

## New CDB Feature: Zip Code Dropdown Menu

**Core Demographic Screening Page 1**

**Required Fields [red and bold]**

Disable optional elements [Help ?](#)

**CDB ID:**   **Go To:**

**Client Name:**  **CDB ID:** 0

**Program Use Only**

**Jurisdiction:**   **Client Identification** **CDB ID [system generated]:**  **Local ID [optional]:**

**Interviewer:**

**Interview Date [mm/dd/yyyy]:**

**Enrollment Date [mm/dd/yyyy]:**

**Patient Information**

**Last Name:**  **Suffix [Jr., etc]:**  **First Name:**  **Middle:**

**Date of Birth [mm/dd/yyyy]:**  **Age at Enrollment:**  **SSN [last 4 digits]:**

**Residential Address**

**Street Number:**  **Pre Dir:**  **Street Name:**  **Street Type:**  **Post Dir:**  **Apartment/Room/Unit#:**

**City:**  **County:**  **State:**  **Zipcode:**

The County and Zipcode fields are linked together. If you do not see the proper zip code or county in the list, then select the blank value in the dropdown list to reset.

**Telephone:** **Home:**  **Work:**  **Cell:**

**Is mailing address different from residential address?**  Yes  No

**Mailing Address**

**Street Number:**  **Pre Dir:**  **Street Name/PO Box:**  **Street Type:**  **Post Dir:**  **Apartment/Room/Unit#:**

**City:**  **State:**  **Zipcode:**

The zip code field is now a **dropdown** menu of zip codes **linked to the specific county** selected, instead of a manual data entry field.
