ORDER OF MODIFICATION

The Maryland Board of Pharmacy is in receipt of a request from Philip Price, License No. 11157, requesting modification of certain terms of probation as set forth in the Pre-Charge Consent Order, dated January 23, 2009. Mr. Price is also on probation pursuant to a Consent Agreement in South Carolina, where he currently resides. The Maryland Consent Order is intended to mirror the substantive terms of the South Carolina Order. Specifically, Mr. Price requests revising the random urinalysis requirement to an “average” of twice monthly, from the current requirement of twice a month, in order to increase the randomness of the urine screens and to more explicitly conform to the terms of the South Carolina Order. Upon consideration of Mr. Price’s request, the Board voted to modify the terms of probation as ordered below.
