2 Contractor Requirements: Scope of Work

2.1 Summary Statement

- 2.1.1** The Maryland State Board of Physicians (“Board”) is issuing this Request for Proposals (RFP) in order for the Board to contract with one Contractor to recruit qualified physician and allied health supervisors (“Supervisors”) to meet with individual licensees (“Respondents”) who were found to have violated a disciplinary ground of the Maryland Medical Practice Act. As a sanction for the violation, the Board directs the licensee to complete certain terms and conditions that may include a practice supervisor pursuant to either a Consent Order or Final Order of the Board. Each licensee will require a qualified, designated and assigned supervisor. The Board will determine qualifications, but these may include Board certification, a clear disciplinary history, at least five (5) years of practice in the profession, and licensure in Maryland. Each supervisor supplied by the Contractor shall be required to conduct certain tasks as identified in the Consent Order or Final Order. These may include, but are not limited to: a review of patient records, meeting in-person or virtually (as specified in the Order) with the Respondent at least once per month to monitor, educate, provide guidance, and assess for compliance with the Board’s Order, keeping records of reviews and observations, and submitting a written quarterly report that is acceptable to the Board. The Supervisor will help the licensee improve their practice or behavioral deficiencies, including, but not limited to appropriate standards of care, standards of documentation, communications and interactions with patients, and other practice improvements such as orderly and clean offices, chaperones, boundary violations, and behavioral issues.
- 2.1.2** It is the State’s intention to obtain goods and services, as specified in this RFP, from a Contract between the selected Offeror and the State.
- 2.1.3** The Board intends to make single award. An Offeror, either directly or through its subcontractor(s), must be able to provide all goods and services and meet all of the requirements requested in this solicitation and the successful Offeror (the Contractor) shall remain responsible for Contract performance regardless of subcontractor participation in the work.

2.2 Background and Purpose

- 2.2.1** The Board, a unit within the Maryland Department of Health, is authorized to discipline physicians and allied health licensees under its jurisdiction for violating disciplinary grounds under the Maryland Medical Practice Act, including failure to meet appropriate standards of quality medical and surgical care, failure to keep adequate medical records, gross overutilization of healthcare services, and unprofessional conduct in the practice of medicine or another profession licensed or regulated by the Board.
- 2.2.2** Each Supervisor will be assigned to monitor and supervise one specific licensee. The Supervisor shall draft and submit quarterly summary reports to the Board on each Respondent’s progress towards meeting the standard of quality care, standards of adequate recordkeeping, and/or improving any other deficiencies and professional conduct. The Supervisor shall be available to consult with the Respondent in person or virtually (as specified by the Order),, by telephone or e-mail. Finally, the Supervisor shall be responsible for informing the Board agent of any deficiencies; whether the Respondent has provided satisfactory medical care within the standard of quality care

and adequate recordkeeping; of any unprofessional conduct; if the Respondent poses a threat to the public health, safety, or welfare. This Contract will aid the Board in carrying out its mission of public protection. If the Respondent allegedly violates the terms and conditions of the Consent Order or Final Order relating to the supervision, and is charged by the Board, the Supervisor will be required to consult with Board staff and an administrative prosecutor and to testify for the State in an administrative proceeding regarding the Respondent's deficiencies and standards of practice, and/or unprofessional conduct. See Section 2.3.4.10.

2.3 Responsibilities and Tasks

2.3.1 Contract Requirements

A. Following the issuance of an Order of the Board that requires supervision, the Board will provide the Contractor with the relevant Board Order(s), peer review reports, if any, and any other documents the Board deems relevant ("Board Materials"). The referral to the Contractor will state the length of supervision, type of supervision, the number of patient files to be reviewed by the Supervisor at each meeting with the licensee, the required specialty of the Supervisor, if any, and any other requirements for compliance with the Board's Order.

B. General - The Contractor will recruit and engage qualified physicians and allied health practitioners. Qualified physicians and allied health practitioners are individuals who are licensed and who have a minimum of five years clinical post-training experience. To the extent practicable, Supervisors should be licensed in Maryland, engaged in the practice of medicine in Maryland, and for physicians, be Board-certified by the American Board of Medical Specialties or the American Osteopathic Association in the relevant discipline or have special qualifications to educate the Respondent regarding the matter at hand. Supervisors shall have no prior disciplinary history and shall not be currently under investigation with a state licensing or disciplinary board (including Maryland), or by a comparable body in the armed services, or the Veterans Administration or by a court of any state or country. The Supervisors may not have any personal or professional relationship with the Respondent. The Supervisors also must be in the geographical vicinity of the Respondent or able to easily travel to the relevant geographical vicinity. The Contractor will sign an affidavit to this effect.

C. By Specialty - The Board may in any particular case determine the specialty of the supervisor. Within 15 calendar days of the referral, the Contractor shall designate a supervisor in the specialty designated by the Board. If no supervisor in the designated field is available, the Board may accept, in its discretion, a supervisor of a different specialty, the practitioners of which often perform the same or similar type of procedures or who often treat the same or similar medical problems as the Respondent.

D. Subspecialties - For physician cases related to standard of care violations, if the Board designates a subspecialty recognized by the American Board of Medical Specialties or the American Osteopathic Association, the Contractor shall make good faith efforts to produce a Supervisor of that subspecialty. If the Contractor cannot produce a Supervisor in that subspecialty the Contractor must produce a Supervisors of the specialty which encompasses that subspecialty.

E. Maryland-Licensed Physicians and allied health practitioners - The Contractor shall make a reasonable effort to utilize as supervisors, physicians and allied health practitioners licensed to practice in Maryland. If after a reasonable effort, the Contractor cannot designate Maryland-licensed physicians and/or allied health practitioners, the Contractor shall notify the Board within 15 days of the referral. The notification shall be in writing and shall narrate specific efforts to

obtain Maryland-licensed Supervisors. The notification shall also advise the Board if the Contractor has located a qualified Supervisors licensed in a state other than Maryland.

F. Location of Supervisors - The Contractor shall make a reasonable effort to utilize as Supervisors, physicians and allied health practitioners who reside in the geographical vicinity of the Respondent or able to easily travel to the Respondent's office or designated consultation location.

G. Conflicts of Interest - The Contractor shall assure that each supervisor has no conflict of interest which would allow the objectivity of their opinions to be reasonably questioned. The Contractor shall not use a supervisor who is a relative, personal friend, business partner, supervisor or employee of the Respondent. The Contractor shall not use a Supervisor who owes a debt to the Respondent, or to whom a debt is owed by the Respondent; nor shall the Contractor use a Supervisor who has a substantial business relationship with the Respondent whether through a legal relationship or a pattern of referrals. The Contractor shall not use a Supervisor who works at the same facility as the Respondent. The Contractor must be aware of possible conflicts arising from: (a) pattern of referrals and (b) competition for patients or business. The Contractor shall in every case require each supervisor to declare in writing under oath that no relationship exists which will interfere with his or her objective judgment.

H. Screening Responsibilities of the Parties – The Contractor is responsible for the initial screening of Supervisors to ensure that the supervisors meet the appropriate qualifications as set out in Section 1.1 .1 and 1.1.2.

I. In each referred case, the Contractor shall provide the Board with the name and background information of the assigned Supervisor (including education, training, specialties and professional experience) in writing within fifteen (15) calendar days after receiving the referral. A current curriculum vitae is required. The Contractor's assignment of each Supervisor is subject to the approval of the Board. The Contractor must have the ability to provide an objective evaluation of the Respondent and will be required to submit a written attestation that they do not have a personal or professional relationship with the licensee as set forth below in paragraph 3.1(F). If the Contractor is unable to designate an appropriate Supervisor within fifteen (15) calendar days, the Contractor shall notify the Board in writing. In unusual cases, the Board may request multiple Supervisors to meet with the Respondent regarding multiple violations. For example, one Supervisor may be assigned to a standard of care violation and a separate Supervisor may monitor a boundary violation. The Contractor shall ensure that each Supervisor reviews the Board Materials. The Supervisor shall select, obtain, and review the required number of patient records as required by the Board's Order. The Supervisor shall meet with the Respondent, in-person or virtually (as specified by the Order), at least once per month to discuss the required number of patient records or address the nature of the violation. On a quarterly basis, the Supervisor shall submit a written, signed report to the Board which details the quality of the Respondent's practice and conduct, any deficiencies, concerns, or needed improvements, the Respondent's participation in the supervisory process, and any measures that have been taken to improve patient care. The Supervisor shall also be available to the Respondent by telephone or e-mail if the Respondent requires consultations on any patient. This will be determined based on agreement with the Supervisor and Respondent and the Board.

In cases related to behavioral issues, or other unusual situations, the Board may request a Supervisor perform other types of monitoring such as ensuring a chaperone policy has been implemented, checking-in with practice staff, reviewing billing records and practices, affirming the cleanliness of an office, providing boundary or patient communication guidance, etc. The prior list is not all-

inclusive and the role and the responsibilities of the Supervisor may change based upon the findings and terms and conditions of the Board's Order.

The Supervisor shall make themselves available for discussion and follow-up with Board staff via telephone or email. Board staff may also request a specific record or task be completed on behalf of the Board during the period of supervision. For example, if the Board receives a complaint, the Board may request that the Supervisor review a specific patient record and provide an opinion on the care and treatment provided by the licensee.

2.3.2 Projected Need

Based upon the prior three years, the Board expects to require supervision for approximately 8-12 new Respondents per year, with most supervision lasting between one and two years, during the course of this three-year Contract. Thus, the Board anticipates that there will be approximately 8-12 active supervisions the first year and 12-18 active supervisions the second year. The Board expects that a large majority of Supervisors will review 10 patient records every month with the Respondent and the remainder will review the records of 5-8 patients per month. Some Supervisor specialties, such as pain management specialists, are more likely to review 10 patient charts per month, while physician specialists in fields that see fewer patients, may review fewer patient charts. The Board cannot guarantee a minimum or maximum the number of Respondents that will be referred to the Contractor. The Board will pay the Contractor only for meetings conducted and reports submitted by the Supervisor to the Board.

2.3.3 Quarterly and Annual Reports and Record Requests

The Contractor shall submit a quarterly report that contains each Respondent, assigned Supervisor, Date of in-person or virtual meeting(s), Date(s) and modes of any other communication, charts reviewed, and any other tasks completed. Quarterly reports are due 15 days after the end of the quarter on January 15th, April 15th, July 15th, and October 15th. The Contractor shall provide the same supporting information and aggregated statistics on an annual basis. Any requested materials as needed for the Board's Annual Report must be submitted within thirty (30) days of request. The Contractor shall also provide program progress reports each year of the Contract including a description of its role and function, aggregated statistics related to number of Supervisors, number of licensees supervised, violation being supervised, number of in-person and/or virtual meetings, and progress in meeting Contract requirements and any other requested documents. The Contractor shall submit any other requested documents to the Board within five (5) business days.

2.3.4 Supervisor Tasks

2.3.4.1 In General

- A. The supervision shall begin on the date specified by Board staff in the letters sent to Respondent and the Supervisor and in compliance with the Board's Order.

2.3.4.2 Qualifications of Supervisor

- A. The supervisor shall be Board-approved in accordance with the requirements of the Board's Order. In general, a supervisor should have a valid license to practice medicine in the State of Maryland. If the Contractor must recruit an out-of-state (OOS) practitioner, the Board must authorize an exception to the Maryland licensure requirement prior to the Contractor seeking OOS practitioners. A Board Order may require that a supervisor be certified by a specialty board or have other specialized knowledge.

2.3.4.3 Review of Materials

- A. Before the first meeting with the Respondent, the Supervisor shall review the Board materials, which will be provided by the Board's agent. The Supervisor may contact the Board's agent to discuss the focus of the referral and whether the Supervisor believes any additional information is needed.

2.3.4.4 Obtaining Select Records

- A. The Supervisor is responsible for obtaining a list of patients seen by the Respondent and selecting records for discussion of the relevant topics that are the focus of supervision at each Supervisors/Respondent meeting. During the initial quarter, the Supervisor shall only review patients who were seen by the Respondent after the Order's execution. During subsequent quarters, the Supervisor shall select records for patients who were seen by the Respondent at least seven (7) calendar days after the previous supervisory meeting.
- B. The Respondent shall provide a list of patients to the Supervisor that he or she has treated in the specified time period. Before each meeting, the Supervisor shall pick the number of patient records described in the Board Order and referral document and review the documentation and care provided by the Respondent for those patients. If this method of selecting patient medical records is not practicable, the Supervisor shall contact the Board to determine alternative methods of obtaining records.
- C. In other cases related to boundary or professional violations, the Supervisor will request any patient records or other records, such as policies, procedures, notices to patients, etc., of the Respondent, as necessary.

2.3.4.5 Meetings with the Respondent

- A. Frequency of Meetings: The Supervisor shall meet with the Respondent in-person or virtually at least once a month, or as required by the Order. They shall agree to a specific date, time, and location. If the Supervisor cannot meet with the Respondent during a certain month for unforeseen circumstances, the Supervisor will notify the Board in writing of the reason they were unable to meet for that month and shall meet with the Respondent two (2) times during the following month.
- B. Structure and Content of Meetings: The Supervisor shall meet in-person, or, if permitted by the Board, virtually with the Respondent and discuss the care and treatment of patients in the Respondent's patient records obtained from Respondent. The Supervisor shall discuss with the Respondent the Supervisor's analysis of patient care and treatment as documented in the patient records. During the meeting, the discussion should be directed at educating the Respondent and sharing any concerns or recommendations the Supervisor has about the Respondent's practice or records. The Supervisor should make recommendations and suggestions that can help the Respondent improve his or her future practice. The Supervisor should also discuss any measures that have been taken by the Respondent to improve patient care and discuss whether the changes have been done properly and discuss the success of those changes.

Should an Order require it, the Supervisor may also be required to educate and discuss with the Respondent other facets of their practice, including practice operations, patient encounters, reviewing consent or other forms, and reviewing policies and procedures.

2.3.4.6 Supervisor's Quarterly Reports

- A. The Supervisor shall submit quarterly reports within fifteen (15) calendar days after the last day of each calendar quarter on January 15th, April 15th, July 15th, and October 15th. The

Board may grant an extension of up to fifteen (15) calendar days for good cause shown, but only if the request was made at least ten (10) calendar days before the report is due. For every day that any report that is late, the Contractor shall, in lieu of actual damages, pay a fee of \$100.00 per day for each day the report is not received. The Supervisor Reports must be complete and timely to ensure the protection of the public. The liquidated damages shall be deducted from the ensuing quarter's invoice. The invoice will only be paid following receipt of all Supervisory Reports due.

- B. The quarterly reports shall be typed in the format of a letter, with a handwritten signature from the Supervisor and shall include, but not be limited to, the following information:
1. The dates the Supervisor met with the Respondent.
 2. The amount of time the Supervisor spent in the meeting with the Respondent.
 3. An assessment of the Respondent's approach to treating patients.
 4. A brief summary of the patient charts reviewed, including any relevant diagnosis, medical history, and the care the Respondent provided to them.
 5. An assessment of the Respondent's compliance with quality medical standard and recordkeeping standards.
 6. Areas of improvement that the Respondent must work on.
 7. If the original case focused on boundaries and/or professionalism, any observed changes in these aspects of the Respondent's practice as observed by the supervisor.
 8. The specific improvements have occurred in the Respondent's practice since the last quarterly report (not applicable to the first Supervisor's report).
 9. Comment regarding the Respondent's cooperation and participation with the supervisory process.
 10. Comments/observation of the practice and/or the Respondent.
 11. Any other concerns the Supervisor has identified that should be brought to the Board's attention.
 12. Any deficiencies in care, recordkeeping or relating to the supervision.
 13. Recommendations for improvement including evaluations, course work, etc.
 14. An attestation that that the Supervisor has reviewed the contents of the report and will cooperate with Board staff and an administrative prosecutor and will testify in the event that the case proceeds to a hearing.
- C. The quarterly reports should include an attestation affirming that the services have been provided. All Supervisory Reports that are due for the quarter will need to be received at the Board prior to payment of the quarter's invoice.
- D. The Board reserves the right to reject incomplete or insufficiently prepared reports. Should this happen, a revised report that addresses the Board's issues should be submitted within five (5) calendar days.

2.3.4.7 Consultations as Needed

The Supervisor shall be available to the Respondent by telephone and/or e-mail should the Respondent require consultations on any patients. Availability to be determined based on agreement between the Supervisor and the Respondent. At any time, the Board may request this information of the Respondent and Supervisor.

2.3.4.8 Communications with the Board

The Supervisor shall respond to any Board communications within two (2) business days.

2.3.4.9 Cases Posing Imminent danger

If at any point the Supervisor finds that the Respondent poses an imminent danger to the public health, safety, or welfare, the Supervisor shall inform the Board agent of their concerns via a telephone call within twenty-four (24) hours between the hours of 8:00 AM and 5:00 PM during Business Days and a follow-up notification in writing within three (3) Business Days. If the Supervisor is unable to reach the Board's agent by telephone or e-mail, the Supervisor shall contact the Board's main phone number at (410) 764-4777 and request to speak with someone in the probation unit or leave a message for them.

2.3.4.10 Administrative Prosecution

In circumstances where the Respondent does not comply with the supervisory conditions or does not improve despite the Supervisor's monitoring, education, guidance, and advice, the Board may refer the case for administrative prosecution. Should the Board refer the case to an Administrative Prosecutor, the following provisions will apply:

- A. The Supervisor shall be required to communicate directly with the Administrative Prosecutor;
- B. The Supervisor shall be required to meet with the Administrative Prosecutor in person, if requested;
- C. The Supervisor shall be required to review charging documents or other pleadings as requested by the Administrative Prosecutor;
- D. The Supervisor shall be required to review documents including but not limited to medical records and expert reports offered by the Respondent in preparation for an evidentiary hearing; and
- E. The Supervisor shall be required to testify at an administrative hearing before an Administrative Law Judge if the case goes to a hearing. Testimony before an Administrative Law Judge may occur across one or more days depending on how a case is scheduled.

2.3.5 Board Responsibilities

- A. When the Contractor proposes a potential Supervisor for a Respondent, the Board analyst assigned to the case will compile all documents and information relating to the case and present the Contractor's proposed Supervisor to a Board Panel for approval. Board staff will expedite any Supervisor proposals made by the Contractor; however, please be advised that the approval process may still take up to thirty (30) days due to deadlines for panel meeting dates. Should a Panel vote to not approve any proposed supervisor, the Contractor will be notified of the Panel's basis for its decision.
- B. The Board will provide the Contractor with the relevant Board Order(s), peer review reports, if any, and any other documents the Board deems relevant ("Board Materials") prior to the initial meeting. The Board will deliver these materials to the Contractor when the Supervisor is approved. Such delivery constitutes the date of the referral to the Contractor.

- C. The Board will provide to its Contractor the name and work address, phone number and contact information of the Respondent.
- D. The Board will also provide the name and email address of the Board's agent and a phone number at which the Board's agent can be reached during Normal State Business Hours. The Board agent will be the probation analyst who assigned the case to the Contractor. The Board's agent shall be responsible for maintaining contact with each Supervisor as needed.

2.3.6 Withdrawal Provision

- A. Withdrawal after satisfactory partial completion of referral.

If the Board withdraws a request for a Supervisor after satisfactory partial completion of the referral, the Contractor will submit all work performed up to that time and payment will be made for Supervisor meetings and quarterly reports completed but not yet invoiced. This includes instances where the Respondent is not working and unable to gain employment.

- B. Withdrawal because of unsatisfactory partial completion of referral, including late reports.

If the Board withdraws a request for a Supervisor after satisfactory or unsatisfactory partial completion of the referral, the Contractor will submit all work performed up to that time and payment will be made for the Supervisor meetings and quarterly reports completed but not yet invoiced. This includes instances where the Respondent is not working and late quarterly reporting. No further payment will be made for the referral.

- C. This section is in addition to and not in substitution for the contractual provisions on funding and termination as stated in Section 2.3.7.

- A. Directed Personnel Replacement
 - 1) The Contract Monitor may direct the Contractor to replace any Contractor Personnel who, in the sole discretion of the Contract Monitor, are perceived as being unqualified, non-productive, unable to fully perform the job duties, disruptive, or known, or reasonably believed, to have committed a major infraction(s) of law, Md. Board of Physicians policies, or Contract requirements. Normally, a directed personnel replacement will occur only after prior notification of problems with requested remediation, as described in paragraph **3.11.4.A.2**.

If the Contract Monitor rejects the Remediation Plan, the Contractor shall revise and resubmit the plan to the Contract Monitor within five (5) days, or in the timeframe set forth by the Contract Monitor in writing.
 - 3) Should performance issues persist despite an approved Remediation Plan, the Contract Monitor may give written notice of the continuing performance issues and either request a new Remediation Plan within a specified time limit or direct the substitution of Contractor Personnel whose performance is at issue with a qualified substitute, including requiring the immediate removal of the Contractor Personnel at issue.
 - 4) Replacement or substitution of Contractor Personnel under this section shall be in addition to, and not in lieu of, the State's remedies under the Contract or which otherwise may be available at law or in equity.
 - 5) If the Contract Monitor determines to direct substitution under **3.11.4.A.1**, if at all possible, at least fifteen (15) days advance notice shall be given to the Contractor. Contract Monitor may direct the removal in a timeframe of less than fifteen (15) days, including immediate removal.

- 6) In circumstances of directed removal, the Contractor shall, in accordance with paragraph **3.11.4.A.1** of this section, provide a suitable replacement for approval within fifteen (15) days of the notification of the need for removal, or the actual removal, whichever occurs first.

B. Key Personnel Replacement

- 1) To replace any Key Personnel in a circumstance other than as described in **3.11.4.B**, including transfers and promotions, the Contractor shall submit a substitution request as described in **Section 3.11.3** to the Contract Monitor at least fifteen (15) days prior to the intended date of change. A substitution may not occur unless and until the Contract Monitor approves the substitution in writing.
- 2) Key Personnel Replacement Due to Sudden Vacancy

 - b) Under any of the circumstances set forth in this paragraph B, the Contractor shall identify a suitable replacement and provide the same information and items required under **Section 3.11.3** within fifteen (15) days of the actual vacancy occurrence or from when the Contractor first knew or should have known that the vacancy would be occurring, whichever is earlier.
- 3) Key Personnel Replacement Due to an Indeterminate Absence
 - a) If any Key Personnel has been absent from his/her job for a period of ten (10) days and it is not known or reasonably anticipated that the individual will be returning to work within the next twenty (20) days to fully resume all job duties, before the 25th day of continuous absence, the Contractor shall identify a suitable replacement and provide the same information and items to the Contract Monitor as required under **Section 3.11.3**.
 - b) However, if this person is available to return to work and fully perform all job duties before a replacement has been authorized by the Contract Monitor the Contract Monitor may, at his/her sole discretion, authorize the original personnel to continue to work under the Contract, or authorize the replacement personnel to replace the original personnel, notwithstanding the original personnel's ability to return.

Prior to Contract execution or within thirty (30) days after Contract execution, the Offeror may not substitute proposed Key Personnel except under the following circumstances (a) for actual full-time personnel employed directly by the Offeror: the vacancy occurs due to the sudden termination, resignation, or approved leave of absence due to an Extraordinary Personal Event, or the death of such personnel; and (b) for any temporary staff, subcontractors or 1099 contractors: the vacancy occurs due to an Incapacitating event or the death of such personnel. To qualify for such substitution, the Offeror must demonstrate to the State's satisfaction the event necessitating substitution. Proposed substitutions shall be of equal caliber or higher, in the State's sole discretion.

See RFP **Section 6** for further award information.

4.10 Oral Presentation

Offerors may be required to make oral presentations to State representatives. Oral presentations are considered part of the Technical Proposal. Proposals submitted in response to this RFP are irrevocable for the latest of the following: 120 days following the Proposal due date and time, best and final offers if requested (see **Section 6.5.2**), or the date any protest concerning this RFP is finally resolved. This period may be extended at the Procurement Officer's request only with the Offeror's written agreement.

4.12 Revisions to the RFP

4.12.1 If the RFP is revised before the due date for Proposals, the Md. 4.12.4 Acknowledgement of the receipt of addenda to the RFP issued after the Proposal due date shall be in the manner specified in the addendum notice.

4.12.5 Failure to acknowledge receipt of an addendum does not relieve the Offeror from complying with the terms, additions, deletions, or corrections set forth in the addendum, and may cause the Proposal to be deemed not reasonably susceptible of being selected for award.

4.13 Cancellations

4.13.1 The State reserves the right to cancel this RFP, accept or reject any and all Proposals, in whole or in part, received in response to this RFP, waive or permit the cure of minor irregularities, and conduct discussions with all qualified or potentially qualified Offerors in any manner necessary to serve the best interests of the State.

If applicable, the Offeror's Proposal shall contain an explicit statement, signed by an authorized representative of the parent organization, stating that the parent organization will guarantee the performance of the subsidiary.

4.16.4 A parental guarantee of the performance of the Offeror under this Section will not automatically result in crediting the Offeror with the experience or qualifications of the parent under any evaluation criteria pertaining to the actual Offeror's experience and qualifications. Instead, the Offeror will be evaluated on the extent to which the State determines that the experience and qualifications of the parent are applicable to and shared with the Offeror, any stated intent by the parent to be directly involved in the performance of the Contract, and the value of the parent's participation as determined by the State.

4.20 Compliance with Laws/Arrearages

By submitting a Proposal in response to this RFP, the Offeror, if selected for award, agrees that it will comply with all federal, State, and local laws applicable to its activities and obligations under the Contract.

It is strongly recommended that any potential Offeror complete registration prior to the Proposal due date and time. The Offeror’s failure to complete registration with SDAT may disqualify an otherwise successful Offeror from final consideration and recommendation for Contract award.

4.23.2 Any request for exemption must be submitted to the State Comptroller’s Office for identification information as stated on the form, and must include the business identification information as stated on the form, and must include the reason for the exemption. Failure to adhere to any of these instructions may result in the Proposal being determined to be not reasonably susceptible of being selected for award and rejected by the Md. Board of Physicians.

THE REMAINDER OF THIS PAGE IS INTENTIONALLY LEFT BLANK.

6 Evaluation and Selection Process

6.1 Evaluation Committee

Evaluation of Proposals will be performed in accordance with COMAR 21.05.03 by a committee established for that purpose and based on the evaluation criteria set forth below. The Evaluation Committee will review Proposals, participate in Offeror oral presentations and discussions, and provide input to the Procurement Officer. The Md. Board of Physicians reserves the right to utilize the services of individuals outside of the established Evaluation Committee for advice and assistance, as deemed appropriate.

During the evaluation process, the Procurement Officer may determine at any time that a particular Offeror is not susceptible for award.

6.2 Technical Proposal Evaluation Criteria

The criteria to be used to evaluate each Technical Proposal are listed below in descending order of importance. Unless stated otherwise, any sub-criteria within each criterion have equal weight.

6.2.1 Offeror's Technical Response to Requirements and Work Plan (See RFP § 5.3.2.F)

The State prefers the Offeror's Technical Proposal to illustrate a comprehensive understanding of work requirements and mastery of the subject matter, including an explanation of how the work will be performed. Proposals which include limited responses to work requirements such as "concur" or "will comply" will receive a lower ranking than those Proposals that demonstrate an understanding of the work requirements and include plans to meet or exceed them.

6.2.2 Experience and Qualifications of Proposed Staff (See RFP § 5.3.2.G)

6.2.3 Offeror Qualifications and Capabilities, including proposed subcontractors (See RFP § 5.3.2.H)

6.2.4 Economic Benefit to State of Maryland (See RFP § 5.3.2.O) [[Delete if removed from 5.3.2. Double check the cross reference.]]

6.3 Financial Proposal Evaluation Criteria

All Qualified Offerors (see **Section 6.5.2.D**) will be ranked from the lowest (most advantageous) to the highest (least advantageous) price based on the Total Proposal Price within the stated guidelines set forth in this RFP and as submitted on **Attachment B** - Financial Proposal Form.

6.4 Reciprocal Preference

6.4.1 Although Maryland law does not authorize procuring agencies to favor resident Offerors in awarding procurement contracts, many other states do grant their resident businesses preferences over Maryland contractors. COMAR 21.05.01.04 permits procuring agencies to apply a reciprocal preference under the following conditions:

- A. The Maryland resident business is a responsible Offeror;
- B. The most advantageous Proposal is from a responsible Offeror whose principal office, or principal base of operations is in another state;
- C. The other state gives a preference to its resident businesses through law, policy, or practice; and
- D. The preference does not conflict with a federal law or grant affecting the procurement Contract.

- 6.4.2 The preference given shall be identical to the preference that the other state, through law, policy, or practice gives to its resident businesses.

6.5 Selection Procedures

6.5.1 General

- A. The Contract will be awarded in accordance with the Competitive Sealed Proposals (CSP) method found at COMAR 21.05.03. The CSP method allows for the conducting of discussions and the revision of Proposals during these discussions. Therefore, the State may conduct discussions with all Offerors that have submitted Proposals that are determined to be reasonably susceptible of being selected for contract award or potentially so. However, the State reserves the right to make an award without holding discussions.
- B. With or without discussions, the State may determine the Offeror to be not responsible or the Offeror's Proposal to be not reasonably susceptible of being selected for award at any time after the initial closing date for receipt of Proposals and prior to Contract award.

6.5.2 Selection Process Sequence

- A. A determination is made that the MDOT Certified MBE Utilization and Fair Solicitation Affidavit (**Attachment D-1A**) is included and is properly completed, if there is a MBE goal. In addition, a determination is made that the VSBE Utilization Affidavit and subcontractor Participation Schedule (**Attachment E-1**) is included and is properly completed, if there is a VSBE goal.
- B. Technical Proposals are evaluated for technical merit and ranked. During this review, oral presentations and discussions may be held. The purpose of such discussions will be to assure a full understanding of the State's requirements and the Offeror's ability to perform the services, as well as to facilitate arrival at a Contract that is most advantageous to the State. Offerors will be contacted by the State as soon as any discussions are scheduled.
- C. Offerors must confirm in writing any substantive oral clarifications of, or changes in, their Technical Proposals made in the course of discussions. Any such written clarifications or changes then become part of the Offeror's Technical Proposal. Technical Proposals are given a final review and ranked.
- D. The Financial Proposal of each Qualified Offeror (a responsible Offeror determined to have submitted an acceptable Proposal) will be evaluated and ranked separately from the Technical evaluation. After a review of the Financial Proposals of Qualified Offerors, the Evaluation Committee or Procurement Officer may again conduct discussions to further evaluate the Offeror's entire Proposal.
- E. When in the best interest of the State, the Procurement Officer may permit Qualified Offerors to revise their initial Proposals and submit, in writing, Best and Final Offers (BAFOs). The State may make an award without issuing a request for a BAFO. **Offerors may only perform limited substitutions of proposed personnel as allowed in Section 3.11 (Substitution of Personnel).**

6.5.3 Award Determination

Upon completion of the Technical Proposal and Financial Proposal evaluations and rankings, each Offeror will receive an overall ranking. The Procurement Officer will recommend award of the Contract to the responsible Offeror that submitted the Proposal determined to be the most advantageous to the State. In making this most advantageous Proposal determination, technical factors will receive greater weight than financial factors.

6.6 Documents Required upon Notice of Recommendation for Contract Award

Upon receipt of a Notification of Recommendation for Contract award, the apparent awardee shall complete and furnish the documents and attestations as directed in Table 1 of **Section 7 – RFP Attachments and Appendices**.

THE REMAINDER OF THIS PAGE IS INTENTIONALLY LEFT BLANK.

- B) All Unit Prices must be the actual price per unit the State will pay for the specific item or service identified in this RFP and may not be contingent on any other factor or condition in any manner.
- C) All calculations shall be rounded to the nearest cent, e.g., .344 shall be .34 and .345 shall be .35.
- D) Any goods or services required through this RFP and proposed by the vendor at **No Cost to the State** must be clearly entered in the Unit Price, if appropriate, and Extended Price with **\$0.00**.

Alterations and/or conditions may render the Proposal not reasonably susceptible of being selected for award.
- G) It is imperative that the prices included on the Financial Proposal Form have been entered correctly and calculated accurately by the Offeror and that the respective total prices agree with the entries on the Financial Proposal Form. Any incorrect entries or inaccurate calculations by the Offeror will be treated as provided in COMAR 21.05.03.03.F, and may cause the Proposal to be rejected.
- H) If option years are included, Offerors must submit pricing for each option year. Any option to renew will be exercised at the sole discretion of the State and comply with all terms and conditions in force at the time the option is exercised. If exercised, the option period shall be for a period identified in the RFP at the prices entered in the Financial Proposal Form.
- I) All Financial Proposal prices entered below are to be fully loaded prices that include all costs/expenses associated with the provision of services as required by the RFP. The Financial Proposal price shall include, but is not limited to, all: labor, profit/overhead, general operating, administrative, and all other expenses and costs necessary to perform the work set forth in the solicitation. No other amounts will be paid to the Contractor. If labor rates are requested, those amounts shall be fully-loaded rates; no overtime amounts will be paid.
- J) Unless indicated elsewhere in the RFP, sample amounts used for calculations on the Financial Proposal Form are typically estimates for evaluation purposes only. Unless stated otherwise in the RFP, the Md. Board of Physicians does not guarantee a minimum or maximum number of units or usage in the performance of the Contract.

- K) Failure to adhere to any of these instructions may result in the Proposal being determined not reasonably susceptible of being selected for award.

Contemporaneously with or within thirty (30) days of the filing of a notice of claim, but no later than the date of final payment under the Contract, the Contractor must submit to the Procurement Officer its written claim containing the information specified in COMAR 21.10.04.02.

13. Maryland Law Prevails

- 13.1 This Contract shall be construed, interpreted, and enforced according to the laws of the State of Maryland.

14. Nondiscrimination in Employment

The Contractor agrees: (a) not to discriminate in any manner against an employee or applicant for employment because of race, color, religion, creed, age, sex, sexual orientation, gender identification, marital status, national origin, ancestry, genetic information, or any otherwise unlawful use of characteristics, or disability of a qualified individual with a disability unrelated in nature and extent so as to reasonably preclude the performance of the employment, or the individual's refusal to submit to a genetic test or make available the results of a genetic test; (b) to include a provision similar to that contained in subsection (a), above, in any underlying subcontract except a subcontract for standard commercial supplies or raw materials; and (c) to post and to cause subcontractors to post in conspicuous places available to employees and applicants for employment, notices setting forth the substance of this clause.

If the General Assembly fails to appropriate funds or if funds are not otherwise made available for continued performance for any fiscal period of this Contract succeeding the first fiscal period, this Contract shall be canceled automatically as of the beginning of the fiscal year for which funds were not appropriated or otherwise made available; provided, however, that this will not affect either the State's or the Contractor's rights under any termination clause in this Contract. The effect of termination of the Contract hereunder will be to discharge both the Contractor and the State from future performance of the Contract, but not from their rights and obligations existing at the time of termination. The Contractor shall be reimbursed for the reasonable value of any nonrecurring costs incurred but not amortized in the price of the Contract. The State shall notify the Contractor as soon as it has knowledge that funds may not be available for the continuation of this Contract for each succeeding fiscal period beyond the first.

18. Termination for Convenience

The performance of work under this Contract may be terminated by the State in accordance with this clause in whole, or from time to time in part, whenever the State shall determine that such termination is in the best interest of the State. The State will pay all reasonable costs associated with this Contract that the Contractor has incurred up to the date of termination, and all reasonable costs associated with termination of the Contract. However, the Contractor shall not be reimbursed for any anticipatory profits that have not been earned up to the date of termination. Termination hereunder, including the determination of the rights and obligations of the parties, shall be governed by the provisions of COMAR 21.07.01.12A (2).

19. Delays and Extensions of Time

19.1 The Contractor agrees to prosecute the work continuously and diligently and no charges or claims for damages shall be made by it for any delays or hindrances from any cause whatsoever during the progress of any portion of the work specified in this Contract.

19.2 Time extensions will be granted only for excusable delays that arise from unforeseeable causes beyond the control and without the fault or negligence of the Contractor, including but not restricted to, acts of God, acts of the public enemy, acts of the State in either its sovereign or contractual

capacity, acts of another Contractor in the performance of a contract with the State, fires, floods, epidemics, quarantine restrictions, strikes, freight embargoes, or delays of subcontractors or suppliers arising from unforeseeable causes beyond the control and without the fault or negligence of either the Contractor or the subcontractors or suppliers.

20. Suspension of Work

The Contractor hereby represents and warrants that:

- a. It is qualified to do business in the State and that it will take such action as, from time to time hereafter, may be necessary to remain so qualified;
- b. It is not in arrears with respect to the payment of any monies due and owing the State, or any department or unit thereof, including but not limited to the payment of taxes and employee benefits, and that it shall not become so in arrears during the Term;
- c. It shall comply with all federal, State and local laws, regulations, and ordinances applicable to its activities and obligations under this Contract; and
- d. It shall obtain, at its expense, all licenses, permits, insurance, and governmental approvals, if any, necessary to the performance of its obligations under this Contract.

27. Cost and Price Certification

- 27.1 The Contractor, by submitting cost or price information certifies that, to the best of its knowledge, the information submitted is accurate, complete, and current as of the date of its Proposal.
- 27.2 The price under this Contract and any change order or modification hereunder, including profit or fee, shall be adjusted to exclude any significant price increases occurring because the Contractor furnished cost or price information which, as of the date of its Proposal, was inaccurate, incomplete, or not current.

28. Subcontracting; Assignment

The Contractor may not subcontract any of its obligations under this Contract without obtaining the prior written approval of the Procurement Officer, nor may the Contractor assign this Contract or any of its rights or obligations hereunder, without the prior written approval of the Procurement Officer, each at the State's sole and absolute discretion; provided, however, that a Contractor may assign monies receivable under a contract after written notice to the State. Any subcontracts shall include such language as may be required in various clauses contained within this Contract, exhibits, and attachments. The Contract shall not be assigned until all approvals, documents, and affidavits are completed and properly registered. The State shall not be responsible for fulfillment of the Contractor's obligations to its subcontractors.

29. Limitations of Liability

29.1 Contractor shall be liable for any loss or damage to the State occasioned by the acts or omissions of Contractor, its subcontractors, agents or employees as follows:

- (a) For infringement of patents, trademarks, trade secrets and copyrights as provided in **Section 5 "Patents, Copyrights, Intellectual Property"** of this Contract;
- (b) Without limitation for damages for bodily injury (including death) and damage to real property and tangible personal property; and
- (c) For all other claims, damages, loss, costs, expenses, suits or actions in any way related to this Contract and regardless of the basis on which the claim is made, Contractor's liability shall be unlimited.
- (d) In no event shall the existence of a subcontract operate to release or reduce the liability of Contractor hereunder. For purposes of this Contract, Contractor agrees that all subcontractors shall be held to be agents of Contractor.

29.2 Contractor's indemnification obligations for Third party claims arising under Section 6 ("Indemnification") of this Contract are included in this limitation of liability only if the State is immune from liability. Contractor's indemnification liability for third party claims arising under Section 6 of this Contract shall be unlimited if the State is not immune from liability for claims arising under Section 6.

29.3. In no event shall the existence of a subcontract operate to release or reduce the liability of Contractor hereunder. For purposes of this Contract, Contractor agrees that it is responsible for performance of the services and compliance with the relevant obligations hereunder by its subcontractors.

30. Commercial Nondiscrimination

30.1 As a condition of entering into this Contract, Contractor represents and warrants that it will comply with the State's Commercial Nondiscrimination Policy, as described under Title 19 of the State Finance and Procurement Article of the Annotated Code of Maryland. As part of such compliance, Contractor may not discriminate on the basis of race, color, religion, ancestry, national origin, sex, age, marital status, sexual orientation, sexual identity, genetic information or an individual's refusal to submit to a genetic test or make available the results of a genetic test or on the basis of disability, or otherwise unlawful forms of discrimination in the solicitation, selection, hiring, or commercial treatment of subcontractors, vendors, suppliers, or commercial customers, nor shall Contractor retaliate against any person for reporting instances of such discrimination. Contractor shall provide equal opportunity for subcontractors, vendors, and suppliers to participate in all of its public sector and private sector subcontracting and supply opportunities, provided that this clause does not prohibit or limit lawful efforts to remedy the effects of marketplace discrimination that have occurred or are occurring in the marketplace. Contractor understands that a material violation of this clause shall be considered a material breach of this Contract and may result in termination of

this Contract, disqualification of Contractor from participating in State contracts, or other sanctions. This clause is not enforceable by or for the benefit of, and creates no obligation to, any third party.

- 30.3 As a condition of entering into this Contract, upon the request of the Commission on Civil Rights, and only after the filing of a complaint against Contractor under Title 19 of the State Finance and Procurement Article of the Annotated Code of Maryland, as amended from time to time, Contractor agrees to provide within 60 days after the request a complete list of the names of all subcontractors, vendors, and suppliers that Contractor has used in the past four (4) years on any of its contracts that were undertaken within the State of Maryland, including the total dollar amount paid by Contractor on each subcontract or supply contract. Contractor further agrees to cooperate in any investigation conducted by the State pursuant to the State Commercial Nondiscrimination Policy as set forth under Title 19 of the State Finance and Procurement Article of the Annotated Code of Maryland, and to provide any documents relevant to any investigation that are requested by the State. Contractor understands that violation of this clause is a material breach of this Contract and may result in Contract termination, disqualification by the State from participating in State contracts, and other sanctions.
- 30.4 The Contractor shall include the language from 30.1, or similar clause approved in writing by the Md. Board of Physicians, in all subcontracts.

31. Prompt Pay Requirements

- 31.1 If the Contractor withholds payment of an undisputed amount to its subcontractor, the Md. Board of Physicians, at its option and in its sole discretion, may take one or more of the following actions:

 - (b) Suspend all or some of the Contract work without affecting the completion date(s) for the Contract work;
 - (c) Pay or cause payment of the undisputed amount to the subcontractor from monies otherwise due or that may become due to the Contractor;
 - (d) Place a payment for an undisputed amount in an interest-bearing escrow account; or
 - (e) Take other or further actions as appropriate to resolve the withheld payment.
- 31.2 An “undisputed amount” means an amount owed by the Contractor to a subcontractor for which there is no good faith dispute. Such “undisputed amounts” include, without limitation: (a) retainage which had been withheld and is, by the terms of the agreement between the Contractor and subcontractor, due to be distributed to the subcontractor; and (b) an amount withheld because of issues arising out of an agreement or occurrence unrelated to the agreement under which the amount is withheld.
- 31.3 An act, failure to act, or decision of a Procurement Officer or a representative of the Md. Board of Physicians concerning a withheld payment between the Contractor and a subcontractor under this **section 31**, may not:
- (a) Affect the rights of the contracting parties under any other provision of law;
 - (b) Be used as evidence on the merits of a dispute between the Md. Board of Physicians and the Contractor in any other proceeding; or
 - (c) Result in liability against or prejudice the rights of the Md. Board of Physicians.
- 31.4 The remedies enumerated above are in addition to those provided under COMAR 21.11.03.13 with respect to subcontractors that have contracted pursuant to the MBE program.

31.5 To ensure compliance with certified MBE subcontract participation goals, the Md. Board of Physicians may, consistent with COMAR 21.11.03.13, take the following measures:

(a) Verify that the certified MBEs listed in the MBE participation schedule actually are performing work and receiving compensation as set forth in the MBE participation schedule. This verification may include, as appropriate:

- i. Inspecting any relevant records of the Contractor;
- ii. Inspecting the jobsite; and
- iii. Interviewing subcontractors and workers.

Verification shall include a review of:

- i. The Contractor's monthly report listing unpaid invoices over thirty (30) days old from certified MBE subcontractors and the reason for nonpayment; and
- ii. The monthly report of each certified MBE subcontractor, which lists payments received from the Contractor in the preceding thirty (30) days and invoices for which the subcontractor has not been paid.

(b) If the Md. Board of Physicians determines that the Contractor is not in compliance with certified MBE participation goals, then the Md. Board of Physicians will notify the Contractor in writing of its findings, and will require the Contractor to take appropriate corrective action. Corrective action may include, but is not limited to, requiring the Contractor to compensate the MBE for work performed as set forth in the MBE participation schedule.

(c) If the Md. Board of Physicians determines that the Contractor is in material noncompliance with MBE Contract provisions and refuses or fails to take the corrective action that the Md. Board of Physicians requires, then the Md. Board of Physicians may:

- i. Terminate the Contract;
- ii. Refer the matter to the Office of the Attorney General for appropriate action; or
- iii. Initiate any other specific remedy identified by the Contract, including the contractual remedies required by any applicable laws, regulations, and directives regarding the payment of undisputed amounts.

(d) Upon completion of the Contract, but before final payment or release of retainage or both, the Contractor shall submit a final report, in affidavit form under the penalty of perjury, of all payments made to, or withheld from, MBE subcontractors.

32. Living Wage

If a Contractor subject to the Living Wage law fails to submit all records required under COMAR 21.11.10.05 to the Commissioner of Labor and Industry at the Department of Labor, Licensing and Regulation, the Md. Board of Physicians may withhold payment of any invoice or retainage. The Md. Board of Physicians may require certification from the Commissioner on a quarterly basis that such records were properly submitted.

33. Use of Estimated Quantities

of Physicians does not guarantee a minimum or maximum number of units or usage in the performance of this Contract.

34. Risk of Loss; Transfer of Title

The State has the right to exercise all rights and elections under the Code and all other applicable bankruptcy, insolvency and similar laws with respect to this Contract (including all executory statement of works). Without limiting the generality of the foregoing, if the Contractor or its estate becomes subject to any bankruptcy or similar proceeding: (a) subject to the State’s rights of election, all rights and licenses granted to the State under this Contract shall continue subject to the respective terms and conditions of this Contract; and (b) the State shall be entitled to a complete duplicate of (or complete access to, as appropriate) all such intellectual property and embodiments of intellectual property, and the same, if not already in the State’s possession, shall be promptly delivered to the State, unless the Contractor elects to and does in fact continue to perform all of its obligations under this Contract.

36. Miscellaneous

36.2 If any term contained in this Contract is held or finally determined to be invalid, illegal, or unenforceable in any respect, in whole or in part, such term shall be severed from this Contract, and the remaining terms contained herein shall continue in full force and effect, and shall in no way be affected, prejudiced, or disturbed thereby.

Attachment P. Elements on Training Program for Supervisors

Elements on Training Program for Supervisors

1. Disciplinary Process

Supervisors should be familiar with the disciplinary process of the Board. The Board offers a short tutorial to new Physicians that outlines the investigative and disciplinary process under the State Board of Physicians, and provides useful links. Supervisors may access this tutorial at <https://www.mbp.state.md.us/bpqaipo/> (New Physician Orientation. Log on as Guest). The authorizing statute may be accessed at <http://mgaleg.maryland.gov/mgawebsite/Laws/StatuteText?article=gho§ion=14-401.1&enactments=False&archived=False> (Health Occupations § 14-401.1 thru 415); and regulations at https://www.mbp.state.md.us/resource_information/res_pro/resource_Practitioner_regs.aspx (COMAR 10.32.02.01 through 10.32.02.10).

2. Role of the Supervisor

Licenses of the Board who have been disciplined (“Respondents”) may be required to meet with a Board-approved Supervisor who will review ten (10) patient records provided by the Respondent and meet with them once a month to discuss the care the Respondent provided to the patients. It is the sole responsibility of the Respondent to provide the supervisor with a list of patients they treated on a monthly basis, which can be in the form of an appointment log or any other document that the Respondent uses to show which patients were seen. The supervisor shall then choose ten (10) patient records from the list provided by the Respondent; The Respondent shall have no input on which patients are selected by the supervisor. It is also the solo responsibility of the Respondent to provide the Supervisor with the requested patient records, which can be done physically or electronically.

If the Board issues an Order that determines that a Respondent was guilty of unprofessional conduct or boundary violations, such as sexual harassment, poor bedside manner or other poor patient interactions, inappropriate touching, etc., a supervisor may be required to meet with the licensee and observe their patient care practices and/or review office policies with them in addition to or instead of reviewing patient records.

Supervisors are required to submit quarterly reports to the Board that meet the specifications in Section 3. Should the Board vote to charge a Respondent based on a supervisor’s quarterly report(s), the Respondent may choose to proceed with a full evidentiary hearing before an Administrative Law Judge (ALJ) at the Office of Administrative Hearings (OAH). Should this occur, the Supervisor may be called as an Expert Witness by an Administrative Prosecutor on behalf of the Board (Described in Section 4).

3. Reading a Board Order

In a standard Consent Order issued by a Panel of the Board (One in which the disciplined licensee and panel have agreed to enter into) there are three main sections that supervisors should read and be familiar with:

- a. Findings of Fact – this section describes the steps taken during the investigation and the peer reviewers’ findings. While the peer review reports will be provided to the supervisor for their reference, this section of the Order can serve as a quick reference.

- b. Conclusions of Law – this section identifies the statutes and regulations that the disciplined licensee was found to have violated. If a Panel dismisses any grounds that it originally charged the licensee with violating but could not substantiate, this section will identify those as well;
- c. Order – this section will identify and describe every term and condition that the licensee needs to comply with in order to satisfy the Order, including the terms and conditions regarding the supervision.

Should the Board issue a Final Decision and Order to a licensee who has pursued an evidentiary hearing at the OAH and has opted not to resolve their case with a Consent Order, the Findings of Fact section will usually be found on the attached Proposed Decision issued by an ALJ. A Panel, after a hearing before an ALJ, may choose to adopt, modify, or reject an ALJ's Findings of Fact in a Proposed Decision. The Final Decision and Order whether the Panel adopts, modifies, or rejects the ALJ's Findings of Fact.

4. Quarterly Reports

The Supervisor shall submit their quarterly reports in the form of a letter. The Vendor may propose a template for the quarterly reports with their offer. The quarterly report should be clear, specific, and complete. Additionally, the quarterly report should avoid abbreviations and use plain English as much as possible, since many non-medical personnel will read the report. Quarterly reports must include, at a minimum:

- a. A summary of each patient record reviewed and the care that the Respondent has provided them since the last supervisor meeting. Additionally, the supervisor should specify whether or not the care provided by the Respondent is appropriate and what steps they can take to improve the care, if any;
- b. A summary of the Respondent's documentation practices and whether or not they are meeting the standards of adequate documentation.
- c. A summary of any conversations had with the Respondent regarding the care they provided, what they are doing well, and how they can improve;
- d. If the Respondent was guilty of unprofessional conduct or a boundary violation as described in Section 2, the Supervisor may be required to report any conversations they had with the Respondent regarding what they are doing to mitigate the possibility of another incident, any changes that they are making in their practice to address concerns of unprofessional conduct or boundary violations, and any discussions had with the Respondent on how they can improve their practice policies;
- e. A summary of the Respondent's participation in the supervisory process.

Quarterly reports must be signed by the Supervisor. Should the Vendor arrange for their staff to generate a quarterly report based on notes taken by the Supervisor, there must be an attestation on the report signed by the Supervisor affirming that they have read the staff-generated report and that the report is an accurate representation of their notes and observations.

Should the Board need clarification after reviewing the quarterly report, Board staff may seek clarification through the Vendor; however, there may be times when Board staff needs to speak to the Supervisor directly about the content in the report. Supervisors may invoice the Board through the vendor for any time spent speaking with Board staff.

5. Expert Testimony

A Supervisor may be required to testify as an expert witness before an ALJ at OAH if a Respondent is charged by the Board based on the Supervisor's quarterly report and the Respondent does not accept the Board's proposed resolution. The majority of cases settle without the need for an evidentiary hearing. Typically, the need for such a hearing and the need for the Supervisor to act as an expert witness will be known several months in advance. The Administrative Prosecutor for a case will assist the Supervisor in preparing for a hearing. A Supervisor will not usually be required to travel in order to engage in this preparation; however, the Supervisor will likely be required to travel to the OAH in order to testify and/or be present to consult with the Administrative Prosecutor during witness testimony. The Supervisor will be compensated for any time spent preparing with the Administrative Prosecutor and testifying as an expert witness at OAH.

The rules of evidence generally provide that if scientific, technical, or other specialized knowledge will assist the trier of fact or a deliberative body (such as the Board) to understand the evidence or to determine a fact in an issue, then a witness qualified as an expert by knowledge, skill, experience, and training may testify thereto in the form of an opinion or otherwise.

6. Confidentiality

All health care practitioners have a duty to maintain confidentiality of their patients. Confidentiality is equally important when dealing with the work of the Board of Physicians, due to all records of the Board, including the medical records reviewed and the quarterly supervisory report being made confidential by law. All documents that the Supervisors receive and any discussions had with authorized individuals (Board staff, Respondent, Contractor, or Administrative Prosecutor) are confidential. Supervisors are prohibited from notifying anyone outside of the Contractor and the Board that they are supervising a particular Respondent. Any questions regarding this may be referred to the Board of Physicians through the Contract Monitor.

7. Conflicts of Interest

If the Supervisor believes that they have a conflict of interest in supervising a particular Respondent, the Supervisor should notify the Contractor as soon as possible. Some of the more common conflicts of interest include personal or professional relationships with the Respondent. Supervisors should feel comfortable and unbiased about the work they do so that they can provide a completely objective opinion and avoid any real or apparent conflict of interest.
