Maryland
DEPARTMENT OF HEALTH

Unique Patient Identifier & Demographic Information to be Collected

Pathways grantees will be expected to collect the following information as part of their Patient Intake form.

- Unique Participant Identifier (Patient_ID, MRN, etc.)
- First Name
- Last Name
- DOB

- Address
- Gender
- Race
- Ethnicity

If you already collect this information and have developed your own patient intake form, please forward a copy to CHRC staff for final approval.

Maryland
DEPARTMENT OF HEALTH

Definition of Patient Served

The definition document will be distributed and discussed with Pathways grantees.

We recognize that this definition may impact information contained in your milestones and deliverables report.

CHRC and CRISP staff will work with Pathways grantees to finalize your milestones and deliverables report.
