

# July Release Items

Title	What will this improve?
Auto Extend for Self-Directed Services.	We will be reinstating the auto-extension feature that had been removed in the June release for self-directed PCPs.
SIS Assessment Data Patch	Upload of SIS assessment data which did not properly migrate in the past.
Update Fields in the CCS Individual Record Data Extract	Adding new fields from LTSS in their data extract to include LTSS IDs and split date/time fields
Add New Fields to the CCS PCP Data Extract	Adding new fields from LTSS in their data extract to include PCP submission history, LTSS IDs and split date/time fields
Password Expiration	Passwords for LTSS/Provider Portal which are older than 90 days will reset on July 10 and every 90 days hence shall require reset.
