

PROVIDER NOTICE

Provider Relations Department | 1-888-895-4998

This update contains pertinent information about changes that will impact the Johns Hopkins HealthCare provider network

Correction: Use of Long COVID-19 Code

Effective Date: Immediately

Health Plans Affected: Johns Hopkins Employer Health Programs (EHP), Priority Partners, Johns Hopkins US Family Health Plan (USFHP), **Johns Hopkins Advantage MD**

Type of Change: Code for Long COVID-19

Explanation of Change: JHHC would like to remind providers to use ICD-10 code U09.9 when reporting incidents of Long COVID-19.

Applying ICD-10 code U09.9 whenever appropriate helps JHHC with reporting and gauging the impact of Long COVID-19 on our members, as well as providing care management services to these members.

Please use the Long COVID-19 code, which went into effect Oct. 1, 2021, in addition to the ICD-10 codes specific to the symptoms of Long COVID-19, such as fatigue, shortness of breath, and memory problems.

Please contact the JHHC Provider Relations department at 1-888-895-4998 with any questions or concerns.
