PEARLS is a voluntary program of eight (8) one-hour life skills training sessions done during a six-month period.

Meet one-on-one with your own PEARLS counselor who receives clinical supervision by a certified psychiatrist.

PEARLS can be provided at home or in a comfortable trusted community setting.

Learn how to solve problems and make a personalized step-by-step action plan to obtain an active and rewarding life.

For registration information contact:

HAVE YOU BEEN FEELING DOWN, SAD OR BLUE?

PEARLS can help you overcome these feelings and make a positive change in your life to improve your health. PEARLS...

- Teaches empowering skills and problem solving techniques
- Uses an easy-to-learn approach
- Promotes activity and socialization
- Promotes increasing pleasant events in your life
- Helps to reduce anxiety and improve mood
- Helps you feel healthy and attain a greater sense of well-being

PEARLS HELPS OLDER ADULTS CREATE ACTIVE AND REWARDING LIVES

Participants learn to:
- Recognize symptoms of depression
- Understand link between unsolved problems and depression
- Apply 7-step approach for problem solving
- Move to action and make lasting life changes
- Develop a plan to engage in physical activities
- Identify and participate in social activities

Benefits of PEARLS counseling include:
- Significant decrease in levels of depression
- Being more optimistic and more engaged with friends, family and the community
- Improved physical health and more energy

Take control. Feel Better. Make positive changes. Do the things you want to do.

Here’s what participants have said about their experience:

“My counselor genuinely took interest in me. I really felt that she wanted to be there and help me identify ways to manage my depression.” – 72-year-old man

“My counselor is able to listen to me without any judgement. I feel that I can trust her and she has helped me come to peace with my problems.” – 60-year-old female
