

# Pathways to Health Equity

**Grantee Technical Assistance Session #14**

August 28, 2023

# Objectives for Today's Session

---

- CRISP Panel Enrollment Update
- Recap: Pathways Grantee Reporting Timeline
- Learning Collaborative – Open Forum
- Pathways Health Stories – Qualitative Impact
- Next Steps:
  - Sept 2023 TA Call - Final Evaluation/Grantee Evaluators
  - HERC RFP Release

## Panel Enrollment Update

- Reminder: If you have not already, please complete your panel upload as soon as possible
- Once it is uploaded and 2 weeks have passed you will then be able to complete your CRS program upload
- These uploads are how we can track hospitalization utilization
- So far, we have received panel uploads from 7 of the 9 grantees

# Pathways Reporting Data Totals

Grantees and evaluators are encouraged to use both quantitative and qualitative information to tell the story of their programs. The hospitalization data through CRISP is one part of that story.

- Below are aggregated totals from five grantee organizations with enough data in the 6-month pre/post timeframe
- The data available in the table is through 6/30/2023 and it includes:
  - Participants enrolled by 12/30/2023
  - And organizations with at least 11 visits to prevent cell suppression
- In conclusion, while all organizations are different, there are positive trends in the data

	Pre-Enrollment	Post-Enrollment	% Change
Enrollees Eligible	588		
Visits	1478	1337	
ED Visits	575	514	
Hospital Charges	\$ 8,740,406	\$ 6,379,538	-27%

## Next Pathways Data Run

- Next time we run the report in December it will include:
  - Data through 10/31/2023
  - 6-month reporting data for participants enrolled by 4/30/2023
  - 12-month reporting data for participants enrolled by 10/31/2022
- CRISP will setup meetings with grantees at that time to go over their individual data

# Updated Pathways Grantee Reporting Timeline – Due to CRISP Due to CHRC

**\*NEW Unduplicated Individuals Served Attestation due September 2023\***

May 15 CRISP  
Panel &  
Program  
Upload

June (P1)  
CRISP to  
Grantee – 6-  
Month  
Prelim. Data

Aug 15 - CRISP  
Panel &  
Program  
Upload

Nov 15 -  
CRISP Panel  
& Program  
Upload

Dec (P2)  
CRISP to  
Grantee –  
6-Month  
Prelim.  
Data
