

# COVID-19 Daily Update

**Maryland Department of Health**  
**Maryland Primary Care Program**  
**Program Management Office**

3 June 2020

# Phase 1 Maryland Strong Recovery Recover with Care

# Agenda

---

- ❖ Today's Morbidity and Mortality Data
- ❖ Reopening the State during a pandemic
- ❖ Keeping our Patients Safe during Recovery
- ❖ Primary Care's Role in Expanded Testing and Contact Tracing
- ❖ Future webinars
- ❖ Q & A
- ❖ Resources Appendix

# Morbidity and Mortality Update

	New Cases (6/2)	Cumulative Cases	Cumulative Hospitalized	Cumulative Deaths
United States		1,802,470 (6/2)		105,157 (6/2)
Maryland	807	54,982	17.0%	2519

	20-29	30-39	40-49	50-59	60-69	70-79	80+
% of cases	13.86	18.60	17.95	16.15	11.75	7.52	7.14
Case rate (per 100,000)	945.38	1250.66	1272.76	1024.48	952.78	1084.02	1802.66
% of cases hospitalized	6.00	8.50	12.25	20.14	28.88	39.38	30.58
Rate hospitalized (per 100,000)	56.69	106.29	155.94	206.30	275.17	426.89	551.17

# COVID-19 Daily Report - Maryland Department of Health

Data reported as of 6/3/2020

**54,982**  
confirmed cases

**14,385**  
tests reported 6/2

**380,716**  
cumulative tests

**2,519**  
confirmed deaths

**+807**  
cases reported on 6/2\*

**9.5%**  
positivity\*\* reported 6/2

**+45**  
deaths reported on 6/02

## Percent Positive Testing\*\* and Total Testing Volume

## Statewide Acute/ICU Beds Occupied by COVID Patients

## Cases and Rates by County of Residence

## Daily Cases by Specimen Collection Date

## Daily Deaths

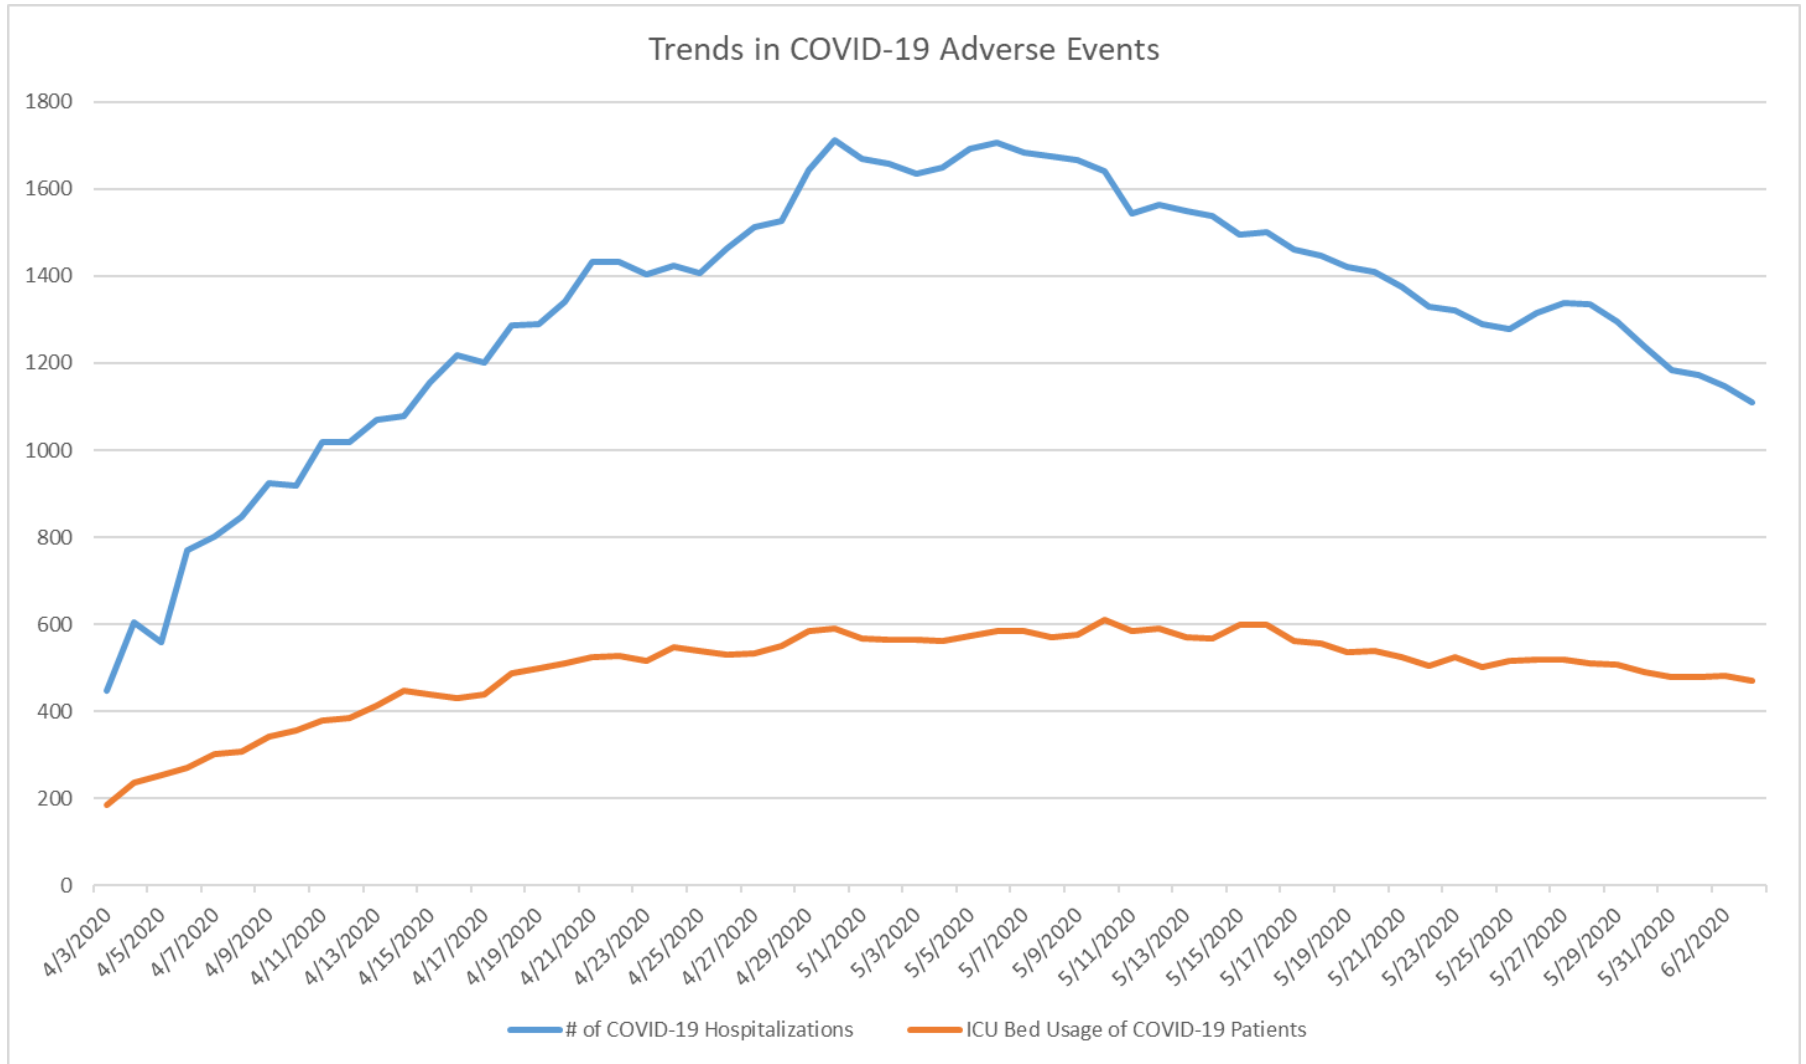

All case-related counts on this dashboard are of individual people infected with COVID-19.  
 Report date: the day a case was reported to the Maryland Department of Health.  
 Specimen date: the day the initial lab specimen was collected.  
 BMA: Baltimore Metro Area; NCR: National Capital Region; DMV: DC, Maryland, and Virginia Area  
 Rates calculated using total confirmed cases and 2019 population estimates. Rates do not exclude recovered cases. Rates are calculated as cases per 100,000 population. 2019 Maryland Population estimates from the Maryland Department of Planning, March 2020.  
 \*Daily case increase uses report date.  
 \*\*Positivity calculated using a 7-day rolling average  
 \*\*\*\*DMV Virginia includes Alexandria, Arlington, Fairfax, Fairfax City, Falls Church, Loudoun, Manassas, Manassas City, and Prince William.

## About the Event:

The MDPCP Program Management Office (PMO) in collaboration with Medicalincs LLC is pleased to bring you a virtual, **FREE**

### COVID-19 Training: Reopening Primary Care

This comprehensive, interactive, 3-hour training program is designed to provide primary care practices with a roadmap to reopening their practices, reviving primary care services & things to consider to be prepared for resurge; if necessary.

#### We will discuss:

- Establishing safe practices for in-office visits for both practice staff and patients
- Enhancements to telemedicine visits and patient self-monitoring
- Re-surge preparedness
- Insights on resources & tools

#### **Questions?**

Reach us via e-mail:

[mdpcp@medicalincs.com](mailto:mdpcp@medicalincs.com)

#### **Guest Speakers:**

MDPCP Primary Care Practice

Share what their primary care practice has done to reopen

## COVID-19 Training: Reopening Primary Care

## JOIN US:

*All Primary Care Practice Providers & Staff are invited!*

## Register Today

***The agenda is available when you register. Topics include:***

*Gating criteria, Preparing for in-office visits, Enhancing Telemedicine, Additional COVID-19 resources, and Resurge preparedness.*

## COVID-19 Training: Reopening Primary Care

**Date:** Thursday, June 18th, 2020

**Time:** 1:00-4:00 PM EST

**Location:** Online Webinar

**Registration:** **Please register [Here](#)**

# Current Governor Directive

## May 19, 2020 - Testing

---

- ❖ Effective May 19, 2020, individuals can be tested:
  - Free of charge
  - With or without symptoms
  - Without appointment or clinician referral
  - At some VEIP locations (starting May 21 at the Timonium Fairgrounds in Baltimore County, from May 22 at the Glen Burnie and Hyattsville sites, and the Clinton site beginning next week of May 25th)
- ❖ Licensed pharmacists are authorized to directly order and administer testing
- ❖ Additional MD COVID testing FAQs [weblink](#)

# COVID-19 Test Reporting- Critical

---

## ❖ CRISP

### ➤ ULP

✓ ENS

✓ Clinical record

✓ Snapshot

## ❖ Patients - by call

## ❖ Commercial labs

➤ Fax

➤ Direct to EMR

# Primary Care Role in Contact Tracing and Testing Process

---

## ❖ Contact Tracing

- Isolate households of positives
- Isolate PUIs pending results
- Tracers will reach out to contacts for positive tests
- Tracers will order tests on contacts
- Expect to get unexpected results for your patients

## ❖ Testing

- Expanded testing sites
  - ✓ VEIP
  - ✓ No appointment sites
  - ✓ Urgent care
  - ✓ Pharmacy drive thru
  - ✓ Primary Care offices - request tests from Local Health Offices
- Expanded testing priorities
  - ✓ Contacts
  - ✓ Asymptomatic
  - ✓ Others by request

# Resources in the Appendix Slides

---

## ❖ Patients

- Meals on Wheels
- Caregiver Services Corps
- Senior Call Check Program

## ❖ Providers

- PPE
- Financial Support
- Testing
- Telemedicine
- CDC Guidelines
- Office workflows
- Health Insurance Exchange
- Volunteering & Employment Opportunities

# CME Accreditation and Designation

---

- ❖ This activity has been planned and implemented in accordance with the Essential Areas and policies of the Accreditation Council for Continuing Medical Education (ACCME) through the joint providership of MedChi, The Maryland State Medical Society, and The Maryland Department of Health. MedChi is accredited by the ACCME to provide continuing medical education for physicians.
- ❖ MedChi designates this live webinar educational activity for a maximum of 1 AMA PRA Category 1 Credits™. Physicians should claim only the credit commensurate with the extent of their participation in the activity. Contact Frank Berry at [fberry@medchi.org](mailto:fberry@medchi.org)

# CME Disclosures and Evaluation

---

- ❖ Presenters and Planners: Howard Haft, MD, has reported no relevant financial relationships to disclose.
- ❖ MedChi CME Reviewers: The reviewers from the MedChi Committee On Scientific Activities (COSA) for this activity have reported no relevant financial relationships to disclose.
- ❖ Please complete an evaluation at: [COVID-19 Update Evaluation](#)

# Announcements

---

- ❖ Learn from our [Frequently Asked Questions page](#)
- ❖ Future Webinars
  - Mondays: data updates and Healthcare Disparities
  - Wednesdays: updates and Behavioral Health
  - Every webinar focus on minority and vulnerable populations
- ❖ Today 6/3: Denis Antoine, MD
  - Director, Motivated Behaviors Unit, Johns Hopkins Hospital
  - Assistant Professor of Psychiatry and Behavioral Sciences

# COVID Coach

---

MDPCP Webinar Series – Dr. Aliya Jones Introduction

## COVID Coach

**A free, easy-to-use mobile application created in 2020 by VA's Nat'l Center PTSD**

*An App for everyone, including Veterans and Servicemembers, to support self-care and overall mental health during the coronavirus (COVID-19) pandemic. .... connects you to resources to help you cope with stress, stay healthy, stay connected, and navigate parenting, caregiving, and working at home while social distancing or sheltering in place.*

### MANAGE SELF-CARE AND WELL-BEING

- Learn healthy behaviors to protect yourself during the pandemic
- Practice relaxation and other stress-management exercises
- Track your mood, anxiety level, well-being, and stress symptoms over time to recognize patterns and figure out what works for you

### SET PERSONAL GOALS AND TRACK GROWTH

- Set personal goals: small things to help yourself, a family member, or a friend
- Find tips to help you with remote working, parenting, and caregiving
- Explore indoor activities to do on your own, with a partner, or with children

### GET SUPPORT

- If you're in crisis, there are resources to connect with people who can help.
- Add contact information for people you trust and reach out when you need support.

Q&A

# Questions and Answers

---

Please type into the Questions box on the right side of your screen.

# Appendix

---

## Resources and Links

# Scheduling In-Office Appointments

---

- ❖ Patient calls in for an appointment
  - Reception screens patient on the phone using the [pre-visit screening template](#)
  - Schedule in-office visits for different groups: At-risk and vulnerable patients on certain days, healthier patients on other days
  - Schedule telehealth and non-office-based care for other patients including follow-ups and patients uncomfortable with office visits
- ❖ Check In
  - Practice remote check in and limited front-desk contact
  - Consider using a triage zone outside of office or main area;
  - Or use a barrier at the front desk
  - Design your office to accommodate patients who come in specifically for COVID testing and triage, separate from patients who arrive for non-COVID related and elective procedures
    - Ensure patients and staff do not cross between COVID and non-COVID areas
    - Set aside a specific area for patients who come in for testing to wait and be triaged

# Scheduling In-Office Appointments

---

- ❖ Checking out
  - Practice remote check out, limit front desk exposure;
  - Or use a barrier at the front desk
- ❖ If patient is paying co-pays, etc., set up credit card reader outside of the barrier

# Governor Hogan Directive – Elective & Non-Urgent Medical Procedures may resume May 7, 2020

## These measures must be in effect:

1. Licensed healthcare providers will use their judgment to determine what appointments and procedures are appropriate
2. Facilities and providers must have at least one week's supply of personal protective equipment (PPE) for themselves, staff, and as appropriate, for patients
  - i. PPE requests to any State or local health or emergency management agency will be denied for elective and non-urgent medical procedures
  - ii. The healthcare facility or healthcare provider must be able to procure all necessary PPE for its desired services via standard supply chains
  - iii. For hospitals with COVID-19 patients, MDH will determine a daily PPE per patient use rate for PPE requests
3. **Social distancing must be maintained in all waiting areas**
4. **All healthcare workers, patients, and others must be screened for COVID-19 symptoms upon arrival for shift or visit. Staff must stay home if they are showing COVID-19 symptoms.**
5. **All healthcare facilities and healthcare providers must implement enhanced workplace infection control measures > CDC guidelines: <https://www.cdc.gov/coronavirus/2019-ncov/hcp/infection-control.html>**
  - i. **All healthcare providers and staff shall wear appropriate face coverings, to include cloth face coverings, surgical face masks or N-95 masks, respirators, and/or face shields**
  - ii. **Patients should wear a face covering whenever possible**
6. **Any healthcare facility or provider unable to provide PPE for themselves, staff, and patients where appropriate must immediately restrict operations to urgent and non-elective procedures and appointments**

# Maryland Companies Producing Personal Protective Equipment in Response to COVID-19

Grant Recipient	County	Typical Production	COVID-19 Production
<a href="#">Awesome Ninja Labs</a>	Baltimore City	Medical devices	Face shields
<a href="#">CoastTec</a>	Carroll	Battery back-ups for computers	Battery packs for Vyaire ventilators
<a href="#">CR Daniels</a>	Howard	Textile, plastics, and metal manufacturing	Face masks and gowns
<a href="#">DiPole Materials</a>	Baltimore City	Custom nanofiber manufacturing	Filters for medical masks and respirators
<a href="#">DVF Corporation</a>	Washington	Metal and plastic fabrications	Plastic components of respirators
<a href="#">Fashions Unlimited</a>	Baltimore City	Apparel manufacturing	Surgical masks and protective gowns
<a href="#">Fabrication Events</a>	Howard	Special event decor	Face masks, head coverings, and other PPE
<a href="#">Harbor Designs</a>	Baltimore City	Manufacturing design and engineering	Ventilators
<a href="#">Hardwire, LLC</a>	Worcester	Bulletproof body armor and equipment for law enforcement and the military	Face shields
<a href="#">K&amp;W Finishing</a>	Baltimore City	Traditional die cutting, coating, and other bindery services	Face shields

Grant Recipient	County	Typical Production	COVID-19 Production
<a href="#">Key Technologies</a>	Baltimore City	Medical devices	Blower units for positive air pressure respirators
<a href="#">LAI International</a>	Carroll	Components for aerospace and defense, medical devices and infrastructure systems	Face shields
<a href="#">Manta BioFuels</a>	Baltimore County	Energy technology	Face shields
<a href="#">Marty's Bag Works</a>	Anne Arundel	Canvas boating products, cushions, laser printing, and bags	Surgical masks, face shields, and lightweight gowns
<a href="#">Nations Photo Lab</a>	Baltimore County	Full-service photo printing	Face shields
<a href="#">NRL &amp; Associates</a>	Queen Anne's	Ultra-precision machining, fabrication, and assembly	Ventilators
<a href="#">Potomac Photonics</a>	Baltimore County	Biotech and medical devices	PPE visors
<a href="#">Rankin Upholstery</a>	Montgomery	Auto, marine, aircraft and custom upholstery	Masks, gowns, and other PPE
<a href="#">Strouse</a>	Carroll	Adhesive solutions	N-95 masks
<a href="#">X-Laser</a>	Howard	Laser light show systems	Face shields

# Personal Protective Equipment (PPE) Sources and Requests

---

- ❖ Routed through Local Health Departments
- ❖ Priority as previously stated - may change over time
- ❖ Maryland PPE Manufacturers List – next slide
- ❖ [National and International PPE Supplier List](#)
- ❖ [PPE request forms and local contacts](#)

# State Launches Maryland PPE Network Supplier Portal

- ❖ Increasing Maryland's supply of PPE – one of the 4 building blocks on the Road to Recovery
- ❖ Maryland has launched the [Maryland Manufacturing Network Supplier Portal](#), an online platform that helps connect Maryland suppliers with buyers in need of critical resources
- ❖ Large daily deliveries come into the state's warehouses
- ❖ For additional business resources during COVID-19, visit [businessexpress.maryland.gov/coronavirus](https://businessexpress.maryland.gov/coronavirus)

# Help your patients get health coverage

---

Maryland Health Connection, the state's health insurance marketplace, has a Coronavirus Emergency Special Enrollment Period until June 15 for uninsured Marylanders. All plans on Maryland Health Connection cover testing and treatment of COVID-19.

## ❖ How to enroll

- Enroll online at [MarylandHealthConnection.gov](https://MarylandHealthConnection.gov)
- Call 1-855-642-8572. Deaf and hard of hearing use Relay service. Help is available in 200 languages.
- Download the free "Enroll MHC" mobile app to enroll on a phone/tablet.
- Navigators throughout the state can answer questions and enroll consumers by phone.

# Considerations when Reusing N95 Respirators (CDC)

- There is no way of determining the maximum possible number of safe reuses for an N95 respirator as a generic number to be applied in all cases.
- Safe N95 reuse is affected by a number of variables that impact respirator function and contamination over time.
- Manufacturers of N95 respirators may have specific guidance regarding reuse of their product.
- CDC guidelines advise to discard N95 respirators before they become a significant risk for contact transmission or their functionality is reduced
  - Administrative controls (e.g. staff training, reminders, and posters)
    - Minimize unnecessary contact with the respirator surface
    - Strict adherence to hand hygiene practices
    - Proper PPE donning and doffing technique, including physical inspection and performing a user seal check
  - Engineering controls (e.g. use of barriers to prevent droplet spray contamination)

[Source](#)

## CDC Guidelines - N95 Respirators and Infection Control

- Clean hands with soap and water or an alcohol-based hand sanitizer before and after touching or adjusting the respirator (if necessary for comfort or to maintain fit).
- Avoid touching the inside of the respirator. If inadvertent contact is made with the inside of the respirator, discard the respirator and perform hand hygiene as described above.
- Use a pair of clean (non-sterile) gloves when donning a used N95 respirator and performing a user seal check. Discard gloves after the N95 respirator is donned and any adjustments are made to ensure the respirator is sitting comfortably on your face with a good seal.
- Follow the manufacturer's user instructions, including conducting a user seal check.
- Discard any respirator that is obviously damaged or becomes hard to breathe through.
- Pack or store respirators between uses so that they do not become damaged or deformed.

# CDC Guidelines - Reusing N95 Respirators

- N95 respirator must only be used by a single wearer (Label N95 respirator on the straps with person's name)
- Consider use of a cleanable face shield (preferred) over an N95 respirator and/or other steps (e.g., masking patients, use of engineering controls), when feasible to reduce surface contamination of the respirator.
- Hang used respirators in a designated storage area or keep them in a clean, breathable container such as a paper bag between uses.
  - To minimize potential cross-contamination, store respirators so that they do not touch each other and the person using the respirator is clearly identified (including date).
  - Storage containers should be disposed of or cleaned regularly.
- Follow the employer's maximum number of donnings (or up to five if the manufacturer does not provide a recommendation) and recommended inspection procedures.

# CDC Guidelines - When to Discard N95 Respirators

- Discard N95 respirators following use during aerosol generating procedures
- Discard N95 respirators contaminated with blood, respiratory or nasal secretions, or other bodily fluids from patients
- Discard N95 respirators following close contact with any patient co-infected with an infectious disease requiring contact precautions

# COVID-19 Testing Site Information

---

- ❖ Patients require a provider order for referral to testing sites
- ❖ Providers contact your local hospital or use the link below
- ❖ Sites are subject to host location restrictions and availability
- ❖ MD is also piloting drive-thru testing at several Vehicle Emissions Inspections Program (VEIP) locations – [FAQs available here](#).
- ❖ Current list of testing sites, please click [here](#)

# CDC Guidelines for COVID Patient Management

---

- ❖ Healthy people can be monitored, self-isolated at home
- ❖ People at higher risk should contact healthcare providers early, even if illness is mild
- ❖ Older adults and people with severe underlying chronic medical conditions are at higher risk, need closer contact
- ❖ Emergency Department and Hospitals only when needed - not for screening or low risk/minimal disease
- ❖ **Guidelines are important and powerful tools, but remember providers' clinical experience and judgment are key to care**

# Billing for End-of-Life Planning

---

- ❖ Billable event with AWW or Separate Encounter
- ❖ 99497 - Advance care planning including the explanation and discussion of advance directives such as standard forms (with completion of such forms, when performed), by the physician or other qualified healthcare professional; first 30 minutes, face-to-face with the patient, family member(s), and/or surrogate
- ❖ 99498 - Advance care planning including the explanation and discussion of advance directives such as standard forms (with completion of such forms, when performed), by the physician or other qualified healthcare professional; each additional 30 minutes (List separately in addition to code for primary procedure)

# Support for Patients at Home

---

## ❖ Food

- Meals on Wheels

## ❖ Caregivers

- Visiting nurses and caregivers

## ❖ Emotional support

- Support from family
- Phone calls and videochat to fight loneliness
- MD Department of Aging [Senior Call Check Program](#)

# Caregiver Services Corps (CSC)

- ❖ **OPEN for primary care providers STATEWIDE!**
- ❖ The **CSC** call center (**800-337-8958**), staffed with specialists 7 days a week, matches volunteers for urgent and temporary assistance to people over 65 years old in their homes to help with:
  - Self-administration of medications
  - Ambulation and transferring
  - Bathing and completing personal hygiene routines
  - Meal preparation and arranging for delivery of groceries and/or prepared meals
  - Teaching how to use video technologies to connect with loved ones and/or healthcare providers
- ❖ Healthcare providers should alert their patients they are being referred
- ❖ **Seniors, their families and friends may call 211 to seek help and referrals to the elderly in need**

# Hospital Surge Preparedness

# MedChi/CareFirst/Backline Grant

CareFirst BlueCross BlueShield (CareFirst) and the Maryland State Medical Society (MedChi) launched a grant program that will equip additional Maryland physicians with the technology they need to provide needed virtual care during the COVID-19 pandemic and beyond

## Eligibility Requirements

- The medical practice and medical license are in Maryland
- The medical practice is a private, independent group of five or fewer physicians
- The practice enrolls in Backline after March 1, 2020 as the result of the COVID-19 crisis
- MedChi has confirmed the practice's enrollment with DrFirst
- Enrollment in Backline occurs before December 31, 2020

## Application Steps

Can be completed in less than 5 minutes

- Complete the application linked [here](#)
- Email completed application to [amullin@medchi.org](mailto:amullin@medchi.org)
- For questions, email or call Andrea Mullin at [amullin@medchi.org](mailto:amullin@medchi.org) or 800-492-1056 x3340

## Grant Amount

\$300 per eligible physician

# Federal Emergency Funds for Small Business

---

- ❖ [Disaster Loan Assistance](#) (from Small Business Administration)
  - Low-interest financial disaster loans for working capital in small businesses suffering substantial economic injury due to COVID-19
  - [FAQs](#)
- ❖ [CARES Act](#) (pending federal legislation)
  - Sets up a \$350 billion loan program for small businesses
  - Small businesses can apply for low-interest loans that cover up to 2.5 months of expenses
  - Maximum loan amount is \$10 million
  - Loans can cover payroll, rent, utilities, or existing debt obligations
  - Interest rates cannot exceed 4%
  - If employer continues to pay workers through June, the amount of the loans that went toward eligible costs would be forgiven
  - Loans will be available through the [Small Business Administration](#) and Treasury-approved banks, credit unions, and some nonbank lenders

# State Emergency Funds for Small Business

---

- ❖ [COVID-19 Layoff Aversion Fund](#) (from Maryland Governor Larry Hogan and Maryland Dept. of Labor)
  - Designed to support businesses undergoing economic stresses due to the pandemic by minimizing the duration of unemployment resulting from layoffs
  - Award of up to \$50,000 per applicant
  - Will be quick deployable benefit and customizable to specific business needs
- ❖ [View the One-Pager](#)
- ❖ [COVID-19 Layoff Aversion Fund Policy](#)
- ❖ [COVID-19 Layoff Aversion Fund Application](#) (Excel)
- ❖ Submit your completed application to: [LaborCOVID19.layoffaversion@maryland.gov](mailto:LaborCOVID19.layoffaversion@maryland.gov).

# Food Resources

---

❖ Nutrition: Inform patients that children can receive three free meals/day at sites listed on:
