equitable compensation for satisfactory performance prior to receipt of notice of termination, less the amount of damages caused by the Contractor’s breach. If the damages are more than the compensation payable to the Contractor, the Contractor will remain liable after termination and the State can affirmatively collect damages. Termination hereunder, including the termination of the rights and obligations of the parties, shall be governed by the provisions of COMAR 21.07.01.11B.

18. Termination for Convenience

The performance of work under this Contract may be terminated by the State in accordance with this clause in whole, or from time to time in part, whenever the State shall determine that such termination is in the best interest of the State. The State will pay all reasonable costs associated with this Contract that the Contractor has incurred up to the date of termination, and all reasonable costs associated with termination of the Contract; provided, however, the Contractor shall not be reimbursed for any anticipatory profits that have not been earned up to the date of termination. Termination hereunder, including the determination of the rights and obligations of the parties, shall be governed by the provisions of COMAR 21.07.01.12A(2).

19. Delays and Extensions of Time

19.1 The Contractor agrees to prosecute the work continuously and diligently and no charges or claims for damages shall be made by it for any delays, interruptions, interferences, or hindrances from any cause whatsoever during the progress of any portion of the work specified in this Contract.

19.2 Time extensions will be granted only for excusable delays that arise from unforeseeable causes beyond the control and without the fault or negligence of the Contractor, including but not restricted to, acts of God, acts of the public enemy, acts of the State in either its sovereign or contractual capacity, acts of another Contractor in the performance of a contract with the State, fires, floods, epidemics, quarantine restrictions, strikes, freight embargoes, or delays of subcontractors or suppliers arising from unforeseeable causes beyond the control and without the fault or negligence of either the Contractor or the subcontractors or suppliers.

20. Suspension of Work

The State unilaterally may order the Contractor in writing to suspend, delay, or interrupt all or any part of its performance for such period of time as the Procurement Officer may determine to be appropriate for the convenience of the State.

21. Pre-Existing Regulations

In accordance with the provisions of Md. Code Ann., State Finance and Procurement Article, § 11-206, the regulations set forth in Title 21 of the Code of Maryland Regulations (COMAR 21) in effect on the date of execution of this Contract are applicable to this Contract.

22. Financial Disclosure

The Contractor shall comply with the provisions of Md. Code Ann., State Finance and Procurement Article, § 13-221, which requires that every person that enters into contracts, leases, or other agreements with the State or its agencies during a calendar year under which the business is to receive in the aggregate, $100,000 or
more, shall within thirty (30) days of the time when the aggregate value of these contracts, leases or other agreements reaches $100,000, file with the Secretary of the State certain specified information to include disclosure of beneficial ownership of the business.

23. **Political Contribution Disclosure**

The Contractor shall comply with Md. Code Ann., Election Law Article, Title 14, which requires that every person that enters into a contract for a procurement with the State, a county, or a municipal corporation, or other political subdivision of the State, during a calendar year in which the person receives a contract with a governmental entity in the amount of $200,000 or more, shall, file with the State Board of Elections statements disclosing: (a) any contributions made during the reporting period to a candidate for elective office in any primary or general election; and (b) the name of each candidate to whom one or more contributions in a cumulative amount of $500 or more were made during the reporting period. The statement shall be filed with the State Board of Elections: (a) before execution of a contract by the State, a county, a municipal corporation, or other political subdivision of the State, and shall cover the 24 months prior to when a contract was awarded; and (b) if the contribution is made after the execution of a contract, then twice a year, throughout the contract term, on or before: (i) May 31, to cover the six (6) month period ending April 30; and (ii) November 30, to cover the six (6) month period ending October 31. Additional information is available on the State Board of Elections website: [http://www.elections.state.md.us/campaign_finance/index.html](http://www.elections.state.md.us/campaign_finance/index.html).

24. **Documents Retention and Inspection Clause**

The Contractor and subcontractors shall retain and maintain all records and documents relating to this Contract for a period of five (5) years after final payment by the State hereunder or any applicable statute of limitations or federal retention requirements (such as HIPAA), whichever is longer, and shall make them available for inspection and audit by authorized representatives of the State, including the Procurement Officer or designee, at all reasonable times. All records related in any way to the Contract are to be retained for the entire time provided under this section. In the event of any audit, the Contractor shall provide assistance to the State, without additional compensation, to identify, investigate, and reconcile any audit discrepancies and/or variances. This Section 24 shall survive expiration or termination of the Contract.

25. **Right to Audit**

25.1 The State reserves the right, at its sole discretion and at any time, to perform an audit of the Contractor’s and/or subcontractor’s performance under this Contract. An audit is defined as a planned and documented independent activity performed by qualified personnel including but not limited to State and federal auditors, to determine by investigation, examination, or evaluation of objective evidence from data, statements, records, operations and performance practices (financial or otherwise) the Contractor’s compliance with the Contract, including but not limited to adequacy and compliance with established procedures and internal controls over the Contract services being performed for the State.

25.2 Upon three (3) Business Days’ notice, the Contractor and/or any subcontractors shall provide the State reasonable access to their respective records to verify conformance to the terms of the Contract. The Department may conduct these audits with any or all of its own internal resources or by securing the services of a third party accounting or audit firm, solely at the Department’s election. The Department may copy, at its own expense, any record related to the services performed and provided under this Contract.

25.3 The right to audit shall include any of the Contractor’s subcontractors including but not limited to any lower tier subcontractor(s) that provide essential support to the Contract services. The Contractor and/or subcontractor(s) shall ensure the Department has the right to audit such subcontractor(s).
25.4 The Contractor and/or subcontractors shall cooperate with Department and Department’s designated accountant or auditor and shall provide the necessary assistance for the Department or Department’s designated accountant or auditor to conduct the audit.

25.5 This Section shall survive expiration or termination of the Contract.

26. Compliance with Laws

The Contractor hereby represents and warrants that:

26.1 It is qualified to do business in the State and that it will take such action as, from time to time hereafter, may be necessary to remain so qualified;

26.2 It is not in arrears with respect to the payment of any monies due and owing the State, or any department or unit thereof, including but not limited to the payment of taxes and employee benefits, and that it shall not become so in arrears during the term of this Contract;

26.3 It shall comply with all federal, State and local laws, regulations, and ordinances applicable to its activities and obligations under this Contract; and

26.4 It shall obtain, at its expense, all licenses, permits, insurance, and governmental approvals, if any, necessary to the performance of its obligations under this Contract.

27. Cost and Price Certification

27.1 By submitting cost or price information, the Contractor certifies to the best of its knowledge that the information submitted is accurate, complete, and current as of the date of its Proposal.

27.2 The price under this Contract and any change order or modification hereunder, including profit or fee, shall be adjusted to exclude any significant price increases occurring because the Contractor furnished cost or price information which, as of the date of its Proposal, was inaccurate, incomplete, or not current.

28. Subcontracting; Assignment

The Contractor may not subcontract any portion of the services provided under this Contract without obtaining the prior written approval of the Procurement Officer, nor may the Contractor assign this Contract or any of its rights or obligations hereunder, without the prior written approval of the Procurement Officer; provided, however, that a Contractor may assign monies receivable under a contract after due notice to the State. Any subcontracts shall include such language as may be required in various clauses contained within this Contract, exhibits, and attachments. The Contract shall not be assigned until all approvals, documents, and affidavits are completed and properly registered. The State shall not be responsible for fulfillment of the Contractor’s obligations to its subcontractors.

29. Liability

For breach of this Contract, negligence, misrepresentation, or any other contract or tort claim, the Contractor shall be liable as follows:

29.1 For infringement of patents, copyrights, trademarks, service marks, and/or trade secrets, as provided in Section 7 of this Contract;
29.2 Without limitation for damages for bodily injury (including death) and damage to real property and tangible personal property; and

29.3 For all other claims, damages, losses, costs, expenses, suits, or actions in any way related to this Contract, regardless of the form the Contractor’s liability for third party claims arising under Section 10 of this Contract shall be unlimited if the State is not immune from liability for claims arising under Section 10.

30. Commercial Nondiscrimination

30.1 As a condition of entering into this Contract, the Contractor represents and warrants that it will comply with the State’s Commercial Nondiscrimination Policy, as described at Md. Code Ann., State Finance and Procurement Article, Title 19. As part of such compliance, the Contractor may not discriminate on the basis of race, color, religion, ancestry or national origin, sex, age, marital status, sexual orientation, sexual identity, genetic information or an individual’s refusal to submit to a genetic test or make available the results of a genetic test or on the basis of disability or other unlawful forms of discrimination in the solicitation, selection, hiring, or commercial treatment of subcontractors, vendors, suppliers, or commercial customers, nor shall the Contractor retaliate against any person for reporting instances of such discrimination. The Contractor shall provide equal opportunity for subcontractors, vendors, and suppliers to participate in all of its public sector and private sector subcontracting and supply opportunities, provided that this clause does not prohibit or limit lawful efforts to remedy the effects of marketplace discrimination that have occurred or are occurring in the marketplace. The Contractor understands that a material violation of this clause shall be considered a material breach of this Contract and may result in termination of this Contract, disqualification of the Contractor from participating in State contracts, or other sanctions. This clause is not enforceable by or for the benefit of, and creates no obligation to, any third party.

30.2 The Contractor shall include the above Commercial Nondiscrimination clause, or similar clause approved by the Department, in all subcontracts.

30.3 As a condition of entering into this Contract, upon the request of the Commission on Civil Rights, and only after the filing of a complaint against the Contractor under Md. Code Ann., State Finance and Procurement Article, Title 19, as amended from time to time, the Contractor agrees to provide within sixty (60) days after the request a complete list of the names of all subcontractors, vendors, and suppliers that Contractor has used in the past four (4) years on any of its contracts that were undertaken within the State of Maryland, including the total dollar amount paid by Contractor on each subcontract or supply contract. Contractor further agrees to cooperate in any investigation conducted by the State pursuant to the State’s Commercial Nondiscrimination Policy as set forth at Md. Code Ann., State Finance andProcurement Article, Title 19, and provide any documents relevant to any investigation that are requested by the State. Contractor understands that violation of this clause is a material breach of this Contract and may result in contract termination, disqualification by the State from participating in State contracts, and other sanctions.

31. Prompt Pay Requirements

31.1 If the Contractor withholds payment of an undisputed amount to its subcontractor, the Department, at its option and in its sole discretion, may take one or more of the following actions:

a. Not process further payments to the contractor until payment to the subcontractor is verified;
b. Suspend all or some of the contract work without affecting the completion date(s) for the contract work;
c. Pay or cause payment of the undisputed amount to the subcontractor from monies otherwise due or that may become due;
d. Place a payment for an undisputed amount in an interest-bearing escrow account; or
e. Take other or further actions as appropriate to resolve the withheld payment.
31.2 An “undisputed amount” means an amount owed by the Contractor to a subcontractor for which there is no good faith dispute. Such “undisputed amounts” include, without limitation:

a. Retainage which had been withheld and is, by the terms of the agreement between the Contractor and subcontractor, due to be distributed to the subcontractor; and
b. An amount withheld because of issues arising out of an agreement or occurrence unrelated to the agreement under which the amount is withheld.

31.3 An act, failure to act, or decision of a Procurement Officer or a representative of the Department, concerning a withheld payment between the Contractor and a subcontractor under this provision, may not:

a. Affect the rights of the contracting parties under any other provision of law;
b. Be used as evidence on the merits of a dispute between the Department and the contractor in any other proceeding; or
c. Result in liability against or prejudice the rights of the Department.

31.4 The remedies enumerated above are in addition to those provided under COMAR 21.11.03.13 with respect to subcontractors that have contracted pursuant to the Minority Business Enterprise (MBE) program.

31.5 To ensure compliance with certified MBE subcontract participation goals, the Department may, consistent with COMAR 21.11.03.13, take the following measures:

a. Verify that the certified MBEs listed in the MBE participation schedule actually are performing work and receiving compensation as set forth in the MBE participation schedule. This verification may include, as appropriate:
   i. Inspecting any relevant records of the Contractor;
   ii. Inspecting the jobsite; and
   iii. Interviewing subcontractors and workers.

Verification shall include a review of the:
   i. The Contractor’s monthly report listing unpaid invoices over thirty (30) days old from certified MBE subcontractors and the reason for nonpayment; and
   ii. The monthly report of each certified MBE subcontractor, which lists payments received from the Contractor in the preceding thirty (30) days and invoices for which the subcontractor has not been paid.

b. If the Department determines that the Contractor is not in compliance with certified MBE participation goals, then the Department will notify the Contractor in writing of its findings, and will require the Contractor to take appropriate corrective action. Corrective action may include, but is not limited to, requiring the Contractor to compensate the MBE for work performed as set forth in the MBE participation schedule.

c. If the Department determines that the Contractor is in material noncompliance with MBE contract provisions and refuses or fails to take the corrective action that the Department requires, then the Department may:
   i. Terminate the contract;
   ii. Refer the matter to the Office of the Attorney General for appropriate action; or
   iii. Initiate any other specific remedy identified by the contract, including the contractual remedies required by any applicable laws, regulations, and directives regarding the payment of undisputed amounts.
d. Upon completion of the Contract, but before final payment or release of retainage or both, the Contractor shall submit a final report, in affidavit form under the penalty of perjury, of all payments made to, or withheld from, MBE subcontractors.

32. Living Wage

If a Contractor subject to the Living Wage law fails to submit all records required under COMAR 21.11.10.05 to the Commissioner of Labor and Industry at the Department of Labor, Licensing and Regulation, the agency may withhold payment of any invoice or retainage. The agency may require certification from the Commissioner on a quarterly basis that such records were properly submitted.

33. Use of Estimated Quantities

Unless specifically indicated otherwise in the State’s solicitation or other controlling documents related to the Scope of Work, any sample amounts provided are estimates only and the Department does not guarantee a minimum or maximum number of units or usage in the performance of this Contract.

34. Contract Monitor and Procurement Officer

The work to be accomplished under this Contract shall be performed under the direction of the Contract Monitor. All matters relating to the interpretation of this Contract shall be referred to the Procurement Officer for determination.

35. Notices

All notices hereunder shall be in writing and either delivered personally or sent by certified or registered mail, postage prepaid, as follows:

36. Liquidated Damages

36.1 The Contract requires the Contractor to make good faith efforts to comply with the Minority Business Enterprise (“MBE”) Program and Contract provisions. The State and the Contractor acknowledge and agree that the State will incur economic damages and losses, including, but not limited to, loss of goodwill, detrimental impact on economic development, and diversion of internal staff resources, if the Contractor does not make good faith efforts to comply with the requirements of the MBE Program and pertinent MBE Contract provisions. The parties further acknowledge and agree that the damages the State might reasonably be anticipated to accrue as a result of such lack of compliance are difficult or impossible to ascertain with precision and liquidated damages represent a fair, reasonable, and appropriate estimation of damages.
Upon a determination by the State that the Contractor failed to make good faith efforts to comply with one or more of the specified MBE Program requirements or pertinent MBE Contract provisions and without the State being required to present any evidence of the amount or character of actual damages sustained, the Contractor agrees to pay liquidated damages to the State at the rates set forth below. Such liquidated damages are intended to represent estimated actual damages and are not intended as a penalty. The Contractor expressly agrees that the State may withhold payment on any invoices as an offset against liquidated damages owed. The Contractor further agrees that for each specified violation, the agreed-upon liquidated damages are reasonably proximate to the loss the State is anticipated to incur as a result of each violation.

36.1.1 Failure to submit each monthly payment report in full compliance with COMAR 21.11.03.13B(3): $31.00 per day until the monthly report is submitted as required.

36.1.2 Failure to include in its agreements with MBE subcontractors a provision requiring submission of payment reports in full compliance with COMAR 21.11.03.13B(4): $81.00 per MBE subcontractor.

36.1.3 Failure to comply with COMAR 21.11.03.12 in terminating, canceling, or changing the scope of work/value of a contract with an MBE subcontractor and/or amendment of the MBE participation schedule: the difference between the dollar value of the MBE participation commitment on the MBE participation schedule for that specific MBE firm and the dollar value of the work performed by that MBE firm for the Contract.

36.1.4 Failure to meet the Contractor’s total MBE participation goal and subgoal commitments: the difference between the dollar value of the total MBE participation commitment on the MBE participation schedule and the MBE participation actually achieved.

36.1.5 Failure to promptly pay all undisputed amounts to a subcontractor in full compliance with the prompt payment provisions of the Contract: $100.00 per day until the undisputed amount due to the subcontractor is paid.

36.2 Notwithstanding the assessment or availability of liquidated damages, the State reserves the right to terminate the Contract and exercise any and all other rights or remedies which may be available under the Contract or otherwise may be available at law or in equity.

(If a Contractor intends to rely on its Parent Company in some manner while performing on the State Contract, the following clause should be included and completed for the Contractor’s Parent Company to guarantee performance of the Contractor. The guarantor/Contractor’s Parent Company should be named as a party and signatory to the Contract and should be in good standing with SDAT.)

37. Parent Company Guarantee

(Corporate name of Contractor’s Parent Company) hereby guarantees absolutely the full, prompt, and complete performance by (Contractor) of all the terms, conditions and obligations contained in this Contract, as it may be amended from time to time, including any and all exhibits that are now or may become incorporated hereunto, and other obligations of every nature and kind that now or may in the future arise out of or in connection with this Contract, including any and all financial commitments, obligations, and liabilities. (Corporate name of Contractor’s Parent Company) may not transfer this absolute guaranty to any other person or entity without the prior express written approval of the State, which approval the State may grant, withhold, or qualify in its sole and absolute subjective discretion. (Corporate name of Contractor’s Parent Company) further agrees that if the State brings any claim, action, lawsuit or proceeding against (Contractor), (Corporate name of Contractor’s Parent Company) may be named as a party, in its capacity as Absolute Guarantor.
38. **Federal Department of Health and Human Services (DHHS) Exclusion Requirements**

The Contractor agrees that it will comply with federal provisions (pursuant to §§ 1128 and 1156 of the Social Security Act and 42 C.F.R. 1001) that prohibit payments under certain federal health care programs to any individual or entity that is on the List of Excluded Individuals/Entities maintained by DHHS. By executing this contract, the Contractor affirmatively declares that neither it nor any employee is, to the best of its knowledge, subject to exclusion. The Contractor agrees, further, during the term of this contract, to check the List of Excluded Individuals/Entities prior to hiring or assigning individuals to work on this Contract, and to notify the Department immediately of any identification of the Contractor or an individual employee as excluded, and of any DHHS action or proposed action to exclude the Contractor or any Contractor employee.

39. **Compliance with Federal HIPAA and State Confidentiality Law**

39.1 The Contractor acknowledges its duty to become familiar with and comply, to the extent applicable, with all requirements of the federal Health Insurance Portability and Accountability Act (HIPAA), 42 U.S.C. § 1320d et seq., and implementing regulations including 45 C.F.R. Parts 160 and 164. The Contractor also agrees to comply with the Maryland Confidentiality of Medical Records Act (MCMRA), Md. Code Ann. Health-General §§ 4-301 et seq. This obligation includes:

(a) As necessary, adhering to the privacy and security requirements for protected health information and medical records under HIPAA and MCMRA and making the transmission of all electronic information compatible with the HIPAA requirements;

(b) Providing training and information to employees regarding confidentiality obligations as to health and financial information and securing acknowledgement of these obligations from employees to be involved in the contract; and

(c) Otherwise providing good information management practices regarding all health information and medical records.

39.2 Based on the determination by the Department that the functions to be performed in accordance with the scope of work set forth in the solicitation constitute business associate functions as defined in HIPAA, the Contractor shall execute a business associate agreement as required by HIPAA regulations at 45 C.F.R. 164.501 and in the form as required by the Department.

39.3 “Protected Health Information” as defined in the HIPAA regulations at 45 C.F.R. 160.103 and 164.501, means information transmitted as defined in the regulations, that is individually identifiable; that is created or received by a healthcare provider, health plan, public health authority, employer, life insurer, school or university, or healthcare clearinghouse; and that is related to the past, present, or future physical or mental health or condition of an individual, to the provision of healthcare to an individual, or to the past, present, or future payment for the provision of healthcare to an individual. The definition excludes certain education records as well as employment records held by a covered entity in its role as employer.

40. **Hiring Agreement**

40.1 The Contractor agrees to execute and comply with the enclosed Maryland Department of Human Resources (DHR) Hiring Agreement (Attachment O). The Hiring Agreement is to be executed by the Offeror and delivered to the Procurement Officer within ten (10) Business Days following receipt of notice by the Offeror that it is being recommended for contract award. The Hiring Agreement will become effective concurrently with the award of the contract.
40.2 The Hiring Agreement provides that the Contractor and DHR will work cooperatively to promote hiring by the Contractor of qualified individuals for job openings resulting from this procurement, in accordance with Md. Code Ann., State Finance and Procurement Article §13-224.

41. Limited English Proficiency

The Contractor shall provide equal access to public services to individuals with limited English proficiency in compliance with Md. Code Ann., State Government Article, §§ 10-1101 et seq., and Policy Guidance issued by the Office of Civil Rights, Department of Health and Human Services, and DHMH Policy 02.06.07.

42. Miscellaneous

42.1 Any provision of this Contract which contemplates performance or observance subsequent to any termination or expiration of this Contract shall survive termination or expiration of this Contract and continue in full force and effect.

42.2 If any term contained in this Contract is held or finally determined to be invalid, illegal, or unenforceable in any respect, in whole or in part, such term shall be severed from this Contract, and the remaining terms contained herein shall continue in full force and effect, and shall in no way be affected, prejudiced, or disturbed thereby.

IN WITNESS THEREOF, the parties have executed this Contract as of the date hereinabove set forth.
