

CRF/CPEST Outreach Work Plan

Directions: Based on information your program submitted in the FY16 grant Outreach work plan, provide an update on outreach activities conducted with Health Care Providers for current reporting period (July 1, 2015 – December 31, 2015):

Outcome: Indicate if activities have been completed for each activity.

- a. Completed – The activities have been completed and no further activities will be performed.
- b. Ongoing - The activities are continuous.

HEALTH CARE PROFESSIONAL (HCP) EDUCATION - *Enter Targeted Cancer Here*

	Details of Activities (Describe what, where, and how activities were implemented)	Outcome (Completed or On-Going)
Direct education of HCPs at provider offices, clinics, health centers, by phone through brief interactions, group presentations, or individual sessions	Example: Visit medical offices throughout local jurisdiction to establish relationships with office staff, explain CPEST, and encourage referrals.	
Indirect education to target/reach HCPs through dissemination of CPEST educational materials	Example: Send letters to providers at local FQHC's to educate HCPs on patient navigation services.	

Complete additional tables as needed for education and outreach activities completed for each targeted cancer.

CRF/CPEST Education and Outreach Plan

Directions: Based on information your program submitted in the FY16 grant Outreach work plan, provide an update on the activities conducted with the General Public for the current reporting period (July 1, 2015 – December 31, 2015):

Outcome: Indicate if activities have been completed for each activity.

- a. Completed – The activities have been completed and no further activities will be performed.
- b. Ongoing - The activities are continuous.

Minorities/Underserved Individuals Reached: State whether activities reached minorities or underserved communities.

GENERAL PUBLIC EDUCATION *Enter Targeted Cancer Here*

	Details of the Activities (Describe what, where, and how activities were implemented)	Outcome (Completed or On-Going)	Minorities / Underserved reached (Yes/No)
General Public - Form 1			
Direct education to the general public through brief interactions, group presentations, and individual sessions.	<i>Example: Door to door recruitment in low income areas for colorectal cancer screening. Knock on doors in designated neighborhoods and talk with residents.</i>		
General Public - Form 2			
Indirect education to target/reach the general public through dissemination of educational materials.	<i>Example: While conducting door to door outreach in low income housing units, leave information bags for those individuals not home.</i>		

Complete additional tables as needed for education and outreach activities completed for each targeted cancer.
