IN THE MATTER OF * BEFORE THE
STANLEY ZVI FELSENBERG, P.D. * STATE BOARD OF PHARMACY
License Number 05326 *
Respondent *

* * * * *

VIOLATION OF PROBATION

Now comes the State Board of Pharmacy (the "Board") and hereby charges Stanley Zvi Felsenberg, P.D. (the Respondent) with a violation of probation, as more specifically set forth below.

1. By notice dated November 20, 1997, the Board issued charges against the Respondent for violating §12-313 (21) (is convicted of or pleads guilty or nolo contendere to a felony or to a crime involving moral turpitude, whether or not any appeal or other proceeding is pending to have the conviction or plea set aside) of Title 12 (the Pharmacy Act or the Act), Health Occupations Article, Md. Ann. Code.

2. The charges were based on the fact that on October 24, 1995, the Respondent, a licensed physician¹, who had medical offices located in Baltimore City and County, was served with a Superseding Indictment by the Grand Jury for the (Federal) District of Maryland, which charged that he provided medical and physical therapy treatment to patients who were injured and had filed personal injury or Workers Compensation claims. The Superseding Indictment further charged that the

¹The Respondent held dual licenses in Maryland as a physician and as a pharmacist. However, even though the Respondent maintained an active pharmacy license, he had not practiced pharmacy in Maryland in over 25 years.

Respondent submitted health insurance claims for payment for physical therapy and medical treatment purportedly rendered to patients who had health care insurance under several named companies, including Maryland Automobile Insurance Fund and the Injured Workers Insurance Fund, which are both state-funded insurers. The Superseding Indictment charged that in submitting these claims, from in or about January 1991 and continuing in or about April 1995, the Respondent knowingly, willfully and unlawfully devised and intended to devise a scheme and artifice to defraud and obtain money and property from the various insurers by means of false and fraudulent pretenses and representations, through which scheme and artifice, the Respondent and others made claims for more than \$170,000 in payment for medical and physical therapy services purportedly provided by the Respondent, when same had never been rendered or had been rendered by unlicensed, untrained third parties.

3. By Plea Agreement with the U.S. Attorney's Office, dated December 26, 1995, the Respondent pled guilty to one count of mail fraud, as per Count 1 of the Superseding Indictment. On December 27, 1995, Judge Smalkin accepted the Respondent's plea of guilty to Count 1 of the Superseding Indictment and not guilty to Counts 2-10 thereof. On July 29, 1996, the Respondent was sentenced to twelve months imprisonment, one year of supervised release, and a special assessment of \$50.

4. As a result of the aforesaid conviction of a felony and a crime involving moral turpitude, and, after a Case Resolution Conference was held on February 10, 1998, the

Respondent agreed to enter into a Consent Order with the Board, attached hereto as Exhibit 1.² The Consent Order became effective February 18, 1998.

5. The Consent Order stated, *inter alia*, that the Respondent was placed on Probation for one year, subject to conditions, one of which was to take and pass with a minimum of 75%, the reinstatement, laboratory and law examinations administered by the Board. The Consent Order further stated that until such time as the Respondent satisfactorily passes all three of the above examinations he may only practice pharmacy under the direct supervision of another pharmacist. The Consent Order further ordered that if the Respondent violates any of the foregoing conditions of probation or the Order, the Board, after notification, a hearing and determination of violation, may impose any lawful disciplinary sanctions it deems appropriate. The Consent Order further ordered that on or after the date that the one year probationary period has ended, i.e., February 18, 1999, the Respondent may petition the Board to remove the conditions of probation and restore his license to practice pharmacy without conditions, only after the Respondent has demonstrated to the Board that he has practiced pharmacy in compliance with the Act, and with the conditions of probation and of the Order.

6. During the one year probationary period, the Respondent took the examinations ordered by the Board on June 22, 1998 and October 13, 1998. The Respondent failed to obtain 75% on each of the examinations, as ordered by the Board.

²Also as a result of said conviction, on March 24, 1999, the Respondent's medical license was revoked by the Board of Physician Quality Assurance.

Therefore, the Respondent's license to practice pharmacy was not reinstated, pursuant to the Consent Order.

7. By failing to pass all three examinations with a 75% or better score within the one year probationary period, as set forth in the Consent Order, the Respondent violated the conditions of probation and of the Order.

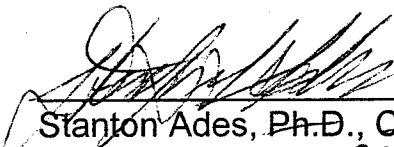

NOTICE OF POSSIBLE SANCTIONS

Pursuant to Health-Occupations Article, §§12-313, 12-314 and 12-315, and if, after a hearing, the Board finds the Respondent violated the above listed provisions and the conditions of the Consent Order and of Probation, and if the Board finds the above allegations of fact to be true, the Board may impose additional disciplinary sanctions against Respondent's license or impose additional conditions of Probation or on the Consent Order herein.

NOTICE OF HEARING

A hearing in this matter has been scheduled for **January 19, 2000 at 3:00 p.m.**, at 4201 Patterson Avenue, Baltimore, Maryland 21215. The Board will conduct the hearing in accordance with the Administrative Procedure Act, §10-201 et seq., of the State Government Article, Annotated Code of Maryland, §12-315 of the Act, and the regulations adopted by the Board under COMAR 10.34.01. The burden of proof will be on the Respondent to demonstrate that he has complied with the Consent Order and the conditions of probation.

In addition, the Board has scheduled a case resolution conference for **September 30, 1999 at 11:00 a.m.**, 4201 Patterson Avenue, Baltimore, Maryland 21215. The nature and purpose of the CRC is described in the attached letter to the Respondent. If the parties are unable to reach a settlement at the Case Resolution Conference, a prehearing conference has been scheduled for **October 14, 1999 at 11:00 a.m.** The nature and purpose of the prehearing is described in the attached letter to Respondent.

SUPPLEMENTAL AND SUPERSEDING CONSENT ORDER

Based on information received and a subsequent investigation by the State Board of Pharmacy (the "Board"), and subject to Health Occupations Article, Title 12, Annotated Code of Maryland (the "Act"), on August 20, 1999, the Board charged Stanley Zvi Felsenberg, P.D. (the "Respondent"), with a violation of Probation. Specifically, the Board charged the Respondent with violation of the following provisions of the conditions of Probation imposed upon him, pursuant to the Consent Order of February 18, 1998:

1. The Consent Order of February 18, 1998 attached hereto and made a part hereof as Exhibit 1, stated, *inter alia*, that the Respondent was placed on Probation for one year, subject to conditions, one of which was to take and pass, with a minimum of 75%, the reinstatement, laboratory and law examinations administered by the Board. The Order further stated that until such time as the Respondent satisfactorily passes all three of the above examinations, he may only practice pharmacy under the direct supervision of another pharmacist, who was to submit quarterly reports on the Respondent's status/progress. The Consent Order further ordered that if the Respondent violated any of the foregoing conditions of probation or the Order, the Board, after notification, a hearing and determination of violation, may impose any lawful disciplinary sanctions it deems appropriate. The Consent Order further ordered that on or after the date that the

one year probationary period has ended, i.e., February 18, 1999, the Respondent may petition the Board to remove the conditions of probation and restore his license to practice pharmacy with out conditions, only after the Respondent has demonstrated to the Board that he has practiced pharmacy in compliance with the Act, and with the conditions of probations and of the Order.

2. During the probationary period, the Respondent took the examinations ordered by the Board on June 22, 1998 and October 13, 1998. The Respondent failed to obtain 75% on each of the examinations, as ordered by the Board. Therefore, the Respondent's license to practice pharmacy was not reinstated, pursuant to the Consent Order.

3. In addition, the Respondent failed to ensure that his pharmacy supervisor submitted quarterly reports to the Board.

4. Accordingly, a Violation of Probation petition was issued against the Respondent on August 20, 1999, which is attached hereto and made a part hereof, as Exhibit 2.

5. Subsequently, a Case Resolution Conference was held on October 14, 1999, and was attended by Stanton Ades, Ph.D., Chairman of the Board, Melvin Rubin, P.D. and Donald Yee, P.D., members of the Board, and Paul Ballard, Counsel to the Board. Also in attendance were the Respondent's attorney, Richard Butchok¹, and the Administrative Prosecutor, Roberta L. Gill².

¹ The Respondent could not attend, because he was hospitalized for a disc problem. However, he authorized his attorney to represent him at the conference.

² James Agnagnos, Assistant Attorney General, attended in an observational capacity.

Following the Case Resolution Conference, the parties and the Board agreed to resolve the matter by way of settlement. The parties and the Board agreed to extend and amend the Consent Order of February 18, 1998 in the following manner:

CONCLUSIONS OF LAW

Based upon the foregoing, the Board finds that Respondent violated the Consent Order in the manner set forth above.

ORDER

Based on the foregoing Conclusions of Law and agreement of the parties, it is this 15th day of DECEMBER, 1999, by a majority of a quorum of the Board,

ORDERED that the Consent Order of February 18, 1998 be and is extended through July 15, 2000, with the following modifications:

1. The Respondent shall ensure that his pharmacy supervisor submits to the Board a written report on the Respondent's status/progress, within thirty days of this Order;
2. The Respondent ensure that his pharmacy supervisor submits written reports to the Board on his status/progress on a quarterly basis thereafter.
3. The Respondent take and pass the lab examination³ with a score of 75% or better. The Respondent will be provided two opportunities before July 15, 2000 to take the lab examination again, paying associated costs and submitting required forms.

³ The Respondent successfully completed the reinstatement and law examinations administered by the Board, pursuant to the Consent Order of February 18, 1999.

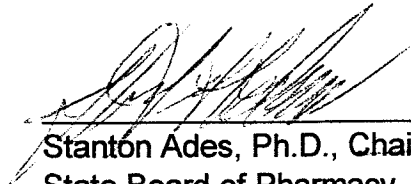

ORDERED, that if the Respondent fails to pass the laboratory examination with a score of 75% or more after those two opportunities, the Board will immediately REVOKE his pharmacy license, unless the Respondent demonstrates that his failure to take and pass the examination was due to extenuating circumstances.

ORDERED, that if the Respondent should achieve a passing grade on the above examination, the Respondent may petition for reinstatement, submitting reports from his supervisor, including a report following the successful passage of the lab examination. If the reports are satisfactory, the Board will consider reinstatement, subject to whatever additional conditions on the Respondent's license or terms it deems necessary to protect the public safety.

ORDERED that the Consent Order is effective as of the date of its signing by the Board; and be it

ORDERED that should the Board receive a report that the Respondent's practice is a threat to the public health, welfare and safety, the Board may take immediate action against the Respondent, including suspension or revocation, providing notice and an opportunity to be heard are provided to the Respondent in a reasonable time thereafter. Should the Board receive in good faith information that the Respondent has substantially violated the Act or if the Respondent violates any conditions of this Order or of Probation, after providing the Respondent with notice and an opportunity for a hearing, the Board may take further disciplinary action against the Respondent, including suspension or revocation. The burden of proof for any action brought against the Respondent as a result of a breach of the conditions of the Order or of Probation/Suspension shall be on the Respondent to demonstrate compliance with the Order or conditions.

ORDERED that for purposes of public disclosure, as permitted by §10-617(h) State Government Article, Annotated Code of Maryland, this document consists of the contents of the foregoing Findings of Fact, Conclusions of Law and Order.
