## Packaging & Shipping Evaluation Checklist for LRN-B Rule-out Samples

DH Evaluator:	_ •	Category A (see reverse side)	
mple Identifier:	Category B		
MDH Laboratories Administration notified prior to sending			
ategory B			
Courier under Materials of Trade (MOT) Exceptions:	Yes	No	
Exterior packaging	100		
Addressed "Attn: Specific Person/Specific Laboratory"			
Adequate size and strength for weight, capacity, and intended use			
<ul> <li>Proper shipping name OR common name (i.e. blood, human specim</li> </ul>	nen,		
clinical specimen)			
Absorbent material			
Inner packaging/primary receptacle—leak proof and sealed			
International biohazard label on inner packaging or outer packaging			
Quality of specimen acceptable			
R			
Shipping Method: FedEx Other	Yes	No	
Exterior packaging and labeling			
Shipper name and address			
<ul> <li>Shipper name and address</li> <li>Consignee name and address ("Attn: Specific Person/Specific Labor</li> </ul>	atory")
