CONSENT ORDER

The Maryland State Board of Chiropractic Examiners (the "Board") charged **Leonard R. Shefts, D.C. (D.O.B. 08/18/1964), License No. 01690** ("the Respondent"), with violation of certain provisions under the Maryland Chiropractic Act (the "Act"), codified at MD. CODE ANN., HEALTH OCC. ("Health Occupations") § 3-301 et seq. (1994 Repl. Vol and 1999 Supp.).

Specifically, the Board charged the Respondent with violating the following provisions of § 3-313 of the Act:

Subject to the hearing provisions of § 3-315 of this subtitle, the Board may deny a license to any applicant, reprimand any licensee, place any licensee on probation, with or without conditions, or suspend or revoke a license, or any combination thereof, if the applicant or licensee:

- (8) Is unethical in the conduct of the practice of chiropractic;
- (12) Makes or files a false report or record in the practice of chiropractic;
- (21) Commits an act of unprofessional conduct in the practice of chiropractic; [or]
- (25) Submits false statements to collect fees for which services were not provided[.]

A Case Resolution Conference was held on November 9, 2000, and was attended by the Respondent; James P. Gleason, Jr., counsel to the Respondent; James C. Anagnos, Assistant Attorney General and Administrative Prosecutor; Jack Murray, D.C., Board liaison; Brian Ashton, D.C., Board liaison, and Richard Bloom, Assistant Attorney General and counsel to the Board. Following the Case Resolution Conference, the Respondent and the Board agreed to resolve the matter by way of settlement. As a result of the Case Resolution Conference, the Respondent agreed to enter into this Consent Order, consisting of Procedural Background, Findings of Fact, Conclusions of Law, and Order, with the terms and conditions set forth below.

#### **FINDINGS OF FACT**

The Board makes the following Findings of Facts:

1. At all times relevant to the charges herein, Respondent was and currently is licensed to practice chiropractic in the State of Maryland, being issued License Number 01690 by the Board on June 10, 1994.

#### Patient A<sup>1</sup>

2. Patient A was a patient of the Respondent from November

---

<sup>1</sup>Patient names are confidential. The Respondent, however, was made aware of the identify of the patient prior to entering into this Consent Order.

18, 1998 until February 17, 1999.

3. Patient A was being treated by the Respondent for neck, shoulder, and back pain stemming from an automobile accident that occurred in February 1998.

4. Patient A's bills for treating with the Respondent were being paid by Allstate, Patient A's automobile insurance carrier, under the Personal Injury Protection (PIP) coverage afforded under her policy.

5. In March 1999, Allstate sent to Patient A a copy of the billing statement that the Respondent had submitted to Allstate for Patient A's treatment between November 1998 and February 1999.

6. Patient A reviewed the billing statement and noticed that the Respondent billed for three dates on which she did not receive treatment by the Respondent.

7. The billing statement, as well as the Respondent's treatment notes, indicate that Patient A was treated by the Respondent on November 27, 1998, December 21-23, 1998, and December 26, 1998.

8. Patient A was not treated by the Respondent on November 27, 1998, as it was the day after Thanksgiving. Patient A recalls being up late on Thanksgiving and not having treatment with the Respondent on the following day.

9. Patient A was not treated by the Respondent on three consecutive days from December 21-23, 1998. Patient A remembers that she did not have three consecutive days of treatment during the week preceding Christmas.

10. Patient A did not treat with the Respondent on December 26, 1998, as it was the day after Christmas. Patient A recalls spending Christmas night at her sister's house and not treating with the Respondent the following day.

11. On March 24, 1999, Patient A telephoned the Respondent to discuss the billing statement.

12. The Respondent offered Patient A one month of free chiropractic treatment and offered to contact the Allstate adjuster. Both offers were refused by Patient A.

13. The Respondent advised the Board that he offered Patient A this treatment because he did not believe that the patient's desire for additional chiropractic treatment could be attributed to the accident, and therefore he could not ethically bill the insurance company for such treatment. Patient A had additional insurance benefits available under the existing policy. The Respondent states that it was not his motive or intention in offering free care to discourage Patient A from making a complaint to the Board.

### CONCLUSIONS OF LAW

Based upon the foregoing Findings of Fact, the Board finds that the Respondent violated Health Occupations §§ 3-313(8) (is unethical in the conduct of the practice of chiropractic); (12) (makes or files a false report or record in the practice of chiropractic); (21) (commits an act of unprofessional conduct in the practice of chiropractic); and (25) (submits false statements to collect fees for which services were not provided).
