Ms. Smith provided the following legislative updates.

HB 482 Occupational Licensing and Certification - Criminal History

SB 372 Preserve Telehealth Access Act of 2025

HB 621 Criminal Procedure - Expungement - Adverse Actions and Removal From Maryland Electronic Courts (MDEC) System

Clarifies that refusal by a person to disclose information about their criminal charges that have been expunged may not be the sole reason for denying the person's application for licensure. **No movement**

Ms. Smith reported that the Association of State and Provincial Psychology Boards (ASPPB) held a virtual Town Hall meeting in April to discuss the evolving Examination for Professional Practice in Psychology (EPPP). ASPPB announced that the EPPP will be restructured to become a single test by combining EPPP1 and EPPP2. This new exam is scheduled to be implemented sometime in 2027. Some participants raised concerns about the decision to have one exam instead of two, noting that having two separate exams would allow jurisdictions to continue using EPPP1 only.

Ms. Smith reported that legislators reduced the amount of money that each board was scheduled to contribute to help address the budget shortfall of the Behavioral Health Administration. Specifically, the amendment for the Board of Examiners for Psychologists is now set at \$465,310, which is half of the initial amount.
