

# Maryland Colorectal Cancer Screening and Patient Navigation Resource List

## Cigarette Restitution Fund - Cancer Prevention Education Screening Treatment Program (CRF-CPEST)

The programs below provide services to eligible individuals in need of cancer screening and/or treatment. Uninsured or underinsured individuals who meet eligibility criteria may receive assistance paying for their colorectal cancer screening services. Insured individuals who meet eligibility criteria may receive assistance navigating the health care system to ensure completion of their colorectal cancer screening. Patient navigation (PN) may include appointment scheduling, reminder calls, transportation, translation, or other services. Specific services may vary by program. Please contact the individuals below to learn more about how a program may be able to assist your patients.
