## 2 Contractor Requirements: Scope of Work

### 2.1 Summary Statement

- 2.1.1** The Developmental Disabilities Administration (DDA or Administration) is issuing this Request for Proposals (RFP) in order to seek a Contractor to conduct level-of-need assessments which will be used to: (1) determine an appropriate level of individual funding under DDA's legacy rates; and (2) identify types and extent of service and support needs for person-centered planning for individuals who utilize services funded by the DDA on a State-wide basis.
- 2.1.2** It is the State's intention to obtain goods and services, as specified in this RFP, from a Contract between the selected Offeror and the State.
- 2.1.3** The Developmental Disabilities Administration intends to make a single award as a result of this RFP. See RFP **Section 4.9 Award Basis** for more Contract award information.
- 2.1.4** An Offeror, either directly or through its subcontractor(s), must be able to provide all goods and services and meet all of the requirements as stated in this solicitation and the successful Offeror (the Contractor) shall remain responsible for Contract performance regardless of a subcontractor's performance of the work.
- 2.1.5** Maryland State and local entities as defined in Finance and Procurement 13-110(a)(5)(i) and not-for-profit entities within the State of Maryland may purchase from the Contractor goods or services covered by the Contract at the same prices chargeable to the State. All such purchases by non-executive branch entities, non-State governments, government agencies or not-for-profit entities:
- A. Shall constitute Contracts between the Contractor and that government, agency or not-for-profit entity;
  - B. Shall not constitute purchases by the State or State agencies under the Contract;
  - C. Shall not be binding or enforceable against the State; and
  - D. May be subject to other terms and conditions agreed to by the Contractor and the purchaser.
- 2.1.6** All Contract prices, terms, and conditions must be provided to any Maryland local government or not-for-profit entity requesting services under the Contract. The Contractor bears the risk of determining whether or not a government, agency or organization with which the Contractor is dealing is a State entity.

## 2.2 Background, Purpose and Goals

- 2.2.1** The purpose of this RFP and the resulting Contract is to ensure that people who are entering and receiving DDA services have objective and unbiased assessments for their levels of need so that the DDA can determine the proper services requirements of the participant.

Level of Need Assessments (LONA) primarily identifies the support needed for person-centered planning and people who utilize services funded by the DDA on a State-wide basis. LONA services will be needed until the DDA transitions into the Long-Term (LTSS) Support Services Maryland Medicaid Payment system from the Provider Consumer Information System II (PCIS2) by the end of FY23

Level of Need Assessments includes:

- A. Completing an Individual Indicator Rating Scale (IIRS) level-of-need assessment for all people who are newly entering services covered under the Fee Payment System (FPS) and, on a limited basis, for individuals switching services if they do not have an existing IIRS assessment or whose condition has changed (DDA approval required).
- B. Conducting a Supports Intensity Scale (referred to herein as SIS or SIS-A interview along with the level-of-need assessment for all people who are newly entering services and a portion of the population that is already in DDA services.

### 2.2.2 Existing Reporting

DDA provides a coordinated service delivery system so that individuals with developmental disabilities receive appropriate services oriented toward the goal of integration into the community. These services are provided through a wide array of community-based services delivered primarily through a network of non-profit providers, as well as State residential centers that provide services to individuals with intellectual disability. DDA's mission is to assist people with developmental disabilities to provide them with guidance and resources. To learn more about DDA services, please refer to the DDA website at <https://dda.health.maryland.gov/Pages/home.aspx> and Code of Maryland Regulations, COMAR 10.22.01.01

- 2.2.3** DDA services are administered through four (4) 'Regional Offices' described below. The **Table 2.1** below lists the office location and the counties served in each region.

**Table 2.1 DDA Regional Offices**

<b>Regional Office</b>	<b>Counties Served</b>
<b>Central Maryland Regional Office (CMRO)</b> 1401 Severn Street, Baltimore, MD 21230	Anne Arundel County, Baltimore City, Baltimore County, Harford County, and Howard County
<b>Eastern Shore Regional Office (ESRO)</b> 1500 Riverside Drive, Salisbury, MD 21801	Caroline County, Cecil County, Dorchester County, Kent County, Queen Anne's County, Somerset County, Talbot County, Wicomico County, and Worcester County
<b>Southern Maryland Regional Office (SMRO)</b> 312 Marshall Ave., Ste. 700, Laurel, MD 20707	Calvert County, Charles County, Montgomery County, Prince George's County, and St. Mary's County
<b>Western Maryland Regional Office (WMRO)</b> 1360 Marshall Street, Hagerstown, MD 21740	Allegany County, Carroll County, Frederick County, Garrett County, and Washington County

**2.2.4** The DDA provides various services to eligible people with developmental disabilities in Maryland. Services are funded by the Fee Payment System (FPS); See website for DDA Services:

<https://health.maryland.gov/dda/Pages/community%20pathways.aspx>

These services require that the eligible person has an IIRS level-of-need assessment, which is used to determine an appropriate level of individual reimbursement. To review the regulatory basis for the FPS please see COMAR 10.22.17.

**2.2.5** All individuals receiving DDA services will eventually need to have an active SIS evaluation which will serve as an input to the person-centered planning process. Once all individuals in DDA services have been assessed, these assessments will be refreshed every five (5) years or as conditions for the individual change.

**2.2.6** Once a new rate system is developed for residential, and meaningful day services, and individuals are transferred from the existing rate system in FY23, the need for IIRS evaluations will be eliminated.

**2.2.7** The Contractor reviewer will be responsible for completing the Level of Need Assessments for individuals who have been deemed eligible for services and

for whom funding has been identified. This allows the DDA to obtain an objective assessment in determining the individual's services need and/or reimbursement level.

### **2.2.8 State Staff Roles**

In addition to the Procurement Officer,

Contract Monitor;

- 1) The State Contract Monitor will provide monitoring and oversight of the Contract by the Contractor.
- 2) Contract Monitor reviews invoices for accuracy prior to submission for payment.

### **2.2.9 Other State Responsibilities**

- B. The State is responsible for providing required information, data, documentation, and test data to facilitate the Contractor's performance of the work and will provide such additional assistance and services as is specifically set forth in this RFP.

## **2.3 Responsibilities and Tasks**

**2.3.1** The Contractor shall, as a third-party reviewer, upon receipt of authorization and documentation from the Contract Monitor, be responsible for completing Level of Need Assessments for individuals who have been deemed eligible for services, who are at least 16 years of age and for whom funding has been identified. The Contractor's work product will allow the DDA to establish an objective assessment in determining the individual's service level.

**2.3.2** The Contractor shall administer either the Individual Indicator Rating Scale (IIRS) and/or the Supports Intensity Scale at the direction of the Contract Monitor. The Contractor shall purchase SIS training and additional tools (as needed) from the American Association on Intellectual and Developmental Disabilities (AAIDD), which costs shall be included in Contractor's financial proposal. The Administration shall purchase the license from AAIDD to gain access to the SIS Online and SIS materials.

MD DDA requires the SIS-A 'Assessment Vendor' (Vendor) to administer the SIS-A with integrity and fidelity, per requirements from its publisher, the American Association on Intellectual and Developmental Disabilities (AAIDD). AAIDD's SIS-A training programs ensure reliable and accurate assessment results for SIS-A interviewers/trainers trained to administer the assessment.

Interviewers are required to understand the unique, supports-oriented intent of the scale, develop assessment competencies, demonstrate a clear understanding of each item measured by SIS-A, and have essential skills in interacting with individuals with intellectual and developmental disabilities (IDD), families, and other IDD professionals.

**In Year 1**, MD DDA requires Vendor to contractually engage with AAIDD to train a cohort of interviewers (Interviewers) (up to 12 Interviewers) in Year 1 to administer approximately 3,000 SIS-A

assessments on an annual basis. The Interviewer training plan will include all phases of training: Phase I (Orientation): training sessions associated with the theoretical concepts of the assessment and which help new interviewers acquire the knowledge to prepare for practice assessments; Phase II (Guided Practice): training sessions associated with Interviewers practicing concepts/administration procedures learned during the Orientation phase as well as learn and practice more advanced concepts associated with the SIS-A assessment. Guided Practice sessions are completed under the guidance and coaching of the AAIDD trainer; Phase III (Interviewer Reliability and Qualification Reviews) (IRQR): training sessions designed to ensure the Interviewers facilitate the assessment with fidelity and in accordance with the guidelines set by AAIDD and the authors of the SIS-A. Interviewers receive AAIDD recognition and qualification during this first year; thereafter (Year 2 and subsequent years), recognition and qualification is through the Assessment Vendor.

To ensure a positive SIS interview assessment for individuals with IDD, data integrity, and a cohesive SIS assessment team during Year 1 and subsequent years, MD DDA recommends Vendor consider incorporating quarterly quality assurance training, and employing coaching and mentoring strategies and sessions for Interviewers.

***Per the State's public health and safety requirements, Assessment Vendor should be prepared to participate in a virtual instructor led or an in-person training format, or a hybrid training format.***

**In Year 2**, as part of its capacity building plan, MD DDA recommends Vendor enhances its internal training capacity through training at least one or two SIS-A trainers. Vendor will adhere to AAIDD's training requirements for jurisdictional SIS Trainers, and meet the selection criteria to include but not limited to in-depth knowledge and experience with the SIS-A, group facilitation skills, selected from the current cohort of SIS-A Interviewers, and has the socio-economic, geographic, and cultural knowledge germane to the state of MD.

**In all subsequent years**, Vendor is required to ensure all SIS-A Interviewers maintain qualification and recognition to administer the SIS-A assessment through the annual Interviewer Reliability Qualification Reviews (IRQR), and trainers maintain qualification and recognition to train new Interviewers and/or administer IRQRs through AAIDD's annual 'Trainer Recognition' training programs.

Vendor is also required to adjust training and assessment procedures due to any modifications made to the SIS-A assessment, SIS Online, and training programs by AAIDD during the Contract term.

- 2.3.3** The Contractor shall administer a Level of Need Assessment (LONA) in person and/or remotely if requested by the participant or family, for people who are newly entering or receiving Fee Payment System services (for individuals who are 16 years of age or older.) FPS services through the DDA services transitions into the LTSS *Maryland* from PCIS2. The DDA anticipates the need for the annual completion of:

2.3.3.1 The Contractor will complete a minimum of 4000 level-of-need assessments annually. The Contractor shall complete each assessment within 30 Business Days of its referral to the Contractor.

2.3.3.2 Approximately 200 emergency level-of-need assessments shall be completed within (2) Business Days after notification is received from the DDA Regional Office and/or Head Quarters for each referral until the DDA transitions into the LTSS *Maryland* DDA Module from PCIS2. The full transition into the new Medicaid billing platform is projected to be completed by the end of FY 23. When that takes place the only assessment to be completed by the Vendor will be the level of Need Assessment.

**2.3.4** The above numbers in **2.3.3.1** and **2.3.3.2** are estimated based on the past few years' history under the current contract and based on the projected number of people anticipated to begin services in the 2022/23 fiscal year. The DDA does not guarantee any minimum or maximum number of referrals for level-of-need assessments.

**2.3.5** The Contractor shall conduct interviews using the Supports Intensity Scale in person or virtually based on the preference of the participant and their family. The Contractor shall achieve a 10% of total inter-rater-reviewer reliability checks on the SIS interview scores with the AAIDD.

The DDA anticipates the need for the following annually:

2.3.5.1 Approximately 4000 SIS interviews per year. SIS Interviews are to be completed within 30 Business Days of receiving each SIS referral from the DDA and will be completed for each person.

2.3.5.2 The number of SIS interviews in 2.3.5.1 is an estimate based on the number of people that already have a SIS within the DDA services in 2022 and the goal of assessing the entire DDA population every 5 years. The DDA does not guarantee any minimum or maximum number of referrals for SIS interviews.

**2.3.6** The Contractor shall receive the user rights from DDA to use the SIS-online database in order to meet the reporting requirements of the Contract.

**2.3.7** The Contractor shall use the SIS-online database, a web-based system for entering data, tracking data, and developing requested reports to be submitted to the Contract Monitor and Regional Offices, as requested by the DDA.

**2.3.8** The Contractor must provide assessors who are trained by the AAIDD and certified by the AAIDD to conduct the assessments.

**2.3.9** The Contractor shall implement quarterly, on-the-job competency evaluations of its assessors' performance, partly based on consumer satisfaction survey result, Regional Office feedback on assessments, audits, and monthly reports, and partly based on meeting the assessment submission deadlines above. The ['Consumer Satisfaction Interview/ form](#) can be used to measure levels of consumer satisfaction achieved by each Contractor employee. See Appendix 3. Consumer Satisfaction Interview Form.

**2.3.10** The Contractor shall review and comply with licensing, training, finances, and policy requirements that are related to the RFP requirements. The Contract Monitor has the ultimate authority to edit the number of assessments, and type of assessments. Go to the links below to learn more about DDA licensing, resources, and training services:

Following the six-year period, the Contractor will return records to the Department or confidentially dispose of them and provide verification of the records' confidential disposal to the Contract Monitor .

### 2.3.13 Contractor-Supplied Hardware, Software, and Materials

- A. American Association on Intellectual and Developmental Disabilities (AAIDD). The Administration shall purchase the license from AAIDD to gain access to the SIS Online and SIS materials. The Contractor shall administer a Level of Need Assessment (LONA) in person unless otherwise approved to conduct remotely for people who are newly entering or receiving Fee Payment System (FPS) services through the DDA.

### 2.3.14 Required Guidelines and Methodologies

The Contractor shall be required to comply with all applicable laws, regulations, policies, standards, and guidelines affecting Information Technology projects, which may be created or changed periodically. Offeror is required to review all applicable links provided below and state compliance in its response.

- B. For every deliverable, the Contractor shall submit to the Contract Monitor, by email, an Agency Deliverable Product Acceptance Form (DPAF), an example of which is provided on the DoIT web page here:  
[http://doit.maryland.gov/contracts/Documents/\\_procurementForms/DeliverableProductAcceptanceForm-DPAFsample.pdf](http://doit.maryland.gov/contracts/Documents/_procurementForms/DeliverableProductAcceptanceForm-DPAFsample.pdf)
- C. Unless specified otherwise, written deliverables shall be compatible with Microsoft Office, Microsoft Project or Microsoft Visio within two (2) versions of the current version. At the Contract Monitor's discretion, the Contract Monitor may request one hard copy of a written deliverable.
- D. A standard deliverable review cycle will be agreed-upon between the State and the Contractor. This review process is entered into when the Contractor completes a deliverable.
- E. For any written deliverable, the Contract Monitor may request a draft version of the deliverable, to comply with the minimum deliverable quality criteria listed in **Section 2.4.3 Minimum Deliverable Quality**. Drafts of each final deliverable, except status reports, are required at least two weeks in advance of when the final deliverables are due (with the exception of deliverables due at the beginning of the project where this lead time is not possible, or where draft delivery date is explicitly specified). Draft versions of a deliverable shall comply with the minimum deliverable quality criteria listed in **Section 2.4.3 Minimum Deliverable Quality**.

### 2.4.2 Deliverable Acceptance

Any such written clarifications or changes then become part of the Offeror’s Proposal. The Procurement Officer will notify Offerors of the time and place of oral presentations.

## **4.11 Duration of Proposal**

Proposals submitted in response to this RFP are irrevocable for the latest of the following: 120 days following the Proposal due date and time, best and final offers if requested (see **Section 6.5.2**), or the date any protest concerning this RFP is finally resolved. This period may be extended at the Procurement Officer’s request only with the Offeror’s written agreement.

## **4.12 Revisions to the RFP**

- 4.12.1** If the RFP is revised before the due date for Proposals, the Developmental Disabilities Administration shall post any addenda to the RFP on eMMA and shall endeavor to provide such addenda to all prospective Offerors that were sent this RFP or are otherwise known by the Procurement Officer to have obtained this RFP. It remains the responsibility of all prospective Offerors to check eMMA for any addenda issued prior to the submission of Proposals.
- 4.12.2** Acknowledgment of the receipt of all addenda to this RFP issued before the Proposal due date shall be included in the Transmittal Letter accompanying the Offeror’s Technical Proposal.
- 4.12.3** Addenda made after the due date for Proposals will be sent only to those Offerors that remain under award consideration as of the issuance date of the addenda.
- 4.12.4** Acknowledgement of the receipt of addenda to the RFP issued after the Proposal due date shall be in the manner specified in the addendum notice.

- 4.12.5** Failure to acknowledge receipt of an addendum does not relieve the Offeror from complying with the terms, additions, deletions, or corrections set forth in the addendum, and may cause the Proposal to be deemed not reasonably susceptible of being selected for award.

### 4.13 Cancellations

- 4.13.1** The State reserves the right to cancel this RFP, accept or reject any and all Proposals, in whole or in part, received in response to this RFP, waive or permit the cure of minor irregularities, and conduct discussions with all qualified or potentially qualified Offerors in any manner necessary to serve the best interests of the State.
- 4.13.2** The State reserves the right, in its sole discretion, to award a Contract based upon the written Proposals received without discussions or negotiations.
- 4.13.3** In the event a government entity proposes and receives the recommendation for award, the procurement may be cancelled, and the award processed in accordance with COMAR 21.01.03.01.A(4).
- 4.13.4** If the services that are the subject of the RFP are currently being provided under an interagency agreement with a public institution of higher education and the State determines that the services can be provided more cost effectively by the public institution of higher education, then the RFP may be cancelled in accordance with Md. Code Ann., State Finance and Procurement Art., § 3-207(b)(2).

### 4.14 Incurred Expenses

The State will not be responsible for any costs incurred by any Offeror in preparing and submitting a Proposal, in making an oral presentation, providing a demonstration, or performing any other activities related to submitting a Proposal in response to this solicitation.

### 4.15 Protest/Disputes

Any protest or dispute related to this solicitation or the Contract award shall be subject to the provisions of COMAR 21.10 (Administrative and Civil Remedies).

### 4.16 Offeror Responsibilities

- 4.16.2** All subcontractors shall be identified and a complete description of their role relative to the Proposal shall be included in the Offeror's Proposal. If applicable, subcontractors utilized in meeting the established MBE or VSBE participation goal(s) for this solicitation shall be identified as provided in the appropriate Attachment(s) to this RFP (see **Section 4.26** "Minority Participation Goal" and **Section 4.27** "VSBE Goal").
- 4.16.3** If the Offeror is the subsidiary of another entity, all information submitted by the Offeror, including but not limited to references,

financial reports, or experience and documentation (e.g., insurance policies, bonds, letters of credit) used to meet minimum qualifications, if any, shall pertain exclusively to the Offeror, unless the parent organization will guarantee the performance of the subsidiary. If applicable, the Offeror's Proposal shall contain an explicit statement, signed by an authorized representative of the parent organization, stating that the parent organization will guarantee the performance of the subsidiary.

**4.16.4** A parental guarantee of the performance of the Offeror under this Section will not automatically result in crediting the Offeror with the experience or qualifications of the parent under any evaluation criteria pertaining to the actual Offeror's experience and qualifications. Instead, the Offeror will be evaluated on the extent to which the State determines that the experience and qualifications of the parent are applicable to and shared with the Offeror, any stated intent by the parent to be directly involved in the performance of the Contract, and the value of the parent's participation as determined by the State.

#### **4.17 Acceptance of Terms and Conditions**

By submitting a Proposal in response to this RFP, the Offeror, if selected for award, shall be deemed to have accepted the terms and conditions of this RFP and the Contract, attached hereto as **Attachment M**. Any exceptions to this RFP or the Contract shall be clearly identified in the Executive Summary of the Technical Proposal. **All exceptions will be taken into consideration when evaluating the Offeror's Proposal. The Developmental Disabilities Administration reserves the right to accept or reject any exceptions.**

For purposes of completing Section "B" of this Affidavit (Certification of Registration or Qualification with the State Department of Assessments and Taxation), a business entity that is organized outside of the State of Maryland is considered a "foreign" business.

#### **4.20 Compliance with Laws/Arrearages**

By submitting a Proposal in response to this RFP, the Offeror, if selected for award, agrees that it will comply with all federal, State, and local laws applicable to its activities and obligations under the Contract.

By submitting a response to this solicitation, each Offeror represents that it is not in arrears in the payment of any obligations due and owing the State, including the payment of taxes and employee benefits, and shall not become so in arrears during the term of the Contract if selected for Contract award.

#### 4.21 Verification of Registration and Tax Payment

Before a business entity can do business in the State, it must be registered with the State Department of Assessments and Taxation (SDAT). SDAT is located at State Office Building, Room 803, 301 West Preston Street, Baltimore, Maryland 21201. For registration information, visit <https://www.egov.maryland.gov/businessexpress>.

It is strongly recommended that any potential Offeror complete registration prior to the Proposal due date and time. The Offeror's failure to complete registration with SDAT may disqualify an otherwise successful Offeror from final consideration and recommendation for Contract award.

#### 4.22 False Statements

Offerors are advised that Md. Code Ann., State Finance and Procurement Article, § 11-205.1 provides as follows:

**4.22.1** In connection with a procurement contract a person may not willfully:

#### 4.23 Payments by Electronic Funds Transfer

By submitting a Proposal in response to this solicitation, the Offeror, if selected for award:

The successful Offeror shall register using the COT/GAD X-10 Vendor Electronic Funds (EFT) Registration Request Form.

**4.23.2** Any request for exemption must be submitted to the State Comptroller's Office for approval at the address specified on the COT/GAD X-10 form, must include the business identification information as stated on the form, and must include the reason for the exemption. The COT/GAD X-10 form may be downloaded from the Comptroller's website at:

## 4.26 MBE Participation Goal

### 4.26.1 Establishment of Goal and Subgoals

An overall MBE subcontractor participation goal as identified in the Key Information Summary Sheet has been established for this procurement, representing a percentage of the total Contract dollar value, including all renewal option terms, if any, has been established for this procurement.

Notwithstanding any subgoals established for this RFP, the Contractor is encouraged to use a diverse group of subcontractors and suppliers from any/all of the various MBE classifications to meet the remainder of the overall MBE participation goal.

By submitting a response to this solicitation, the Offeror acknowledges the overall MBE subcontractor participation goal and subgoals and commits to achieving the overall goal and subgoals by utilizing certified minority business enterprises or requests a full or partial waiver of the overall goal and subgoals.

**An Offeror that does not commit to meeting the entire MBE participation goal outlined in this Section 4.26 implies that it is requesting a full or partial waiver for the remainder of the MBE goal or subgoals as applicable and, if recommended for award, shall submit documentation**

**supporting its good faith efforts to meet the MBE goal made prior to submission of its proposal as outlined in Attachment D-1B, Waiver Guidance. Failure of an Offeror to properly complete, sign, and submit Attachment D-1A at the time it submits its Technical Response(s) to the RFP may result in the State’s rejection of the Offeror’s Proposal.**

#### 4.26.2 Attachments.

- A. D-1 to D-5 – The following Minority Business Enterprise participation instructions, and forms are provided to assist Offerors:
1. Attachment D-1A MBE Utilization and Fair Solicitation Affidavit & MBE Participation Schedule (must be submitted with Proposal)

  2. The Offeror responds to the expected degree of MBE participation, as stated in the solicitation, by identifying the specific commitment of certified MBEs at the time of Proposal submission. The Offeror shall specify the percentage of total contract value associated with each MBE subcontractor identified on the MBE participation schedule, including any work performed by the MBE prime (including a prime participating as a joint venture) to be counted towards meeting the MBE participation goals.
  3. The Offeror requesting a waiver should review **Attachment D-1B** (Waiver Guidance) and **D-1C** (Good Faith Efforts Documentation to Support Waiver Request) prior to submitting its request.

**An Offeror must properly complete and submit a separate Attachment D-1A, MBE Utilization and Fair Solicitation Affidavit & MBE Participation Schedule, for EACH Functional Area (I and II) for which it is submitting a proposal. If an Offeror is submitting a proposal for each of Functional Areas I and II, the Offeror must submit two separate Attachment D-1As, one for each of the two Functional Areas.**

***If the Offeror fails to submit a completed Attachment D-1A with the Proposal as required, the Procurement Officer shall determine that the Proposal is not reasonably susceptible of being selected for award, unless the inaccuracy is determined to be the result of a minor irregularity that is waived or cured in accordance with COMAR 21.06.02.04.***

**4.26.3** Offerors are responsible for verifying that each MBE (including any MBE prime and MBE prime participating in a joint venture) selected to meet the goal and any subgoals and subsequently identified in **Attachment D-1A** is appropriately certified and has the correct NAICS codes allowing it to perform the committed work.

***If the recommended awardee fails to return each completed document within the required time, the Procurement Officer may determine that the recommended awardee is not responsible and, therefore, not eligible for Contract award. If the Contract has already been awarded, the award is voidable.***

**4.26.5** A current directory of certified MBEs is available through the Maryland State Department of Transportation (MDOT), Office of Minority Business Enterprise, 7201 Corporate Center Drive, Hanover, Maryland 21076. The phone numbers are (410) 865-1269, 1-800-544-6056, or TTY (410) 865-1342. The directory is also available on the MDOT website at <https://www.mdot.maryland.gov/tso/pages/index.aspx?pageid=91/>. date of the actual award, whichever is earlier, as required in COMAR 21.11.03.11.

**4.26.7** All documents, including the MBE Utilization and Fair Solicitation Affidavit & MBE Participation Schedule (**Attachment D-1A**), completed and submitted by the Offeror in connection with its certified MBE participation commitment shall be considered a part of the Contract and are hereby expressly incorporated into the Contract by reference thereto. All of the referenced documents will be considered a part of the Proposal for order of precedence purposes (see Contract – **Attachment M, Section 2.1**).

**4.26.8** The Offeror is advised that liquidated damages will apply in the event the Contractor fails to comply in good faith with the requirements of the MBE program and pertinent Contract provisions. (See Contract – **Attachment M, Liquidated Damages for MBE, section 39**)

4.26.9 As set forth in COMAR 21.11.03.12-1(D), when a certified MBE firm participates on a contract as a prime Contractor (including a joint-venture where the MBE firm is a partner), a procurement agency may count the distinct, clearly defined portion of the work of the contract that the certified MBE firm performs with its own work force towards fulfilling up to fifty-percent (50%) of the MBE participation goal (overall) and up to one hundred percent (100%) of not more than one of the MBE participation subgoals, if any, established for the contract.

In order to receive credit for self-performance, an MBE prime must list its firm in Section 4A of the MBE Participation Schedule (**Attachment D-1A**) and include information regarding the work it will self-perform. For the remaining portion of the overall goal and the subgoals, the MBE prime must also identify other certified MBE subcontractors [see Section 4B of the MBE Participation Schedule (**Attachment D-1A**)] used to meet those goals. If dually certified, the MBE prime can be designated as only one of the MBE subgoal classifications but can self-perform up to 100% of the stated subgoal.

As set forth in COMAR 21.11.03.12-1, once the Contract work begins, the work performed by a certified MBE firm, including an MBE prime, can only be counted towards the MBE participation goal(s) if the MBE firm is performing a commercially useful function on the Contract. Refer to MBE forms (**Attachment D**) for additional information.

#### 4.27 VSBE Goal

There is no VSBE participation goal for this procurement.

#### 4.28 Living Wage Requirements

- A. Maryland law requires that Contractors meeting certain conditions pay a living wage to covered employees on State service contracts over \$100,000. Maryland Code Ann., State Finance and Procurement Article, § 18-101 et al. The Commissioner of Labor and Industry at the Maryland Department of Labor requires that a Contractor subject to the Living Wage law submit payroll records for covered employees and a signed statement indicating that it paid a living wage to covered employees; or receive a waiver from Living Wage reporting requirements. See COMAR 21.11.10.05.

- B. If subject to the Living Wage law, Contractor agrees that it will abide by all Living Wage law requirements, including but not limited to reporting requirements in COMAR 21.11.10.05. Contractor understands that failure of Contractor to provide such documents is a material breach of the terms and conditions and may result in Contract termination, disqualification by the State from participating in State contracts, and other sanctions. Information pertaining to reporting obligations may be found by going to the Maryland Department of Labor website <http://www.dlr.state.md.us/labor/prev/livingwage.shtml>.
- C. Additional information regarding the State's living wage requirement is contained in **Attachment F**. Offerors must complete and submit the Maryland Living Wage Requirements Affidavit of Agreement (**Attachment F-1**) with their Proposals. If the Offeror fails to complete and submit the required documentation, the State may determine the Offeror to not be responsible under State law.
- D. Contractors and subcontractors subject to the Living Wage Law shall pay each covered employee at least the minimum amount set by law for the applicable Tier area. The specific living wage rate is determined by whether a majority of services take place in a Tier 1 Area or a Tier 2 Area of the State. The specific Living Wage rate is determined by whether a majority of services take place in a Tier 1 Area or Tier 2 Area of the State.
- 1) The Tier 1 Area includes Montgomery, Prince George's, Howard, Anne Arundel and Baltimore Counties, and Baltimore City. The Tier 2 Area includes any county in the State not included in the Tier 1 Area. In the event that the employees who perform the services are not located in the State, the head of the unit responsible for a State Contract pursuant to §18-102(d) of the State Finance and Procurement Article shall assign the tier based upon where the recipients of the services are located. If the Contractor provides more than 50% of the services from an out-of-State location, the State agency determines the wage tier based on where the majority of the service recipients are located. In this circumstance, the Contract will be determined to be a Tier (enter "1" or "2," depending on where the majority of the service recipients are located) Contract.
  - 2) The Contract will be determined to be a Tier 1 Contract or a Tier 2 Contract depending on the location(s) from which the Contractor provides 50% or more of the services. The Offeror must identify in its Proposal the location(s) from which services will be provided, including the location(s) from which 50% or more of the Contract services will be provided.
  - 3) If the Contractor provides 50% or more of the services from a location(s) in a Tier 1 jurisdiction(s) the Contract will be a Tier 1 Contract.
  - 4) If the Contractor provides 50% or more of the services from a location(s) in a Tier 2 jurisdiction(s), the Contract will be a Tier 2 Contract.
- E. If the Contractor provides more than 50% of the services from an out-of-State location, the State agency determines the wage tier based on where the majority of the service recipients are located. See COMAR 21.11.10.07.
- F. The Offeror shall identify in the Proposal the location from which services will be provided.

- G. **NOTE:** Whereas the Living Wage may change annually, the Contract price will not change because of a Living Wage change or a change in the State minimum wage.

If not, the subsidiary Offeror shall include a guarantee of performance from its parent organization as part of its Executive Summary (see **Section 4.16 "Offeror Responsibilities"**).

The Executive Summary shall also identify any exceptions the Offeror has taken to the requirements of this RFP, the Contract (**Attachment M**), or any other exhibits or attachments. Acceptance or rejection of exceptions is within the sole discretion of the State. **Exceptions to terms and conditions, including requirements, may result in having the Proposal deemed unacceptable or classified as not reasonably susceptible of being selected for award.**

E. Minimum Qualifications Documentation (If applicable, Submit under TAB D)

The Offeror shall submit any Minimum Qualifications documentation that may be required, as set forth in RFP **Section 1**. If references are required in **RFP Section 1**, those references shall be submitted in this section and shall contain the information described in both **Section 1** and **Section 5.3.2.I**.

The response shall address each requirement in **Section 2** and **Section 3** in order and shall contain a cross reference to the requirement.

To help achieve this objective of staff retention, each Offeror shall agree that if awarded the Contract, the Offeror's employees and agents filling the positions set forth in the staffing requirements of Section <<enter applicable subsection number(s)>> working on the State contract shall be free to work for the Contractor awarded the State contract notwithstanding any non-compete clauses to which the employee(s) may be subject. The Offeror agrees not to enforce any non-compete restrictions against the State with regard to these employees and agents if a different vendor succeeds in the performance of the Contract. To evidence compliance with this non-compete clause prohibition, each Offeror must include an affirmative statement in its technical Proposal that the Offeror, if awarded a Contract, agrees that its employees and agents shall not be restricted from working with or for any successor Contractor that is awarded the State business.

The State does not agree to terms and conditions not provided in an Offeror's Technical Proposal and no action of the State, including but not limited to the use of any such software, shall be deemed to constitute acceptance of any such terms and conditions. Failure to comply with this section renders any such agreement unenforceable against the State.

In the case of an open-source license, authorization for the open source shall demonstrate compliance with the open-source license.

Do not amend, alter, or leave blank any items on the Financial Proposal Form or include additional clarifying or contingent language on or attached to the Financial Proposal Form. **THE REMAINDER OF THIS PAGE IS INTENTIONALLY LEFT BLANK.**

## 6 Evaluation and Selection Process

### 6.1 Evaluation Committee

Evaluation of Proposals will be performed in accordance with COMAR 21.05.03 by a committee established for that purpose and based on the evaluation criteria set forth below. The Evaluation Committee will review Proposals, participate in Offeror oral presentations and discussions, and provide input to the Procurement Officer. The Developmental Disabilities Administration reserves the right to utilize the services of individuals outside of the established Evaluation Committee for advice and assistance, as deemed appropriate.

During the evaluation process, the Procurement Officer may determine at any time that a particular Offeror is not susceptible for award.

### 6.2 Technical Proposal Evaluation Criteria

The criteria to be used to evaluate each Technical Proposal are listed below in descending order of importance. Unless stated otherwise, any sub-criteria within each criterion has equal weight.

#### 6.2.1 Offeror's Technical Response to Requirements and Work Plan (See RFP § 5.3.2.F)

The State prefers the Offeror's Technical Proposal to illustrate a comprehensive understanding of work requirements and mastery of the subject matter, including an explanation of how the work will be performed. Proposals which include limited responses to work requirements such as "concur" or "will comply" will receive a lower ranking than those Proposals that demonstrate an understanding of the work requirements and include plans to meet or exceed them.

#### 6.2.2 Experience and Qualifications of Proposed Staff (See RFP § 5.3.2.G)

#### 6.2.3 Offeror Qualifications and Capabilities, including proposed subcontractors (See RFP § 5.3.2.H)

#### 6.2.4 Economic Benefit to State of Maryland (See RFP § 5.3.2.O) [[Delete if removed from 5.3.2. Double check the cross reference.]]

### 6.3 Financial Proposal Evaluation Criteria

All Qualified Offerors (see **Section 6.5.2.D**) will be ranked from the lowest (most advantageous) to the highest (least advantageous) price based on the Total Proposal Price within the stated guidelines set forth in this RFP and as submitted on **Attachment B** - Financial Proposal Form.

### 6.4 Reciprocal Preference

**6.4.1** Although Maryland law does not authorize procuring agencies to favor resident Offerors in awarding procurement contracts, many other states do grant their resident businesses preferences over Maryland Contractors. COMAR 21.05.01.04 permits procuring agencies to apply a reciprocal preference under the following conditions:

- A. The Maryland resident business is a responsible Offeror

- B. The most advantageous Proposal is from a responsible Offeror whose principal office, or principal base of operations is in another state
- C. The other state gives a preference to its resident businesses through law, policy, or practice; and
- D. The preference does not conflict with a federal law or grant affecting the procurement Contract.

**6.4.2** The preference given shall be identical to the preference that the other state, through law, policy, or practice gives to its resident businesses.

## 6.5 Selection Procedures

### 6.5.1 General

- A. The Contract will be awarded in accordance with the Competitive Sealed Proposals (CSP) method found at COMAR 21.05.03. The CSP method allows for the conducting of discussions and the revision of Proposals during these discussions. Therefore, the State may conduct discussions with all Offerors that have submitted Proposals that are determined to be reasonably susceptible of being selected for contract award or potentially so. However, the State reserves the right to make an award without holding discussions.
- B. With or without discussions, the State may determine the Offeror to be not responsible or the Offeror's Proposal to be not reasonably susceptible of being selected for award at any time after the initial closing date for receipt of Proposals and prior to Contract award.

### 6.5.2 Selection Process Sequence

- A. A determination is made that the MDOT Certified MBE Utilization and Fair Solicitation Affidavit (**Attachment D-1A**) is included and is properly completed if there is an MBE goal. In addition, a determination is made that the VSBE Utilization Affidavit and subcontractor Participation Schedule (**Attachment E-1**) is included and is properly completed, if there is a VSBE goal.
- B. Technical Proposals are evaluated for technical merit and ranked. During this review, oral presentations and discussions may be held. The purpose of such discussions will be to assure a full understanding of the State's requirements and the Offeror's ability to perform the services, as well as to facilitate arrival at a Contract that is most advantageous to the State. Offerors will be contacted by the State as soon as any discussions are scheduled.
- C. Offerors must confirm in writing any substantive oral clarifications of, or changes in, their Technical Proposals made in the course of discussions. Any such written clarifications or changes then become part of the Offeror's Technical Proposal. Technical Proposals are given a final review and ranked.
- D. The Financial Proposal of each Qualified Offeror (a responsible Offeror determined to have submitted an acceptable Proposal) will be evaluated and ranked separately from the Technical evaluation. After a review of the Financial Proposals of Qualified Offerors, the Evaluation Committee or Procurement Officer may again conduct discussions to further evaluate the Offeror's entire Proposal.
- E. When in the best interest of the State, the Procurement Officer may permit Qualified Offerors to revise their initial Proposals and submit, in writing, Best and

Final Offers (BAFOs). The State may make an award without issuing a request for a BAFO. **Offerors may only perform limited substitutions of proposed personnel as allowed in Section 3.11 (Substitution of Personnel).**

### **6.5.3 Award Determination**

Upon completion of the Technical Proposal and Financial Proposal evaluations and rankings, each Offeror will receive an overall ranking. The Procurement Officer will recommend award of the Contract to the responsible Offeror that submitted the Proposal determined to be the most advantageous to the State. In making this most advantageous Proposal determination, technical factors will receive equal weight with financial factors.

## **6.6 Documents Required upon Notice of Recommendation for Contract Award**

Upon receipt of a Notification of Recommendation for Contract award, the apparent awardee shall complete and furnish the documents and attestations as directed in Table 1 of **Section 7 – RFP Attachments and Appendices**.

**THE REMAINDER OF THIS PAGE IS INTENTIONALLY LEFT BLANK.**

## Attachment B. Financial Proposal Instructions & Form

### B-1 Financial Proposal Instructions

In order to assist Offerors in the preparation of their Financial Proposal and to comply with the requirements of this solicitation, Financial Proposal Instructions and a Financial Proposal Form have been prepared. Offerors shall submit their Financial Proposal on the Financial Proposal Form in accordance with the instructions on the Financial Proposal Form and as specified herein. Do not alter the Financial Proposal Form or the Proposal may be determined to be not reasonably susceptible of being selected for award. The Financial Proposal Form is to be signed and dated, where requested, by an individual who is authorized to bind the Offeror to the prices entered on the Financial Proposal Form.

The Financial Proposal Form is used to calculate the Offeror's TOTAL Proposal PRICE. Follow these instructions carefully when completing your Financial Proposal Form:

- A) All Unit and Extended Prices must be clearly entered in dollars and cents, e.g., \$24.15. Make your decimal points clear and distinct.
- B) All Unit Prices must be the actual price per unit the State will pay for the specific item or service identified in this RFP and may not be contingent on any other factor or condition in any manner.
- C) All calculations shall be rounded to the nearest cent, e.g., .344 shall be .34 and .345 shall be .35.
- D) Any goods or services required through this RFP and proposed by the vendor at **No Cost to the State** must be clearly entered in the Unit Price, if appropriate, and Extended Price with **\$0.00**.
- E) Every blank in every Financial Proposal Form shall be filled in. Any changes or corrections made to the Financial Proposal Form by the Offeror prior to submission shall be initialed and dated.
- F) Except as instructed on the Financial Proposal Form, nothing shall be entered on or attached to the Financial Proposal Form that alters or proposes conditions or contingencies on the prices. Alterations and/or conditions may render the Proposal not reasonably susceptible of being selected for award.
- G) It is imperative that the prices included on the Financial Proposal Form have been entered correctly and calculated accurately by the Offeror and that the respective total prices agree with the entries on the Financial Proposal Form. Any incorrect entries or inaccurate calculations by the Offeror will be treated as provided in COMAR 21.05.03.03.F and may cause the Proposal to be rejected.
- H) If option years are included, Offerors must submit pricing for each option year. Any option to renew will be exercised at the sole discretion of the State and comply with all terms and conditions in force at the time the option is exercised. If exercised, the option period shall be for a period identified in the RFP at the prices entered in the Financial Proposal Form.
- I) All Financial Proposal prices entered below are to be fully loaded prices that include all costs/expenses associated with the provision of services as required by the RFP. The Financial Proposal price shall include, but is not limited to, all: labor, profit/overhead, general operating, administrative, and all other expenses and costs necessary to perform the work set forth in the solicitation. No other amounts will be paid to the Contractor. If labor rates are requested, those amounts shall be fully loaded rates; no overtime amounts will be paid.
- J) Unless indicated elsewhere in the RFP, sample amounts used for calculations on the Financial Proposal Form are typically estimates for evaluation purposes only. Unless stated otherwise in the RFP, the Developmental Disabilities Administration does not guarantee a minimum or maximum number of units or usage in the performance of the Contract.
- K) Failure to adhere to any of these instructions may result in the Proposal being determined not reasonably susceptible of being selected for award.

**THE REMAINDER OF THIS PAGE IS INTENTIONALLY LEFT BLANK.**

**B-1 Financial Proposal Form**

The Financial Proposal Form shall contain all price information in the format specified on these pages. Complete the Financial Proposal Form only as provided in the Financial Proposal Instructions. Do not amend, alter or leave blank any items on the Financial Proposal Form. If option years are included, Offerors must submit pricing for each option year. Failure to adhere to any of these instructions may result in the Proposal being determined not reasonably susceptible of being selected for award.

Code Ann., State Finance and Procurement Article, §18-103(a), by no more than 50 cents of the hourly cost of the employer's contribution to an employee's deferred compensation plan. A Contractor/subcontractor who reduces the wages paid to an employee based on the employer's contribution to an employee's deferred compensation plan shall not lower the employee's wage rate below the minimum wage as set in Md. Code Ann., Labor and Employment Article, §3-413.
- I. Under Md. Code Ann., State Finance and Procurement Article, Title 18, if the Commissioner determines that the Contractor/subcontractor violated a provision of this title or regulations of the Commissioner, the Contractor/subcontractor shall pay restitution to each affected employee, and the State may assess liquidated damages of \$20 per day for each employee paid less than the Living Wage.

### **4. Consideration and Payment**

4.1 In consideration of the satisfactory performance of the work set forth in this Contract, the Developmental Disabilities Administration shall pay the Contractor in accordance with the terms of this Contract and at the prices quoted in the Financial Proposal. Developmental Disabilities Administration's receipt of a proper invoice from the Contractor as required by RFP section 3.3.

## **6. Exclusive Use**

6.1 The State shall have the exclusive right to use, duplicate, and disclose any data, information, documents, records, or results, in whole or in part, in any manner for any purpose whatsoever, that may be created or generated by the Contractor in connection with this Contract. Confidential or Proprietary Information and Documentation.**

## **7. Patents, Copyrights, and Intellectual Property**

7.1. All copyrights, patents, trademarks, trade secrets, and any other intellectual property rights existing prior to the Effective Date of this Contract shall belong to the party that owned such rights immediately prior to the Effective Date (“Pre-Existing Intellectual Property”). If any design, device, material, process, or other item provided by Contractor is covered by a patent or copyright or which is proprietary to or a trade secret of another, the Contractor shall obtain the necessary permission or license to permit the State to use such item or items pursuant to its rights granted under the Contract.

7.2 Except for (1) information created or otherwise owned by the Developmental Disabilities Administration or licensed by the Developmental Disabilities Administration from third parties, including all information provided by the Developmental Disabilities Administration to Contractor; (2) materials created by Contractor or its subcontractor(s) specifically for the State under the Contract (“Deliverables”), except for any Contractor Pre-Existing Intellectual Property included therein; and (3) the license rights granted to the State, all right, title, and interest in the intellectual property embodied in the solution, including the know-how and methods by which the solution is provided and the processes that make up the solution, will belong solely and exclusively to Contractor and its licensors, and the Developmental Disabilities Administration will have no rights to the same except as expressly granted in this Contract. Any SaaS Software developed by Contractor during the performance of the Contract will belong solely and exclusively to Contractor and its licensors. For all Software provided by the Contractor under the Contract, Contractor hereby grants to the State a nonexclusive, irrevocable, unlimited, perpetual, non-cancelable, and non-terminable right to use and make copies of the Software and any modifications to the Software. For all Contractor Pre-Existing Intellectual Property embedded in any Deliverables, Contractor grants to the State a license to use such Contractor Pre-Existing Intellectual Property in connection with its permitted use of such Deliverable. During the period between delivery of a Deliverable by Contractor and the date of payment therefor by the State in accordance with this Contract (including

throughout the duration of any payment dispute discussions), subject to the terms and conditions contained herein, Contractor grants the State a royalty-free, non-exclusive, limited license to use such Deliverable and to use any Contractor Materials contained therein in accordance with this Contract.

7.3. Subject to the terms of **Section 10**, Contractor shall defend, indemnify and hold harmless the State and its agents and employees, from and against any and all claims, costs, losses, damages, liabilities, judgments and expenses (including without limitation reasonable attorneys' fees) arising out of or in connection with any third-party claim that the Contractor-provided products/services infringe, misappropriate or otherwise violate any third-party intellectual property rights. Contractor shall not enter into any settlement involving third party claims that contains any admission of or stipulation to any guilt, fault, liability or wrongdoing by the State or that adversely affects the State's rights or interests, without the State's prior written consent.

Notwithstanding anything to the contrary herein, the State may, in its sole and absolute discretion, grant the Contractor a license to such materials, subject to the terms of a separate writing executed by the Contractor and an authorized representative of the State as well as all required State approvals.

7.6 Without limiting the generality of the foregoing, neither Contractor nor any of its subcontractors shall use any Software or technology in a manner that will cause any patents, copyrights or other intellectual property which are owned or controlled by the State or any of its affiliates (or for which the State or any of its subcontractors has received license rights) to become subject to any encumbrance or terms and conditions of any third party or open source license (including, without limitation, any open source license listed on <http://www.opensource.org/licenses/alphabetical>) (each an "Open Source License"). These restrictions, limitations, exclusions, and conditions shall apply even if the State or any of its subcontractors becomes aware of or fails to act in a manner to address any violation or failure to comply therewith. No act by the State or any of its subcontractors that is undertaken under this Contract as to any Software or technology shall be construed as intending to cause any patents, copyrights or other intellectual property that are owned or controlled by the State (or for which the State has received license rights) to become subject to any encumbrance or terms and conditions of any open-source license.

7.7 The Contractor shall report to the Developmental Disability Administration, promptly and in written detail, each notice or claim of copyright infringement received by the Contractor with respect to all Deliverables delivered under this Contract.

The effect of termination of the Contract hereunder will be to discharge both the Contractor and the State from future performance of the Contract, but not from their rights and obligations existing at the time of termination. The Contractor shall be reimbursed for the reasonable value of any nonrecurring costs incurred but not amortized in the price of the Contract. An audit is defined as a planned and documented independent activity performed by qualified personnel, including but not limited to State and federal auditors, to determine by investigation, examination, or evaluation of objective evidence from data, statements, records, operations and performance practices (financial or otherwise) the Contractor's compliance with the Contract, including but not limited to adequacy and compliance with established procedures and internal controls over the services performed pursuant to the Contract.

25.2 Upon three (3) Business Days' notice, the State shall be provided reasonable access to Contractor's records to perform any such audits. The Developmental Disabilities Administration may conduct these audits with any or all of its own internal resources or by securing the services of a third-party accounting or audit firm, solely at the Developmental Disabilities Administration's election. The Developmental Disabilities Administration may copy any record related to the services performed pursuant to the Contract. The Contractor agrees to fully cooperate and assist in any audit conducted by or on behalf of the State, including, by way of example only, making records and employees available as, where, and to the extent requested by the State and by assisting the auditors in reconciling any audit variances. 27.2 The price under this Contract and any change order or modification hereunder, including profit or fee, shall be adjusted to exclude any significant price increases occurring because the

Contractor furnished cost or price information which, as of the date of its Proposal, was inaccurate, incomplete, or not current.

**28. Subcontracting; Assignment**

The Contractor may not subcontract any of its obligations under this Contract without obtaining the prior written approval of the Procurement Officer, nor may the Contractor assign this Contract or any of its rights or obligations hereunder, without the prior written approval of the Procurement Officer, each at the State's sole and absolute discretion; provided, however, that a Contractor may assign monies receivable under a contract after written notice to the State. Any subcontracts shall include such language as may be required in various clauses contained within this Contract, exhibits, and attachments. This clause is not enforceable by or for the benefit of, and creates no obligation to, any third party.

30.3 As a condition of entering into this Contract, upon the request of the Commission on Civil Rights, and only after the filing of a complaint against Contractor under Title 19 of the State Finance and Procurement Article of the Annotated Code of Maryland, as amended from time to time, Contractor agrees to provide within 60 days after the request a complete list of the names of all subcontractors, vendors, and suppliers that Contractor has used in the past four (4) years on any of its contracts that were undertaken within the State of Maryland, including the total dollar amount paid by Contractor on each subcontract or supply contract. Contractor further agrees to cooperate in any investigation conducted by the State pursuant to the State Commercial Nondiscrimination Policy as set forth under Title 19 of the State Finance and Procurement Article of the Annotated Code of Maryland, and to provide any documents relevant to any investigation that are requested by the State. - (b) Be used as evidence on the merits of a dispute between the Developmental Disabilities Administration and the Contractor in any other proceeding; or
- (c) Result in liability against or prejudice the rights of the Developmental Disabilities Administration.

31.4 The remedies enumerated above are in addition to those provided under COMAR 21.11.03.13 with respect to subcontractors that have contracted pursuant to the MBE program.

31.5 To ensure compliance with certified MBE subcontractor participation goals, the Developmental Disabilities Administration may, consistent with COMAR 21.11.03.13, take the following measures:

Corrective action may include, but is not limited to, requiring the Contractor to compensate the MBE for work performed as set forth in the MBE participation schedule.
  - (c) If the Developmental Disabilities Administration determines that the Contractor is in material noncompliance with MBE Contract provisions and refuses or fails to take the corrective action that the Developmental Disabilities Administration requires, then the Developmental Disabilities Administration may:
    - i. Terminate the Contract
    - ii. Refer the matter to the Office of the Attorney General for appropriate action; or
    - iii. Initiate any other specific remedy identified by the Contract, including the contractual remedies required by any applicable laws, regulations, and directives regarding the payment of undisputed amounts.
  - (d) Upon completion of the Contract, but before final payment or release of retainage or both, the Contractor shall submit a final report, in affidavit form under the penalty of perjury, of all payments made to, or withheld from, MBE subcontractors.

## **32. Living Wage**

If a Contractor subject to the Living Wage law fails to submit all records required under COMAR 21.11.10.05 to the Commissioner of Labor and Industry at the Department of Labor, Licensing and Regulation, the Developmental Disabilities Administration may withhold payment of any invoice or retainage. The Developmental Disabilities Administration may require certification from the Commissioner on a quarterly basis that such records were properly submitted.

Without limiting the generality of the foregoing, if the Contractor or its estate becomes subject to any bankruptcy or similar proceeding: (a) subject to the State's rights of election, all rights and licenses granted to the State under this Contract shall continue subject to the respective terms and conditions of this Contract; and (b) the State shall be entitled to a complete duplicate of (or complete access to, as appropriate) all such intellectual property and embodiments of intellectual property, and the same, if not already in the State's possession, shall be promptly delivered to the State, unless the Contractor elects to and does in fact continue to perform all of its obligations under this Contract.

The State and the Contractor acknowledge and agree that the State will incur damages, including but not limited to loss of goodwill, detrimental impact on economic development, and diversion of internal staff resources, if the Contractor does not comply in good faith with the requirements of the MBE Program and MBE Contract provisions. - (d) Failure to meet the Contractor's total MBE participation goal and sub goal commitments: the difference between the dollar value of the total MBE participation commitment on the MBE participation schedule and the MBE participation actually achieved.
- (e) Failure to promptly pay all undisputed amounts to an MBE subcontractor in full compliance with the prompt payment provisions of the Contract: \$100.00 appropriate rate following calculation instructions from GOSBA per day until the undisputed amount due to the MBE subcontractor is paid.
