

STATE OF MARYLAND
OFFICE OF FAMILY AND COMMUNITY HEALTH SERVICES
OFCHS
REQUEST FOR PROPOSALS (RFP)
MAXWELL DATABASE SYSTEM
RFP NUMBER 23-00030

ISSUE DATE: AUGUST 29, 2022

NOTICE

A Prospective Offeror that has received this document from a source other than eMarylandMarketplace (eMMA) <https://procurement.maryland.gov> should register on eMMA. See **Section 4.2**.

**MINORITY BUSINESS ENTERPRISES ARE ENCOURAGED TO
RESPOND TO THIS SOLICITATION.**

VENDOR FEEDBACK FORM

To help us improve the quality of State solicitations, and to make our procurement process more responsive and business friendly, please provide comments and suggestions regarding this solicitation. Please return your comments with your response. If you have chosen not to respond to this solicitation, please email or fax this completed form to the attention of the Procurement Officer (see Key Information Summary Sheet below for contact information).

Title: Maxwell Database System
Solicitation No: 23-00030

1. If you have chosen not to respond to this solicitation, please indicate the reason(s) below:
 - Other commitments preclude our participation at this time
 - The subject of the solicitation is not something we ordinarily provide
 - We are inexperienced in the work/commodities required
 - Specifications are unclear, too restrictive, etc. (Explain in REMARKS section)
 - The scope of work is beyond our present capacity
 - Doing business with the State is simply too complicated. (Explain in REMARKS section)
 - We cannot be competitive. (Explain in REMARKS section)
 - Time allotted for completion of the Proposal is insufficient
 - Start-up time is insufficient
 - Bonding/Insurance requirements are restrictive (Explain in REMARKS section)
 - Proposal requirements (other than specifications) are unreasonable or too risky (Explain in REMARKS section)
 - MBE or VSBE requirements (Explain in REMARKS section)
 - Prior State of Maryland contract experience was unprofitable or otherwise unsatisfactory. (Explain in REMARKS section)
 - Payment schedule too slow
 - Other: _____

2. If you have submitted a response to this solicitation, but wish to offer suggestions or express concerns, please use the REMARKS section below. (Attach additional pages as needed.)

REMARKS:

1 Minimum Qualifications

1.1 Offeror Minimum Qualifications

There are no Offeror Minimum Qualifications for this procurement.

THE REMAINDER OF THIS PAGE IS INTENTIONALLY LEFT BLANK.

2 Contractor Requirements: Scope of Work

2.1 Summary Statement

- 2.1.1 Maryland Department of Health (MDH) is issuing this Request for Proposals (RFP) to contractors for the maintenance of and continuing development of the existing data management system. This is currently being utilized by all funded Maternal Infant and Early Childhood Home Visiting (MIECHV) programs to allow for a single point of data entry.
- 2.1.2 It is the State's intention to obtain services, as specified in this RFP, from a Contract between the selected Offeror and the State.
- 2.1.3 MDH intends to make a single award according to the RFP.
- 2.1.4 An Offeror, either directly or through its subcontractor(s), must be able to provide all goods and services and meet all of the requirements requested in this solicitation and the successful Offeror (the Contractor) shall remain responsible for Contract performance regardless of subcontractor participation in the work.
- 2.1.5 The State does not wish to procure a software application still under development. The COTS software utilized in the solution shall be operational (i.e., not under development) and generally available by the due date of the Proposal.

2.2 Background, Purpose and Goals

The Federally funded MIECHV program requires a robust data collection system. This Federal mandate ensures that Maryland continues to collect and report on multiple data benchmarks in order to continue to be funded for certain programs.

Additionally, the Maryland Home Visiting Accountability Act of 2012, the first-ever Maryland home visiting legislation, mandates that all home visiting programs funded through state general funds report on standard measures in five domains of maternal and child well-being:

1. Child Health,
2. Maternal Mental Health,
3. Typical Child Development,
4. Children's Special Needs, and
5. Family Relationships.

While each evidence-based home visiting program collects data specific to its funder or program model requirements, the mandated measures allow Maryland to assess the impact of statewide home visiting efforts across models. Data collected is summarized in a report to the Governor and the General Assembly's Joint Commission on Children, Youth and Families every two (2) years.

Maryland's MIECHV data system, Maxwell was designed according to the specifications of Home Visitors, Supervisors, Program Managers, and State Administrators to meet reporting and programmatic needs regardless of role in MIECHV. This was accomplished through focus groups and interviews of staff during the development of the data system. Maxwell is intuitive and was intentionally developed to improve programmatic oversight at all levels. Prompts keep home visitors on schedule for their families; validated tools automatically calculate when assessments are completed, and missing data can be monitored more effectively as a granular analysis can

uncover which construct questions are missing for a particular home visitor. Prior to Maxwell, program data managers could only see if entire assessments were missing, not a specific construct question.

This RFP is for the maintenance and continued development of the Maxwell data system that is used for live data collection in the field. These data are collected by home Visitors and used by home visiting supervisors, program managers, state MIECHV staff, the Governor's Office (for state legislative reports) and the Federal funder of the MIECHV program. The Maxwell system aims to improve home visitor and supervisor (i.e., end-user workflow and provide ongoing technical assistance to home visiting sites see Appendix 1) as well as troubleshooting through a help desk system.

2.3 Responsibilities and Tasks

Key Functionality and Capabilities Supported (i.e., business functions or processes)

2.3.1 System Maintenance and Improvement

The data system components for maintenance and improvement shall include:

- a. The Contractor will ensure all previously developed Maxwell training materials and instructional tutorials remain available, and up to date.
- b. The Contractor will continue to develop new materials. These materials may include but are not limited to training materials, instructional tutorials, data dictionaries and terminology logs and other materials to assist in ease of data management system use based on programmatic needs per Contract Monitor's approval.
- c. The Contractor will assure that any new Federal Health Resource and Services Administration (HRSA), legislative reporting requirements, or evidence-based model developer changes are tested within the data system for quality assurance prior to being pushed into production and incorporated into the Maxwell system and that all end users are adequately trained on those changes.
- d. The Contractor will maintain and ensure model accreditation requirements and reporting functions provided by Healthy Families America, are integrated into the data management system
- e. The Contractor will assess and incorporate pathways to increase interoperability between the Nurse Family Partnership national data system.
- f. The Contractor will incorporate data sharing methodologies with the Maryland State Department of Education (MSDE), the Department of Human Services (DHS), and other applicable agencies that conduct evidence-based home visiting per the Contract Monitor's direction and approval.
- g. The Contractor will assure built-in quality improvement and outreach initiatives relating to data and data quality as requested, including presentations and conferences.

- h. The Contractor will participate in the Maryland Home Visiting Consortium (HVC) as an active member by attending scheduled meetings and attending any other activities assigned by the HVC.
 - 1. The Contractor will triage and problem-solve toward a technologically connected and data transparent Maryland Home Visiting/ Early Childhood Educational system including, but not limited to facilitating the following:
 - A. Work Group Meetings- allowing active programs to vet system modifications for workflow purposes
 - B. Site Demos
 - C. Stakeholder Demos
- i. The Contractor will ensure that the quality of data collection and data accessibility will continue to improve for all end-users by:
 - 1. Ensuring the Maxwell data system will remain functional for end users (anyone who utilizes the data management system) at all levels with minimal interruption not to exceed a maximum of twelve (12) consecutive hours.
 - 2. Operationalizing all performance/data reports will be fully operational at all times within the system.
 - 3. Reports that must be available for sites must include:
 - A. MIECHV Specific Demographic and Construct Reports
 - B. Evidence-Based Model Accreditation Reports
 - C. Applicable Data Quality/Monitoring
 - D. Data Export Features
- j. The Contractor will adhere to all required state and Federal data reporting.
- k. The Contractor will follow specific report timelines provided by the Contract Monitor.

The Contractor will notify the Contract Monitor immediately within the hour should system outages occur for any sites. The system must have established written protocols that are maintained and updated to include a written standard operating procedure for system interruptions to be presented to Contract Monitor. Outages lasting over twelve (12) hours will lead to corrective action up to and including contract termination.

2.3.2. Improvement and Testing Deliverables

At times, there may be a need to incorporate new deliverables during the life of this contract. Some examples of this are but not limited to additional coding because of COVID-19 restrictions, changes in reporting calculations per Federal and/or model mandate, and necessary coding for systems enhancements and user workflow per The Contract Monitor's and the data management system learning collaborative workgroup recommendations. A change management model will be used to direct the Contractor through system improvement tasks The Contractor will list tasks, develop a scope and report back to the Contract Monitor as it relates to the effort required to develop, ensure quality assurance in the "test environment" and push improvement tasks to the "live" production environment. The Contract Monitor will have complete authority to dictate which tasks are worked on. Work in two-week project cycle sprints will allow for a high frequency of updates to Contract Monitor updates will be the last Friday of each month in writing and addressed via phone or brief meeting that can be held

virtually or in person.

The Contractor will test and address the deliverables. These deliverables will be authorized and prioritized by the Contract Monitor. This testing of deliverables is highly dependent on the deliverables prioritized and assures that the data management system is meeting the needs of the end users and HRSA reporting requirements.

The Contractor will have a deliverable list of high and low priority issues and it will be maintained and addressed at two-hour quarterly team meetings with the Contract Monitor to include monthly updates and plan for next quarter. These meetings will begin two (2) months after the award and agreed upon between the Contractor and the Contract monitor with final approval by the Contract Monitor.

The Contractor will identify tasks which will continue to be vetted by the Contract Monitor, system users, and vendors in order to prioritize and meet the changing needs of system users.

The Contractor will include the Contract Monitor in all decision-making processes that determine the number of hours, issues addressed, and final approval in items that will prioritize further development or parking lot items. An approval process developed by the Contract Monitor will be implemented that assures the needs of the end-users are being met. The approval of system enhancements will occur between the Contract Monitor and the Contractor where the development logistics are discussed in terms of time, effort and current end user workflows. Final approval comes from the Contract Monitor.

2.3.3 Reports

The Contractor will continue to utilize previously developed reports. These reports will be maintained, refined and supported by the Maxwell system for end users. Training and tutorials may need to be modified or new tutorials developed. A list of all current reports can be found in Table 1.

2.3.4 Infrastructure

The Contractor will hold regular and ongoing meetings at either office location or virtual to ensure connectivity to inter-workings of project activity, activity in the field, data review and overall deliverables.

A. Contractor and the Contract Monitor will meet monthly to address minor topics and quarterly to address progress to date.

2.3.5 Field Support

The Contractor will demonstrate and present necessary artifacts illustrating their ability to provide a model for support and feedback that addresses the following:

1. **Engagement** -- The Contractor provides team development theory within the home visiting programs.
2. **Implementation and relationship building** -- The Contractor will develop independent

- relationships and connectivity between the home visiting sites and the team providing Maxwell technical assistance. This ensures that communication between the Contractor and the home visiting sites continues without the Contract Monitor's direct involvement.
3. **Support** - The Contractor will have an established solution support (also known as a Help Desk) team that will be responsive and adhere to the standard operating procedure outlined in this scope of work document. (Section 2.2.8)
 4. **Sustainability** -- The Contractor will focus on sustainability within the home visiting program by assuring all national accreditation standards and HRSA Federal requirements are updated as needed. Furthermore, the Contractor will continue to expand and enhance the system as needed to incorporate additional evidence-based home visiting programs and system users. See Section 2.3.1
 5. **End User Feedback** -- The Contractor will guide home visiting organizational leadership in developing venues for information feedback.
 - a. **Focus groups** may be used to evaluate the effectiveness of the system enhancements, to gain an improved understanding of the strategies used by providers to overcome the usual barriers to the successful implementation of new practices. This structure will allow the Contractor and the Contract Monitor to analyze and utilize the feedback in real-time to address outstanding priority issues.
 - b. **Surveys** will be conducted throughout the life of the contract to allow for meaningful data that can guide decision making and inform strategy. A variety of surveys including large scope electronic surveys and training feedback surveys should be utilized as needed to inform processes and needed changes.

2.3.6 Training

The Contractor will demonstrate their ability to develop comprehensive and sustainable training materials that are easily accessible to Maxwell users. The Contractor will provide training methodologies, systems and present necessary artifacts illustrating their ability to utilize a training model that addresses the following:

1. Use of a software system to develop and edit training videos.
2. All trainings and materials will be based on a needs analysis of end users.
3. Trainings shall require multiple teaching approaches including interactive, lecture, virtual, hands-on learning, one-on-one instruction, etc.
4. In-person regional training will be incorporated into the training schedule. This allows providers to enhance their understanding of Maxwell and the value of data collection.
5. Training materials shall be provided in electronic form and, optionally, in paper form to all participants.
6. All trainings conducted virtually shall be recorded for consistent messaging for trainees not able to attend during the live training.
7. A training and implementation specialist will seek feedback and recommendations related to service delivery concerning the course, materials, equipment, facilities, etc., as appropriate.

Below is a breakdown of the training and implementation resources that are required to successfully execute the above implementation plan for the years of this contract.

- A. Home Visitor and Supervisory Training
Monthly new hire training for all new staff

- i. Training delivered monthly (12 trainings annually)
 - ii. Location: webinar and/or at the program site
 - iii. Participants: All new hires for participating agencies
 - B. Refresher Training for Peer Home Visitors- called Champions, these individuals are trained to be additional supports and resources to LIAs collecting data; at least four (4) live webinars per year
 - i. Two (2) hours in duration
 - ii. Recorded for consistent messaging for trainees not able to attend during the live training
 - C. On site experts of Maxwell Data Base System
 - a. Consult with MDH staff on all changes on operations and development. Organize travel needs of the Maxwell Data System trainers to all HV sites across the state.

Purpose: development of additional training tutorials, training schedule revisions, organizational training needs.

Training Tutorials and Materials

1. The Contractor will provide training manuals that will be updated based on development of the system and distributed to all end-users
 - a. Each Maxwell training attendee will receive a training manual that will include access to the Maxwell video tutorial library
2. The Contractor will maintain a comprehensive video tutorial library as well as build upon the currently available web-based resources, enhancing and increasing the end-users' access to training materials.
3. At a minimum, the Contractor will produce two (2) training tutorial videos per month. The tutorials will be two (2), four-minute videos that will focus on navigation and utilization of Maxwell and will be revised and developed based on feedback from the Contract Monitor.

Topic areas will include but are not limited to:

- i. Supervisory tasks
 - ii. Assigning levels- these are directly related to weighted caseloads to assure home visitors remain compliant for accreditation
 - iii. Adding in a new primary caregiver
 - iv. Navigation of HV tracker
 - v. Tool library
 - vi. Accessing reports
 - vii. Additional topics to be determined by home visitor feedback.
4. The Contractor will actively and regularly contribute to the Contract Monitor print-ready resources, including brief training materials to be included in the MD MIECHV monthly newsletter.

2.3.7 Professional Collaboration and Education

Local, regional, and national conferences will be utilized for the purposes of training and education about the system, seeking opportunities to build local, regional, and national connections. The Contractor will partner with the Contract Monitor to attend agreed-upon home visiting conferences to present on various aspects of Maxwell, address questions, and provide simple technical assistance. This requirement is intended to facilitate engagement with home visitors and all Maxwell end-users to continue to enhance and encourage relationship building between end-users and the technical assistance team of the Contractor.

The Contractor will provide ongoing development and innovation and research to meet the needs of end- users. The training and education gained through conference participation and collaboration with home visiting stakeholders is vital to enhance connectivity and to meet the goal of Maxwell as an agile and adaptable software application that can grow to meet the needs of the home visiting community of providers. This ongoing development and innovation and research will strengthen and add to the strength of the data collected in the following ways:

- a. Allow dedication of resources to building connections at the state level.
- b. Maintain communication with the national model developers that represent the evidence-based practices utilized within home visiting.
- c. Build out the reporting capabilities of Maxwell as needed that will allow the programs and practitioners to run reports that fall outside currently available MIECHV reports.

Collect data for Continuous Quality Improvement (CQI) activities within the sites and provide downloadable reporting for the Contract Monitor and sites.

Ensure system interoperability, data sharing, and build out- to include additional evidence-based programs.

2.3.8 Solution Support

The Contractor will provide their Standard Operating Procedures (SOP), workflows and artifacts that illustrate having an established solution support process that has been proven effective by previous contractors. The following requirements will guide effective utilization and serve as a reference for Contractor monitoring and response for system support requests.

Requirements. Weekly support will include the services outlined in this document, plus required data uploads, consultation, and sharing of key performance indicators. The solution support services will be capable of collecting tickets 24/7 with an automated immediate response and in-person follow up on the next business day.

Monthly reports will be written and submitted by the Contractor to the Contract Monitor outlining the previous months' tickets including those addressed and those still outstanding- and why. Due dates will be determined upon final approval of contract and agreed upon with Contractor and Contract Monitor.

Procedure. All solution support issues will be emailed via the Maxwell support widget (icon) from the Contractor to whomever submitted the ticket within next business day. The following details will be required to submit a solution support request:

1. The username used when logging in.
2. Role type when logging in.

3. Page Accessing (include full URL with full query string).
4. Step-by-step description of function attempting (from login until error).
5. Description of expected result.
6. Description of actual result.
7. Screenshot of actual result.
8. Video of steps taken
9. If data is submitted as part of the process, it must provide the date submitted to the system.
10. Time and date of error or defect.

THE REMAINDER OF THIS PAGE IS INTENTIONALLY LEFT BLANK.

Fatal and Nonfatal Tickets

Nonfatal Issues

Nonfatal issues will allow the system to run to completion but will produce incorrect results.

Fatal Issues

A fatal issue is defined as a situation resulting in a server being down or the system being down for any reason. Fatal issues must receive immediate (within one hour) attention and an investigation into the root cause of the problem. The Contract Monitor will be immediately (within one hour) notified.

Response Timeline

1. Once a solution support request is submitted, an auto-response will be sent to acknowledge receipt of the ticket
2. The initial contact will be from the solution support team. An email acknowledging receipt of the request will be sent, and any additional information required for quality assurance will be requested.
3. The solution support team will address and triage the issue to the appropriate department.
5. 4. Upon resolution, the end-user submitting the ticket will be contacted by the solution support team confirming that the issue has been resolved A response to the end-user submitting the ticket will occur within 24-hours, with the explanation that the resolution of issues cannot be guaranteed within a set period of time. The Contractor will strive to complete fixes within 48-hours for nonfatal issues and will maintain regular communication with the system user who reported the issue if additional time is needed.

Prioritization of Tickets

1. Support ticket system: Support tickets shall be processed through accessing the online solution support system.
2. Prioritization guidelines: Solution support tickets will be addressed in the order they are received and by the priority provided by the end-user.

Priority	Description
Crisis	This problem significantly impacts my ability to work with the system and no procedural workaround exists. This problem also has an impact on workflow connected with my practice.
High	This problem highly impacts my ability to work with the system.
Moderate	This problem causes a partial, non-critical functionality loss, or a reasonable workaround for this problem already exists but is not ideal.
Low	This is a "how-to" or advisory question.

2.3.9 Content Development/Updates

Content development is the process of creating all Maxwell content from start to finish. Updating refers to all materials and content previously developed that need to be revised.

Change Management for data management system (not the contract)

When a change is requested, change orders will be created by the Contractor to include a detailed outline of work requested, and the effort required to fulfill the request to determine if the Contract Monitor and the Contractor are staying within the established funding and scope of work in the current grant award and time period.

Additional work beyond the allotted scope and effort will also include change orders and will be addressed on a case-by-case basis.

Business Functions/Technical Requirements

2.3.10 Hosting

The Contractor will demonstrate their ability (must submit documentation that they have operated in this type of system) to host Maxwell in a TIER IV HIPAA-compliant data center that is part of a secured cloud. HIPAA compliance is maintained through a BAA between the vendor and the Contractor, regular security audits and testing, and the Contractor's own compliance policies. This data center should feature redundancy in power, bandwidth, hardware, and all-components-fault-tolerant status. Hardware support by vendors should be a 3-hour on-site maximum time. Data will be stored in a Microsoft SQL Server Database not accessible outside the private cloud. All servers will be patched and updated weekly and protected by heuristic antivirus and anti-malware security software.

Backups of the entire infrastructure should occur hourly and will be transferred nightly to an off-site dedicated secure storage. These backups represent snapshots of the entire virtualized environment that can be re-deployed on new servers inside of an hour in the cases of physical or virtual disaster. Each backup represents a cumulative snapshot of the data to that point.

2.3.11 Additional Storage Space

The Contractor will allow the Contract Monitor to purchase additional storage base in 1 TB (Terabyte) blocks as needed.

2.3.12 Sprint Cycle

The Contractor will work in two-week sprint cycles upon start of award. Sprint cycles will begin on a Tuesday and end on the Monday two (2) weeks following. Tasks should be pre-planned during team sprint meetings and any issues needing to be addressed with the Contract Monitor will occur in a conversation scheduled after the end of a sprint.

2.3.13 Project Management Flow

The Contractor will submit artifacts and examples of their project management tool that will be used for all issues to be addressed. When a ticket is selected to be worked on, the Contractor will move the ticket through the following phases;

1. To Do;
2. In Progress;
3. In Quality Assurance (QA);
4. Push to User Acceptance Testing (UAT);
5. In UAT Review;
6. Waiting on Dependencies;
7. Push to Production;
8. Review in Production, and
9. Completed.

Team members may view the status of a ticket at any time. The Contractor will have a help desk system in place to triage all solution support issues.

2.3.14 Intellectual Property Ownership

Ownership of background IP is unaffected by this agreement. Background IP owned by a party shall remain the sole exclusive property of the party; Advanced Metrics shall retain exclusive ownership of Advanced Metrics Background IP, and Maryland Department of Health (MDH) shall retain exclusive ownership of MDH Background IP. With respect to Developed Inventions conceived or developed solely by Advanced Metrics under this Agreement, Intellectual Property rights shall vest in and shall be owned by Advanced Metrics ("Advanced Metrics Developed Intellectual Property"). With respect to Developed Inventions conceived or developed solely by Advanced Metrics under this Agreement, Intellectual Property rights shall be owned by Advanced Metrics ("Advanced Metrics Developed Intellectual Property").

At the request of the Contract Monitor, Advanced Metrics shall assign and does hereby assign to MDH its interest in Joint Developed Intellectual Property at no cost to MDH. Each party represents and warrants that, to its best knowledge and belief, it is the owner or a licensee of its Background IP and has the right to use the same free and clear of any conditions or restrictions that would affect the rights of the other party under this Agreement and free and clear of any mortgages, liens, pledges, charges, encumbrances, claims, covenants, conditions, and security agreements.

2.3.15 Employee Identification

- A. Each person who is an employee or agent of the Contractor or subcontractors shall display his or her company ID badge at all times while on state premises. Upon request of authorized state personnel, each such employee or agent shall provide additional photo identification.
- B. At all times at any facility, the Contractor's personnel shall cooperate with state site requirements that include but are not limited to being prepared to be escorted at all times, providing information for badge issuance, and wearing the badge in a visible location at all times.
- C. At all times at any facility, the Contractor personnel shall cooperate with state site requirements that include but are not limited to being prepared to be escorted at all times, providing information for badge issuance, and wearing the badge in a visual location at all times.

- D. The Contractor will assure that the FTP site login is secure and that data in the SL database is exported into an encrypted database file for additional assurance for data loss.

2.3.16 Security Clearance/Criminal Background Check

The Contractor shall obtain from each prospective employee a signed statement permitting a criminal background check. The contractor shall secure at its own expense a Maryland State Police and/or FBI background check and shall provide the Contract Monitor with completed checks on all new employees prior to assignment. The contractor may not assign an employee with a criminal record to work under this Contract unless prior written approval is obtained from the contract monitor. The Contractor shall obtain from each prospective employee a signed statement permitting a criminal background check. The Grantee shall secure at its own expense a Maryland State Police and/or FBI background check and shall provide the Department's contract Monitor with completed checks on all new employees prior to assignment. The grantee may not hire an employee with a criminal record unless prior written approval is obtained from the Department.

2.3.17 Information Technology

For purposes of these specifications and the resulting Contract:

- (a) "Sensitive Data" means information that is protected against unwarranted disclosure, including Personally Identifiable Information (PII), Protected Health Information (PHI), or other private/confidential data, as specifically determined by the State. Sensitive Data includes information about an individual that (1) can be used to distinguish or trace an individual's identity, such as name, social security number, date and place of birth, mother's maiden name, or biometric records; (2) is linked or linkable to an individual, such as medical, educational, financial, and employment information; (3) falls within the definition of "personal information" under Md. Code Ann., Com. Law§ 14-3501(d); or (4) falls within the definition of "personal information" under Md. Code Ann., State Govt.§ 10-1301(c).
- (b) "Relevant subcontractors" includes any subcontractors that assist the Contractor in the critical functions of the Contract, handles Sensitive Data, and/or assists with any related implemented system, excluding subcontractors that provide secondary services that are not pertinent to assisting the Contractor in the critical functions of the Contract, handling sensitive data, and/or assisting with any related implemented system.
- (c) The Contractor, including any relevant subcontractors(s), shall implement administrative, physical, and technical safeguards to protect state data that are no less rigorous than accepted industry standards for information security such as those listed below, and shall ensure that all such safeguards, including the manner in which state data is collected, accessed, used, stored, processed, disposed of and disclosed, comply with applicable data protection and privacy laws as well as the terms and conditions of these Specifications and resulting contract.

- (d) The Contractor, including any and all subcontractors(s), agrees to abide by all applicable Federal, state, and local laws concerning information security and comply with the current State of Maryland Department of Information Technology Security Policy:
<http://doit.maryland.gov/support/Pages/SecurityPolicies.aspx>.
<https://doit.maryland.gov/policies/Pages/20-07-IT-Security-Policy.aspx> The State IT Security Policy may be revised from time to time. The Contractor and all subcontractors shall comply with all such revisions. Updated and revised versions of the State IT Policy and Standards are available online at www.doit.maryland.gov - keyword: Security Policy.
- (e) The Contractor shall comply with and adhere to the State IT Security Policy and Standards. These policies may be revised from time to time and the Contractor shall comply with all such revisions. Updated and revised versions of the State IT Policy and Standards are available on-line at: www.doit.maryland.gov - keyword: Security Policy.
- (f) Systems and administrative processes shall comply with Federal HIPAA and HITECH privacy and security requirements.

2.3.18 Contingency I Disaster Recovery Plans

The Contractor and any relevant subcontractors(s) shall have robust contingency and disaster recovery plans in place to ensure that the services provided under this contract will be maintained in the event of a disruption to the Contractor/subcontractors' operations (including, but not limited to, disruption to information technology systems), however, caused.

- A. The contingency and disaster recovery plans must be designed to ensure that services under this contract are restored after a disruption within 24 hours in order to avoid unacceptable consequences due to the unavailability of services.
- B. The contractor and any relevant subcontractors(s) shall test the contingency/disaster recovery plans at least twice annually to identify any changes that need to be made to the plan(s) to ensure a minimum interruption of service. Coordination shall be made with the state to ensure limited system downtime when testing is conducted. At least one annual test shall include backup media restoration and failover/fallback operations.
- C. Such contingency and disaster recovery plans shall be available for the Department to inspect and to practically test at any reasonable time and shall be subject to regular updating, revision, and testing throughout the term of the Contract.

2.3.19 Incident Response Requirement

The Contractor will notify the contract monitor when the Contractor and/or subcontractors system that may access, process, or store State data or work product is subject to unintended access or attack. Unintended access or attack includes compromise by computer malware, malicious search engine, credential compromise, or access by an individual or automated program due to a failure to secure a system or adhere to established security procedures.

The Contractor will notify the contract monitor within one (1) business day of the discovery of the unintended access or attack by providing notice via written or electronic correspondence to the contract monitor and procurement officer.

The Contractor will notify the contract monitor within two (2) hours if there is a threat to the Contractor and/or subcontractors' systems as it pertains to the use, disclosure, and security of the department's sensitive data.

- A. If an unauthorized use or disclosure of any sensitive data occurs, the Contractor must provide written notice to the Contract monitor within one (1) business day after the Contractor's discovery of such use or disclosure and, thereafter, all information the state requests concerning such unauthorized use or disclosure.

The Contractor, within one (1) business day of discovery, shall report to the Contract monitor any improper or non-authorized use or disclosure of sensitive data. The Contractor's report shall identify:

1. the nature of the unauthorized use or disclosure;
2. the sensitive data used or disclosed;
3. who made the unauthorized use or received the unauthorized disclosure;
4. what the Contractor has done or shall do to mitigate any deleterious effect of the unauthorized use or disclosure; and:
5. what corrective action the Contractor has taken or shall take to prevent future similar unauthorized use or disclosure.
6. the Contractor shall provide such other information, including a written report, as reasonably requested by the state.

The Contractor shall comply with all applicable laws that require the notification of individuals in the event of unauthorized release of PII or other event requiring notification. In the event of a breach of any of the Contractor's security obligations or other event requiring notification under applicable law, the Contractor agrees to assume responsibility for informing all such individuals in accordance with applicable law and to indemnify, hold harmless and defend the state and its officials and employees from and against any claims, damages, or other harm related to such security obligation breach or other event requiring the notification.

2.3.20 Summary of Current Opportunities for Growth

The Maxwell data system will require additional growth to keep up with data demand. Some samples of the items to be addressed in the future will include:

- A. Need for additional reporting mechanisms built into the system to ensure data quality and monitoring at the program level (i.e., HRSA Form 1 Demographic data)
- B. Including a mechanism for tracking of families on creative outreach (currently unreachable by the program) for missing assessment and data purposes.
- C. Developing a bridge to the Nurse Family Partnership national data system.
- D. Expanding data sharing capabilities between stakeholder groups (MSDE/ Medicaid/ Early Head Start/ etc...).
- E. Building a CQI component in Maxwell.
- F. Developing an interactive quarterly performance monitoring related to the MDH performance

monitoring tool (PMT).

Suggestions/Solutions

MDH has been an integral part of the building of the Maxwell data system and has learned about several solutions. Based on the Federal data reporting and data collected for accreditation of evidence-based programs and legislative reporting, several system updates and enhancements have been discussed. The list of current shortcomings also allows for solutions to be built in.

In addition to continuing the functions provided by the existing Maxwell data system, and growing the system capabilities, MDH requires a system that:

1. Maintains the current data system with no down time in transition;
2. Meets all current end user requirements;
3. Exchanges information with the Chesapeake Regional Information System for our Patients (CRISP), Maryland's health information exchange, for patient demographics, visit history, clinical history and clinical documentation. Contractor is able to build an Application Programming Interface (API) to exchange data with CRISP if deemed necessary;
4. Incorporates MIECHV Sponsored UMBC Training modalities and resources into Maxwell, to include: prompts based on screening scores, helpful tips/tactics when addressing sensitive topics and referral sources;
5. Ensures a comprehensive data system that allows communication, goal setting and data monitoring between all stakeholders in the Maryland home visiting and early education system.

Required Attachments:

1. To ensure data security safeguards, the Offeror shall provide proof of having at a minimum the capacity to implement and maintain the details in section 2.3.20 for information technology controls at all times throughout the life of the Contract.
2. The Contractor will submit artifacts and examples from their project management tool that will be used for triaging, tracking and organizing system bug fixes, enhancements and all other system adjustments. Including how tasks are assessed, designed, tested for quality assurance and implemented into the system.
3. The Contractor will demonstrate their ability to host Maxwell in a TIER IV HIPAA-compliant data center that is part of a secured cloud.
4. The Contractor will demonstrate and present necessary artifacts and work plans illustrating their ability to provide and/or accomplish the required duties for Content Development present in section 2.3.9. Must be sure to highlight learning collaborative and logistics surrounding this crucial task.
5. The Contractor will provide their SOPs, workflows and artifacts that illustrate having an established solution support process that has been proven effective by previous vendors.
6. The Contractor will demonstrate their ability to develop comprehensive and sustainable training materials that are easily accessible to Maxwell users. The Contractor will provide training methodologies, systems and present necessary artifacts illustrating their ability to utilize a training model that addresses section 2.3.6.
7. The Contractor will demonstrate and present necessary artifacts illustrating their ability to provide a model for support and feedback for Field Support and Training discuss in section 2.3.5.
8. The Contractor will provide a staffing plan that ensures all deliverables are met. Staff types and roles must include at least the specifications of section 2.3.3.

2.3.21 Contractor-Supplied Hardware, Software, and Materials

- A. The State shall be permitted limited user-specific application configuration settings.
- B. The Contractor is responsible for the acquisition and operation of all hardware, software and network support related to the services being provided and shall keep all software current.

2.3.22 Required Project Policies, Guidelines and Methodologies

The Contractor shall be required to comply with all applicable laws, regulations, policies, standards and guidelines affecting Information Technology projects, which may be created or changed periodically. Offeror is required to review all applicable links provided below and state compliance in its response.

It is the responsibility of the Contractor to ensure adherence and to remain abreast of new or revised laws, regulations, policies, standards and guidelines affecting project execution. These include, but are not limited to:

- A. The State of Maryland System Development Life Cycle (SDLC) methodology at: <http://doit.maryland.gov/SDLC/Pages/agile-sdlc.aspx> ;
- B. The State of Maryland Information Technology Security Policy and Standards at: <http://www.DoIT.maryland.gov>- keyword: Security Policy;
- C. The State of Maryland Information Technology Non-Visual Standards at: <http://doit.maryland.gov/policies/Pages/ContractPolicies.aspx>;
- D. The Contractor shall follow project management methodologies consistent with the most recent edition of the Project Management Institute's Project Management Body of Knowledge Guide; and

2.3.23 Product Requirements

- A. Offerors may propose open-source software; however, the Offeror must provide operational support for the proposed software as part of its Proposal.
- B. Offeror shall be authorized to furnish the proposed goods and services. Offerors proposing to resell services of another entity must be authorized by such other entity.
- C. No international processing for State Data: As described in **Section 3.7 Security Requirements**, Offerors are advised that any processing or storage of data outside of the continental U.S. is prohibited.
- D. Offeror consistent expiration dates: A PO for a service already being delivered to MDH under the Contract shall terminate on the same calendar day as the prior product/service. As appropriate, charges shall be pro-rated
- E. Any Contract award is contingent on the State's agreement, during the Proposal evaluation process, to any applicable terms of use and any other agreement submitted under **Section 5.3.2**. Such agreed upon terms of use shall apply consistently across services ordered under the Contract.
- F. The Contractor shall not establish any auto-renewal of services beyond the period identified in Contract documents. Auto-renewal is defined as any third party software/platforms/applications (i.e., Zoom, Webex).
- G. In addition to any notices of renewal sent to MDH Contractors shall email notices of renewal to the e-mail address designated by the Contract Monitor.

2.3.24 Maintenance and Support

Maintenance and support, and Contractor's ongoing maintenance and support obligations, are defined as follows:

- H. Maintenance commences at the start of the approved contract
- I. Software maintenance includes all future software updates and system enhancements applicable to system modules licensed without further charge to all licensed users maintaining a renewable software support contract.
- J. Support shall be provided for superseded releases and back releases still in use by the State.
- K. For the first year and all subsequent Contract years, the following services shall be provided for the current version and one previous version of any Software provided with the Deliverables, commencing upon.
 - 1) Error Correction. Upon notice by State of a problem with the Software (which problem can be verified), reasonable efforts to correct or provide a working solution for the problem.
 - 2) Material Defects. Contractor shall notify the State of any material errors or defects in the Deliverables known or made known to Contractor from any source during the life of the Contract that could cause the production of inaccurate or otherwise materially incorrect results. The Contractor shall initiate actions as may be commercially necessary or proper to effect corrections of any such errors or defects.
 - 3) Updates. Contractor will provide to the State at no additional charge all new releases and bug fixes (collectively referred to as "Updates") for any software Deliverable developed or published by the Contractor and made available to its other customers.
- L. Operations tasks to include virus scans
- M. Activity reporting
- N. User Support (Help Desk)
 - 1) Contractor shall furnish Help Desk services for Maxwell Data System
 - 2) Help Desk services are available during Normal State Business Hours.
 - 3) Contractor shall utilize a help desk ticketing system to record and track all help desk calls. The ticketing system shall record with a date and timestamp when the ticket was opened and when the ticket was closed.
- O. The Contractor will ensure all previously developed Maxwell training materials and instructional tutorials remain available.
- P. The Contractor will continue to develop new materials. These materials may include but are not limited to training materials, instructional tutorials, data dictionaries, terminology logs and other materials to assist in ease of data management system use based on programmatic needs per the Contract Monitor's approval.
- Q. The Contractor will assure that any new Federal Health Resource and Services Administration (HRSA), legislative reporting requirements, or evidence-based model developer changes are tested within the data system for quality assurance prior to being pushed into production and incorporated into the Maxwell system and that all end users are adequately trained on those changes.
- R. The Contractor will maintain and ensure model accreditation requirements and reporting functions provided by Healthy Families America that are integrated into the data management system.

- S. The Contractor will assess and incorporate pathways to increase interoperability between the Nurse Family Partnership national data system.
- T. The Contractor will incorporate data sharing methodologies with the Maryland State Department of Education (MSDE), the Department of Human Services (DHS), and other applicable agencies that conduct evidence-based home visiting per the Contract Monitor direction and approval.
- U. The Contractor will assure built-in quality improvement and outreach initiatives relating to data and data quality as requested, including presentations and conferences.
- V. The Contractor will participate in the Maryland Home Visiting Consortium (HVC) as an active member.
- W. The Contractor will triage and problem-solve toward a technologically connected and data transparent Maryland Home Visiting/ Early Childhood Educational system including, but not limited to facilitating the following:
 - 1. Work Group Meetings- allowing active programs to vet system modifications for workflow purposes
 - 2. Site Demos
 - 3. Stakeholder Demos
- X. The Contractor will ensure that the quality of data collection and data accessibility will continue to improve for all end-users (anyone who utilizes the data management system) by:
 - 1. Ensuring the Maxwell data system will remain functional for end users at all levels with minimal interruption not to exceed a maximum of twelve (12) consecutive hours.
 - 2. Operationalizing all performance/data reports will be fully operational at all times within the system.
 - 3. Reports that must be available for sites must include:
 - i. MIECHV Specific Demographic and Construct Reports
 - ii. Evidence-Based Model Accreditation Reports
 - iii. Applicable Data Quality/Monitoring
 - iv. Data Export Features
- Y. The Contractor will adhere to prompt submission deadlines that are supplied by the Contract Monitor upon award for all required state and Federal data reporting.
- Z. The Contractor will follow specific report timelines provided to the Contractor by the Contract Monitor.
- AA. The Contractor will notify the Contract Monitor immediately (within one hour) should system outages occur for any sites. The system must have established written protocols that are maintained, and updated to include a written standard operating procedure for system interruptions to be presented to the Contract Monitor. Outages lasting over twelve (12) hours will require a written corrective action up to and including contract termination.

2.3.25 Technical Support

- A. “Technical Support” means Contractor-provided assistance for the services or Solution furnished under the Contract, after initial end-user support confirms a technical issue that requires additional troubleshooting capabilities; sometimes referenced as Tier II – IV support.
- B. Technical Support shall be available during Normal State Business Hours. (see Appendix 1).
- C. The State shall be able to contact a Technical Support team member 24 hours per day, 7 days per week, 365 days per year. This is only applicable to critical errors in the system, and only to the Department, not end users.
- D. Contractor Personnel providing technical support shall be familiar with the State’s account (i.e., calls shall not be sent to a general queue).
- E. Contractor shall return calls for service of emergency system issues (see Section 5 Service Level Agreement) within one (1) hour.
- F. Calls for non-emergency IT service requests will be returned within three (3) hours or immediately the following day if after Normal State Business Hours.
- G. The State shall be provided with information on software problems encountered at other locations, along with the solution to those problems, when relevant to State software.

The Contractor will provide their Standard Operating Procedures (SOP), workflows and artifacts that illustrate having an established solution support process that has been proven effective by previous vendors. The following requirements will guide effective utilization and serve as a reference for Contractor monitoring and response for system support requests.

Requirements. Weekly support will include the services outlined in this document, plus required data uploads, consultation, and sharing of key performance indicators. The solution support will be capable of collecting tickets 24/7 with an automated immediate response and in-person follow up on the next business day.

Monthly reports will be written by the Contractor and submitted to the Contract Monitor outlining the previous months' tickets including those addressed and those still outstanding- and why.

Procedure. All solution support issues will be emailed via the Maxwell support widget (icon) from the Contractor to whomever submitted the ticket within the next business day. The following details will be required to submit a solution support request:

1. The username used when logging in.
2. Role type when logging in.
3. Page Accessing (include full URL with full query string).
4. Step-by-step description of function attempting (from login until error).
5. Description of expected result.
6. Description of actual result.
7. Screenshot of actual result.
8. Video of steps taken
9. If data is submitted as part of the process, it must provide the date submitted to the system.
10. Time and date of error or defect.

THE REMAINDER OF THIS PAGE INTENTIONALLY LEFT BLANK

Fatal and Nonfatal Tickets

Nonfatal Issues

Nonfatal issues will allow the system to run to completion but will produce incorrect results.

Fatal Issues

A fatal issue is defined as a situation resulting in a server being down or the system being down for any reason. Fatal issues should receive immediate (within one (1) hour) attention and an investigation into the root cause of the problem. The Contract Monitor will be immediately (within one (1) hour) notified.

Response Timeline

- A. Once a solution support request is submitted, an auto-response will be sent to acknowledge receipt of the ticket
- B. The initial contact will be from the solution support team. An email acknowledging receipt of the request will be sent, and any additional information required for quality assurance will be requested.
- C. The solution support team will address and triage the issue to the appropriate department
- D. Upon resolution, the end-user submitting the ticket will be contacted by the solution support team confirming that the issue has been resolved
- E. A response to the end-user submitting the ticket will occur within 24 hours, with the explanation that the resolution of issues cannot be guaranteed within a set period of time. The Contractor will strive to complete fixes within 48 hours for nonfatal issues and will maintain regular communication with the system user who reported the issue if additional time is needed.

Prioritization of Tickets

- A. Support ticket system: Support tickets shall be processed through accessing the online solution support system.
- B. Prioritization guidelines: Solution support tickets will be addressed in the order they are received and by the priority provided by the end-user.

Priority	Description
Crisis	This problem significantly impacts my ability to work with the system and no procedural workaround exists. This problem also has an impact on workflow connected with my practice.
High	This problem highly impacts my ability to work with the system.
Moderate	This problem causes a partial, non-critical functionality loss, or a reasonable workaround for this problem already exists but is not ideal.
Low	This is a "how-to" or advisory question.

2.3.26 Backup

The Contractor shall:

- A. Perform backups of the web, application, and database servers on a regular basis. This shall include daily incremental backups and full weekly backups of all volumes of servers;
- B. Retain daily backups for one (1) month and weekly backups shall be retained for two (2) years;
- C. Store daily backups off-site.

2.4 Deliverables

The Contractor will test and address tasks listed in Section 2.4.4 Deliverables Summary Table. These tasks will be prioritized and authorized by the Contract Monitor. This testing of tasks is highly dependent on the tasks prioritized and assures that the data management system is meeting the needs of the end users and HRSA reporting requirements.

The Contractor will have a task list of high and low priority issues and it will be maintained and addressed at a two-hour quarterly team meetings with the Contract Monitor. These meetings will begin two (2) months after the award and agreed upon between the Contractor and the Contract Monitor.

The Contractor will identify tasks which will continue to be vetted by the Contract Monitor, system users, and vendors in order to prioritize and meet the changing needs of system users.

The Contractor will include the Contract Monitor in all decision-making processes that determine the number of hours, issues addressed, and final approval in items that will prioritize further development or parking lot items. An approval process developed by the Contract Monitor will be implemented that assures the needs of the end-users are being met.

2.4.1 Deliverable Submission

- A. For every deliverable, the Contractor shall request the Contract Monitor confirm receipt of that deliverable by sending an e-mail identifying the deliverable name and date of receipt.
 - H. Unless specified otherwise, written deliverables shall be compatible with Microsoft Office, Microsoft Project or Microsoft Visio within two (2) versions of the current version. At the Contract Monitor's discretion, the Contract Monitor may request one hard copy of a written deliverable.
 - I. A standard deliverable review cycle will be elaborated and agreed-upon between the State and the Contractor. This review process is entered into when the Contractor completes a deliverable.
- B. For any written deliverable, the Contract Monitor may request a draft version of the deliverable, to comply with the minimum deliverable quality criteria listed in **Section 0 Minimum Deliverable Quality**. Drafts of each final deliverable, except status reports, are required at least two weeks in advance of when the final deliverables are due (with the exception of deliverables due at the beginning of the project where this lead time is not possible, or where draft delivery date is explicitly specified). Draft versions of a deliverable shall comply with the minimum deliverable quality criteria listed in **Section 0 Minimum Deliverable Quality**.

2.4.2 Deliverable Acceptance

- A. A final deliverable shall satisfy the scope and requirements of this RFP for that deliverable, including the quality and acceptance criteria for a final deliverable as defined in **Section 0 Deliverable Descriptions/Acceptance Criteria**.
- B. The Contract Monitor shall review a final deliverable to determine compliance with the acceptance criteria as defined for that deliverable. The Contract Monitor is responsible for coordinating comments and input from various team members and stakeholders. The Contract Monitor is responsible for providing clear guidance and direction to the Contractor in the event of divergent feedback from various team members.
- C. In the event of rejection, the Contract Monitor will formally communicate in writing any deliverable deficiencies or non-conformities to the Contractor, describing in those deficiencies what shall be corrected prior to acceptance of the deliverable in sufficient detail for the Contractor to address the deficiencies. The Contractor shall correct deficiencies and resubmit the corrected deliverable for acceptance within the agreed-upon time period for correction.

2.4.3 Minimum Deliverable Quality

The Contractor shall subject each deliverable to its internal quality-control process prior to submitting the deliverable to the State.

Each deliverable shall meet the following minimum acceptance criteria:

- A. Be presented in a format appropriate for the subject matter and depth of discussion.
- B. Be organized in a manner that presents a logical flow of the deliverable's content.
- C. Represent factual information reasonably expected to have been known at the time of submittal.
- D. In each section of the deliverable, include only information relevant to that section of the deliverable.
- E. Contain content and presentation consistent with industry best practices in terms of deliverable completeness, clarity, and quality.
- F. Meets the acceptance criteria applicable to that deliverable, including any State policies, functional or non-functional requirements, or industry standards.
- G. Contains no structural errors such as poor grammar, misspellings or incorrect punctuation.
- H. Must contain the date, author, and page numbers. When applicable for a deliverable, a revision table must be included.
- I. A draft written deliverable may contain limited structural errors such as incorrect punctuation, and shall represent a significant level of completeness toward the associated final written deliverable. The draft written deliverable shall otherwise comply with minimum deliverable quality criteria above.

2.4.4 Deliverable Descriptions/Acceptance Criteria

In addition to the items identified in the table below, the Contractor may suggest other subtasks, artifacts, or deliverables to improve the quality and success of the assigned tasks.

Deliverables Summary Table*

ID #	Deliverable Description	Acceptance Criteria	Due Date / Frequency
2.3.3	System Improvement Report	Tracking System Development tasks in queue (development hours required, status, and priority level), Work Group/ Learning Collaborative notes and attendance. Narrative and Quantitative Analysis	Quarterly- upon award
2.3.6	Training Report	Narrative and Attendance Reports outlining topics covered, materials developed, Tutorial Videos Uploaded to Maxwell, as well as other detailed documents outlined in this section...- (Word, PDF)	Quarterly- upon award
2.3.8	Solutions Support Report	Help Desk Resolution Results and Status, Response Time, Resolution Time, as well as other items listed in this section that will be included in the report...	Monthly- upon award
2.3.12	Sprint Cycle Reports	High Priority and/ or High Resource Project Outlines	As needed
2.3.2	Maxwell Workgroup	Collaborative workgroup between contractor and home visiting sites to further move the needle on Maxwell development	Bi-weekly

*The deliverables summary table does not list every contractually-required deliverable. Offeror's should read the RFP thoroughly for all Contract requirements and deliverables, especially those included in the scope of work.

2.5 Service Level Agreement (SLA)

2.5.1 Definitions

A fatal issue is defined as a situation resulting in a server being down or the system being down for any reason. Fatal issues should receive immediate (within one hour) attention and an investigation into the root cause of the problem. The Contract Monitor will be immediately (within one hour) notified.

Response Timeline

1. Once a solution support request is submitted, an auto-response will be sent to acknowledge receipt of the ticket
2. The initial contact will be from the solution support team. An email acknowledging receipt of the request will be sent, and any additional information required for quality assurance will be requested.
3. The solution support team will address and triage the issue to the appropriate department
4. Upon resolution, the end-user submitting the ticket will be contacted by the solution support team confirming that the issue has been resolved
5. A response to the end-user submitting the ticket will occur within 24 hours, with the explanation that the resolution of issues cannot be guaranteed within a set period of time. The Contractor will strive to complete fixes within 48 hours for nonfatal issues and will maintain regular communication with the system user who reported the issue if additional time is needed.

- A. "Problem" is defined as any situation or issue reported via a help desk ticket that is related to the system operation that is not an enhancement request.
- B. "Problem resolution time" is defined as the period of time from when the help desk ticket is opened to when it is resolved.
- C. Monthly Charges: for purposes of SLA credit calculation, Monthly Charges are defined as the charges set forth in Attachment B, Financial Proposal Form, invoiced during the month of the breach for the monthly fixed services, or, in the event of annual billing, 1/12 of the annual invoice amount Financial Proposal Form.

2.5.2 SLA Requirements

The Contractor shall:

- A. Be responsible for complying with all performance measurements, and shall also ensure compliance by all subcontractors.
- B. Meet the Problem response time and resolution requirements as defined in **Section 2.6.9**.
- C. Provide a monthly report to monitor and detail response times and resolution times.
- D. Log Problems into the contractor supplied help desk software and assign an initial severity (Emergency, High, Medium or Low as defined in **Section 2.6.9**).
- E. Respond to and update all Problems, including recording when a Problem is resolved and its resolution. Appropriate MDH personnel shall be notified when a Problem is resolved.
- F. MDH shall make the final determination regarding Problem severity.
- G. Contractor shall review any Problem with MDH to establish the remediation plan and relevant target dates.

2.5.3 SLA Effective Date (SLA Activation Date)

SLAs set forth herein shall be in effect beginning with the commencement of monthly services as of the completion of the implementation.

Beginning on the SLA Activation Date, for any performance measurement not met during the monthly reporting period, the SLA credit for that individual measurement shall be applied to the Monthly Charges.

2.5.4 Service Level Reporting

- A. Contractor performance will be monitored by MDH
- B. The Contractor shall provide detailed monthly reports evidencing the attained level for each SLA.
- C. The Contractor shall provide a monthly summary report for SLA performance.
- D. Monthly reports shall be delivered via e-mail to the Contract Monitor by the 15th of the following month. Procurement Officers you can configure this to say that they must be delivered on a regular schedule in advance of the invoice
- E. If any of the performance measurements are not met during the monthly reporting period, the Contractor will be notified of the standard that is not in compliance.

2.5.5 SLA Service Credits

Time is an essential element of the Contract. For work that is not completed within the time(s) specified in the service level metrics in the Contract, the Contractor shall be liable for service credits in the amount(s) provided for in the Contract.

Service credits will be cumulative for each missed service requirement. The State, at its option for amount due the State as service credits, may deduct such from any money payable to the Contractor or may bill the Contractor as a separate item. In the event of a catastrophic failure affecting all services, all affected SLAs shall be credited to the State.

In no event shall the aggregate of all SLA credits paid to the State in any calendar month exceed 25% of the Monthly Charges.

Example: If the Monthly Charges were \$100,000 and one SLA were missed, with an applicable 4% credit, the credit to the monthly invoice would be \$4,000, and the State would pay a net Monthly Charge of \$96,000.

The parties agree that any assessment of service credits shall be construed and treated by the parties not as imposing a penalty upon the Contractor, but as compensation to the State for the Contractor's failure to satisfy its service level obligations.

THE REMAINDER OF THIS PAGE INTENTIONALLY LEFT BLANK

2.5.6 Service Level Measurements Table (System performance)

The Contractor shall comply with the service level measurements in the following table:

No.	Service Requirement	Measurement	Service Level Agreement	SLA Credit
1	Problem Response Time – High	Average Response Time for High Priority Problems.	98% <15 minutes	1%
2	Problem Response Time - Normal	Average Response Time for Normal or Low Priority Problems	98% <2 hours	1%
3	Problem Resolution Time - High	Resolution Time for each High Priority Problem	98% <4 hours	1%
4	Problem Resolution Time - Normal	Resolution Time for Normal Priority Problems	98% <24 hours	1%
5	Problem Resolution Time - Low	Resolution Time for Low Priority Problems	98% <72 hours	1%
6	Scheduled Downtime/ Maintenance	Scheduled maintenance and downtime shall only occur during non-business hours*. The Contractor shall provide 14 calendar days' notice prior to any scheduled downtime.	<6 hours each month	1%
7	Service Availability	All application functionality and accessibility shall be maintained at 99.5% uptime performance levels. Contractor shall minimize or eliminate unscheduled network downtime to .5% or less.	<99.5%	1%
9	Disaster Recovery	Contractor shall provide recovery and continuity of operations within 24 hours of a System/network failover.	24 hours	1%
10	Notification of Security Incident	Notification of a Security Incident within 60 minutes of occurrence	1 hour	1%
11	Security Incident Reporting	Security incident reporting requirement in 60 minutes or 1 hours	1 hour	1%
12	Escrow Update	Update escrow within 7 days of a change. Failure to update escrow	7 days	1%

The State shall have the unilateral right to reallocate percentages among the various SLAs annually on the anniversary of the Contract, provided that such reallocation will not exceed the cap identified in **Section 2.6.5**.

2.5.7 Problem Response Definitions and Times

The Contractor shall meet the Problem response time and resolution requirements.

The Contractor shall provide a monthly report to monitor and detail response times and resolution times.

Service Priority	Response Time	Resolution Time	Response Availability	Work Outage	Users Affected
Emergency	Less than 15 minutes	Within 2 hours of first report	24 hours per day, seven days per week	Major portions of the System are inaccessible Systems or users are unable to work, or to perform some portion of their job.	Users or internal System functionalities are impaired. To include Claimants and Employers
High	Less than 30 minutes	Within 4 hours after first report	24 hours per day, seven days per week	Major portions of the System are inaccessible Systems or users are unable to work, or to perform some portion of their job.	Affects the majority of users to include public facing users Affects high profile users (i.e. executive management)
Normal	Within 2 hours	Within 1 day (24 hours) after first report. If the outage is not resolved a resolution plan must be in place.	Mon-Fri, 7AM-7PM	Specific non-critical features are not operating as specified Systems or users are unable to perform a small portion of their job, but are able to complete most tasks.	Affects a number of users
Low	Within 2 hours	Within 3 days (72 hours) after first report. If the outage is not resolved a resolution plan must be in place.	Mon-Fri, 7AM-7PM	Lower priority features that can be done manually are not operating as specified Often a request for service with ample lead time.	Affects a number of users

3 Contractor Requirements: General

3.1 Contract Initiation Requirements

- A. Contractor shall schedule and hold a kickoff meeting within ten (10) Business Days of NTP Date. At the kickoff, the Contractor shall furnish an updated Project Schedule describing the activities for the Contractor, the State, and any third parties for fully transitioning to the Contractor's Solution.
- B. See section 4.10, Oral Presentation, for additional requirements.

3.2 End of Contract Transition

- 3.2.1** The Contractor shall provide transition assistance as requested by the State to facilitate the orderly transfer of services to the State or a follow-on contractor, for a period up to 60 days prior to Contract end date, or the termination thereof. Such transition efforts shall consist, not by way of limitation, of:
 - A. Provide additional services and support as requested to successfully complete the transition;
 - B. Maintain the services called for by the Contract at the required level of proficiency;
 - C. Provide updated System Documentation (see Appendix 1), as appropriate; and
 - D. Provide current operating procedures (as appropriate).
- 3.2.2** The Contractor shall work toward a prompt and timely transition, proceeding in accordance with the directions of the Contract Monitor. The Contract Monitor may provide the Contractor with additional instructions to meet specific transition requirements prior to the end of the Contract.
- 3.2.3** The Contractor shall ensure that all necessary knowledge and materials for the tasks completed are transferred to the custody of State personnel or a third party, as directed by the Contract Monitor.
- 3.2.4** The Contractor shall support end-of-Contract transition efforts with technical and project support to include but not be limited to:
 - A. The Contractor shall provide a draft Transition-Out Plan 120 Business Days in advance of Contract end date.
 - B. The Transition-Out Plan shall address at a minimum the following areas:
 - 1) Any staffing concerns/issues related to the closeout of the Contract;
 - 2) Communications and reporting process between the Contractor, MDH and the Contract Monitor;
 - 3) Security and system access review and closeout;
 - 4) Any hardware/software inventory or licensing including transfer of any point of contact for required software licenses to MDH or a designee;
 - 5) Any final training/orientation of MDH staff;
 - 6) Connectivity services provided, activities and approximate timelines required for Transition-Out;
 - 7) Knowledge transfer, to include:
 - a) A working knowledge of the current system environments as well as the general business practices of MDH;

- b) Review with MDH the procedures and practices that support the business process and current system environments;
 - c) Working knowledge of all technical and functional matters associated with the Solution, its architecture, data file structure, interfaces, any batch programs, and any hardware or software tools utilized in the performance of the Contract;
 - d) Documentation that lists and describes all hardware and software tools utilized in the performance of the Contract;
 - e) A working knowledge of various utilities and corollary software products used in support and operation of the Solution;
- 8) Plans to complete tasks and any unfinished work items (including open change requests, and known bug/issues); and
- 9) Any risk factors with the timing and the Transition-Out schedule and transition process. The Contractor shall document any risk factors and suggested solutions.
- C. The Contractor shall ensure all documentation and data including, but not limited to, System Documentation and current operating procedures, is current and complete with a hard and soft copy in a format prescribed by the Contract Monitor.
- D. The Contractor shall provide copies of any current daily and weekly back-ups to MDH or a third party as directed by the Contract Monitor as of the final date of transition, but no later than the final date of the Contract.
- E. Access to any data or configurations of the furnished product and services shall be available after the expiration of the Contract as described in **Section 3.2.5**.

3.2.5 Return and Maintenance of State Data

Upon termination or the expiration of the Contract Term, the Contractor shall: (a) return to the State all State data in either the form it was provided to the Contractor or in a mutually agreed format along with the schema necessary to read such data; (b) preserve, maintain, and protect all State data until the earlier of a direction by the State to delete such data or the expiration of 90 days (“the retention period”) from the date of termination or expiration of the Contract term; (c) after the retention period, the Contractor shall securely dispose of and permanently delete all State data in all of its forms, such as disk, CD/DVD, backup tape and paper such that it is not recoverable, according to National Institute of Standards and Technology (NIST)-approved methods with certificates of destruction to be provided to the State; and (d) prepare an accurate accounting from which the State may reconcile all outstanding accounts. The final monthly invoice for the services provided hereunder shall include all charges for the 90-day data retention period.

- A. During any period of service suspension, the Contractor shall maintain all State data in its then existing form, unless otherwise directed in writing by the Contract Monitor.
- B. In addition to the foregoing, the State shall be entitled to any post-termination/expiration assistance generally made available by Contractor with respect to the services.

3.3 Invoicing

3.3.1 General

- A. The Contractor shall e-mail the original of each invoice and signed authorization to invoice to the Contract Monitor and Jarvis Patterson-Askew at e-mail address: Jarvis.Patterson-askew@maryland.gov.
- B. All invoices for services shall be verified by the Contractor as accurate at the time of submission.
- C. An invoice not satisfying the requirements of a Proper Invoice (as defined at COMAR 21.06.09.01 and .02) cannot be processed for payment. To be considered a Proper Invoice, invoices must include the following information, without error:
 - 1) Contractor name and address;
 - 2) Remittance address;
 - 3) Federal taxpayer identification (FEIN) number, social security number, as appropriate;
 - 4) Invoice period (i.e. time period during which services covered by invoice were performed);
 - 5) Invoice date;
 - 6) Invoice number;
 - 7) State assigned Contract number;
 - 8) State assigned (Blanket) Purchase Order number(s);
 - 9) Goods or services provided;
 - 10) Amount due; and
 - 11) Any additional documentation required by regulation or the Contract.
- D. Invoices that contain both fixed price and time and material items shall clearly identify each item as either fixed price or time and material billing.
- E. The Contract Monitor reserves the right to reduce or withhold Contract payment in the event the Contractor does not provide the Contract Monitor with all required deliverables within the time frame specified in the Contract or otherwise breaches the terms and conditions of the Contract until such time as the Contractor brings itself into full compliance with the Contract.
- F. Any action on the part of the Contract Monitor or dispute of action by the Contractor, shall be in accordance with the provisions of Md. Code Ann., State Finance and Procurement Article §§ 15-215 through 15-223 and with COMAR 21.10.04.
- G. The State is generally exempt from Federal excise taxes, Maryland sales and use taxes, District of Columbia sales taxes and transportation taxes. The Contractor; however, is not exempt from such sales and use taxes and may be liable for the same.
- H. Invoices for final payment shall be clearly marked as “FINAL” and submitted when all work requirements have been completed and no further charges are to be incurred under the Contract. In no event shall any invoice be submitted later than 60 calendar days from the Contract termination date.

3.3.2 Invoice Submission Schedule

The Contractor shall submit invoices in accordance with the following schedule:

- A. For items of work for which there is one-time pricing (see **Attachment B** – Financial Proposal Form) those items shall be billed in the month following the acceptance of the work by the MDH.
- B. For items of work for which there is annual pricing, see **Attachment B**– Financial Proposal Form, those items shall be billed in equal monthly installments for the applicable Contract year in the month following the performance of the services.

3.3.3 Deliverable Invoicing

- A. Deliverable invoices shall be accompanied by notice(s) of acceptance issued by the State for all invoices submitted for payment. Payment of invoices will be withheld if a signed DPAF is not submitted (see online example at http://doit.maryland.gov/contracts/Documents/_procurementForms/DeliverableProductAcceptanceForm-DPAFsample.pdf).
- B. Payment for deliverables will only be made upon completion and acceptance of the deliverables as defined in **Section 2.4**.

3.3.4 For the purposes of the Contract an amount will not be deemed due and payable if:

- A. The amount invoiced is inconsistent with the Contract;
- B. The proper invoice has not been received by the party or office specified in the Contract;
- C. The invoice or performance is in dispute or the Contractor has failed to otherwise comply with the provisions of the Contract;
- D. The item or services have not been accepted;
- E. The quantity of items delivered is less than the quantity ordered;
- F. The items or services do not meet the quality requirements of the Contract;
- G. If the Contract provides for progress payments, the proper invoice for the progress payment has not been submitted pursuant to the schedule;
- H. If the Contract provides for withholding a retainage and the invoice is for the retainage, all stipulated conditions for release of the retainage have not been met; or
- I. The Contractor has not submitted satisfactory documentation or other evidence reasonably required by the Procurement Officer or by the Contract concerning performance under the Contract and compliance with its provisions.

3.3.5 Travel Reimbursement

- A. Routine travel is defined as travel within a 50-mile radius of the MDH's base location, as identified in the RFP, or the Contractor's facility, whichever is closer to the consulting site. There will be no payment for labor hours for travel time or reimbursement for any travel expenses for work performed within these radiuses or at the Contractor's facility.

- B. Non-routine travel is defined as travel beyond the 50-mile radius of MDH's base location, as identified in the RFP, or the Contractor's facility, whichever is closer to the consulting site. Non-routine travel will be reimbursed according to the State's travel regulations and reimbursement rates, which can be found at: www.DBM.maryland.gov - search: Fleet Management. If non-routine travel is conducted by automobile, the first 50 miles of such travel will be treated as routine travel, and will not be reimbursed. The Contractor may bill for labor hours expended in non-routine traveling beyond the identified 50-mile radius, only if so specified in the RFP or Work Order. Lodging cannot be charged for more than the state rate offered by the hotel. Food costs related to travel may be reimbursed at a state provided per diem amount.

3.4 Liquidated Damages

3.4.1 MBE Liquidated Damages

MBE liquidated damages are identified in Attachment M.

3.4.2 Liquidated Damages other than MBE

THIS SECTION IS INAPPLICABLE TO THIS RFP.

3.5 Disaster Recovery and Data

The following requirements apply to the Contract:

3.5.1

Redundancy, Data Backup and Disaster Recovery

- A. Unless specified otherwise in the RFP, Contractor shall maintain or cause to be maintained disaster avoidance procedures designed to safeguard State data and other confidential information, Contractor's processing capability and the availability of hosted services, in each case throughout the Contract term. Any force majeure provisions of the Contract do not limit the Contractor's obligations under this provision.
- B. The Contractor shall have robust contingency and disaster recovery (DR) plans in place to ensure that the services provided under the Contract will be maintained in the event of disruption to the Contractor/subcontractor's operations (including, but not limited to, disruption to information technology systems), however caused.
- 1) The Contractor shall furnish a DR site.
 - 2) The DR site shall be at least 100 miles from the primary operations site, and have the capacity to take over complete production volume in case the primary site becomes unresponsive.
- C. The contingency and DR plans must be designed to ensure that services under the Contract are restored after a disruption within twenty-four (24) hours from notification and a recovery point objective of one (1) hour or less prior to the outage in order to avoid unacceptable consequences due to the unavailability of services.
- D. The Contractor shall test the contingency/DR plans at least twice annually to identify any changes that need to be made to the plan(s) to ensure a minimum interruption of service. Coordination shall be made with the State to ensure limited system downtime when testing is conducted. At least one (1) annual test shall include backup media restoration and

failover/fallback operations at the DR location. The Contractor shall send the Contract Monitor a notice of completion following completion of DR testing.

- E. Such contingency and DR plans shall be available for MDH to inspect and practically test at any reasonable time, and subject to regular updating, revising, and testing throughout the term of the Contract.

3.5.2 Data Export/Import

- A. The Contractor shall, at no additional cost or charge to the State, in an industry standard/non-proprietary format:
 - 1) perform a full or partial import/export of State data within 24 hours of a request; or
 - 2) provide to the State the ability to import/export data at will and provide the State with any access and instructions which are needed for the State to import or export data.
- B. Any import or export shall be in a secure format per the Security Requirements.

3.5.3 Data Ownership and Access

- A. Data, databases and derived data products created, collected, manipulated, or directly purchased as part of a RFP are the property of the State. The purchasing State agency is considered the custodian of the data and shall determine the use, access, distribution and other conditions based on appropriate State statutes and regulations.
- B. Public jurisdiction user accounts and public jurisdiction data shall not be accessed, except (1) in the course of data center operations, (2) in response to service or technical issues, (3) as required by the express terms of the Contract, including as necessary to perform the services hereunder or (4) at the State's written request.
- C. The Contractor shall limit access to and possession of State data to only Contractor Personnel whose responsibilities reasonably require such access or possession and shall train such Contractor Personnel on the confidentiality obligations set forth herein.
- D. At no time shall any data or processes – that either belong to or are intended for the use of the State or its officers, agents or employees – be copied, disclosed or retained by the Contractor or any party related to the Contractor for subsequent use in any transaction that does not include the State.
- E. The Contractor shall not use any information collected in connection with the services furnished under the Contract for any purpose other than fulfilling such services.

3.5.4 Provisions in Sections 3.5.1 – 3.5.3 shall survive expiration or termination of the Contract. Additionally, the Contractor shall flow down the provisions of Sections 3.5.1-3.5.3 (or the substance thereof) in all subcontracts.

3.6 Insurance Requirements

The Contractor shall maintain, at a minimum, the insurance coverages outlined below, or any minimum requirements established by law if higher, for the duration of the Contract, including option periods, if exercised:

- 3.6.1** The following type(s) of insurance and minimum amount(s) of coverage are required:

- A. Commercial General Liability - of \$1,000,000 combined single limit per occurrence for bodily injury, property damage, and personal and advertising injury and \$3,000,000 annual aggregate. The minimum limits required herein may be satisfied through any combination of primary and umbrella/excess liability policies.
 - B. Cyber Security / Data Breach Insurance – (For any service offering hosted by the Contractor) ten million dollars (\$10,000,000) per occurrence. The coverage must be valid at all locations where work is performed or data or other information concerning the State’s claimants or employers is processed or stored.
 - C. Worker’s Compensation - The Contractor shall maintain such insurance as necessary or as required under Workers’ Compensation Acts, the Longshore and Harbor Workers’ Compensation Act, and the Federal Employers’ Liability Act, to not be less than one million dollars (\$1,000,000) per occurrence (unless a state’s law requires a greater amount of coverage). Coverage must be valid in all states where work is performed.
 - D. Automobile or Commercial Truck Insurance - The Contractor shall maintain Automobile or Commercial Truck Insurance (including owned, leased, hired, and non-owned vehicles) as appropriate with Liability, Collision, and PIP limits no less than those required by the State where the vehicle(s) is registered, but in no case less than those required by the State of Maryland.
- 3.6.2** The State shall be listed as an additional insured on the faces of the certificates associated with the coverages listed above, including umbrella policies, excluding Workers’ Compensation Insurance and professional liability.
- 3.6.3** All insurance policies shall be endorsed to include a clause requiring the insurance carrier provide the Procurement Officer, by certified mail, not less than 30 days’ advance notice of any non-renewal, cancellation, or expiration. The Contractor shall notify the Procurement Officer in writing, if policies are cancelled or not renewed within five (5) days of learning of such cancellation or nonrenewal. The Contractor shall provide evidence of replacement insurance coverage to the Procurement Officer at least 15 days prior to the expiration of the insurance policy then in effect.
- 3.6.4** Any insurance furnished as a condition of the Contract shall be issued by a company authorized to do business in the State.
- 3.6.5** The recommended awardee must provide current certificate(s) of insurance with the prescribed coverages, limits and requirements set forth in this section within five (5) Business Days from notice of recommended award. During the period of performance for multi-year contracts, the Contractor shall provide certificates of insurance annually, or as otherwise directed by the Contract Monitor.
- 3.6.6** Subcontractor Insurance
- The Contractor shall require any subcontractors to obtain and maintain comparable levels of coverage and shall provide the Contract Monitor with the same documentation as is required of the Contractor.

3.7 Security Requirements

The following requirements are applicable to the Contract:

3.7.1 Employee Identification

- A. Each person who is an employee or agent of the Contractor or subcontractors shall display their company ID badge at all times while on state premises. Upon request of authorized state personnel, each such employee or agent shall provide additional photo identification.
- B. At all times at any facility, the Contractor's personnel shall cooperate with state site requirements that include but are not limited to being prepared to be escorted at all times, providing information for badge issuance, and wearing the badge in a visible location at all times.
- C. At all times at any facility, the Contractor personnel shall cooperate with state site requirements that include but are not limited to being prepared to be escorted at all times, providing information for badge issuance, and wearing the badge in a visible location at all times.

The Contractor will assure that the FTP site login is secure and that data in the SL database is exported into an encrypted database file for additional assurance for data loss.

- A. Contractor Personnel shall display his or her company ID badge in a visible location at all times while on State premises. Upon request of authorized State personnel, each Contractor Personnel shall provide additional photo identification.
- B. Contractor Personnel shall cooperate with State site requirements, including but not limited to, being prepared to be escorted at all times, and providing information for State badge issuance.
- C. Contractor shall remove any Contractor Personnel from working on the Contract where the State determines, in its sole discretion, that Contractor Personnel has not adhered to the Security requirements specified herein.
- D. The State reserves the right to request that the Contractor submit proof of employment authorization of non-United States Citizens, prior to commencement of work under the Contract.

3.7.2 Security Clearance / Criminal Background Check

- A. A criminal background check for each for any Contractor Personnel providing on-site shall be completed within four (4) months of Contract award
- B. The Contractor shall obtain at its own expense a Criminal Justice Information System (CJIS) State and Federal criminal background check, including fingerprinting, for all Contractor Personnel listed in sub-paragraph A. This check may be performed by a public or private entity.
- C. Contractor Personnel with access to systems supporting the State or to State data who have been convicted of a felony or of a crime involving telecommunications and electronics from the above list of crimes shall not be permitted to work on State premises under the Contract; Contractor Personnel who have been convicted within the past five (5) years of a misdemeanor from the above list of crimes shall not be permitted to work on State premises.

- D. A particular on-site location covered by the Contract may require more restrictive conditions regarding the nature of prior criminal convictions that would result in Contractor Personnel not being permitted to work on those premises. Upon receipt of a location's more restrictive conditions regarding criminal convictions, the Contractor shall provide an updated certification regarding the Contractor Personnel working at or assigned to those premises.

3.7.3 On-Site Security Requirement(s)

THIS SECTION IS INAPPLICABLE TO THIS RFP.

3.7.4 Information Technology

- (a) Contractors shall comply with and adhere to the State IT Security Policy and Standards. These policies may be revised from time to time and the Contractor shall comply with all such revisions. Updated and revised versions of the State IT Policy and Standards are available online at: www.doit.maryland.gov – keyword: Security Policy.
- (b) The Contractor shall not connect any of its own equipment to a State LAN/WAN without prior written approval by the State. The Contractor shall complete any necessary paperwork as directed and coordinated with the Contract Monitor to obtain approval by the State to connect Contractor-owned equipment to a State LAN/WAN.

The Contractor shall:

- 1) Implement administrative, physical, and technical safeguards to protect State data that are no less rigorous than accepted industry best practices for information security such as those listed below (see **Section 3.7.5**);
- 2) Ensure that all such safeguards, including the manner in which State data is collected, accessed, used, stored, processed, disposed of and disclosed, comply with applicable data protection and privacy laws as well as the terms and conditions of the Contract; and
- 3) The Contractor, and Contractor Personnel, shall (i) abide by all applicable Federal, State and local laws, rules and regulations concerning security of Information Systems and Information Technology and (ii) comply with and adhere to the State IT Security Policy and Standards as each may be amended or revised from time to time. Updated and revised versions of the State IT Policy and Standards are available online at: www.doit.maryland.gov – keyword: Security Policy.

3.7.5 Data Protection and Controls

- A. Contractor shall ensure a secure environment for all State data and any hardware and software (including but not limited to servers, network and data components) provided or used in connection with the performance of the Contract and shall apply or cause application of appropriate controls so as to maintain such a secure environment (“Security Best Practices”). Such Security Best Practices shall comply with an accepted industry standard, such as the NIST cybersecurity framework.
- B. To ensure appropriate data protection safeguards are in place, the Contractor shall implement and maintain the following controls at all times throughout the Term of the Contract (the Contractor may augment this list with additional controls):

- 1) Establish separate production, test, and training environments for systems supporting the services provided under the Contract and ensure that production data is not replicated in test or training environment(s) unless it has been previously anonymized or otherwise modified to protect the confidentiality of Sensitive Data elements. The Contractor shall ensure the appropriate separation of production and non-production environments by applying the data protection and control requirements listed in **Section 3.7.5**.
- 2) Apply hardware and software hardening procedures as recommended by Center for Internet Security (CIS) guides <https://www.cisecurity.org/>, Security Technical Implementation Guides (STIG) <https://public.cyber.mil/stigs/>, or similar industry best practices to reduce the systems' surface of vulnerability, eliminating as many security risks as possible and documenting what is not feasible or not performed according to best practices. Any hardening practices not implemented shall be documented with a plan of action and milestones including any compensating control. These procedures may include but are not limited to removal of unnecessary software, disabling or removing unnecessary services, removal of unnecessary usernames or logins, and the deactivation of unneeded features in the Contractor's system configuration files.
- 3) Ensure that State data is not comingled with non-State data through the proper application of compartmentalization Security Measures.
- 4) Apply data encryption to protect Sensitive Data at all times, including in transit, at rest, and also when archived for backup purposes. Unless otherwise directed, the Contractor is responsible for the encryption of all Sensitive Data.
- 5) For all State data the Contractor manages or controls, data encryption shall be applied to such data in transit over untrusted networks.
- 6) Encryption algorithms which are utilized for encrypting data shall comply with current Federal Information Processing Standards (FIPS), "Security Requirements for Cryptographic Modules", FIPS PUB 140-3:
<https://csrc.nist.gov/publications/detail/fips/140/3/final>
<https://csrc.nist.gov/Projects/cryptographic-module-validation-program/fips-140-3-standards>
- 7) Enable appropriate logging parameters to monitor user access activities, authorized and failed access attempts, system exceptions, and critical information security events as recommended by the operating system and application manufacturers and information security standards, including Maryland Department of Information Technology's Information Security Policy.
- 8) Retain the aforementioned logs and review them at least daily to identify suspicious or questionable activity for investigation and documentation as to their cause and remediation, if required. MDH shall have the right to inspect these policies and procedures and the Contractor or subcontractor's performance to confirm the effectiveness of these measures for the services being provided under the Contract.
- 9) Ensure system and network environments are separated by properly configured and updated firewalls.
- 10) Restrict network connections between trusted and untrusted networks by physically or logically isolating systems from unsolicited and unauthenticated network traffic.

- 11) By default “deny all” and only allow access by exception.
- 12) Review, at least annually, the aforementioned network connections, documenting and confirming the business justification for the use of all service, protocols, and ports allowed, including the rationale or compensating controls implemented for those protocols considered insecure but necessary.
- 13) Perform regular vulnerability testing of operating system, application, and network devices. Such testing is expected to identify outdated software versions; missing software patches; device or software misconfigurations; and to validate compliance with or deviations from the security policies applicable to the Contract. Contractor shall evaluate all identified vulnerabilities for potential adverse effect on security and integrity and remediate the vulnerability no later than 30 days following the earlier of vulnerability’s identification or public disclosure, or document why remediation action is unnecessary or unsuitable. MDH shall have the right to inspect the Contractor’s policies and procedures and the results of vulnerability testing to confirm the effectiveness of these measures for the services being provided under the Contract.
- 14) Enforce strong user authentication and password control measures to minimize the opportunity for unauthorized access through compromise of the user access controls. At a minimum, the implemented measures should be consistent with the most current Maryland Department of Information Technology’s Information Security Policy (<https://doit.maryland.gov/policies/Pages/default.aspx>), including specific requirements for password length, complexity, history, and account lockout.
- 15) Ensure State data is not processed, transferred, or stored outside of the United States (“U.S.”). The Contractor shall provide its services to the State and the State’s end users solely from data centers in the U.S. Unless granted an exception in writing by the State, the Contractor shall not allow Contractor Personnel to store State data on portable devices, including personal computers, except for devices that are used and kept only at its U.S. data centers. The Contractor shall permit its Contractor Personnel to access State data remotely only as required to provide technical support.
- 16) Ensure Contractor’s Personnel shall not connect any of its own equipment to a State LAN/WAN without prior written approval by the State, which may be revoked at any time for any reason. The Contractor shall complete any necessary paperwork as directed and coordinated with the Contract Monitor to obtain approval by the State to connect Contractor -owned equipment to a State LAN/WAN.
- 17) Ensure that anti-virus and anti-malware software is installed and maintained on all systems supporting the services provided under the Contract; that the anti-virus and anti-malware software is automatically updated; and that the software is configured to actively scan and detect threats to the system for remediation. The Contractor shall perform routine vulnerability scans and take corrective actions for any findings.
- 18) Conduct regular external vulnerability testing designed to examine the service provider’s security profile from the Internet without benefit of access to internal systems and networks behind the external security perimeter. Evaluate all identified vulnerabilities on Internet-facing devices for potential adverse effect on the service’s security and integrity and remediate the vulnerability promptly or

document why remediation action is unnecessary or unsuitable. MDH shall have the right to inspect these policies and procedures and the performance of vulnerability testing to confirm the effectiveness of these measures for the services being provided under the Contract.

3.7.6 Security Logs and Reports Access

- A. For a SaaS or non-State hosted solution, the Contractor shall provide reports to the State in a mutually agreeable format.

3.7.7 Security Plan

- A. The Contractor shall protect State data according to a written security policy (“Security Plan”) no less rigorous than that of the State, and shall supply a copy of such policy to the State for validation, with any appropriate updates, on an annual basis.
- B. The Security Plan shall detail the steps and processes employed by the Contractor as well as the features and characteristics which will ensure compliance with the security requirements of the Contract.

3.7.8 Security Incident Response

- A. The Contractor shall notify MDH in accordance with **Section 3.7.8A-D** when any Contractor system that may access, process, or store State data or State systems experiences a Security Incident or a Data Breach as follows:
 - 1) notify MDH within twenty-four (24) hours of the discovery of a Security Incident by providing notice via written or electronic correspondence to the Contract Monitor, MDH chief information officer and MDH chief information security officer;
 - 2) notify MDH within two (2) hours if there is a threat to Contractor’s Solution as it pertains to the use, disclosure, and security of State data; and
 - 3) provide written notice to MDH within one (1) Business Day after Contractor’s discovery of unauthorized use or disclosure of State data and thereafter all information the State (or MDH) requests concerning such unauthorized use or disclosure.
- B. Contractor’s notice shall identify:
 - 1) the nature of the unauthorized use or disclosure;
 - 2) the State data used or disclosed,
 - 3) who made the unauthorized use or received the unauthorized disclosure;
 - 4) what the Contractor has done or shall do to mitigate any deleterious effect of the unauthorized use or disclosure; and
 - 5) what corrective action the Contractor has taken or shall take to prevent future similar unauthorized use or disclosure.
 - 6) The Contractor shall provide such other information, including a written report, as reasonably requested by the State.
- C. The Contractor may need to communicate with outside parties regarding a Security Incident, which may include contacting law enforcement, fielding media inquiries and seeking external expertise as mutually agreed upon, defined by law or contained in the Contract. Discussing Security Incidents with the State should be handled on an urgent as-needed basis, as part of

Contractor communication and mitigation processes as mutually agreed upon, defined by law or contained in the Contract.

- D. The Contractor shall comply with all applicable laws that require the notification of individuals in the event of unauthorized release of State data or other event requiring notification, and, where notification is required, assume responsibility for informing all such individuals in accordance with applicable law and to indemnify and hold harmless the State (or MDH) and its officials and employees from and against any claims, damages, and actions related to the event requiring notification.

3.7.9 Data Breach Responsibilities

- A. If the Contractor reasonably believes or has actual knowledge of a Data Breach, the Contractor shall, unless otherwise directed:
- 1) Notify the appropriate State-identified contact within 24 hours by telephone in accordance with the agreed upon security plan or security procedures unless a shorter time is required by applicable law;
 - 2) Cooperate with the State to investigate and resolve the data breach;
 - 3) Promptly implement commercially reasonable remedial measures to remedy the Data Breach; and
 - 4) Document responsive actions taken related to the Data Breach, including any post-incident review of events and actions taken to make changes in business practices in providing the services.
- B. If a Data Breach is a direct result of the Contractor's breach of its Contract obligation to encrypt State data or otherwise prevent its release, the Contractor shall bear the costs associated with (1) the investigation and resolution of the data breach; (2) notifications to individuals, regulators or others required by State law; (3) a credit monitoring service required by State or Federal law; (4) a website or a toll-free number and call center for affected individuals required by State law; and (5) complete all corrective actions as reasonably determined by Contractor based on root cause; all [(1) through (5)] subject to the Contract's limitation of liability.

3.7.10 Additional security requirements may be established in a a Work Order.

3.7.11 The State shall, at its discretion, have the right to review and assess the Contractor's compliance to the security requirements and standards defined in the Contract

3.7.12. Provisions in Section 3.7.1 - 3.7.12 shall survive expiration or termination of the Contract.

Additionally, the Contractor shall flow down the provisions of Sections 3.7.4 - 3.7.10 (or the substance thereof) in all subcontracts.

3.8 Problem Escalation Procedure

3.8.1 The Contractor must provide and maintain a Problem Escalation Procedure (PEP) for both routine and emergency situations. The PEP must state how the Contractor will address problem situations as they occur during the performance of the Contract, especially problems that are not resolved to the satisfaction of the State within appropriate timeframes.

3.8.2 The Contractor shall provide contact information to the Contract Monitor, as well as to other State personnel as directed should the Contract Monitor not be available.

- 3.8.3** The Contractor must provide the PEP no later than ten (10) Business Days after notice of recommended award. The PEP, including any revisions thereto, must also be provided within ten (10) Business Days after the start of each Contract year and within ten (10) Business Days after any change in circumstance which changes the PEP. The PEP shall detail how problems with work under the Contract will be escalated in order to resolve any issues in a timely manner. The PEP shall include:
- A. The process for establishing the existence of a problem;
 - B. Names, titles, and contact information for progressively higher levels of personnel in the Contractor's organization who would become involved in resolving a problem;
 - C. For each individual listed in the Contractor's PEP, the maximum amount of time a problem will remain unresolved with that individual before the problem escalates to the next contact person listed in the Contractor's PEP;
 - D. Expedited escalation procedures and any circumstances that would trigger expediting them;
 - E. The method of providing feedback on resolution progress, including the frequency of feedback to be provided to the State;
 - F. Contact information for persons responsible for resolving issues after normal business hours (e.g., evenings, weekends, holidays) and on an emergency basis; and
 - G. A process for updating and notifying the Contract Monitor of any changes to the PEP.
- 3.8.4** Nothing in this section shall be construed to limit any rights of the Contract Monitor or the State which may be allowed by the Contract or applicable law.

3.9 SOC 2 Type 2 Audit Report

- 3.9.1** A SOC 2 Type 2 Audit applies to the Contract. The applicable trust services criteria are: Security, Availability, and Confidentiality as defined in the Guidance document identified in Section 3.9.2.
- 3.9.2** In the event the Contractor provides services for identified critical functions, handles Sensitive Data, or hosts any related implemented system for the State under the Contract, the Contractor shall have an annual audit performed by an independent audit firm of the Contractor's handling of Sensitive Data or the MDH's critical functions. Critical functions are identified as all aspects and functionality of the Solution including any add-on modules and shall address all areas relating to Information Technology security and operational processes. These services provided by the Contractor that shall be covered by the audit will collectively be referred to as the "Information Functions and Processes." Such audits shall be performed in accordance with audit guidance: Reporting on an Examination of Controls at a Service Organization Relevant to Security, Availability, Processing Integrity, Confidentiality, or Privacy (SOC 2) as published by the American Institute of Certified Public Accountants (AICPA) and as updated from time to time, or according to the most current audit guidance promulgated by the AICPA or similarly-recognized professional organization, as agreed to by MDH to assess the security of outsourced client functions or data (collectively, the "Guidance") as follows:
- A. The type of audit to be performed in accordance with the Guidance is a SOC 2 Type 2 Audit (referred to as the "SOC 2 Audit" or "SOC 2 Report"). All SOC2 Audit Reports shall be submitted to the Contract Monitor as specified in Section F below. The initial SOC 2 Audit shall be completed within a timeframe to be specified by the State. The audit period covered by the initial SOC 2 Audit shall start with the Contract Effective Date unless otherwise agreed to in writing by the Contract Monitor. All subsequent SOC 2 Audits after this initial

audit shall be performed at a minimum on an annual basis throughout the Term of the Contract, and shall cover a 12-month audit period or such portion of the year that the Contractor furnished services.

- B. The SOC 2 Audit shall report on the suitability of the design and operating effectiveness of controls over the Information Functions and Processes to meet the requirements of the Contract, including the Security Requirements identified in **Section 3.7**, relevant to the trust services criteria identified in 3.9.1: as defined in the aforementioned Guidance.
- C. The audit scope of each year's SOC 2 Report may need to be adjusted (including the inclusion or omission of the relevant trust services criteria of Security, Availability, Processing Integrity, Confidentiality, and Privacy) to accommodate any changes to the environment since the last SOC 2 Report. Such changes may include but are not limited to the addition of Information Functions and Processes through modifications to the Contract or due to changes in Information Technology or the operational infrastructure. The Contractor shall ensure that the audit scope of each year's SOC 2 Report engagement shall accommodate these changes by including in the SOC 2 Report all appropriate controls related to the current environment supporting the Information Functions and/or Processes, including those controls required by the Contract.
- D. The scope of the SOC 2 Report shall include work performed by any subcontractors that provide essential support to the Contractor or essential support to the Information Functions and Processes provided to MDH under the Contract. The Contractor shall ensure the audit includes all such subcontractors operating in performance of the Contract.
- E. All SOC 2 Audits, including those of the Contractor, shall be performed at no additional expense to MDH.
- F. The Contractor shall provide to the Contract Monitor, within 30 calendar days of the issuance of each SOC 2 Report, a complete copy of the final SOC 2 Report(s) and a documented corrective action plan addressing each audit finding or exception contained in the SOC 2 Report. The corrective action plan shall identify in detail the remedial action to be taken by the Contractor along with the date(s) when each remedial action is to be implemented.
- G. If the Contractor currently has an annual, independent information security assessment performed that includes the operations, systems, and repositories of the Information Functions and Processes being provided to MDH under the Contract, and if that assessment generally conforms to the content and objective of the Guidance, MDH will determine in consultation with appropriate State government technology and audit authorities whether the Contractor's current information security assessments are acceptable in lieu of the SOC 2 Report(s).
- H. If the Contractor fails during the Contract term to obtain an annual SOC 2 Report by the date specified in **Section 3.9.2.A** MDH shall have the right to retain an independent audit firm to perform an audit engagement of a SOC 2 Report of the Information Functions and Processes utilized or provided by the Contractor and under the Contract. The Contractor agrees to allow the independent audit firm to access its facility/ies for purposes of conducting this audit engagement(s), and will provide the necessary support and cooperation to the independent audit firm that is required to perform the audit engagement of the SOC 2 Report. MDH will invoice the Contractor for the expense of the SOC 2 Report(s), or deduct the cost from future payments to the Contractor.

- I. Provisions in **Section 3.9.1-2** shall survive expiration or termination of the Contract. Additionally, the Contractor shall flow down the provisions of **Section 3.9.1-2** (or the substance thereof) in all subcontracts.

3.10 Experience and Personnel

3.10.1 Preferred Offeror Experience

The Offeror must be licensed and have completed:

- A. Healthy Families America (HFA) Peer reviewer training
- B. UMBC Home Visiting training certificate program

3.10.2 The Offeror shall provide three (3) references from state contracts

3.10.3 The Offeror shall have demonstrated (by submitting documentation. Refer to Section 2.2.11) that they have previously maintained an existing HIPAA compliant data collection system.

- 3.10.3.1 Collects daily and weekly human service data to be used for accreditation, state level and Federal reporting requirements as well as other MD MIECHV reporting requirements that may occur.

3.10.4 The Offeror shall have relevant (current) IT certifications included but not limited to original data system coding and HIPAA

The following experience is expected and will be evaluated as part of the Technical Proposal (see the Offeror experience, capability and references evaluation factor from **Section 6.2**):

- A. Demonstrated knowledge of and completion of the following: Healthy Families America (HFA) peer reviewer training, and the UMBC Home Visiting training certificate program.
- B. Breadth of knowledge in having relevant IT certifications that should include:

3.10.5 Personnel Experience

The following experience is expected and will be evaluated as part of the Technical Proposal (see the capability of proposed resources evaluation factor from **Section 6.2**):

- A. **Training Coordinator-** ability to train virtually and in person; this individual will facilitate all required training for the home visiting programs. The training coordinator will oversee:
 - 1) Twelve (12) Initial training of new hires (home visitors and supervisors)
 - 2) Four (4) Quarterly follow up training for Champions (Maxwell experts at home visiting sites)
 - 3) Development of video tutorials and monthly training webinars for end-users
 - 4) Support trainer- Support end-user training
 - 5) Assist in obtaining feedback from trainers, Champions, and end-users regarding the implementation process and the Maxwell system
- B. **Project Manager-** this individual will assure open lines of communication between the contract monitor, the Contractor, and the system users
 - 1) Lead and manage the project team
 - 2) Establish a project schedule and determine each phase
 - 3) Manage tasks that are assigned to team members

- 4) Provide regular updates to lead management and client
 - 5) Establish goals, policies, and procedures and ensure they are carried out
 - 6) Oversee the Contractor's financial and budget requirements
 - 7) Consult with the contract monitor and staff on all changes with operations and development
 - 8) Determine ways to cut costs and improve project performance
 - 9) Assure that Minority Business Enterprises and Veteran Owned Small Business Enterprise companies are employed per the percentage and goals of this project and that all paperwork is kept up to date. Administrative support/ fiscal -this individual will provide secretarial and fiscal/administrative support to the Contractor including:
 - 10) Organization of training schedule
 - 11) Prepare materials for trainers, champions, end-users
 - 12) Gather and organize provider feedback
 - 13) Organize travel needs of the Maxwell Data System trainers to all home visiting sites across the state.
 - 14) Mailing, invoicing and billing to the contract monitor
 - 15) Additionally, they will manage the Customer Management Database used in Solution Support Operations, develop and oversee project plans, manage deliverables and report back to the contract monitor on progress.
- C. **System Engineer- LEAD-** this individual resolves issues around requirements, timing, and end- user acceptance
- 1) reviewing internal testing and managing the user acceptance process.
 - 2) guide and align the change control process with the overall project objectives
 - 3) assure new coding and end-user documents are accurate and error-free
 - 4) Maintain high standards of software quality within the team by establishing good practices and habits.
 - 5) Collaborate with other software developers, business analysts, and software architects to plan, design, develop, test, and maintain the Maxwell application according to established standards.
 - 6) Analyze and resolve technical and application problems.
 - 7) Assess opportunities for application and process improvement and prepare documentation of rationale to share with team members and other affected parties.
 - 8) And will assure that other data staff responsibilities include but are not limited to:
 - i) Producing clean, efficient code based on specifications
 - ii) Testing and deploying programs and systems
 - iii) Fixing and improving existing software
 - iv) Verify and deploy programs and systems
 - v) Troubleshoot, debug and upgrade existing software
 - vi) Recommend and execute improvement

- D. **Quality (QA) Engineer**- his person works closely with the system engineer to improve system updates and enhancements. The QA engineer runs tests on the Maxwell system to analyze and make recommendations for improvement. Responsibilities of the QA engineer include but are not limited to:
1. Run test trials and preconditions to examine product functionality, content and user friendliness.
 2. Simulate product performance, evaluate results and compare those results with predicted outcomes. Once the automation process is complete, these professionals identify and document product problems or defects using bug tracking systems.
 3. Review product requirements and specifications in order to foresee potential issues,
 4. Provide input of functional requirements and advise on design.
 5. Create technical documentation for reference and reporting
- E. **Solution Support Specialist** -This contract will require a solution support specialist. Technical assistance and in-person, real-time support by the Contractor as defined in this document will be provided from 8 a.m. to 5 p.m., Monday through Friday, except national holidays.
1. For a list of details and requirements of this position and what they provide.
- F. **Innovation Lead:**
1. Works as the Technical Project Manager
 2. Primary Function: Keep the project timeline moving; his role has ownership of requirements gathering, specifications, reviewing internal testing and managing the user acceptance process.
- G. **Developer/Front End Developer:**
1. Developers write code for the Maxwell application on the Microsoft Technology stack including ASP.Net, Winforms and Services and utilize ASP.net MVC/Web Forms, Web API, .net Core, SQL Server (including but not limited to C#, HTML, JavaScript, T-SQL, etc.), and other key technology components.
- H. **Business Intelligence Manager:**
1. The business intelligence role is responsible for understanding how new development will impact the overall design and mission of the software in real world settings. This role requires an understanding of both the field or industry, the science associated with the development, and the science of behind implementation models.
- I. **Director of Content Development**
1. This position will be responsible for ensuring all end-user facing materials (e.g., newsletters, training materials, conference support documentation)

are accurate and professionally edited. This position is analogous to an instruction and design position.

3.10.6 Key Personnel Identified

For the Contract, the following positions to be identified in the Technical Proposal will be considered Key Personnel, and shall be required to meet the qualifications stated in **Section 3.11.18**.

- A. Training coordinator
- B. Support trainer
- C. Project manager
- D. System Engineer
- E. Quality Assurance (QA) Engineer
- F. Solution Support Specialist
- G. Innovation Lead
- H. Developer/Front End Developer
- I. Business Intelligence Manager
- J. Director of Content Developer

3.10.7 Contractor Personnel Maintain Any Contractor Personnel provided under this RFP shall maintain in good standing any required professional certifications for the duration of the Contract.

3.10.8 Work Hours

Unless otherwise specified, the following work hours requirements are applicable:

- A. **Business Hours Support:** Contractor shall assign Contractor Personnel to support Normal State Business Hours (see definition in **Appendix 1**) Contractor Personnel may also be required to provide occasional support outside of normal State Business Hours, including evenings, overnight, and weekends, to support specific efforts and emergencies, such as to resolve system repair or restoration. Hours performing activities must be billed on an actual time worked basis at the rates proposed.
- B. **Scheduled non-Business Hours Support:** Once personnel have demonstrated an understanding of MDH infrastructure, they will also be required to participate in a rotating emergency on-call schedule, providing non-Business Hours support. Typically, personnel assigned to MDH non-Business Hours support are required to be on-call 24 hours a day for a seven-day period, one week out of every four to five weeks.
- C. **State-Mandated Closings:** Contractor Personnel shall be required to participate in any State-mandated closings. In this event, the Contractor will be notified in writing by the Contract Monitor of these details.
- D. **Time-Off Requests:** Requests for time-off shall be submitted to the Contract Monitor at least two weeks in advance. The Contract Monitor reserves the right to request a temporary replacement if the time-off extends longer than one consecutive week. In cases where there is insufficient coverage, a time-off request may be denied.

3.11 Substitution of Personnel

3.11.1 Continuous Performance of Key Personnel

When Key Personnel are identified for the Contract, the following apply:

- A. Key Personnel shall be available to perform Contract requirements as of the NTP Date. Unless explicitly authorized by the Contract Monitor or specified in the Contract, Key Personnel shall be assigned to the State of Maryland as a dedicated resource.
- B. Key Personnel shall perform continuously for the duration of the Contract, or such lesser duration as specified in the Technical Proposal. Key Personnel may not be removed by the Contractor from working under the Contract without the prior written approval of the Contract Monitor.
- C. The provisions of this section apply to Key Personnel identified in any Task Order proposal and agreement, if issued, and any Work Order Request and Work Order, if issued.

3.11.2

Definitions

For the purposes of this section, the following definitions apply:

- A. **Extraordinary Personal Event** – means any of: leave under the Family Medical Leave Act; an Incapacitating injury or Incapacitating illness; or other circumstances that in the sole discretion of the State warrant an extended leave of absence, such as extended jury duty or extended military service that precludes the individual from performing his/her job duties under the Contract.
- B. **Incapacitating** – means any health circumstance that substantially impairs the ability of an individual to perform the job duties described for that individual’s position in the RFP or the Contractor’s Technical Proposal.

3.11.3

Contractor Personnel General Substitution Provisions

The following provisions apply to all of the circumstances of Contractor Personnel substitution described in **Section 3.11.4**.

- A. The Contractor shall demonstrate to the Contract Monitor’s satisfaction that the proposed substitute has qualifications at least equal to those of the Contractor Personnel proposed to be replaced.
- B. The Contractor shall provide the Contract Monitor with a substitution request that shall include:
 - 1) A detailed explanation of the reason(s) for the substitution request;
 - 2) The resume of the proposed substitute, signed by the substituting individual and his/her formal supervisor;
 - 3) The official resume of the current personnel for comparison purposes; and
 - 4) Evidence of any required credentials.
- C. The Contract Monitor may request additional information concerning the proposed substitution and may interview the proposed substitute personnel prior to deciding whether to approve the substitution request.
- D. The Contract Monitor will notify the Contractor in writing of: (i) the acceptance or denial, or (ii) contingent or temporary approval for a specified time limit, of the requested substitution. The Contract Monitor will not unreasonably withhold approval of a proposed Contractor Personnel replacement.

3.11.4

Replacement Circumstances

A. Directed Personnel Replacement

- 1) The Contract Monitor may direct the Contractor to replace any Contractor Personnel who, in the sole discretion of the Contract Monitor, are perceived as being unqualified, non-productive, unable to fully perform the job duties, disruptive, or known, or reasonably believed, to have committed a major infraction(s) of law, MDH policies, or Contract requirements. Normally, a directed personnel replacement will occur only after prior notification of problems with requested remediation, as described in paragraph **3.11.4.A.2**.
- 2) If deemed appropriate in the discretion of the Contract Monitor, the Contract Monitor may give written notice of any Contractor Personnel performance issues to the Contractor, describing the problem and delineating the remediation requirement(s). The Contractor shall provide a written response to the remediation requirements in a Remediation Plan within ten (10) days of the date of the notice and shall immediately implement the Remediation Plan upon written acceptance by the Contract Monitor. If the Contract Monitor rejects the Remediation Plan, the Contractor shall revise and resubmit the plan to the Contract Monitor within five (5) days, or in the timeframe set forth by the Contract Monitor in writing.
- 3) Should performance issues persist despite an approved Remediation Plan, the Contract Monitor may give written notice of the continuing performance issues and either request a new Remediation Plan within a specified time limit or direct the substitution of Contractor Personnel whose performance is at issue with a qualified substitute, including requiring the immediate removal of the Contractor Personnel at issue.
- 4) Replacement or substitution of Contractor Personnel under this section shall be in addition to, and not in lieu of, the State's remedies under the Contract or which otherwise may be available at law or in equity.
- 5) If the Contract Monitor determines to direct substitution under **3.11.4.A.1**, if at all possible, at least fifteen (15) days advance notice shall be given to the Contractor. However, if the Contract Monitor deems it necessary and in the State's best interests to remove the Contractor Personnel with less than fifteen (15) days' notice, the Contract Monitor may direct the removal in a timeframe of less than fifteen (15) days, including immediate removal.
- 6) In circumstances of directed removal, the Contractor shall, in accordance with paragraph **3.11.4.A.1** of this section, provide a suitable replacement for approval within fifteen (15) days of the notification of the need for removal, or the actual removal, whichever occurs first.

B. Key Personnel Replacement

- 1) To replace any Key Personnel in a circumstance other than as described in **3.11.4.B**, including transfers and promotions, the Contractor shall submit a substitution request as described in **Section 3.11.3** to the Contract Monitor at least fifteen (15) days prior to the intended date of change. A substitution may not occur unless and until the Contract Monitor approves the substitution in writing.

- 2) Key Personnel Replacement Due to Sudden Vacancy
 - a) The Contractor shall replace Key Personnel whenever a sudden vacancy occurs (e.g., Extraordinary Personal Event, death, resignation, termination). A termination or resignation with thirty (30) days or more advance notice shall be treated as a replacement under **Section 3.11.4.B.1**.
 - b) Under any of the circumstances set forth in this paragraph B, the Contractor shall identify a suitable replacement and provide the same information and items required under **Section 3.11.3** within fifteen (15) days of the actual vacancy occurrence or from when the Contractor first knew or should have known that the vacancy would be occurring, whichever is earlier.
- 3) Key Personnel Replacement Due to an Indeterminate Absence
 - a) If any Key Personnel has been absent from his/her job for a period of ten (10) days and it is not known or reasonably anticipated that the individual will be returning to work within the next twenty (20) days to fully resume all job duties, before the 25th day of continuous absence, the Contractor shall identify a suitable replacement and provide the same information and items to the Contract Monitor as required under **Section 3.11.3**.
 - b) However, if this person is available to return to work and fully perform all job duties before a replacement has been authorized by the Contract Monitor the Contract Monitor may, at his/her sole discretion, authorize the original personnel to continue to work under the Contract, or authorize the replacement personnel to replace the original personnel, notwithstanding the original personnel's ability to return.

3.11.5 Substitution Prior to and Within 30 Days After Contract Execution

Prior to Contract execution or within thirty (30) days after Contract execution, the Offeror may not substitute proposed Key Personnel except under the following circumstances (a) for actual full-time personnel employed directly by the Offeror: the vacancy occurs due to the sudden termination, resignation, or approved leave of absence due to an Extraordinary Personal Event, or the death of such personnel; and (b) for any temporary staff, subcontractors or 1099 contractors: the vacancy occurs due to an Incapacitating event or the death of such personnel. To qualify for such substitution, the Offeror must demonstrate to the State's satisfaction the event necessitating substitution. Proposed substitutions shall be of equal caliber or higher, in the State's sole discretion. Proposed substitutes deemed by the State to be less qualified than the originally proposed individual may be grounds for pre-award disqualification or post-award termination.

3.12 Minority Business Enterprise (MBE) Reports

If this solicitation includes an MBE Goal (see **Section 4.26**), the Contractor shall:

- A. Submit the following reports by the 10th of each month to the Contract Monitor and MDH's MBE Liaison Officer:
 - 1) A Prime Contractor Paid/Unpaid MBE Invoice Report (Attachment D-4A) listing any unpaid invoices, over 45 days old, received from any certified MBE

- subcontractor, the amount of each invoice and the reason payment has not been made; and
- 2) (If Applicable) An MBE Prime Contractor Report (Attachment D-4B) identifying an MBE prime's self-performing work to be counted towards the MBE participation goals.
- B. Include in its agreements with its certified MBE subcontractors a requirement that those subcontractors submit an MBE Subcontractor Paid/Unpaid Invoice Report (**Attachment D-5**) by the 10th of each month to the Contract Monitor and MDH's MBE Liaison Officer that identifies the Contract and lists all payments to the MBE subcontractor received from the Contractor in the preceding reporting period month, as well as any outstanding invoices, and the amounts of those invoices.
 - C. Maintain such records as are necessary to confirm compliance with its MBE participation obligations. These records must indicate the identity of certified minority and non-minority subcontractors employed on the Contract, type of work performed by each, and actual dollar value of work performed. Subcontract agreements documenting the work performed by all MBE participants must be retained by the Contractor and furnished to the Procurement Officer on request.
 - D. Consent to provide such documentation as reasonably requested and to provide right-of-entry at reasonable times for purposes of the State's representatives verifying compliance with the MBE participation obligations. Contractor must retain all records concerning MBE participation and make them available for State inspection for three years after final completion of the Contract.

Upon completion of the Contract and before final payment and release of retainage, submit a final report in affidavit form and under penalty of perjury, of all payments made to, or withheld from MBE subcontractors. 3.13 Veteran Small Business Enterprise (VSBE) Reports

If this solicitation includes a VSBE Goal (see **Section 4.27**), the Contractor shall:

- A. Submit the following reports by the 10th of the month following the reporting period to the Contract Monitor and MDH VSBE representative:
 - 1) VSBE Participation Prime Contractor Paid/Unpaid VSBE Invoice Report (Attachment E-3) listing any unpaid invoices, over 45 days old, received from any VSBE subcontractor, the amount of each invoice and the reason payment has not been made; and
 - 2) **Attachment E-4**, the VSBE Participation Subcontractor Paid/Unpaid VSBE Invoice Report by the 10th of the month following the reporting period to the Contract Monitor and the VSBE Liaison Officer.
- B. Include in its agreements with its VSBE subcontractors a requirement that those subcontractors submit monthly by the 10th of the month following the reporting period to the Contract Monitor and MDH VSBE representative a report that identifies the prime contract and lists all payments received from Contractor in the preceding reporting period month, as well as any outstanding invoices, and the amount of those invoices (**Attachment E-4**).
- C. Maintain such records as are necessary to confirm compliance with its VSBE participation obligations. These records must indicate the identity of VSBE and non-VSBE subcontractors

employed on the contract, the type of work performed by each, and the actual dollar value of work performed. The subcontract agreement documenting the work performed by all VSBE participants must be retained by the Contractor and furnished to the Procurement Officer on request.

- D. Consent to provide such documentation as reasonably requested and to provide right-of-entry at reasonable times for purposes of the State's representatives verifying compliance with the VSBE participation obligations. The Contractor must retain all records concerning VSBE participation and make them available for State inspection for three years after final completion of the Contract.
- E. At the option of MDH upon completion of the Contract and before final payment and release of retainage, submit a final report in affidavit form and under penalty of perjury, of all payments made to, or withheld from VSBE subcontractors.

3.14 Work Orders

THIS SECTION IS INAPPLICABLE TO THIS RFP.

3.15 Additional Clauses

3.15.1. Custom Software

- A. As described in the sample Contract (**Attachment M**), the State shall solely own any custom software, including, but not limited to application modules developed to integrate with a COTS, source-codes, maintenance updates, documentation, and configuration files, when developed under the Contract.
- B. Upon a Contractor's voluntary or involuntary filing of bankruptcy or any other insolvency proceeding, Contractor's dissolution, Contractor's discontinuance of support of any software or system, the Contractor shall convey to the State all rights, title, and interests in all custom software, licenses, software source codes, and all associated System Documentation that comprises any solutions proposed as a part of the Contract. These rights include, but are not limited to, the rights to use, and cause others to use on behalf of the State, said software, software documentation, licenses, software source codes, and System Documentation

3.15.2 Custom Source Code

- A. For all custom software provided to the State pursuant to any Contract, the Contractor shall either provide the source code directly to the State in a form acceptable to the State, or deliver two copies of each software source code and software source code documentation to a State-approved escrow agent at no additional cost to the State following the terms set forth in the sample contract (**Attachment M**) and in **Section 3.15.3** below.
 - B. The State shall have the right to audit custom software source code and corresponding software source code documentation for each software product that comprises the solution as represented by the Contractor. This audit shall be scheduled at any time that is convenient for the parties to be present. The State shall be provided with software or other tools required to view all software source code.
 - C. The Contractor shall provide the current source code and documentation for all custom software to the State at the time of Contract termination.

3.15.3 Source Code Escrow

Source Code Escrow applies to the Contract. The Contractor shall perform source code escrow as described herein.

- A. The State will be named as a beneficiary under an escrow agreement (“Escrow Agreement”) that shall be entered into between the Contractor and an escrow agent (“Escrow Agent”) within 60 days of the date hereof pursuant to which Contractor shall deliver a Source Code Escrow Package to Escrow Agent. The term “Source Code Escrow Package” means: a) a complete copy in machine-readable form of the source code and executable code of the software licensed to the State under the Contract; b) a complete copy of any existing design documentation and user documentation; and/or c) complete instructions for compiling and linking every part of the source code into executable code for purposes of enabling verification of the completeness of the source code as provided below. The Escrow Agreement shall govern the maintenance and release of the Source Code Escrow Package, and Contractor agrees to update, enhance, or otherwise modify such Source Code Escrow Package promptly upon each release of a new version of any component thereof. Contractor shall pay all fees and expenses charged by Escrow Agent, including, but not limited to, fees and expenses related to the State being a named beneficiary under the Escrow Agreement. The State shall treat the Source Code Escrow Package as Contractor’s confidential information. Under all circumstances, the Source Code Escrow Package shall remain the property of Contractor. The State shall only use the Source Code Escrow Package as contemplated in the Contract (including, but not limited to confidentiality provisions and usage restrictions). The Escrow Agent shall maintain the Source Code Escrow Package in a repository located in the United States.
- B. In the event that the Escrow Agent either ceases providing escrow services to Contractor or Contractor determines in its reasonable business judgment that the Escrow Agent is no longer providing acceptable services, Contractor shall replace the Escrow Agent with another escrow agent, using an agreement which provides the State with rights no less advantageous than those in the Escrow Agreement. In such case, the new escrow agent shall be substituted in all ways for the incumbent Escrow Agent with respect to **Section 3.15.3.A** above and all references herein to Escrow Agent shall be deemed to include such substitute escrow agent.
- C. Contractor shall inform the State of the availability of an escrow for any third party software solutions it provides to the State.
- D. In addition to the rights and obligations contained in the Escrow Agreement referenced in **Section 3.15.3.A**, the State shall have the Software Escrow Package released by the Escrow Agent to the State’s possession immediately upon any voluntary or involuntary filing of bankruptcy or any other insolvency proceeding, including but not limited to a general assignment for the benefit of including but not limited to a general assignment for the benefit of creditors, the appointment of a receiver for business or assets; creditors, the appointment of a receiver for business or assets; Contractor’s dissolution or liquidation, voluntary or otherwise; the State has compelling reasons to believe that such events will cause Contractor to fail to meet its obligations in the foreseeable future; or Contractor’s discontinuance of support or failure to support in accordance with the Contract any software system or if the Contractor is otherwise unable or unwilling to provide the Source Code Escrow Package. This condition will also be considered met if after repeated e-mail and phone requests by the State for service, the State makes a request for service in writing to the Contractor's last known address served by certified signed receipt required mail delivery by U.S. Post Office or by a nationally recognized (in the United States) overnight carrier, and the Contractor remains unresponsive, meaning that the Contractor is unable to acknowledge message receipt, unwilling or otherwise unable to satisfy the request for a period longer than 45 days from attempt to deliver the written request.

3.15.4 Purchasing and Recycling Electronic Products

This section does not apply to this solicitation.

3.15.5 Change Control and Advance Notice

- A. Unless otherwise specified in an applicable Service Level Agreement, the Contractor shall give seven (7) days advance notice to the State of any upgrades or modifications that may impact service availability and performance.

3.15.6 The State of Maryland's Commitment to Purchasing Environmentally Preferred Products and Services (EPPs)

[Maryland's State Finance & Procurement Article §14-410](#) defines environmentally preferable purchasing as “the procurement or acquisition of goods and services that have a lesser or reduced effect on human health and the environment when compared with competing goods or services that serve the same purpose.” Accordingly, Bidders are strongly encouraged to offer EPPs to fulfill this contract, to the greatest extent practicable.

3.15.7 No-Cost Extensions

In accordance with BPW Advisory 1995-1 item 7.b, in the event there are unspent funds remaining on the Contract, prior to the Contract's expiration date the Procurement Officer may modify the Contract to extend the Contract beyond its expiration date for a period up to, but not exceeding, one-third of the base term of the Contract (e.g., eight-month extension on a two-year contract) for the performance of work within the Contract's scope of work. Notwithstanding anything to the contrary, no funds may be added to the Contract in connection with any such extension.

THE REMAINDER OF THIS PAGE IS INTENTIONALLY LEFT BLANK.

4 Procurement Instructions

4.1 Pre-Proposal Conference

- 4.1.1 A virtual pre-Proposal conference (Conference) will be held at the date and time indicated on the Key Information Summary Sheet.
- 4.1.2 Attendance at the Conference is not mandatory, but all interested parties are **encouraged to attend in order to facilitate better preparation of their Proposals. If the solicitation includes an MBE goal, failure to attend the Conference will be taken into consideration as part of the evaluation of an offeror's good faith efforts if there is a waiver request.**
- 4.1.3 It is highly recommended that ALL Prime Contractors bring their intended subcontractors to the Conference/Site Visit to ensure that all parties understand the requirements of the contract and the MBE Goal.
- 4.1.4 MBE subcontractors are encouraged to attend the Conference to market their participation to potential prime contractors.
- 4.1.5 Following the Conference, the attendance record and summary of the Conference will be distributed via the same mechanism described for amendments and questions (see Section 4.2.1 eMMA).
- 4.1.6 Those wishing to attend the web conference may request a meeting invitation by emailing Ms. Afua Tisdale at afua.tisdale@maryland.gov no later than 2:00 PM on Monday, September 5, 2022. An invitation e-mail is required for registration, and therefore attendance. Upon receipt of the email, the Procurement Officer will reply with a registration email with a link that may be used to register for the conference. Registration must be completed by 2:00 PM Wednesday, September 6, 2022.

4.2 eMaryland Marketplace Advantage (eMMA)

- 4.2.1 eMMA is the electronic commerce system for the State of Maryland. The RFP, Conference summary and attendance sheet, Offerors' questions and the Procurement Officer's responses, addenda, and other solicitation-related information will be made available via eMMA.
- 4.2.2 In order to receive a contract award, a vendor must be registered on eMMA. Registration is free. Go to emma.maryland.gov, click on "New Vendor? Register Now" to begin the process, and then follow the prompts.

4.3 Questions

- 4.3.1 All questions, including concerns regarding any applicable MBE or VSBE participation goals, shall identify in the subject line the Solicitation Number and Title (23-00030 - Maxwell Database System) and shall be submitted in writing via e-mail to the Procurement Officer. The Procurement Officer, based on the availability of time to research and communicate an answer, shall decide whether an answer can be given before the Proposal due date.
- 4.3.2 Answers to all questions that are not clearly specific only to the requestor will be distributed via the same mechanism as for RFP amendments and posted on eMMA.
- 4.3.3 The statements and interpretations contained in responses to any questions, whether responded to verbally or in writing, are not binding on MDH unless it issues an amendment in writing.

4.4 Procurement Method

A Contract will be awarded in accordance with the Competitive Sealed Proposals method under COMAR 21.05.03.

4.5 Proposal Due (Closing) Date and Time

- 4.5.1** Proposals, in the number and form set forth in Section 5 Proposal Format, must be received by the Procurement Officer no later than the Proposal due date and time indicated on the Key Information Summary Sheet in order to be considered.
- 4.5.2** Requests for extension of this date or time shall not be granted.
- 4.5.3** Offerors submitting Proposals should allow sufficient delivery time to ensure timely receipt by the Procurement Officer. Except as provided in COMAR 21.05.03.02.F and 21.05.02.10, Proposals received after the due date and time listed in the Key Information Summary Sheet will not be considered.
- 4.5.4** The date and time of an e-mail submission is determined by the date and time of arrival in the e-mail address indicated on the Key Information Summary Sheet.
- 4.5.5** Proposals may be modified or withdrawn by written notice received by the Procurement Officer before the time and date set forth in the Key Information Summary Sheet for receipt of Proposals.
- 4.5.6** Proposals may not be submitted by e-mail. Proposals will not be opened publicly.
- 4.5.7** Potential Offerors not responding to this solicitation are requested to submit the “Notice to Vendors” form, which includes company information and the reason for not responding (e.g., too busy, cannot meet mandatory requirements).

4.6 Multiple or Alternate Proposals

Multiple or alternate Proposals will not be accepted.

4.7 Economy of Preparation

Proposals should be prepared simply and economically and provide a straightforward and concise description of the Offeror’s Proposal to meet the requirements of this RFP.

4.8 Public Information Act Notice

- 4.8.1** The Offeror should give specific attention to the clear identification of those portions of its Proposal that it considers confidential and/or proprietary commercial information or trade secrets, and provide justification why such materials, upon request, should not be disclosed by the State under the Public Information Act, Md. Code Ann., General Provisions Article, Title 4 (See also RFP Section 5.3.2.B “Claim of Confidentiality”). This information should be identified by page and section number and placed after the Title Page and before the Table of Contents in the Technical Proposal and if applicable, separately in the Financial Proposal.
- 4.8.2** Offerors are advised that, upon request for this information from a third party, the Procurement Officer is required to make an independent determination whether the information must be disclosed.

4.9 Award Basis

A Contract shall be awarded to the responsible Offeror(s) submitting the Proposal that has been determined to be the most advantageous to the State, considering price and evaluation factors set forth

in this RFP (see COMAR 21.05.03.03F), for providing the goods and services as specified in this RFP. See RFP **Section 6** for further award information.

4.10 Oral Presentation

Offerors are required to make oral presentations to State representatives. Oral presentations are considered part of the Technical Proposal. The oral presentation will consist of a 60-minute presentation of how the project will be rolled out and will include covering all items in the scope of work. A PowerPoint presentation as well as a demonstration of data collection and system support must be included. The Procurement Officer will notify Offerors of the time and place of oral presentations.

4.11 Duration of Proposal

Proposals submitted in response to this RFP are irrevocable for the latest of the following: 120 days following the Proposal due date and time, best and final offers if requested (see **Section 6.5.2**), or the date any protest concerning this RFP is finally resolved. This period may be extended at the Procurement Officer's request only with the Offeror's written agreement.

4.12 Revisions to the RFP

4.12.1 If the RFP is revised before the due date for Proposals, MDH shall post any addenda to the RFP on eMMA and shall endeavor to provide such addenda to all prospective Offerors that were sent this RFP or are otherwise known by the Procurement Officer to have obtained this RFP. It remains the responsibility of all prospective Offerors to check eMMA for any addenda issued prior to the submission of Proposals.

4.12.2 Acknowledgment of the receipt of all addenda to this RFP issued before the Proposal due date shall be included in the Transmittal Letter accompanying the Offeror's Technical Proposal.

4.12.3 Addenda made after the due date for Proposals will be sent only to those Offerors that remain under award consideration as of the issuance date of the addenda.

4.12.4 Acknowledgement of the receipt of addenda to the RFP issued after the Proposal due date shall be in the manner specified in the addendum notice.

4.12.5 Failure to acknowledge receipt of an addendum does not relieve the Offeror from complying with the terms, additions, deletions, or corrections set forth in the addendum, and may cause the Proposal to be deemed not reasonably susceptible of being selected for award.

4.13 Cancellations

4.13.1 The State reserves the right to cancel this RFP, accept or reject any and all Proposals, in whole or in part, received in response to this RFP, waive or permit the cure of minor irregularities, and conduct discussions with all qualified or potentially qualified Offerors in any manner necessary to serve the best interests of the State.

4.13.2 The State reserves the right, in its sole discretion, to award a Contract based upon the written Proposals received without discussions or negotiations.

4.13.3 In the event a government entity proposes and receives the recommendation for award, the procurement may be cancelled and the award processed in accordance with COMAR 21.01.03.01.A(4).

4.13.4 If the services that are the subject of the RFP are currently being provided under an interagency agreement with a public institution of higher education and the State determines that the services can be provided more cost effectively by the public institution of higher education, then the RFP

may be cancelled in accordance with Md. Code Ann., State Finance and Procurement Art., § 3-207(b)(2).

4.14 Incurred Expenses

The State will not be responsible for any costs incurred by any Offeror in preparing and submitting a Proposal, in making an oral presentation, providing a demonstration, or performing any other activities related to submitting a Proposal in response to this solicitation.

4.15 Protest/Disputes

Any protest or dispute related to this solicitation or the Contract award shall be subject to the provisions of COMAR 21.10 (Administrative and Civil Remedies).

4.16 Offeror Responsibilities

- 4.16.1 Offerors must be able to provide all goods and services and meet all of the requirements requested in this solicitation and the successful Offeror shall be responsible for Contract performance including any subcontractor participation.
- 4.16.2 All subcontractors shall be identified and a complete description of their role relative to the Proposal shall be included in the Offeror's Proposal. If applicable, subcontractors utilized in meeting the established MBE or VSBE participation goal(s) for this solicitation shall be identified as provided in the appropriate Attachment(s) to this RFP (see Section 4.26 "Minority Participation Goal" and Section 4.27 "VSBE Goal").
- 4.16.3 If the Offeror is the subsidiary of another entity, all information submitted by the Offeror, including but not limited to references, financial reports, or experience and documentation (e.g. insurance policies, bonds, letters of credit) used to meet minimum qualifications, if any, shall pertain exclusively to the Offeror, unless the parent organization will guarantee the performance of the subsidiary. If applicable, the Offeror's Proposal shall contain an explicit statement, signed by an authorized representative of the parent organization, stating that the parent organization will guarantee the performance of the subsidiary.
- 4.16.4 A parental guarantee of the performance of the Offeror under this Section will not automatically result in crediting the Offeror with the experience or qualifications of the parent under any evaluation criteria pertaining to the actual Offeror's experience and qualifications. Instead, the Offeror will be evaluated on the extent to which the State determines that the experience and qualifications of the parent are applicable to and shared with the Offeror, any stated intent by the parent to be directly involved in the performance of the Contract, and the value of the parent's participation as determined by the State.

4.17 Acceptance of Terms and Conditions

By submitting a Proposal in response to this RFP, the Offeror, if selected for award, shall be deemed to have accepted the terms and conditions of this RFP and the Contract, attached hereto as **Attachment M**. Any exceptions to this RFP or the Contract shall be identified and resolved before submission of a Proposal. If any exceptions are included in the Proposal, the Proposal shall be determined to be nonresponsive.

4.18 Proposal Affidavit

A Proposal submitted by the Offeror must be accompanied by a completed Proposal Affidavit. A copy of this Affidavit is included as **Attachment C** of this RFP.

4.19 Contract Affidavit

All Offerors are advised that if a Contract is awarded as a result of this solicitation, the successful Offeror will be required to complete a Contract Affidavit. A copy of this Affidavit is included for informational purposes as **Attachment N** of this RFP. This Affidavit must be provided within five (5) Business Days of notification of recommended award. For purposes of completing Section “B” of this Affidavit (Certification of Registration or Qualification with the State Department of Assessments and Taxation), a business entity that is organized outside of the State of Maryland is considered a “foreign” business.

4.20 Compliance with Laws/Arrearages

By submitting a Proposal in response to this RFP, the Offeror, if selected for award, agrees that it will comply with all Federal, State, and local laws applicable to its activities and obligations under the Contract.

By submitting a response to this solicitation, each Offeror represents that it is not in arrears in the payment of any obligations due and owing the State, including the payment of taxes and employee benefits, and shall not become so in arrears during the term of the Contract if selected for Contract award.

4.21 Verification of Registration and Tax Payment

Before a business entity can do business in the State, it must be registered with the State Department of Assessments and Taxation (SDAT). SDAT is located at State Office Building, Room 803, 301 West Preston Street, Baltimore, Maryland 21201. For registration information, visit <https://www.egov.maryland.gov/businessexpress>.

It is strongly recommended that any potential Offeror complete registration prior to the Proposal due date and time. The Offeror’s failure to complete registration with SDAT may disqualify an otherwise successful Offeror from final consideration and recommendation for Contract award.

4.22 False Statements

Offerors are advised that Md. Code Ann., State Finance and Procurement Article, § 11-205.1 provides as follows:

4.22.1 In connection with a procurement contract a person may not willfully:

- A. Falsify, conceal, or suppress a material fact by any scheme or device.
- B. Make a false or fraudulent statement or representation of a material fact.
- C. Use a false writing or document that contains a false or fraudulent statement or entry of a material fact.

4.22.2 A person may not aid or conspire with another person to commit an act under Section 4.22.1.

4.22.3 A person who violates any provision of this section is guilty of a felony and on conviction is subject to a fine not exceeding \$20,000 or imprisonment not exceeding five (5) years or both.

4.23 Payments by Electronic Funds Transfer

By submitting a Proposal in response to this solicitation, the Offeror, if selected for award:

- 4.23.1** Agrees to accept payments by electronic funds transfer (EFT) unless the State Comptroller's Office grants an exemption. Payment by EFT is mandatory for contracts exceeding \$200,000. The successful Offeror shall register using the COT/GAD X-10 Vendor Electronic Funds (EFT) Registration Request Form.
- 4.23.2** Any request for exemption must be submitted to the State Comptroller's Office for approval at the address specified on the COT/GAD X-10 form, must include the business identification information as stated on the form, and must include the reason for the exemption. The COT/GAD X-10 form may be downloaded from the Comptroller's website at:
<https://www.marylandtaxes.gov/h>

4.24 Prompt Payment Policy

This procurement and the Contract(s) to be awarded pursuant to this solicitation are subject to the Prompt Payment Policy Directive issued by the Governor's Office of Small, Minority & Women Business Affairs (GOSBA) and dated August 1, 2008. Promulgated pursuant to Md. Code Ann., State Finance and Procurement Article, §§ 11-201, 13-205(a), and Title 14, Subtitle 3, and COMAR 21.01.01.03 and 21.11.03.01, the Directive seeks to ensure the prompt payment of all subcontractors on non-construction procurement contracts. The Contractor shall comply with the prompt payment requirements outlined in the Contract, Section 31 "Prompt Pay Requirements" (see **Attachment M**). Additional information is available on GOSBA's website at:
<http://www.gomdsmallbiz.maryland.gov/documents/legislation/promptpaymentfaqs.pdf>.

4.25 Electronic Procurements Authorized

- 4.25.1** Under COMAR 21.03.05, unless otherwise prohibited by law, the MDH may conduct procurement transactions by electronic means, including the solicitation, proposing, award, execution, and administration of a contract, as provided in Md. Code Ann., Maryland Uniform Electronic Transactions Act, Commercial Law Article, Title 21.
- 4.25.2** Participation in the solicitation process on a procurement contract for which electronic means has been authorized shall constitute consent by the Offeror to conduct by electronic means all elements of the procurement of that Contract which are specifically authorized under the solicitation or Contract. In the case of electronic transactions authorized by this RFP, electronic records and signatures by an authorized representative satisfy a requirement for written submission and signatures.
- 4.25.3** "Electronic means" refers to exchanges or communications using electronic, digital, magnetic, wireless, optical, electromagnetic, or other means of electronically conducting transactions. Electronic means includes e-mail, internet-based communications, electronic funds transfer, specific electronic bidding platforms (e.g., <https://procurement.maryland.gov>), and electronic data interchange.
- 4.25.4** In addition to specific electronic transactions specifically authorized in other sections of this solicitation (e.g., RFP § 4.23 describing payments by Electronic Funds Transfer), the following transactions are authorized to be conducted by electronic means on the terms as authorized in COMAR 21.03.05:
- A. The Procurement Officer may conduct the procurement using eMMA or e-mail to issue:
- 1) The RFP;

- 2) Any amendments and requests for best and final offers;
 - 3) Pre-Proposal conference documents;
 - 4) Questions and responses;
 - 5) Communications regarding the solicitation or Proposal to any Offeror or potential Offeror;
 - 6) Notices of award selection or non-selection; and
 - 7) The Procurement Officer's decision on any Proposal protest or Contract claim.
- B. The Offeror or potential Offeror may use eMMA:
- 1) Submit Proposals;
 - 2) Ask questions regarding the solicitation;
 - 3) Reply to any material received from the Procurement Officer by electronic means that includes a Procurement Officer's request or direction to reply by e-mail or through eMMA, but only on the terms specifically approved and directed by the Procurement Officer and;
 - 4) Submit a "No Proposal Response" to the RFP.
- C. The Procurement Officer, the Contract Monitor, and the Contractor may conduct day-to-day Contract administration, except as outlined in **Section 4.25.5** of this subsection, utilizing e-mail or other electronic means if authorized by the Procurement Officer or Contract Monitor.

4.25.5 The following transactions related to this procurement and any Contract awarded pursuant to it are not authorized to be conducted by electronic means:

- A. Filing of protests;
- B. Filing of Contract claims;
- C. Submission of documents determined by MDH to require original signatures (e.g., Contract execution, Contract modifications); or
- D. Any transaction, submission, or communication where the Procurement Officer has specifically directed that a response from the Contractor or Offeror be provided in writing or hard copy.

4.25.6 Any e-mail transmission is only authorized to the e-mail addresses for the identified person as provided in the solicitation, the Contract, or in the direction from the Procurement Officer or Contract Monitor.

4.26 MBE Participation Goal

4.26.1 Establishment of Goal and Subgoals

An overall MBE subcontractor participation goal as identified in the Key Information Summary Sheet has been established for this procurement, representing a percentage of the total Contract dollar value, including all renewal option terms, if any, has been established for this procurement.

Notwithstanding any subgoals established for this RFP, the Contractor is encouraged to use a diverse group of subcontractors and suppliers from any/all of the various MBE classifications to meet the remainder of the overall MBE participation goal.

By submitting a response to this solicitation, the Offeror acknowledges the overall MBE subcontractor participation goal and subgoals, and commits to achieving the overall goal and subgoals by utilizing

certified minority business enterprises, or requests a full or partial waiver of the overall goal and subgoals.

An Offeror that does not commit to meeting the entire MBE participation goal outlined in this Section 4.26 implies that it is requesting a full or partial waiver for the remainder of the MBE goal or subgoals as applicable and, if recommended for award, shall submit documentation supporting its good faith efforts to meet the MBE goal made prior to submission of its proposal as outlined in Attachment D-1B, Waiver Guidance. Failure of an Offeror to properly complete, sign, and submit Attachment D-1A at the time it submits its Technical Response(s) to the RFP may result in the State's rejection of the Offeror's Proposal.

4.26.2 Attachments.

- A. D-1 to D-5 – The following Minority Business Enterprise participation instructions, and forms are provided to assist Offerors:
- | | |
|-----------------|--|
| Attachment D-1A | MBE Utilization and Fair Solicitation Affidavit & MBE Participation Schedule (must be submitted with Proposal) |
| Attachment D-1B | Waiver Guidance |
| Attachment D-1C | Good Faith Efforts Documentation to Support Waiver Request |
| Attachment D-2 | Outreach Efforts Compliance Statement |
| Attachment D-3A | MBE Subcontractor Project Participation Certification |
| Attachment D-3B | MBE Prime Project Participation Certification |
| Attachment D-4A | Prime Contractor Paid/Unpaid MBE Invoice Report |
| Attachment D-4B | MBE Prime Contractor Report |
| Attachment D-5 | Subcontractor Paid/Unpaid MBE Invoice Report |
- B. The Offeror shall include with its Proposal a completed MBE Utilization and Fair Solicitation Affidavit (**Attachment D-1A**) whereby:
1. The Offeror acknowledges the certified MBE participation goal and commits to make a good faith effort to achieve the goal and any applicable subgoals, or requests a waiver, and affirms that MBE subcontractors were treated fairly in the solicitation process; and
 2. The Offeror responds to the expected degree of MBE participation, as stated in the solicitation, by identifying the specific commitment of certified MBEs at the time of Proposal submission. The Offeror shall specify the percentage of total contract value associated with each MBE subcontractor identified on the MBE participation schedule, including any work performed by the MBE prime (including a prime participating as a joint venture) to be counted towards meeting the MBE participation goals.
 3. The Offeror requesting a waiver should review **Attachment D-1B** (Waiver Guidance) and **D-1C** (Good Faith Efforts Documentation to Support Waiver Request) prior to submitting its request.

An Offeror must properly complete and submit a separate Attachment D-1A, MBE Utilization and Fair Solicitation Affidavit & MBE Participation Schedule, for EACH Functional Area (I and II) for which it is submitting a proposal. If an Offeror is submitting a proposal for each of Functional Areas I and II, the Offeror must submit two separate Attachment D-1As, one for each of the two Functional Areas.

If the Offeror fails to submit a completed Attachment D-1A with the Proposal as required, the Procurement Officer shall determine that the Proposal is not reasonably susceptible of being selected for award, unless the inaccuracy is determined to be the result of a minor irregularity that is waived or cured in accordance with COMAR 21.06.02.04.

- 4.26.3 Offerors are responsible for verifying that each MBE (including any MBE prime and MBE prime participating in a joint venture) selected to meet the goal and any subgoals and subsequently identified in Attachment D-1A is appropriately certified and has the correct NAICS codes allowing it to perform the committed work.
- 4.26.4 Within ten (10) Business Days from notification that it is the recommended awardee or from the date of the actual award, whichever is earlier, the Offeror must provide the following documentation to the Procurement Officer.
- A. Outreach Efforts Compliance Statement (**Attachment D-2**);
 - B. MBE Subcontractor/Prime Project Participation Certification (**Attachment D-3A/3B**); and
 - C. Any other documentation required by the Procurement Officer to ascertain Offeror responsibility in connection with the certified MBE subcontractor participation goal or any applicable subgoals.
 - D. Further, if the recommended awardee believes a waiver (in whole or in part) of the overall MBE goal or of any applicable subgoal is necessary, the recommended awardee must submit a fully-documented waiver request that complies with COMAR 21.11.03.11.

If the recommended awardee fails to return each completed document within the required time, the Procurement Officer may determine that the recommended awardee is not responsible and, therefore, not eligible for Contract award. If the Contract has already been awarded, the award is voidable.

- 4.26.5 A current directory of certified MBEs is available through the Maryland State Department of Transportation (MDOT), Office of Minority Business Enterprise, 7201 Corporate Center Drive, Hanover, Maryland 21076. The phone numbers are (410) 865-1269, 1-800-544-6056, or TTY (410) 865-1342. The directory is also available on the MDOT website at <http://mbe.mdot.maryland.gov/directory/>. The most current and up-to-date information on MBEs is available via this website. Only MDOT-certified MBEs may be used to meet the MBE subcontracting goals.
- 4.26.6 The Offeror that requested or implied to request a waiver of the goal or any of the applicable subgoals will be responsible for submitting the Good Faith Efforts Documentation to Support Waiver Request (Attachment D-1C) and all documentation within ten (10) Business Days from notification that it is the recommended awardee or from the date of the actual award, whichever is earlier, as required in COMAR 21.11.03.11.

4.26.7 All documents, including the MBE Utilization and Fair Solicitation Affidavit & MBE Participation Schedule (Attachment D-1A), completed and submitted by the Offeror in connection with its certified MBE participation commitment shall be considered a part of the Contract and are hereby expressly incorporated into the Contract by reference thereto. All of the referenced documents will be considered a part of the Proposal for order of precedence purposes (see Contract – Attachment M, Section 2.1).

4.26.8 The Offeror is advised that liquidated damages will apply in the event the Contractor fails to comply in good faith with the requirements of the MBE program and pertinent Contract provisions. See Contract – Attachment M, Liquidated Damages for MBE, section 39.

4.26.9 As set forth in COMAR 21.11.03.12-1(D), when a certified MBE firm participates on a contract as a prime contractor (including a joint-venture where the MBE firm is a partner), a procurement agency may count the distinct, clearly defined portion of the work of the contract that the certified MBE firm performs with its own work force towards fulfilling up to fifty-percent (50%) of the MBE participation goal (overall) and up to one hundred percent (100%) of not more than one of the MBE participation subgoals, if any, established for the contract.

In order to receive credit for self-performance, an MBE prime must list its firm in Section 4A of the MBE Participation Schedule (**Attachment D-1A**) and include information regarding the work it will self-perform. For the remaining portion of the overall goal and the subgoals, the MBE prime must also identify other certified MBE subcontractors [see Section 4B of the MBE Participation Schedule (**Attachment D-1A**)] used to meet those goals. If dually-certified, the MBE prime can be designated as only one of the MBE subgoal classifications but can self-perform up to 100% of the stated subgoal.

As set forth in COMAR 21.11.03.12-1, once the Contract work begins, the work performed by a certified MBE firm, including an MBE prime, can only be counted towards the MBE participation goal(s) if the MBE firm is performing a commercially useful function on the Contract. Refer to MBE forms (**Attachment D**) for additional information.

4.27 VSBE Goal

4.27.1 Purpose

- A. The Contractor shall structure its procedures for the performance of the work required in the Contract to attempt to achieve the VSBE participation goal stated in this solicitation. VSBE performance must be in accordance with this section and **Attachment E**, as authorized by COMAR 21.11.13. The Contractor agrees to exercise all good faith efforts to carry out the requirements set forth in this section and **Attachment E**.
- B. A certified Veteran-Owned Small Business Enterprises (VSBE) must be verified by the State Department of Veterans Affairs or US Department of Veteran's Affairs [Vets First Verification Program](#) (VetBiz) and registered as a VSBE on the State's eProcurement platform, eMaryland Marketplace Advantage (eMMA). The listing of VSBEs is available through the "Vendor Search" on [eMMA](#).

4.27.2 VSBE Goal

- A. A VSBE participation goal of the total Contract dollar amount has been established for this procurement as identified in the Key Information Summary Sheet.
- B. By submitting a response to this solicitation, the Offeror agrees that this percentage of the total dollar amount of the Contract will be performed by verified veteran-owned small business enterprises.

4.27.3 Solicitation and Contract Formation

- A. In accordance with COMAR 21.11.13.05 C (1), this solicitation requires Offerors to:
- 1) Identify specific work categories within the scope of the procurement appropriate for subcontracting;
 - 2) Solicit VSBEs before Proposals are due, describing the identified work categories and providing instructions on how to bid on the subcontracts;
 - 3) Attempt to make personal contact with the VSBEs solicited and to document these attempts;
 - 4) Assist VSBEs to fulfill, or to seek waiver of, bonding requirements; and
 - 5) Attempt to attend preProposal or other meetings the procurement agency schedules to publicize contracting opportunities to VSBEs.
- B. The Offeror must include with its Proposal a completed VSBE Utilization Affidavit and Prime/Subcontractor Participation Schedule (**Attachment E-1**) whereby the Offeror:
- 1) Acknowledges it: a) intends to meet the VSBE participation goal; or b) requests a full or partial waiver of the VSBE participation goal. If the Offeror commits to the full VSBE goal or requests a partial waiver, it shall commit to making a good faith effort to achieve the stated goal; and
 - 2) Responds to the expected degree of VSBE participation as stated in the solicitation, by identifying the specific commitment of VSBEs at the time of Proposal submission. The Offeror shall specify the percentage of contract value associated with each VSBE prime/subcontractor identified on the VSBE Participation Schedule.

An Offeror must properly complete and submit a separate Attachment E-1, VSBE Utilization Affidavit and Prime/Subcontractor Participation Schedule, for EACH Service Category (I and II) for which it is submitting a proposal. If an Offeror is submitting a proposal for each of Service Categories I and II, the Offeror must submit two separate Attachment E-1s, one for each of the two Service Categories.

- C. As set forth in COMAR 21.11.13.05.B(2), when a verified VSBE firm participates on a Contract as a Prime Contractor, a procurement agency may count the distinct, clearly defined portion of the work of the contract that the VSBE Prime Contractor performs with its own work force towards meeting up to one hundred percent (100%) of the VSBE goal.
- D. In order to receive credit for self-performance, a VSBE Prime must list its firm in the VSBE Prime/Subcontractor Participation Schedule (**Attachment E-1**) and include information regarding the work it will self-perform. For any remaining portion of the VSBE goal that is not to be performed by the VSBE Prime, the VSBE Prime must also identify verified VSBE subcontractors used to meet the remainder of the goal.
- E. Within 10 Business Days from notification that it is the apparent awardee, the awardee must provide the following documentation to the Procurement Officer:
- 1) VSBE Project Participation Statement (**Attachment E-2**);
 - 2) If the apparent awardee believes a full or partial waiver of the overall VSBE goal is necessary, it must submit a fully-documented waiver request that complies with COMAR 21.11.13.07; and

- 3) Any other documentation required by the Procurement Officer to ascertain Offeror responsibility in connection with the VSBE participation goal.

If the apparent awardee fails to return each completed document within the required time, the Procurement Officer may determine that the apparent awardee is not reasonably susceptible of being selected for award.

4.28 Living Wage Requirements

- A. Maryland law requires that contractors meeting certain conditions pay a living wage to covered employees on State service contracts over \$100,000. Maryland Code Ann., State Finance and Procurement Article, § 18-101 et al. The Commissioner of Labor and Industry at the Maryland Department of Labor requires that a contractor subject to the Living Wage law submit payroll records for covered employees and a signed statement indicating that it paid a living wage to covered employees; or receive a waiver from Living Wage reporting requirements. See COMAR 21.11.10.05.
- B. If subject to the Living Wage law, Contractor agrees that it will abide by all Living Wage law requirements, including but not limited to reporting requirements in COMAR 21.11.10.05. Contractor understands that failure of Contractor to provide such documents is a material breach of the terms and conditions and may result in Contract termination, disqualification by the State from participating in State contracts, and other sanctions. Information pertaining to reporting obligations may be found by going to the Maryland Department of Labor website <http://www.dllr.state.md.us/labor/prev/livingwage.shtml>.
- C. Additional information regarding the State's living wage requirement is contained in **Attachment F**. Offerors must complete and submit the Maryland Living Wage Requirements Affidavit of Agreement (**Attachment F-1**) with their Proposals. If the Offeror fails to complete and submit the required documentation, the State may determine the Offeror to not be responsible under State law.
- D. Contractors and subcontractors subject to the Living Wage Law shall pay each covered employee at least the minimum amount set by law for the applicable Tier area. The specific living wage rate is determined by whether a majority of services take place in a Tier 1 Area or a Tier 2 Area of the State. The specific Living Wage rate is determined by whether a majority of services take place in a Tier 1 Area or Tier 2 Area of the State.
 - 1) The Tier 1 Area includes Montgomery, Prince George's, Howard, Anne Arundel and Baltimore Counties, and Baltimore City. The Tier 2 Area includes any county in the State not included in the Tier 1 Area. In the event that the employees who perform the services are not located in the State, the head of the unit responsible for a State Contract pursuant to §18-102(d) of the State Finance and Procurement Article shall assign the tier based upon where the recipients of the services are located. If the Contractor provides more than 50% of the services from an out-of-State location, the State agency determines the wage tier based on where the majority of the service recipients are located. In this circumstance, the Contract will be determined to be a Tier (enter "1" or "2," depending on where the majority of the service recipients are located) Contract.
 - 2) The Contract will be determined to be a Tier 1 Contract or a Tier 2 Contract depending on the location(s) from which the Contractor provides 50% or more of the services. The Offeror must identify in its Proposal the location(s) from which services will be provided, including the location(s) from which 50% or more of the Contract services will be provided.

- 3) If the Contractor provides 50% or more of the services from a location(s) in a Tier 1 jurisdiction(s) the Contract will be a Tier 1 Contract.
- 4) If the Contractor provides 50% or more of the services from a location(s) in a Tier 2 jurisdiction(s), the Contract will be a Tier 2 Contract.
- E. If the Contractor provides more than 50% of the services from an out-of-State location, the State agency determines the wage tier based on where the majority of the service recipients are located. See COMAR 21.11.10.07.
- F. The Offeror shall identify in the Proposal the location from which services will be provided.
- G. **NOTE:** Whereas the Living Wage may change annually, the Contract price will not change because of a Living Wage change or a change in the State minimum wage.

4.29 Federal Funding Acknowledgement

- 4.29.1 There are programmatic conditions that apply to the Contract due to Federal funding (see Attachment G).
- 4.29.2 The total amount of Federal funds allocated for the Prevention and Health Promotion Administration is \$229,253,382 in Maryland State fiscal year 2021. This represents 55.80% of all funds budgeted for the unit in that fiscal year. This does not necessarily represent the amount of funding available for any particular grant, contract, or solicitation.
- 4.29.3 The Contract contains Federal funds. The source of these Federal funds is: Maternal, Infant and Early Childhood Home Visiting Program. The CFDA number is: 93.870. The conditions that apply to all Federal funds awarded by the Prevention and Health Promotion Administration are contained in Federal Funds Attachment G. Any additional conditions that apply to this particular federally-funded contract are contained as supplements to Federal Funds Attachment G and Offerors are to complete and submit these Attachments with their Proposals as instructed in the Attachments. Acceptance of this agreement indicates the Offeror's intent to comply with all conditions, which are part of the Contract.

4.30 Conflict of Interest Affidavit and Disclosure

- 4.30.1 The Offeror shall complete and sign the Conflict of Interest Affidavit and Disclosure (Attachment H) and submit it with its Proposal.
- 4.30.2 By submitting a Conflict of Interest Affidavit and Disclosure, the Contractor shall be construed as certifying all Contractor Personnel and subcontractors are also without a conflict of interest as defined in COMAR 21.05.08.08A.
- 4.30.3 Additionally, a Contractor has an ongoing obligation to ensure that all Contractor Personnel are without conflicts of interest prior to providing services under the Contract. For policies and procedures applying specifically to Conflict of Interests, the Contract is governed by COMAR 21.05.08.08.
- 4.30.4 Participation in Drafting of Specifications: Disqualifying Event: Offerors are advised that Md. Code Ann. State Finance and Procurement Article §13-212.1(a) provides generally that "an individual who assists an executive unit in the drafting of specifications, an invitation for bids, a request for proposals for a procurement, or the selection or award made in response to an invitation for bids or a request for proposals, or a person that employs the individual, may not: (1) submit a bid or proposal for that procurement; or (2) assist or represent another person, directly or indirectly, who is submitting a bid or proposal for that procurement." Any Offeror submitting a

Proposal in violation of this provision shall be classified as “not responsible.” See COMAR 21.05.03.03.

4.31 Non-Disclosure Agreement

4.31.1 Non-Disclosure Agreement (Offeror)

A Non-Disclosure Agreement (Offeror) is not required for this procurement.

4.31.2 Non-Disclosure Agreement (Contractor)

All Offerors are advised that this solicitation and any Contract(s) are subject to the terms of the Non-Disclosure Agreement (NDA) contained in this solicitation as **Attachment I**. This Agreement must be provided within five (5) Business Days of notification of recommended award; however, to expedite processing, it is suggested that this document be completed and submitted with the Proposal.

4.32 HIPAA - Business Associate Agreement

Based on the determination by MDH that the functions to be performed in accordance with this solicitation constitute Business Associate functions as defined in the Health Insurance Portability and Accountability Act of 1996 (HIPAA), the recommended awardee shall execute a Business Associate Agreement as required by HIPAA regulations at 45 C.F.R. § 164.500 *et seq.* and set forth in **Attachment J**. This Agreement must be provided within five (5) Business Days of notification of proposed Contract award. However, to expedite processing, it is suggested that this document be completed and submitted with the Proposal. Should the Business Associate Agreement not be submitted upon expiration of the five (5) Business Day period as required by this solicitation, the Procurement Officer, upon review of the Office of the Attorney General and approval of the Secretary, may withdraw the recommendation for award and make the award to the responsible Offeror with the next highest overall-ranked Proposal.

4.33 Nonvisual Access

4.33.1 The Offeror warrants that the information technology offered under this proposal:

1. Provides equivalent access for effective use by both visual and nonvisual means consistent with the standards of § 508 of the Federal Rehabilitation Act of 1973 and Code of Maryland Regulations 14.33.02;
2. Provides an individual with disabilities with nonvisual access in a way that is fully and equally accessible to and independently usable by the individual with disabilities so that the individual is able to acquire the same information, engage in the same interactions, and enjoy the same services as users without disabilities, with substantially equivalent ease of use;
3. Will present information, including prompts used for interactive communications, in formats intended for both visual and nonvisual use;
4. If intended for use in a network, can be integrated into networks for obtaining, retrieving, and disseminating information used by individuals who are not blind or visually impaired; and
5. Is available, whenever possible, without modification for compatibility with software and hardware for nonvisual access. The Offeror further warrants that the cost, if any, of modifying the information technology for compatibility with

software and hardware used for nonvisual access will not increase the cost of the information technology by more than 15 percent.

- 4.33.2** If the information technology procured under this solicitation does not meet the nonvisual access standards set forth in the Code of Maryland Regulations 14.33.02, the State will notify the Offeror in writing that the Offeror, at its own expense, has 12 months after the date of the notification to modify the information technology in order to meet the nonvisual access standards. If the Offeror fails to modify the information technology to meet the nonvisual access standards within 12 months after the date of the notification, the Offeror may be subject to a civil penalty of a fine not exceeding \$5,000 for a first offense, and a fine not exceeding \$10,000 for a subsequent offense.
- 4.33.3** The Offeror shall indemnify the State for liability resulting from the use of information technology that does not meet the applicable nonvisual access standards.
- 4.33.4** For purposes of this regulation, the phrase 'equivalent access' means the ability to receive, use, and manipulate information and operate controls necessary to access and use information technology by nonvisual means. Examples of equivalent access include keyboard controls used for input and synthesized speech, Braille, or other audible or tactile means used for output.

4.34 Mercury and Products That Contain Mercury

This solicitation does not include the procurement of products known to likely include mercury as a component.

4.35 Location of the Performance of Services Disclosure

This solicitation does not require a Location of the Performance of Services Disclosure.

4.36 Department of Human Services (DHS) Hiring Agreement

This solicitation does not require a DHS Hiring Agreement.

4.37 Small Business Reserve (SBR) Procurement

This solicitation is not designated as a Small Business Reserve (SBR) Procurement.

4.38 Maryland Healthy Working Families Act Requirements

On February 11, 2018, the Maryland Healthy Working Families Act went into effect. All Offerors should be aware of how this Act could affect your potential contract award with the State of Maryland. See the Department of Labor, Licensing and Regulations web site for Maryland Healthy Working Families Act Information: <http://dllr.maryland.gov/paidleave/>.

THE REMAINDER OF THIS PAGE IS INTENTIONALLY LEFT BLANK.

5 Proposal Format

5.1 Two Part Submission

Offerors shall submit Proposals in separate volumes (or envelopes):

1. Volume I – Technical Proposal
2. Volume II – Financial Proposal

5.2 Proposal Delivery and Packaging

5.2.1 Proposals delivered by e-mail shall not be considered.

5.2.2 Provide no pricing information in the Technical Proposal. Provide no pricing information on the media submitted in the Technical Proposal.

5.2.3 Offerors may submit Proposals through the State’s internet based electronic procurement system, eMMA.

5.2.4 The Procurement Officer must receive all electronic Proposal material by the RFP due date and time specified in the Key Information Summary Sheet. Requests for extension of this date or time will not be granted. Except as provided in COMAR 21.05.03.02F, Proposals received by the Procurement Officer after the due date will not be considered.

5.2.5 Offerors shall provide their Proposals in two separate envelopes through eMMA following the [Quick Reference Guides](#) (QRG) labelled “5 - eMMA QRG Responding to Solicitations (RFP)” for double envelope submissions.

5.2.6 Two Part (Double Envelope) Submission:

A. Technical Proposal consisting of:

- 1) Technical Proposal and all supporting material in Microsoft Word format, version 2007 or greater,
- 2) Technical Proposal in searchable Adobe PDF format,
- 3) a second searchable Adobe copy of the Technical Proposal, with confidential and proprietary information redacted (see **Section 4.8**), and

B. Financial Proposal consisting of:

- 1) Financial Proposal entered into the price form spreadsheet within eMMA and all supporting material in Excel format,
- 2) Financial Proposal in searchable Adobe PDF format,
- 3) a second searchable Adobe copy of the Financial Proposal, with confidential and proprietary information removed (see **Section 4.8**).

5.3 Volume I - Technical Proposal

NOTE: Omit all **pricing information** from the Technical Proposal (Volume I). Include pricing information only in the Financial Proposal (Volume II).

5.3.1 In addition to the instructions below, responses in the Offeror’s Technical Proposal shall reference the organization and numbering of Sections in the RFP (e.g., “Section 2.2.1 Response . . . ; “Section 2.2.2 Response . . .”). All pages of both Proposal volumes shall be consecutively numbered from beginning (Page 1) to end (Page “x”).

5.3.2 The Technical Proposal shall include the following documents and information in the order specified as follows. Each section of the Technical Proposal shall be separated by a TAB as detailed below:

A. Title Page and Table of Contents (Submit under TAB A)

The Technical Proposal should begin with a Title Page bearing the name and address of the Offeror and the name and number of this RFP. A Table of Contents shall follow the Title Page for the Technical Proposal, organized by section, subsection, and page number.

B. Claim of Confidentiality (If applicable, submit under TAB A-1)

Any information which is claimed to be confidential and/or proprietary information should be identified by page and section number and placed after the Title Page and before the Table of Contents in the Technical Proposal, and if applicable, separately in the Financial Proposal. An explanation for each claim of confidentiality shall be included (see **Section 4.8 “Public Information Act Notice”**). The entire Proposal cannot be given a blanket confidentiality designation - any confidentiality designation must apply to specific sections, pages, or portions of pages of the Proposal and an explanation for each claim shall be included.

C. Offeror Information Sheet and Transmittal Letter (Submit under TAB B)

The Offeror Information Sheet (see **Appendix 2**) and a Transmittal Letter shall accompany the Technical Proposal. The purpose of the Transmittal Letter is to transmit the Proposal and acknowledge the receipt of any addenda to this RFP issued before the Proposal due date and time. Transmittal Letter should be brief, be signed by an individual who is authorized to commit the Offeror to its Proposal and the requirements as stated in this RFP.

D. Executive Summary (Submit under TAB C)

The Offeror shall condense and highlight the contents of the Technical Proposal in a separate section titled “Executive Summary.”

In addition, the Summary shall indicate whether the Offeror is the subsidiary of another entity, and if so, whether all information submitted by the Offeror pertains exclusively to the Offeror. If not, the subsidiary Offeror shall include a guarantee of performance from its parent organization as part of its Executive Summary (see **Section 4.16 “Offeror Responsibilities”**).

The Executive Summary shall also identify any exceptions the Offeror has taken to the requirements of this RFP, the Contract (**Attachment M**), or any other exhibits or attachments. Acceptance or rejection of exceptions is within the sole discretion of the State. **Exceptions to terms and conditions, including requirements, may result in having the Proposal deemed unacceptable or classified as not reasonably susceptible of being selected for award.**

E. Minimum Qualifications Documentation (If applicable, Submit under TAB D)

The Offeror shall submit any Minimum Qualifications documentation that may be required, as set forth in RFP **Section 1**. If references are required in **RFP Section 1**, those references shall be submitted in this section and shall contain the information described in both **Section 1** and **Section 5.3.2.I**.

F. Offeror Technical Response to RFP Requirements and Proposed Work Plan (Submit under TAB E)

- 1) The Offeror shall address each RFP requirement (RFP **Section 2** and **Section 3**) in its Technical Proposal with a cross reference to the requirement and describe how its proposed goods and services, including the goods and services of any proposed subcontractor(s), will meet or exceed the requirement(s). If the State is seeking Offeror agreement to any requirement(s), the Offeror shall state its agreement or disagreement. Any paragraph in the Technical Proposal that responds to an RFP requirement shall include an explanation of how the work will be performed. The response shall address each requirement in **Section 2** and **Section 3** in order, and shall contain a cross reference to the requirement.
- 2) The Offeror shall demonstrate and provide examples of previous work illustrating their ability to provide each of the following:
 - i. Training manuals and/or materials;
 - ii. Materials for presentations;
 - iii. Citations for Research; and
 - iv. Newsletters or news bulletins.
- 3) Any exception to a requirement, term, or condition may result in having the Proposal classified as not reasonably susceptible of being selected for award or the Offeror deemed not responsible.
- 4) The Offeror shall give a definitive section-by-section description of the proposed plan to meet the requirements of the RFP, i.e., a Work Plan. The Work Plan shall include the specific methodology, techniques, and number of staff, if applicable, to be used by the Offeror in providing the required goods and services as outlined in RFP **Section 2**, Contractor Requirements: Scope of Work. The description shall include an outline of the overall management concepts employed by the Offeror and a project management plan, including project control mechanisms and overall timelines. Project deadlines considered contract deliverables must be recognized in the Work Plan.
- 5) Implementation Schedule - Offeror shall provide the proposed implementation schedule with its Proposal.
- 6) The Offeror shall identify the location(s) from which it proposes to provide services, including, if applicable, any current facilities that it operates, and any required construction to satisfy the State's requirements as outlined in this RFP
- 7) The Offeror shall provide a draft Problem Escalation Procedure (PEP) that includes, at a minimum, titles of individuals to be contacted by the Contract Monitor should problems arise under the Contract and explains how problems with work under the Contract will be escalated in order to resolve any issues in a timely manner. Final procedures shall be submitted as indicated in **Section 3.8**.
- 8) The Offeror shall provide a Backup solution/ strategy recommendation as part of its Proposal.
- 9) The Offeror shall include an SLA as identified in **Section 2.6**, including service level metrics offered and a description how the metrics are measured, any SLA credits should

the service level metrics not be met, and how the State can verify the service level. The Offeror shall describe how service level performance is reported to the State.

10) Non-Compete Clause Prohibition:

MDH seeks to maximize the retention of personnel working under the Contract whenever there is a transition of the Contract from one contractor to another so as to minimize disruption due to a change in contractor and maximize the maintenance of institutional knowledge accumulated by such personnel. To help achieve this objective of staff retention, each Offeror shall agree that if awarded the Contract, the Offeror's employees and agents filling the positions on the State contract shall be free to work for the contractor awarded the State contract notwithstanding any non-compete clauses to which the employee(s) may be subject. The Offeror agrees not to enforce any non-compete restrictions against the State with regard to these employees and agents if a different vendor succeeds it in the performance of the Contract. To evidence compliance with this non-compete clause prohibition, each Offeror must include an affirmative statement in its technical Proposal that the Offeror, if awarded a Contract, agrees that its employees and agents shall not be restricted from working with or for any successor contractor that is awarded the State business.

11) Product Requirements

- a) Details for each offering: The Offeror shall provide the following information for each offering:
 - i) Offering Name;
 - ii) Offeror relationship with manufacturer (e.g., manufacturer, reseller, partner);
 - iii) Manufacturer;
 - iv) Short description of capability;
 - v) Version (and whether version updates are limited in any way);
 - vi) License type (e.g., user, CPU, node, transaction volume);
 - vii) Subscription term (e.g., annual);
 - viii) License restrictions, if any;
 - ix) Operational support offered (e.g., customer support, help desk, user manuals online or hardcopy), including description of multiple support levels (if offered), service level measures and reporting;
 - x) Continuity of operations and disaster recovery plans for providing service at 24/7/365 level;
 - xi) Ability of the offering to read and export data in existing State enterprise data stores. Offerors in their Proposals shall describe the interoperability of data that can be imported or exported from the Solution, including generating industry standard formats;
 - xii) Any processing or storage of data outside of the continental U.S;
 - xiii) Any limitations or constraints in the offering, including any terms or conditions (e.g., terms of service, ELA, AUP, professional services agreement, master agreement) – see also **Section 5.3.2**.

- xiv) Compatibility with the State's existing single sign-on system, SecureAuth or other single sign-on approaches;
- xv) APIs offered, and what type of content can be accessed and consumed;
- xvi) Update / upgrade roadmap and procedures, to include: planned changes in the next 12 months, frequency of system update (updates to software applied) and process for updates/upgrades;
- xvii) Frequency of updates to data services, including but not limited to, datasets provided as real-time feeds, and datasets updated on a regular basis (e.g., monthly, quarterly, annually, one-time);
- xviii) What type of third party assessment (such as a SOC 2 Type II audit) is performed, the nature of the assessment (e.g., the trust services criteria and scope of assessment), and whether the results of the assessment pertinent to the State will be shared with the State. See also **Section 3.9**;
- xix) Offeror shall describe its security model and procedures supporting handling of State data. If more than one level of service is offered, the Offeror shall describe such services. Include, at a minimum:
 - (1) procedures for and requirements for hiring staff (such as background checks),
 - (2) any non-disclosure agreement Contractor Personnel sign,
 - (3) whether the service is furnished out of the continental U.S. (see security requirements in **Section 3.7**),
 - (4) Certifications such as FedRAMP,
 - (5) Third party security auditing, including FISMA,
 - (6) Published Security Incident reporting policy, and
 - (7) Cybersecurity insurance, if any, maintained.

G. Experience and Qualifications of Proposed Staff (Submit under TAB F)

As part of the evaluation of the Proposal for this RFP, Offerors shall propose exactly three (3) key resources and shall describe in a Staffing Plan how additional resources shall be acquired to meet the needs of MDH All other planned positions shall be described generally in the Staffing Plan, and may not be used as evidence of fulfilling company or personnel minimum qualifications.

The Offeror shall identify the qualifications and types of staff proposed to be utilized under the Contract including information in support of the Personnel Experience criteria in **Section 3.10.2**. Specifically, the Offeror shall:

- 1) Describe in detail how the proposed staff's experience and qualifications relate to their specific responsibilities, including any staff of proposed subcontractor(s), as detailed in the Work Plan.
- 2) Include individual resumes for Key Personnel, including Key Personnel for any proposed subcontractor(s), who are to be assigned to the project if the Offeror is awarded the Contract. Each resume should include the amount of experience the individual has had relative to the Scope of Work set forth in this solicitation.

- 3) Include letters of intended commitment to work on the project, including letters from any proposed subcontractor(s).
- 4) Provide an Organizational Chart outlining Personnel and their related duties. The Offeror shall include job titles and the percentage of time each individual will spend on his/her assigned tasks. Offerors using job titles other than those commonly used by industry standards must provide a crosswalk reference document.
- 5) If proposing differing personnel work hours than identified in the RFP, describe how and why it proposes differing personnel work hours.

H. Offeror Qualifications and Capabilities (Submit under TAB G)

The Offeror shall include information on past experience with similar projects and services including information in support of the Offeror Experience criteria in **Section 3.10.1**. The Offeror shall describe how its organization can meet the requirements of this RFP and shall also include the following information:

- 1) The number of years the Offeror has provided the similar goods and services;
- 2) The number of clients/customers and geographic locations that the Offeror currently serves;
- 3) The names and titles of headquarters or regional management personnel who may be involved with supervising the services to be performed under the Contract;
- 4) The Offeror's process for resolving billing errors; and
- 5) An organizational chart that identifies the complete structure of the Offeror including any parent company, headquarters, regional offices, and subsidiaries of the Offeror.

I. References (Submit under TAB H)

At least three (3) references are requested from customers who are capable of documenting the Offeror's ability to provide the goods and services specified in this RFP. References used to meet any Minimum Qualifications (see RFP **Section 1**) may be used to meet this request. Each reference shall be from a client for whom the Offeror has provided goods and services within the past five (5) years and shall include the following information:

- 1) Name of client organization;
- 2) Name, title, telephone number, and e-mail address, if available, of point of contact for client organization; and
- 3) Value, type, duration, and description of goods and services provided.

MDH reserves the right to request additional references or utilize references not provided by the Offeror. Points of contact must be accessible and knowledgeable regarding Offeror performance.

J. List of Current or Prior State Contracts (Submit under TAB I)

Provide a list of all contracts with any entity of the State of Maryland for which the Offeror is currently performing goods and services or for which services have been completed within the last five (5) years. For each identified contract, the Offeror is to provide:

- 1) The State contracting entity;
- 2) A brief description of the goods and services provided;
- 3) The dollar value of the contract;
- 4) The term of the contract;
- 5) The State employee contact person (name, title, telephone number, and, if possible, e-mail address); and
- 6) Whether the contract was terminated before the end of the term specified in the original contract, including whether any available renewal option was not exercised.

Information obtained regarding the Offeror's level of performance on State contracts will be used by the Procurement Officer to determine the responsibility of the Offeror and considered as part of the experience and past performance evaluation criteria of the RFP.

K. Financial Capability (Submit under TAB J)

The Offeror must include in its Proposal a commonly-accepted method to prove its fiscal integrity. If available, the Offeror shall include Financial Statements, preferably a Profit and Loss (P&L) statement and a Balance Sheet, for the last two (2) years (independently audited preferred).

In addition, the Offeror may supplement its response to this Section by including one or more of the following with its response:

- 1) Dun & Bradstreet Rating;
- 2) Standard and Poor's Rating;
- 3) Lines of credit;
- 4) Evidence of a successful financial track record; and
- 5) Evidence of adequate working capital.

L. Certificate of Insurance (Submit under TAB K)

The Offeror shall provide a copy of its current certificate of insurance showing the types and limits of insurance in effect as of the Proposal submission date. The current insurance types and limits do not have to be the same as described in **Section 3.6**. See **Section 3.6** for the required insurance certificate submission for the apparent awardee.

M. Subcontractors (Submit under TAB L)

The Offeror shall provide a complete list of all subcontractors that will work on the Contract if the Offeror receives an award, including those utilized in meeting the MBE and VSBE subcontracting goal(s), if applicable. This list shall include a full description of the duties each subcontractor will perform and why/how each subcontractor was deemed the most qualified for this project. If applicable, subcontractors utilized in meeting the established MBE or VSBE participation goal(s) for this solicitation shall be identified as provided in the appropriate attachment(s) of this RFP.

N. Legal Action Summary (Submit under TAB M)

This summary shall include:

- 1) A statement as to whether there are any outstanding legal actions or potential claims against the Offeror and a brief description of any action;
- 2) A brief description of any settled or closed legal actions or claims against the Offeror over the past five (5) years;
- 3) A description of any judgments against the Offeror within the past five (5) years, including the court, case name, complaint number, and a brief description of the final ruling or determination; and
- 4) In instances where litigation is ongoing and the Offeror has been directed not to disclose information by the court, provide the name of the judge and location of the court.

O. Economic Benefit Factors (Submit under TAB N)

- 1) The Offeror shall submit with its Proposal a narrative describing benefits that will accrue to the Maryland economy as a direct or indirect result of its performance of the Contract. Proposals will be evaluated to assess the benefit to Maryland's economy specifically offered. The economic benefit offered should be consistent with the Offeror's Total Proposal Price from **Attachment B**, the Financial Proposal Form. See COMAR 21.05.03.03A (3).
- 2) Proposals that identify specific benefits as being contractually enforceable commitments will be rated more favorably than Proposals that do not identify specific benefits as contractual commitments, all other factors being equal.
- 3) Offerors shall identify any performance guarantees that will be enforceable by the State if the full level of promised benefit is not achieved during the Contract term.
- 4) As applicable, for the full duration of the Contract, including any renewal period, or until the commitment is satisfied, the Contractor shall provide to the Procurement Officer or other designated agency personnel reports of the actual attainment of each benefit listed in response to this section. These benefit attainment reports shall be provided quarterly, unless elsewhere in these specifications a different reporting frequency is stated.
- 5) In responding to this section, the following do not generally constitute economic benefits to be derived from the Contract:
 - a) generic statements that the State will benefit from the Offeror's superior performance under the Contract;
 - b) descriptions of the number of Offeror employees located in Maryland other than those that will be performing work under the Contract; or
 - c) tax revenues from Maryland-based employees or locations, other than those that will be performing, or used to perform, work under the Contract.
- 6) Discussion of Maryland-based employees or locations may be appropriate if the Offeror makes some projection or guarantee of increased or retained presence based upon being awarded the Contract.

- 7) Examples of economic benefits to be derived from a contract may include any of the following. For each factor identified below, identify the specific benefit and contractual commitments and provide a breakdown of expenditures in that category:
 - a) The Contract dollars to be recycled into Maryland's economy in support of the Contract, through the use of Maryland subcontractors, suppliers and joint venture partners. **Do not include actual fees or rates paid to subcontractors or information from your Financial Proposal;**
 - b) The number and types of jobs for Maryland residents resulting from the Contract. Indicate job classifications, number of employees in each classification and the aggregate payroll to which the Offeror has committed, including contractual commitments at both prime and, if applicable, subcontract levels; and whether Maryland employees working at least 30 hours per week and are employed at least 120 days during a 12-month period will receive paid leave. If no new positions or subcontracts are anticipated as a result of the Contract, so state explicitly;
 - c) Tax revenues to be generated for Maryland and its political subdivisions as a result of the Contract. Indicate tax category (sales taxes, payroll taxes, inventory taxes and estimated personal income taxes for new employees). Provide a forecast of the total tax revenues resulting from the Contract;
 - d) Subcontract dollars committed to Maryland small businesses and MBEs; and
 - e) Other benefits to the Maryland economy which the Offeror promises will result from awarding the Contract to the Offeror, including contractual commitments. Describe the benefit, its value to the Maryland economy, and how it will result from, or because of the Contract award. Offerors may commit to benefits that are not directly attributable to the Contract, but for which the Contract award may serve as a catalyst or impetus.

P. Technical Proposal - Required Forms and Certifications (Submit under TAB O)

- 1) All forms required for the Technical Proposal are identified in Table 1 of **Section 7** – RFP Attachments and Appendices. Unless directed otherwise by instructions within an individual form, complete, sign, and include all required forms in the Technical Proposal, under TAB O.
- 2) Offerors shall furnish any and all agreements and terms and conditions the Offeror expects the State to sign or to be subject to in connection with or in order to use the Offeror's services under this Contract. This includes physical copies of all agreements referenced and incorporated in primary documents, including but not limited to any software licensing agreement for any software proposed to be licensed to the State under this Contract (e.g., EULA, Enterprise License Agreements, Professional Service agreement, Master Agreement) and any AUP. The State does not agree to terms and conditions not provided in an Offeror's Technical Proposal and no action of the State, including but not limited to the use of any such software, shall be deemed to constitute acceptance of any such terms and conditions. Failure to comply with this section renders any such agreement unenforceable against the State.
- 3) For each service, hardware or software proposed as furnished by a third-party entity, Offeror must identify the third-party provider and provide a letter of authorization or such other documentation demonstrating the authorization for such services. In the case of an

- open source license, authorization for the open source shall demonstrate compliance with the open source license.
- 4) A Letter of Authorization shall be on letterhead or through the provider's e-mail. Further, each Letter of Authorization shall be less than twelve (12) months old and must provide the following information:
- i) Third-party POC name and alternate for verification
 - ii) Third-party POC mailing address
 - iii) Third-party POC telephone number
 - iv) Third-party POC email address
 - v) If available, a Re-Seller Identifier

5.4 Volume II – Financial Proposal

The Financial Proposal shall contain all price information in the format specified in **Attachment B**. The Offeror shall complete the Financial Proposal Form only as provided in the Financial Proposal Instructions and the Financial Proposal Form itself. Do not amend, alter, or leave blank any items on the Financial Proposal Form or include additional clarifying or contingent language on or attached to the Financial Proposal Form. Failure to adhere to any of these instructions may result in the Proposal being determined to be not reasonably susceptible of being selected for award and rejected by MDH.

THE REMAINDER OF THIS PAGE IS INTENTIONALLY LEFT BLANK.

6 Evaluation and Selection Process

6.1 Evaluation Committee

Evaluation of Proposals will be performed in accordance with COMAR 21.05.03 by a committee established for that purpose and based on the evaluation criteria set forth below. The Evaluation Committee will review Proposals, participate in Offeror oral presentations and discussions, and provide input to the Procurement Officer. MDH reserves the right to utilize the services of individuals outside of the established Evaluation Committee for advice and assistance, as deemed appropriate.

During the evaluation process, the Procurement Officer may determine at any time that a particular Offeror is not susceptible for award.

6.2 Technical Proposal Evaluation Criteria

The criteria to be used to evaluate each Technical Proposal are listed below in descending order of importance. Unless stated otherwise, any sub-criteria within each criterion have equal weight.

6.2.1 Offeror's Technical Response to Requirements and Work Plan (See RFP § 5.3.2.F)

The State prefers the Offeror's Technical Proposal to illustrate a comprehensive understanding of work requirements and mastery of the subject matter, including an explanation of how the work will be performed. Proposals which include limited responses to work requirements such as "concur" or "will comply" will receive a lower ranking than those Proposals that demonstrate an understanding of the work requirements and include plans to meet or exceed them.

6.2.2 Experience and Qualifications of Proposed Staff (See RFP § 5.3.2.G)

6.2.3 Offeror Qualifications and Capabilities, including proposed subcontractors (See RFP § 5.3.2.H)

6.2.4 Economic Benefit to State of Maryland (See RFP § 5.3.2.O)

6.2.5 The Offeror shall provide examples of the following:

1. Training manuals and/or materials;
2. Materials for presentations;
3. Citations for Research; and
4. Newsletters or news bulletins.

6.3 Financial Proposal Evaluation Criteria

All Qualified Offerors (see **Section 6.5.2.D**) will be ranked from the lowest (most advantageous) to the highest (least advantageous) price based on the Total Proposal Price within the stated guidelines set forth in this RFP and as submitted on **Attachment B** - Financial Proposal Form.

6.4 Reciprocal Preference

- 6.4.1 Although Maryland law does not authorize procuring agencies to favor resident Offerors in awarding procurement contracts, many other states do grant their resident businesses preferences over Maryland contractors. COMAR 21.05.01.04 permits procuring agencies to apply a reciprocal preference under the following conditions:
- A. The Maryland resident business is a responsible Offeror;
 - B. The most advantageous Proposal is from a responsible Offeror whose principal office, or principal base of operations is in another state;
 - C. The other state gives a preference to its resident businesses through law, policy, or practice; and
 - D. The preference does not conflict with a Federal law or grant affecting the procurement Contract.
- 6.4.2 The preference given shall be identical to the preference that the other state, through law, policy, or practice gives to its resident businesses.

6.5 Selection Procedures

6.5.1 General

- A. The Contract will be awarded in accordance with the Competitive Sealed Proposals (CSP) method found at COMAR 21.05.03. The CSP method allows for the conducting of discussions and the revision of Proposals during these discussions. Therefore, the State may conduct discussions with all Offerors that have submitted Proposals that are determined to be reasonably susceptible of being selected for contract award or potentially so. However, the State reserves the right to make an award without holding discussions.
- B. With or without discussions, the State may determine the Offeror to be not responsible or the Offeror's Proposal to be not reasonably susceptible of being selected for award at any time after the initial closing date for receipt of Proposals and prior to Contract award.

6.5.2 Selection Process Sequence

- A. A determination is made that the MDOT Certified MBE Utilization and Fair Solicitation Affidavit (**Attachment D-1A**) is included and is properly completed, if there is a MBE goal. In addition, a determination is made that the VSBE Utilization Affidavit and subcontractor Participation Schedule (**Attachment E-1**) is included and is properly completed, if there is a VSBE goal.
- B. Technical Proposals are evaluated for technical merit and ranked. During this review, oral presentations and discussions may be held. The purpose of such discussions will be to assure a full understanding of the State's requirements and the Offeror's ability to perform the services, as well as to facilitate arrival at a Contract that is most advantageous to the State. Offerors will be contacted by the State as soon as any discussions are scheduled.
- C. Offerors must confirm in writing any substantive oral clarifications of, or changes in, their Technical Proposals made in the course of discussions. Any such written clarifications or changes then become part of the Offeror's Technical Proposal. Technical Proposals are given a final review and ranked.
- D. The Financial Proposal of each Qualified Offeror (a responsible Offeror determined to have submitted an acceptable Proposal) will be evaluated and ranked separately from the Technical evaluation. After a review of the Financial Proposals of Qualified Offerors, the

Evaluation Committee or Procurement Officer may again conduct discussions to further evaluate the Offeror's entire Proposal.

6.5.3 Award Determination

Upon completion of the Technical Proposal and Financial Proposal evaluations and rankings, each Offeror will receive an overall ranking. The Procurement Officer will recommend award of the Contract to the responsible Offeror that submitted the Proposal determined to be the most advantageous to the State. In making this most advantageous Proposal determination, technical factors will receive greater weight with than financial factors.

6.6 Documents Required upon Notice of Recommendation for Contract Award

Upon receipt of a Notification of Recommendation for Contract award, the apparent awardee shall complete and furnish the documents and attestations as directed in Table 1 of **Section 7 – RFP Attachments and Appendices**.

THE REMAINDER OF THIS PAGE IS INTENTIONALLY LEFT BLANK.

7 RFP ATTACHMENTS AND APPENDICES

Instructions Page

A Proposal submitted by the Offeror must be accompanied by the completed forms and/or affidavits identified as “with Proposal” in the “When to Submit” column in Table 1 below. All forms and affidavits applicable to this RFP, including any applicable instructions and/or terms, are identified in the “Applies” and “Label” columns in Table 1.

For documents required as part of the Proposal:

1. For eMMA submissions, submit one (1) copy of each with signatures.

All Offerors are advised that if a Contract is awarded as a result of this solicitation, the successful Offeror will be required to complete certain forms and affidavits after notification of recommended award. The list of forms and affidavits that must be provided is described in Table 1 below in the “When to Submit” column.

For documents required after award, submit three (3) copies of each document within the appropriate number of days after notification of recommended award, as listed in Table 1 below in the “When to Submit” column.

Attachment A. Pre-Proposal Conference Response Form

Solicitation Number 23-00030

Maxwell Database system

A Pre-Proposal conference will be held on September 8, 2022, using the weblink provided on the Key Information Summary Sheet..

Please return this form by September 5, 2022, advising whether or not your firm plans to attend. The completed form should be returned via e-mail to the Procurement Officer at the contact information below:

Afua Tisdale
OFCHS
E-mail: afua.tisdale@maryland.gov

Please indicate:

- _____ Yes, the following representatives will be in attendance.
Attendees (Check the RFP for limits to the number of attendees allowed):
1.
2.
3.
_____ No, we will not be in attendance.

Please specify whether any reasonable accommodations are requested (see RFP § 4.1“Pre-Proposal conference”):

Attachment B. Financial Proposal Instructions & Form

B-1 Financial Proposal Instructions

In order to assist Offerors in the preparation of their Financial Proposal and to comply with the requirements of this solicitation, Financial Proposal Instructions and a Financial Proposal Form have been prepared. Offerors shall submit their Financial Proposal on the Financial Proposal Form in accordance with the instructions on the Financial Proposal Form and as specified herein. Do not alter the Financial Proposal Form or the Proposal may be determined to be not reasonably susceptible of being selected for award. The Financial Proposal Form is to be signed and dated, where requested, by an individual who is authorized to bind the Offeror to the prices entered on the Financial Proposal Form.

The Financial Proposal Form is used to calculate the Offeror's TOTAL Proposal PRICE. Follow these instructions carefully when completing your Financial Proposal Form:

- A) All Unit and Extended Prices must be clearly entered in dollars and cents, e.g., \$24.15. Make your decimal points clear and distinct.
- B) All Unit Prices must be the actual price per unit the State will pay for the specific item or service identified in this RFP and may not be contingent on any other factor or condition in any manner.
- C) All calculations shall be rounded to the nearest cent, e.g., .344 shall be .34 and .345 shall be .35.
- D) Any goods or services required through this RFP and proposed by the vendor at **No Cost to the State** must be clearly entered in the Unit Price, if appropriate, and Extended Price with **\$0.00**.
- E) Every blank in every Financial Proposal Form shall be filled in. Any changes or corrections made to the Financial Proposal Form by the Offeror prior to submission shall be initialed and dated.
- F) Except as instructed on the Financial Proposal Form, nothing shall be entered on or attached to the Financial Proposal Form that alters or proposes conditions or contingencies on the prices. Alterations and/or conditions may render the Proposal not reasonably susceptible of being selected for award.
- G) It is imperative that the prices included on the Financial Proposal Form have been entered correctly and calculated accurately by the Offeror and that the respective total prices agree with the entries on the Financial Proposal Form. Any incorrect entries or inaccurate calculations by the Offeror will be treated as provided in COMAR 21.05.03.03.F, and may cause the Proposal to be rejected.
- H) If option years are included, Offerors must submit pricing for each option year. Any option to renew will be exercised at the sole discretion of the State and comply with all terms and conditions in force at the time the option is exercised. If exercised, the option period shall be for a period identified in the RFP at the prices entered in the Financial Proposal Form.
- I) All Financial Proposal prices entered below are to be fully loaded prices that include all costs/expenses associated with the provision of services as required by the RFP. The Financial Proposal price shall include, but is not limited to, all: labor, profit/overhead, general operating, administrative, and all other expenses and costs necessary to perform the work set forth in the solicitation. Indirect costs (IDC) are allowable and must be capped at 10% of the total cost of the contract. No other amounts will be paid to the Contractor. If labor rates are requested, those amounts shall be fully-loaded rates; no overtime amounts will be paid.
- J) Unless indicated elsewhere in the RFP, sample amounts used for calculations on the Financial Proposal Form are typically estimates for evaluation purposes only. Unless stated otherwise in the RFP, MDH does not guarantee a minimum or maximum number of units or usage in the performance of the Contract.

K) Failure to adhere to any of these instructions may result in the Proposal being determined not reasonably susceptible of being selected for award.

B-1 Financial Proposal Form

The Financial Proposal Form shall contain all price information in the format specified on these pages. Complete the Financial Proposal Form only as provided in the Financial Proposal Instructions. Do not amend, alter or leave blank any items on the Financial Proposal Form. If option years are included, Offerors must submit pricing for each option year. Failure to adhere to any of these instructions may result in the Proposal being determined not reasonably susceptible of being selected for award.

See separate Excel Form labeled, “Attachment B - MDH Maxwell Database System Pricing Sheet.xls”.

Attachment D. Minority Business Enterprise (MBE) Forms

See link at <http://procurement.maryland.gov/wp-content/uploads/sites/12/2018/05/AttachmentDMBE-Forms-1.pdf>.

This solicitation includes a Minority Business Enterprise (MBE) participation goal of 4% and no subgoals.

Attachment E. Veteran-Owned Small Business Enterprise (VSBE) Forms

See link at <http://procurement.maryland.gov/wp-content/uploads/sites/12/2018/04/AttachmentE-VSBEForms.pdf>.

This solicitation includes a VSBE participation goal of 1%.

Attachment F. Maryland Living Wage Affidavit of Agreement for Service Contracts

See link at <http://procurement.maryland.gov/wp-content/uploads/sites/12/2018/04/AttachmentF-LivingWageAffidavit.pdf> to complete the Affidavit.

- A. This contract is subject to the Living Wage requirements under Md. Code Ann., State Finance and Procurement Article, Title 18, and the regulations proposed by the Commissioner of Labor and Industry (Commissioner). The Living Wage generally applies to a Contractor or subcontractor who performs work on a State contract for services that is valued at \$100,000 or more. An employee is subject to the Living Wage if he/she is at least 18 years old or will turn 18 during the duration of the contract; works at least 13 consecutive weeks on the State Contract and spends at least one-half of the employee's time during any work week on the State Contract.
- B. The Living Wage Law does not apply to:
 - (1) A Contractor who:
 - (a) Has a State contract for services valued at less than \$100,000, or
 - (b) Employs 10 or fewer employees and has a State contract for services valued at less than \$500,000.
 - (2) A subcontractor who:
 - (a) Performs work on a State contract for services valued at less than \$100,000,
 - (b) Employs 10 or fewer employees and performs work on a State contract for services valued at less than \$500,000, or
 - (c) Performs work for a Contractor not covered by the Living Wage Law as defined in B(1)(b) above, or B (3) or C below.
 - (3) Service contracts for the following:
 - (a) Services with a Public Service Company;
 - (b) Services with a nonprofit organization;
 - (c) Services with an officer or other entity that is in the Executive Branch of the State government and is authorized by law to enter into a procurement ("Unit"); or
 - (d) Services between a Unit and a County or Baltimore City.
- C. If the Unit responsible for the State contract for services determines that application of the Living Wage would conflict with any applicable Federal program, the Living Wage does not apply to the contract or program.
- D. A Contractor must not split or subdivide a State contract for services, pay an employee through a third party, or treat an employee as an independent Contractor or assign work to employees to avoid the imposition of any of the requirements of Md. Code Ann., State Finance and Procurement Article, Title 18.
- E. Each Contractor/subcontractor, subject to the Living Wage Law, shall post in a prominent and easily accessible place at the work site(s) of covered employees a notice of the Living Wage Rates, employee rights under the law, and the name, address, and telephone number of the Commissioner.

- F. The Commissioner shall adjust the wage rates by the annual average increase or decrease, if any, in the Consumer Price Index for all urban consumers for the Washington/Baltimore metropolitan area, or any successor index, for the previous calendar year, not later than 90 days after the start of each fiscal year. The Commissioner shall publish any adjustments to the wage rates on the Division of Labor and Industry's website. An employer subject to the Living Wage Law must comply with the rate requirements during the initial term of the contract and all subsequent renewal periods, including any increases in the wage rate, required by the Commissioner, automatically upon the effective date of the revised wage rate.
- G. A Contractor/subcontractor who reduces the wages paid to an employee based on the employer's share of the health insurance premium, as provided in Md. Code Ann., State Finance and Procurement Article, §18-103(c), shall not lower an employee's wage rate below the minimum wage as set in Md. Code Ann., Labor and Employment Article, §3-413. A Contractor/subcontractor who reduces the wages paid to an employee based on the employer's share of health insurance premium shall comply with any record reporting requirements established by the Commissioner.
- H. A Contractor/subcontractor may reduce the wage rates paid under Md. Code Ann., State Finance and Procurement Article, §18-103(a), by no more than 50 cents of the hourly cost of the employer's contribution to an employee's deferred compensation plan. A Contractor/subcontractor who reduces the wages paid to an employee based on the employer's contribution to an employee's deferred compensation plan shall not lower the employee's wage rate below the minimum wage as set in Md. Code Ann., Labor and Employment Article, §3-413.
- I. Under Md. Code Ann., State Finance and Procurement Article, Title 18, if the Commissioner determines that the Contractor/subcontractor violated a provision of this title or regulations of the Commissioner, the Contractor/subcontractor shall pay restitution to each affected employee, and the State may assess liquidated damages of \$20 per day for each employee paid less than the Living Wage.
- J. Information pertaining to reporting obligations may be found by going to the Division of Labor and Industry website <http://www.dllr.state.md.us/labor/prev/livingwage.shtml> and clicking on Living Wage for State Service Contracts.

Attachment L. Location of the Performance of Services Disclosure

This solicitation does not require a Location of the Performance of Services Disclosure.

Attachment M. Contract

Office of Family and Community Services (OFCHS)

Maxwell Database System

23-00030

THIS CONTRACT (the “Contract”) is made this ___ day of _____, 20___ by and between _____ (the “Contractor”) and the STATE OF MARYLAND, acting through the MARYLAND Office of Family and Community Health Services (OFCHS).

In consideration of the promises and the covenants herein contained, the adequacy and sufficiency of which are hereby acknowledged by the parties, the parties agree as follows:

1. Definitions

In this Contract, the following words have the meanings indicated:

- 1.1 “COMAR” means Code of Maryland Regulations.
- 1.2 “Contractor” means the entity first named above whose principal business address is (Contractor’s primary address) and whose principal office in Maryland is (Contractor’s local address), whose Federal Employer Identification Number or Social Security Number is (Contractor’s FEIN), and whose eMaryland Marketplace Advantage vendor ID number is (eMMA Number).
- 1.3 “Financial Proposal” means the Contractor’s [pick one: Financial Proposal or Best and Final Offer (BAFO)] dated _____ (Financial Proposal date or BAFO date).
- 1.4 Minority Business Enterprise (MBE) – Any legal entity certified as defined at COMAR 21.01.02.01B (54) which is certified by the Maryland Department of Transportation under COMAR 21.11.03.
- 1.5 “RFP” means the Request for Proposals for Maxwell Database System Solicitation # 23-00030, and any amendments, addenda, and attachments thereto issued in writing by the State.
- 1.6 “State” means the State of Maryland.
- 1.7 “Technical Proposal” means the Contractor’s Technical Proposal dated. _____ (Technical Proposal date), as modified and supplemented by the Contractor’s responses to requests clarifications and requests for cure, and by any Best and Final Offer.
- 1.8 “Veteran-owned Small Business Enterprise” (VSBE) means A business that is verified by the Center for Verification and Evaluation (CVE) of the United States Department of Veterans Affairs as a veteran-owned small business. See Code of Maryland Regulations (COMAR) 21.11.13.
- 1.9 Capitalized terms not defined herein shall be ascribed the meaning given to them in the RFP.

2. Scope of Contract

- 2.1 The Contractor shall perform in accordance with this Contract and Exhibits A-D, which are listed below and incorporated herein by reference. If there is any conflict between this Contract and the Exhibits, the terms of the Contract shall control. If there is any conflict among the Exhibits, the following order of precedence shall determine the prevailing provision:

Exhibit A – The RFP

Exhibit B – The Contract Affidavit, executed by the Contractor and dated (date of Attachment C)

Exhibit C – The Technical Proposal

Exhibit D – The Financial Proposal

- 2.2 The Procurement Officer may, at any time, by written order, make unilateral changes in the work within the general scope of the Contract. No other order, statement, or conduct of the Procurement Officer or any other person shall be treated as a change or entitle the Contractor to an equitable adjustment under this section. Except as otherwise provided in this Contract, if any change under this section causes an increase or decrease in the Contractor's cost of, or the time required for, the performance of any part of the work, whether or not changed by the order, an equitable adjustment in the Contract price shall be made and the Contract modified in writing accordingly. The Contractor must assert in writing its right to an adjustment under this section within thirty (30) days of receipt of written change order and shall include a written statement setting forth the nature and cost of such claim. No claim by the Contractor shall be allowed if asserted after final payment under this Contract. Failure to agree to an adjustment under this section shall be a dispute under the Disputes clause. Nothing in this section shall excuse the Contractor from proceeding with the Contract as changed.
- 2.3 Without limiting the rights of the Procurement Officer under Section 2.2 above, the Contract may be modified by mutual agreement of the parties, provided: (a) the modification is made in writing; (b) all parties sign the modification; and (c) all approvals by the required agencies as described in COMAR Title 21, are obtained.

3. Period of Performance

- 3.1 The term of this Contract begins on the date the Contract is signed by MDH following any required prior approvals, including approval by the Board of Public Works, if such approval is required (the "Effective Date") and shall continue until _____ ("Initial Term").
- 3.2 In its sole discretion, MDH shall have the unilateral right to extend the Contract for <<enter the number of periods >>, successive <<enter the length of the period>> - <<select either year(s), month(s), or day(s)>> renewal options (each a "Renewal Term") at the prices established in the Contract. "Term" means the Initial Term and any Renewal Term(s).
- 3.3. The Contractor's performance under the Contract shall commence as of the date provided in a written NTP.
- 3.4 The Contractor's obligation to pay invoices to subcontractors providing products/services in connection with this Contract, as well as the audit; confidentiality; document retention; patents, copyrights & intellectual property; warranty; indemnification obligations; and limitations of liability under this Contract; and any other obligations specifically identified, shall survive expiration or termination of the Contract.

4. Consideration and Payment

- 4.1 In consideration of the satisfactory performance of the work set forth in this Contract, MDH shall pay the Contractor in accordance with the terms of this Contract and at the prices quoted in the Financial Proposal. Unless properly modified (see above Section 2), payment to the Contractor pursuant to this Contract, including the Initial Term and any Renewal Term, shall not exceed the Contracted amount.

The total payment under a fixed price Contract or the fixed price element of a combined fixed price – time and materials Contract shall be the firm fixed price submitted by the Contractor in its Financial Proposal.

- 4.2 Unless a payment is unauthorized, deferred, delayed, or set-off under COMAR 21.02.07, payments to the Contractor pursuant to this Contract shall be made no later than 30 days after MDH receipt of a proper invoice from the Contractor as required by RFP section 3.3.

The Contractor may be eligible to receive late payment interest at the rate of 9% per annum if:

- (1) The Contractor submits an invoice for the late payment interest within thirty days after the date of the State's payment of the amount on which the interest accrued; and
- (2) A contract claim has not been filed under State Finance and Procurement Article, Title 15, Subtitle 2, Annotated Code of Maryland.

The State is not liable for interest:

- (1) Accruing more than one year after the 31st day after the agency receives the proper invoice; or
- (2) On any amount representing unpaid interest. Charges for late payment of invoices are authorized only as prescribed by Title 15, Subtitle 1, of the State Finance and Procurement Article, Annotated Code of Maryland, or by the Public Service Commission of Maryland with respect to regulated public utilities, as applicable.

Final payment under this Contract will not be made until after certification is received from the Comptroller of the State that all taxes have been paid.

Electronic funds transfer shall be used by the State to pay Contractor pursuant to this Contract and any other State payments due Contractor unless the State Comptroller's Office grants Contractor an exemption.

- 4.3 In addition to any other available remedies, if, in the opinion of the Procurement Officer, the Contractor fails to perform in a satisfactory and timely manner, the Procurement Officer may refuse or limit approval of any invoice for payment, and may cause payments to the Contractor to be reduced or withheld until such time as the Contractor meets performance standards as established by the Procurement Officer.
- 4.4 Payment of an invoice by MDH is not evidence that services were rendered as required under this Contract.

5. Rights to Records

- 5.1 The Contractor agrees that all documents and materials including, but not limited to, software, reports, drawings, studies, specifications, estimates, tests, maps, photographs, designs, graphics, mechanical, artwork, computations, and data prepared by the Contractor for purposes of this Contract shall be the sole property of the State and shall be available to the State at any time. The State shall have the right to use the same without restriction and without compensation to the Contractor other than that specifically provided by this Contract.
- 5.2 The Contractor agrees that at all times during the term of this Contract and thereafter, works created as a Deliverable under this Contract (as defined in **Section 7.2**), and services performed under this Contract shall be "works made for hire" as that term is interpreted under U.S. copyright law. To the extent that any products created as a Deliverable under this Contract are not works made for hire for the State, the Contractor hereby relinquishes, transfers, and assigns to the State all of its rights, title, and interest (including all intellectual property rights) to all such products created under this Contract, and will cooperate reasonably with the State in effectuating and registering any necessary assignments.
- 5.3 The Contractor shall report to the Contract Monitor, promptly and in written detail, each notice or claim of copyright infringement received by the Contractor with respect to all data delivered under this Contract.

- 5.4 The Contractor shall not affix any restrictive markings upon any data, documentation, or other materials provided to the State hereunder and if such markings are affixed, the State shall have the right at any time to modify, remove, obliterate, or ignore such warnings.
- 5.5 Upon termination or expiration of the Contract, the Contractor, at its own expense, shall deliver any equipment, software or other property provided by the State to the place designated by the Procurement Officer.

6. Exclusive Use

- 6.1 The State shall have the exclusive right to use, duplicate, and disclose any data, information, documents, records, or results, in whole or in part, in any manner for any purpose whatsoever, that may be created or generated by the Contractor in connection with this Contract. If any material, including software, is capable of being copyrighted, the State shall be the copyright owner and Contractor may copyright material connected with this project only with the express written approval of the State.
- 6.2 Except as may otherwise be set forth in this Contract, Contractor shall not use, sell, sub-lease, assign, give, or otherwise transfer to any third party any other information or material provided to Contractor by MDH or developed by Contractor relating to the Contract, except as provided for in **Section 8. Confidential or Proprietary Information and Documentation**.

7. Patents, Copyrights, and Intellectual Property

- 7.1. All copyrights, patents, trademarks, trade secrets, and any other intellectual property rights existing prior to the Effective Date of this Contract shall belong to the party that owned such rights immediately prior to the Effective Date (“Pre-Existing Intellectual Property”). If any design, device, material, process, or other item provided by Contractor is covered by a patent or copyright or which is proprietary to or a trade secret of another, the Contractor shall obtain the necessary permission or license to permit the State to use such item or items pursuant to its rights granted under the Contract.
- 7.2 Except for (1) information created or otherwise owned by MDH or licensed by MDH from third parties, including all information provided by MDH to Contractor; (2) materials created by Contractor or its subcontractor(s) specifically for the State under the Contract (“Deliverables”), except for any Contractor Pre-Existing Intellectual Property included therein; and (3) the license rights granted to the State, all right, title, and interest in the intellectual property embodied in the solution, including the know-how and methods by which the solution is provided and the processes that make up the solution, will belong solely and exclusively to Contractor and its licensors, and MDH will have no rights to the same except as expressly granted in this Contract. Any SaaS Software developed by Contractor during the performance of the Contract will belong solely and exclusively to Contractor and its licensors. For all Software provided by the Contractor under the Contract, Contractor hereby grants to the State a nonexclusive, irrevocable, unlimited, perpetual, non-cancelable, and non-terminable right to use and make copies of the Software and any modifications to the Software. For all Contractor Pre-Existing Intellectual Property embedded in any Deliverables, Contractor grants to the State a license to use such Contractor Pre-Existing Intellectual Property in connection with its permitted use of such Deliverable. During the period between delivery of a Deliverable by Contractor and the date of payment therefor by the State in accordance with this Contract (including throughout the duration of any payment dispute discussions), subject to the terms and conditions contained herein, Contractor grants the State a royalty-free, non-exclusive, limited license to use such Deliverable and to use any Contractor Materials contained therein in accordance with this Contract.
- 7.3. Subject to the terms of **Section 10**, Contractor shall defend, indemnify and hold harmless the State and its agents and employees, from and against any and all claims, costs, losses, damages, liabilities,

judgments and expenses (including without limitation reasonable attorneys' fees) arising out of or in connection with any third party claim that the Contractor-provided products/services infringe, misappropriate or otherwise violate any third party intellectual property rights. Contractor shall not enter into any settlement involving third party claims that contains any admission of or stipulation to any guilt, fault, liability or wrongdoing by the State or that adversely affects the State's rights or interests, without the State's prior written consent.

- 7.4 Without limiting Contractor's obligations under Section 5.3, if an infringement claim occurs, or if the State or the Contractor believes such a claim is likely to occur, Contractor (after consultation with the State and at no cost to the State): (a) shall procure for the State the right to continue using the allegedly infringing component or service in accordance with its rights under this Contract; or (b) replace or modify the allegedly infringing component or service so that it becomes non-infringing and remains compliant with all applicable specifications.
- 7.5 Except as otherwise provided herein, Contractor shall not acquire any right, title or interest (including any intellectual property rights subsisting therein) in or to any goods, Software, technical information, specifications, drawings, records, documentation, data or any other materials (including any derivative works thereof) provided by the State to the Contractor. Notwithstanding anything to the contrary herein, the State may, in its sole and absolute discretion, grant the Contractor a license to such materials, subject to the terms of a separate writing executed by the Contractor and an authorized representative of the State as well as all required State approvals.
- 7.6 Without limiting the generality of the foregoing, neither Contractor nor any of its subcontractors shall use any Software or technology in a manner that will cause any patents, copyrights or other intellectual property which are owned or controlled by the State or any of its affiliates (or for which the State or any of its subcontractors has received license rights) to become subject to any encumbrance or terms and conditions of any third party or open source license (including, without limitation, any open source license listed on <http://www.opensource.org/licenses/alphabetical>) (each an "Open Source License"). These restrictions, limitations, exclusions and conditions shall apply even if the State or any of its subcontractors becomes aware of or fails to act in a manner to address any violation or failure to comply therewith. No act by the State or any of its subcontractors that is undertaken under this Contract as to any Software or technology shall be construed as intending to cause any patents, copyrights or other intellectual property that are owned or controlled by the State (or for which the State has received license rights) to become subject to any encumbrance or terms and conditions of any open source license.
- 7.7 The Contractor shall report to MDH promptly and in written detail, each notice or claim of copyright infringement received by the Contractor with respect to all Deliverables delivered under this Contract.
- 7.8 The Contractor shall not affix (or permit any third party to affix), without the State, and if such markings are affixed, the MDH shall have the right at any time to modify, remove, obliterate, or ignore such warnings.

8. Confidential or Proprietary Information and Documentation

- 8.1 Subject to the Maryland Public Information Act and any other applicable laws including, without limitation, HIPAA, the HI-TECH Act, and the Maryland Medical Records Act and regulations promulgated pursuant thereto, all confidential or proprietary information and documentation relating to either party (including without limitation, any information or data stored within the Contractor's computer systems or cloud infrastructure, if applicable) shall be held in confidence by the other party. Each party shall, however, be permitted to disclose, as provided by and consistent with applicable law, relevant confidential information to its officers, agents, and Contractor Personnel to the extent that such disclosure is necessary for the performance of their duties under

this Contract. Each officer, agent, and Contractor Personnel to whom any of the State's confidential information is to be disclosed shall be advised by Contractor provided that each officer, agent, and Contractor Personnel to whom any of the State's confidential information is to be disclosed shall be advised by Contractor of the obligations hereunder, and bound by, confidentiality at least as restrictive as those of set forth in this Contract.

- 8.2 The provisions of this section shall not apply to information that: (a) is lawfully in the public domain; (b) has been independently developed by the other party without violation of this Contract; (c) was already rightfully in the possession of such party; (d) was supplied to such party by a third party lawfully in possession thereof and legally permitted to further disclose the information; or (e) which such party is required to disclose by law.

9. Loss of Data

- 9.1 In the event of loss of any State data or records where such loss is due to the act or omission of the Contractor or any of its subcontractors or agents, the Contractor shall be responsible for restoring or recreating, as applicable, such lost data in the manner and on the schedule set by the Contract Monitor. The Contractor shall ensure that all data is backed up and recoverable by the Contractor. At no time shall any Contractor actions (or any failures to act when Contractor has a duty to act) damage or create any vulnerabilities in data bases, systems, platforms, and applications with which the Contractor is working hereunder.
- 9.2 In accordance with prevailing Federal or state law or regulations, the Contractor shall report the loss of non-public data as directed in **RFP Section 3.7**.
- 9.3 Protection of data and personal privacy (as further described and defined in RFP Section 3.8) shall be an integral part of the business activities of the Contractor to ensure there is no inappropriate or unauthorized use of State information at any time. To this end, the Contractor shall safeguard the confidentiality, integrity and availability of State information and comply with the conditions identified in **RFP Section 3.7**.

10. Indemnification and Notification of Legal Requests

- 10.1. At its sole cost and expense, Contractor shall (i) indemnify and hold the State, its employees and agents harmless from and against any and all claims, demands, actions, suits, damages, liabilities, losses, settlements, judgments, costs and expenses (including but not limited to attorneys' fees and costs), whether or not involving a third party claim, which arise out of or relate to the Contractor's, or any of its subcontractors', performance of this Contract and (ii) cooperate, assist, and consult with the State in the defense or investigation of any such claim, demand, action or suit. Contractor shall not enter into any settlement involving third party claims that contains any admission of or stipulation to any guilt, fault, liability or wrongdoing by the State or that adversely affects the State's rights or interests, without the State's prior written consent.
- 10.2. The State has no obligation: (i) to provide legal counsel or defense to the Contractor or its subcontractors in the event that a suit, claim or action of any character is brought against the Contractor or its subcontractors as a result of or relating to the Contractor's obligations or performance under this Contract, or (ii) to pay any judgment or settlement of any such suit, claim or action. Notwithstanding the foregoing, the Contractor shall promptly notify the Procurement Officer of any such claims, demands, actions, or suits.
- 10.3. Notification of Legal Requests. In the event the Contractor receives a subpoena or other validly issued administrative or judicial process, or any discovery request in connection with any litigation, requesting State Pre-Existing Intellectual Property, of other information considered to be the property of the State, including but not limited to State data stored with or otherwise accessible by the Contractor, the Contractor shall not respond to such subpoena, process or other legal request

without first notifying the State, unless prohibited by law from providing such notice. The Contractor shall promptly notify the State of such receipt providing the State with a reasonable opportunity to intervene in the proceeding before the time that Contractor is required to comply with such subpoena, other process or discovery request. .

11. Non-Hiring of Employees

No official or employee of the State, as defined under Md. Code Ann., General Provisions Article, § 5-101, whose duties as such official or employee include matters relating to or affecting the subject matter of this Contract, shall, during the pendency and term of this Contract and while serving as an official or employee of the State, become or be an employee of the Contractor or any entity that is a subcontractor on this Contract.

12. Disputes

This Contract shall be subject to the provisions of Md. Code Ann., State Finance and Procurement Article, Title 15, Subtitle 2, and COMAR 21.10 (Administrative and Civil Remedies). Pending resolution of a claim, the Contractor shall proceed diligently with the performance of the Contract in accordance with the Procurement Officer's decision. Unless a lesser period is provided by applicable statute, regulation, or the Contract, the Contractor must file a written notice of claim with the Procurement Officer within thirty (30) days after the basis for the claim is known or should have been known, whichever is earlier. Contemporaneously with or within thirty (30) days of the filing of a notice of claim, but no later than the date of final payment under the Contract, the Contractor must submit to the Procurement Officer its written claim containing the information specified in COMAR 21.10.04.02.

13. Maryland Law Prevails

- 13.1 This Contract shall be construed, interpreted, and enforced according to the laws of the State of Maryland.
- 13.2 The Maryland Uniform Computer Information Transactions Act (Commercial Law Article, Title 22 of the Annotated Code of Maryland) does not apply to this Contract or any purchase order, , or Notice to Proceed issued thereunder, or any software, or any software license acquired hereunder.
- 13.3 Any and all references to the Maryland Code, annotated and contained in this Contract shall be construed to refer to such Code sections as are from time to time amended.

14. Nondiscrimination in Employment

The Contractor agrees: (a) not to discriminate in any manner against an employee or applicant for employment because of race, color, religion, creed, age, sex, sexual orientation, gender identification, marital status, national origin, ancestry, genetic information, or any otherwise unlawful use of characteristics, or disability of a qualified individual with a disability unrelated in nature and extent so as to reasonably preclude the performance of the employment, or the individual's refusal to submit to a genetic test or make available the results of a genetic test; (b) to include a provision similar to that contained in subsection (a), above, in any underlying subcontract except a subcontract for standard commercial supplies or raw materials; and (c) to post and to cause subcontractors to post in conspicuous places available to employees and applicants for employment, notices setting forth the substance of this clause.

15. Contingent Fee Prohibition

The Contractor warrants that it has not employed or retained any person, partnership, corporation, or other entity, other than a bona fide employee or agent working for the Contractor to solicit or secure the Contract, and that the Contractor has not paid or agreed to pay any person, partnership,

corporation, or other entity, other than a bona fide employee or agent, any fee or any other consideration contingent on the making of this Contract.

16. Non-Availability of Funding

If the General Assembly fails to appropriate funds or if funds are not otherwise made available for continued performance for any fiscal period of this Contract succeeding the first fiscal period, this Contract shall be canceled automatically as of the beginning of the fiscal year for which funds were not appropriated or otherwise made available; provided, however, that this will not affect either the State's or the Contractor's rights under any termination clause in this Contract. The effect of termination of the Contract hereunder will be to discharge both the Contractor and the State from future performance of the Contract, but not from their rights and obligations existing at the time of termination. The Contractor shall be reimbursed for the reasonable value of any nonrecurring costs incurred but not amortized in the price of the Contract. The State shall notify the Contractor as soon as it has knowledge that funds may not be available for the continuation of this Contract for each succeeding fiscal period beyond the first.

17. Termination for Default

If the Contractor fails to fulfill its obligations under this Contract properly and on time, fails to provide any required annual and renewable bond 30 days prior to expiration of the current bond then in effect, or otherwise violates any provision of the Contract, the State may terminate the Contract by written notice to the Contractor. The notice shall specify the acts or omissions relied upon as cause for termination. All finished or unfinished work provided by the Contractor shall, at the State's option, become the State's property. The State shall pay the Contractor fair and equitable compensation for satisfactory performance prior to receipt of notice of termination, less the amount of damages caused by the Contractor's breach. If the damages are more than the compensation payable to the Contractor, the Contractor will remain liable after termination and the State can affirmatively collect damages. Termination hereunder, including the termination of the rights and obligations of the parties, shall be governed by the provisions of COMAR 21.07.01.11B.

18. Termination for Convenience

The performance of work under this Contract may be terminated by the State in accordance with this clause in whole, or from time to time in part, whenever the State shall determine that such termination is in the best interest of the State. The State will pay all reasonable costs associated with this Contract that the Contractor has incurred up to the date of termination, and all reasonable costs associated with termination of the Contract. However, the Contractor shall not be reimbursed for any anticipatory profits that have not been earned up to the date of termination. Termination hereunder, including the determination of the rights and obligations of the parties, shall be governed by the provisions of COMAR 21.07.01.12A (2).

19. Delays and Extensions of Time

- 19.1 The Contractor agrees to prosecute the work continuously and diligently and no charges or claims for damages shall be made by it for any delays or hindrances from any cause whatsoever during the progress of any portion of the work specified in this Contract.
- 19.2 Time extensions will be granted only for excusable delays that arise from unforeseeable causes beyond the control and without the fault or negligence of the Contractor, including but not restricted to, acts of God, acts of the public enemy, acts of the State in either its sovereign or contractual capacity, acts of another Contractor in the performance of a contract with the State, fires, floods, epidemics, quarantine restrictions, strikes, freight embargoes, or delays of subcontractors or suppliers arising from unforeseeable causes beyond the control and without the fault or negligence of either the Contractor or the subcontractors or suppliers.

20. Suspension of Work

The State unilaterally may order the Contractor in writing to suspend, delay, or interrupt all or any part of its performance for such period of time as the Procurement Officer may determine to be appropriate for the convenience of the State.

21. Pre-Existing Regulations

In accordance with the provisions of Section 11-206 of the State Finance and Procurement Article, Annotated Code of Maryland, the regulations set forth in Title 21 of the Code of Maryland Regulations (COMAR 21) in effect on the date of execution of this Contract are applicable to this Contract.

22. Financial Disclosure

The Contractor shall comply with the provisions of Section 13-221 of the State Finance and Procurement Article of the Annotated Code of Maryland, which requires that every business that enters into contracts, leases, or other agreements with the State or its agencies during a calendar year under which the business is to receive in the aggregate, \$200,000 or more, shall within 30 days of the time when the aggregate value of these contracts, leases or other agreements reaches \$200,000, file with the Secretary of State of Maryland certain specified information to include disclosure of beneficial ownership of the business.

23. Political Contribution Disclosure

The Contractor shall comply with Election Law Article, Title 14, Annotated Code of Maryland, which requires that every person that enters into a procurement contract with the State, a county, or a municipal corporation, or other political subdivision of the State, during a calendar year in which the person receives a contract with a governmental entity in the amount of \$200,000 or more, shall file with the State Board of Elections statements disclosing: (a) any contributions made during the reporting period to a candidate for elective office in any primary or general election; and (b) the name of each candidate to whom one or more contributions in a cumulative amount of \$500 or more were made during the reporting period. The statement shall be filed with the State Board of Elections: (a) before execution of a contract by the State, a county, a municipal corporation, or other political subdivision of the State, and shall cover the 24 months prior to when a contract was awarded; and (b) if the contribution is made after the execution of a contract, then twice a year, throughout the contract term, on or before: (i) May 31, to cover the six (6) month period ending April 30; and (ii) November 30, to cover the six (6) month period ending October 31. Additional information is available on the State Board of Elections website:

http://www.elections.state.md.us/campaign_finance/index.html.

24. Retention of Records

The Contractor and subcontractors shall retain and maintain all records and documents in any way relating to this Contract for (i) three (3) years after final payment by the State hereunder, or (ii) any applicable Federal or State retention requirements (such as HIPAA) or condition of award, , whichever is longer, and shall make them available for inspection and audit by authorized representatives of the State, as designated by the Procurement Officer, at all reasonable times. The Contractor shall provide copies of all documents requested by the State, including, but not limited to itemized billing documentation containing the dates, hours spent and work performed by the Contractor and its subcontractors under the Contract. All records related in any way to the Contract are to be retained for the entire time provided under this section.

25. Right to Audit

- 25.1 The State reserves the right, at its sole discretion and at any time, to perform an audit of the Contractor's performance under this Contract. An audit is defined as a planned and documented

independent activity performed by qualified personnel, including but not limited to State and Federal auditors, to determine by investigation, examination, or evaluation of objective evidence from data, statements, records, operations and performance practices (financial or otherwise) the Contractor's compliance with the Contract, including but not limited to adequacy and compliance with established procedures and internal controls over the services performed pursuant to the Contract.

- 25.2 Upon three (3) Business Days' notice, the State shall be provided reasonable access to Contractor's records to perform any such audits. MDH may conduct these audits with any or all of its own internal resources or by securing the services of a third party accounting or audit firm, solely at the MDH's election. MDH may copy any record related to the services performed pursuant to the Contract. The Contractor agrees to fully cooperate and assist in any audit conducted by or on behalf of the State, including, by way of example only, making records and employees available as, where, and to the extent requested by the State and by assisting the auditors in reconciling any audit variances. Contractor shall not be compensated for providing any such cooperation and assistance.
- 25.3 The right to audit shall include any of the Contractor's subcontractors including but not limited to any lower tier subcontractor(s). The Contractor shall ensure MDH has the right to audit such subcontractor(s).

26. Compliance with Laws

The Contractor hereby represents and warrants that:

- a. It is qualified to do business in the State and that it will take such action as, from time to time hereafter, may be necessary to remain so qualified;
- b. It is not in arrears with respect to the payment of any monies due and owing the State, or any department or unit thereof, including but not limited to the payment of taxes and employee benefits, and that it shall not become so in arrears during the Term;
- c. It shall comply with all Federal, State and local laws, regulations, and ordinances applicable to its activities and obligations under this Contract; and
- d. It shall obtain, at its expense, all licenses, permits, insurance, and governmental approvals, if any, necessary to the performance of its obligations under this Contract.

27. Cost and Price Certification

- 27.1 The Contractor, by submitting cost or price information certifies that, to the best of its knowledge, the information submitted is accurate, complete, and current as of the date of its Proposal.
- 27.2 The price under this Contract and any change order or modification hereunder, including profit or fee, shall be adjusted to exclude any significant price increases occurring because the Contractor furnished cost or price information which, as of the date of its Proposal, was inaccurate, incomplete, or not current.

28. Subcontracting; Assignment

The Contractor may not subcontract any of its obligations under this Contract without obtaining the prior written approval of the Procurement Officer, nor may the Contractor assign this Contract or any of its rights or obligations hereunder, without the prior written approval of the Procurement Officer, each at the State's sole and absolute discretion; provided, however, that a Contractor may assign monies receivable under a contract after written notice to the State. Any subcontracts shall include such language as may be required in various clauses contained within this Contract, exhibits, and attachments. The Contract shall not be assigned until all approvals, documents, and affidavits

are completed and properly registered. The State shall not be responsible for fulfillment of the Contractor's obligations to its subcontractors.

29. Limitations of Liability

- 29.1 Contractor shall be liable for any loss or damage to the State occasioned by the acts or omissions of Contractor, its subcontractors, agents or employees as follows:
- (a) For infringement of patents, trademarks, trade secrets and copyrights as provided in **Section 7 "Patents, Copyrights, Intellectual Property"** of this Contract;
 - (b) Without limitation for damages for bodily injury (including death) and damage to real property and tangible personal property; and
 - (c) For all other claims, damages, loss, costs, expenses, suits or actions in any way related to this Contract and regardless of the basis on which the claim is made, Contractor's liability shall not exceed <<two (2) >>times the total value of the Contract or \$1,000,000, whichever is greater. The above limitation of liability is per incident. (d) In no event shall the existence of a subcontract operate to release or reduce the liability of Contractor hereunder. For purposes of this Contract, Contractor agrees that all subcontractors shall be held to be agents of Contractor.
- 29.2 Contractor's indemnification obligations for Third party claims arising under Section 10 ("Indemnification") of this Contract are included in this limitation of liability only if the State is immune from liability. Contractor's indemnification liability for third party claims arising under Section 10 of this Contract shall be unlimited if the State is not immune from liability for claims arising under Section 10.
- 29.3. In no event shall the existence of a subcontract operate to release or reduce the liability of Contractor hereunder. For purposes of this Contract, Contractor agrees that it is responsible for performance of the services and compliance with the relevant obligations hereunder by its subcontractors.

30. Commercial Nondiscrimination

- 30.1 As a condition of entering into this Contract, Contractor represents and warrants that it will comply with the State's Commercial Nondiscrimination Policy, as described under Title 19 of the State Finance and Procurement Article of the Annotated Code of Maryland. As part of such compliance, Contractor may not discriminate on the basis of race, color, religion, ancestry, national origin, sex, age, marital status, sexual orientation, sexual identity, genetic information or an individual's refusal to submit to a genetic test or make available the results of a genetic test or on the basis of disability, or otherwise unlawful forms of discrimination in the solicitation, selection, hiring, or commercial treatment of subcontractors, vendors, suppliers, or commercial customers, nor shall Contractor retaliate against any person for reporting instances of such discrimination. Contractor shall provide equal opportunity for subcontractors, vendors, and suppliers to participate in all of its public sector and private sector subcontracting and supply opportunities, provided that this clause does not prohibit or limit lawful efforts to remedy the effects of marketplace discrimination that have occurred or are occurring in the marketplace. Contractor understands that a material violation of this clause shall be considered a material breach of this Contract and may result in termination of this Contract, disqualification of Contractor from participating in State contracts, or other sanctions. This clause is not enforceable by or for the benefit of, and creates no obligation to, any third party.
- 30.3 As a condition of entering into this Contract, upon the request of the Commission on Civil Rights, and only after the filing of a complaint against Contractor under Title 19 of the State Finance and Procurement Article of the Annotated Code of Maryland, as amended from time to time, Contractor agrees to provide within 60 days after the request a complete list of the names of all subcontractors, vendors, and suppliers that Contractor has used in the past four (4) years on any of its contracts that

were undertaken within the State of Maryland, including the total dollar amount paid by Contractor on each subcontract or supply contract. Contractor further agrees to cooperate in any investigation conducted by the State pursuant to the State Commercial Nondiscrimination Policy as set forth under Title 19 of the State Finance and Procurement Article of the Annotated Code of Maryland, and to provide any documents relevant to any investigation that are requested by the State. Contractor understands that violation of this clause is a material breach of this Contract and may result in Contract termination, disqualification by the State from participating in State contracts, and other sanctions.

- 30.4 The Contractor shall include the language from 30.1, or similar clause approved in writing by MDH, in all subcontracts.

31. Prompt Pay Requirements

- 31.1 If the Contractor withholds payment of an undisputed amount to its subcontractor, MDH at its option and in its sole discretion, may take one or more of the following actions:

- (a) Not process further payments to the Contractor until payment to the subcontractor is verified;
- (b) Suspend all or some of the Contract work without affecting the completion date(s) for the Contract work;
- (c) Pay or cause payment of the undisputed amount to the subcontractor from monies otherwise due or that may become due to the Contractor;
- (d) Place a payment for an undisputed amount in an interest-bearing escrow account; or
- (e) Take other or further actions as appropriate to resolve the withheld payment.

- 31.2 An “undisputed amount” means an amount owed by the Contractor to a subcontractor for which there is no good faith dispute. Such “undisputed amounts” include, without limitation: (a) retainage which had been withheld and is, by the terms of the agreement between the Contractor and subcontractor, due to be distributed to the subcontractor; and (b) an amount withheld because of issues arising out of an agreement or occurrence unrelated to the agreement under which the amount is withheld.

- 31.3 An act, failure to act, or decision of a Procurement Officer or a representative of MDH concerning a withheld payment between the Contractor and a subcontractor under this **section 31**, may not:

- (a) Affect the rights of the contracting parties under any other provision of law;
- (b) Be used as evidence on the merits of a dispute between MDH and the Contractor in any other proceeding; or
- (c) Result in liability against or prejudice the rights of MDH.

- 31.4 The remedies enumerated above are in addition to those provided under COMAR 21.11.03.13 with respect to subcontractors that have contracted pursuant to the MBE program.

- 31.5 To ensure compliance with certified MBE subcontract participation goals, MDH may, consistent with COMAR 21.11.03.13, take the following measures:

- (a) Verify that the certified MBEs listed in the MBE participation schedule actually are performing work and receiving compensation as set forth in the MBE participation schedule. This verification may include, as appropriate:
 - i. Inspecting any relevant records of the Contractor;
 - ii. Inspecting the jobsite; and

- iii. Interviewing subcontractors and workers.

Verification shall include a review of:

- i. The Contractor's monthly report listing unpaid invoices over thirty (30) days old from certified MBE subcontractors and the reason for nonpayment; and
 - ii. The monthly report of each certified MBE subcontractor, which lists payments received from the Contractor in the preceding thirty (30) days and invoices for which the subcontractor has not been paid.
- (b) If MDH determines that the Contractor is not in compliance with certified MBE participation goals, then MDH will notify the Contractor in writing of its findings, and will require the Contractor to take appropriate corrective action. Corrective action may include, but is not limited to, requiring the Contractor to compensate the MBE for work performed as set forth in the MBE participation schedule.
- (c) If MDH determines that the Contractor is in material noncompliance with MBE Contract provisions and refuses or fails to take the corrective action that MDH requires, then MDH may:
- i. Terminate the Contract;
 - ii. Refer the matter to the Office of the Attorney General for appropriate action; or
 - iii. Initiate any other specific remedy identified by the Contract, including the contractual remedies required by any applicable laws, regulations, and directives regarding the payment of undisputed amounts.
- (d) Upon completion of the Contract, but before final payment or release of retainage or both, the Contractor shall submit a final report, in affidavit form under the penalty of perjury, of all payments made to, or withheld from, MBE subcontractors.

32. Living Wage

If a Contractor subject to the Living Wage law fails to submit all records required under COMAR 21.11.10.05 to the Commissioner of Labor and Industry at the Department of Labor, Licensing and Regulation, MDH may withhold payment of any invoice or retainage. MDH may require certification from the Commissioner on a quarterly basis that such records were properly submitted.

33. Use of Estimated Quantities

Unless specifically indicated otherwise in the State's solicitation or other controlling documents related to the Scope of Work, any sample amounts provided are estimates only and MDH does not guarantee a minimum or maximum number of units or usage in the performance of this Contract.

34. Risk of Loss; Transfer of Title

Risk of loss for conforming supplies, equipment, materials and Deliverables furnished to the State hereunder shall remain with the Contractor until such supplies, equipment, materials and Deliverables are received and accepted by the State, following which, title shall pass to the State.

35. Effect of Contractor Bankruptcy

All rights and licenses granted by the Contractor under this Contract are and shall be deemed to be rights and licenses to "intellectual property," and the subject matter of this Contract, including services, is and shall be deemed to be "embodiments of intellectual property" for purposes of and as such terms are used and interpreted under § 365(n) of the United States Bankruptcy Code ("Code") (11 U.S.C. § 365(n) (2010)). The State has the right to exercise all rights and elections under the

Code and all other applicable bankruptcy, insolvency and similar laws with respect to this Contract (including all executory statement of works). Without limiting the generality of the foregoing, if the Contractor or its estate becomes subject to any bankruptcy or similar proceeding: (a) subject to the State's rights of election, all rights and licenses granted to the State under this Contract shall continue subject to the respective terms and conditions of this Contract; and (b) the State shall be entitled to a complete duplicate of (or complete access to, as appropriate) all such intellectual property and embodiments of intellectual property, and the same, if not already in the State's possession, shall be promptly delivered to the State, unless the Contractor elects to and does in fact continue to perform all of its obligations under this Contract.

36. Miscellaneous

- 36.1 Any provision of this Contract which contemplates performance or observance subsequent to any termination or expiration of this Contract shall survive termination or expiration of this Contract and continue in full force and effect.
- 36.2 If any term contained in this Contract is held or finally determined to be invalid, illegal, or unenforceable in any respect, in whole or in part, such term shall be severed from this Contract, and the remaining terms contained herein shall continue in full force and effect, and shall in no way be affected, prejudiced, or disturbed thereby.
- 36.3 The headings of the sections contained in this Contract are for convenience only and shall not be deemed to control or affect the meaning or construction of any provision of this Contract.
- 36.4 This Contract may be executed in any number of counterparts, each of which shall be deemed an original, and all of which together shall constitute one and the same instrument. Signatures provided by facsimile or other electronic means, e.g, and not by way of limitation, in Adobe .PDF sent by electronic mail, shall be deemed to be original signatures.

37. Contract Monitor and Procurement Officer

- 37.1 The State representative for this Contract who is primarily responsible for Contract administration functions, including issuing written direction, invoice approval, monitoring this Contract to ensure compliance with the terms and conditions of the Contract, monitoring MBE and VSBE compliance, and achieving completion of the Contract on budget, on time, and within scope. The Contract Monitor may authorize in writing one or more State representatives to act on behalf of the Contract Monitor in the performance of the Contract Monitor's responsibilities. MDH may change the Contract Monitor at any time by written notice to the Contractor.
- 37.2 The Procurement Officer has responsibilities as detailed in the Contract, and is the only State representative who can authorize changes to the Contract. MDH may change the Procurement Officer at any time by written notice to the Contractor.

38. Notices

All notices hereunder shall be in writing and either delivered personally or sent by certified or registered mail, postage prepaid, as follows:

If to the State:

Jarvis Patterson-Askew
201 W. Preston Street
Baltimore, MD 21201
Phone Number:410-767-
E-Mail: jarvis.pattersonaskew@maryland.gov

With a copy to:

Afua Tisdale
PHPA
201 W. Preston Street
Baltimore, MD 21201
Phone Number: 410-767-5083
E-Mail: afua.tisdale@maryland.gov

If to the Contractor:

(Contractor's Name)
(Contractor's primary address)
Attn: _____

39. Liquidated Damages for MBE

- 39.1 The Contract requires the Contractor to comply in good faith with the MBE Program and Contract provisions. The State and the Contractor acknowledge and agree that the State will incur damages, including but not limited to loss of goodwill, detrimental impact on economic development, and diversion of internal staff resources, if the Contractor does not comply in good faith with the requirements of the MBE Program and MBE Contract provisions. The parties further acknowledge and agree that the damages the State might reasonably be anticipated to accrue as a result of such lack of compliance are difficult to ascertain with precision.
- 39.2 Therefore, upon issuance of a written determination by the State that the Contractor failed to comply in good faith with one or more of the specified MBE Program requirements or MBE Contract provisions, the Contractor shall pay liquidated damages to the State at the rates set forth below. The Contractor expressly agrees that the State may withhold payment on any invoices as a set-off against liquidated damages owed. The Contractor further agrees that for each specified violation, the agreed upon liquidated damages are reasonably proximate to the loss the State is anticipated to incur as a result of such violation.
- (a) Failure to submit each monthly payment report in full compliance with COMAR 21.11.03.13B (3): \$35 per day until the monthly report is submitted as required.
 - (b) Failure to include in its agreements with MBE subcontractors a provision requiring submission of payment reports in full compliance with COMAR 21.11.03.13B (4): \$90 per MBE subcontractor.
 - (c) Failure to comply with COMAR 21.11.03.12 in terminating, canceling, or changing the scope of work/value of a contract with an MBE subcontractor and amendment of the MBE participation schedule: the difference between the dollar value of the MBE participation commitment on the MBE participation schedule for that specific MBE firm and the dollar value of the work performed by that MBE firm for the Contract.
 - (d) Failure to meet the Contractor's total MBE participation goal and sub goal commitments: the difference between the dollar value of the total MBE participation commitment on the MBE participation schedule and the MBE participation actually achieved.

- (e) Failure to promptly pay all undisputed amounts to an MBE subcontractor in full compliance with the prompt payment provisions of the Contract: \$<<insert appropriate rate following calculation instructions from GOSBA>> per day until the undisputed amount due to the MBE subcontractor is paid.

39.3 Notwithstanding the assessment or availability of liquidated damages, the State reserves the right to terminate the Contract and exercise any and all other rights or remedies which may be available under the Contract or Law.

40. Parent Company Guarantee (If applicable)

(Corporate name of Contractor's Parent Company) hereby guarantees absolutely the full, prompt, and complete performance by (Contractor) of all the terms, conditions and obligations contained in this Contract, as it may be amended from time to time, including any and all exhibits that are now or may become incorporated hereunto, and other obligations of every nature and kind that now or may in the future arise out of or in connection with this Contract, including any and all financial commitments, obligations, and liabilities. (Corporate name of Contractor's Parent Company) may not transfer this absolute guaranty to any other person or entity without the prior express written approval of the State, which approval the State may grant, withhold, or qualify in its sole and absolute subjective discretion. (Corporate name of Contractor's Parent Company) further agrees that if the State brings any claim, action, lawsuit or proceeding against (Contractor), (Corporate name of Contractor's Parent Company) may be named as a party, in its capacity as Absolute Guarantor.

41. Compliance with Federal Health Insurance Portability and Accountability Act (HIPAA) and State Confidentiality Law

41.1 The Contractor acknowledges its duty to become familiar with and comply, to the extent applicable, with all requirements of the Federal Health Insurance Portability and Accountability Act (HIPAA), 42 U.S.C. § 1320d et seq., and implementing regulations including 45 C.F.R. Parts 160 and 164. The Contractor also agrees to comply with the Maryland Confidentiality of Medical Records Act (MCMRA), Md. Code Ann. Health-General §§ 4-301 et seq. This obligation includes:

- (a) As necessary, adhering to the privacy and security requirements for protected health information and medical records under HIPAA and MCMRA and making the transmission of all electronic information compatible with the HIPAA requirements;
- (b) Providing training and information to employees regarding confidentiality obligations as to health and financial information and securing acknowledgement of these obligations from employees to be involved in the Contract; and
- (c) Otherwise providing good information management practices regarding all health information and medical records.

412 Based on the determination by MDH that the functions to be performed in accordance with the scope of work set forth in the solicitation constitute business associate functions as defined in HIPAA, the selected Offeror shall execute a business associate agreement as required by HIPAA regulations at 45 C.F.R. 164.504 and in the form as required by MDH.

413 "Protected Health Information" as defined in the HIPAA regulations at 45 C.F.R. 160.103 and 164.501, means information transmitted as defined in the regulations, that is individually identifiable; that is created or received by a healthcare provider, health plan, public health authority, employer, life insurer, school or university, or healthcare clearinghouse; and that is related to the past, present, or future physical or mental health or condition of an individual, to the provision of healthcare to an individual, or to the past, present, or future payment for the provision of healthcare

to an individual. The definition excludes certain education records as well as employment records held by a covered entity in its role as employer.

42 Hiring Agreement

43 Limited English Proficiency

The Contractor shall provide equal access to public services to individuals with limited English proficiency in compliance with Md. Code Ann., State Government Article, §§ 10-1101 et seq., and Policy Guidance issued by the Office of Civil Rights, Department of Health and Human Services, and MDH Policy 02.06.07.

Appendix 1. – Abbreviations and Definitions

For purposes of this RFP, the following abbreviations or terms have the meanings indicated below:

- A. Acceptable Use Policy (AUP) - A written policy documenting constraints and practices that a user must agree to in order to access a private network or the Internet.
- B. Access – The ability or the means necessary to read, write, modify, or communicate data/information or otherwise use any information system resource.
- C. Application Program Interface (API) – Code that allows two software programs to communicate with each other.
- D. Business Day(s) – The official working days of the week to include Monday through Friday. Official working days excluding State Holidays (see definition of “Normal State Business Hours” below).
- E. Champions- A person housed at the home visiting sites that are “on-site” experts in the Maxwell data management system.
- F. COMAR – Code of Maryland Regulations available on-line at <http://www.dsd.state.md.us/COMAR/ComarHome.html>.
- G. Contract – The Contract awarded to the successful Offeror pursuant to this RFP. The Contract will be in the form of **Attachment M**.
- H. Contract Monitor – The State representative for this Contract who is primarily responsible for Contract administration functions, including issuing written direction, invoice approval, monitoring this Contract to ensure compliance with the terms and conditions of the Contract, monitoring MBE and VSBE compliance, and achieving completion of the Contract on budget, on time, and within scope. The Contract Monitor may authorize in writing one or more State representatives to act on behalf of the Contract Monitor in the performance of the Contract Monitor’s responsibilities. MDH may change the Contract Monitor at any time by written notice to the Contractor.
- I. Contractor – The selected Offeror that is awarded a Contract by the State.
- J. Contractor Personnel – Employees and agents and subcontractor employees and agents performing work at the direction of the Contractor under the terms of the Contract awarded from this RFP.
- K. Data Breach – The unauthorized acquisition, use, modification or disclosure of State data, or other Sensitive Data.
- L. eMMA – eMaryland Marketplace Advantage (see RFP **Section 4.2**).
- M. End Users- Anyone who can use the data management system at the home visiting sites (see RFP Section 2.3)
- N. Enterprise License Agreement (ELA) – An agreement to license the entire population of an entity (employees, on-site contractors, off-site contractors) accessing a software or service for a specified period of time for a specified value.
- O. Healthy Families America – Evidence Based Home Visiting Program (EBHV)
- P. Home Visiting Sites - Evidence based early intervention services for families with children birth-three years old. MIECHV funded home visiting sites are located in Allegany County, Baltimore City, Baltimore County, Caroline County, Dorchester County, Harford County, Prince George’s County, Somerset Count, Washington County and Wicomico.

- Q. Information System – A discrete set of information resources organized for the collection, processing, maintenance, use, sharing, dissemination, or disposition of information.
- R. Information Technology (IT) – All electronic information-processing hardware and software, including: (a) maintenance; (b) telecommunications; and (c) associated consulting services.
- S. Key Personnel – All Contractor Personnel identified in the solicitation as such that are essential to the work being performed under the Contract. See RFP **Sections 3.10**.
- T. Local Time – Time in the Eastern Time Zone as observed by the State of Maryland. Unless otherwise specified, all stated times shall be Local Time, even if not expressly designated as such.
- U. Maxwell- Data Management System for the MD MIECHV Home Visiting Sites
- V. Model Accreditation- Accreditation standards that Evidence Based Home Visiting sites must adhere to. These standards are established in the data management system
- W. Minority Business Enterprise (MBE) – Any legal entity certified as defined at COMAR 21.01.02.01B (54) which is certified by the Maryland Department of Transportation under COMAR 21.11.03.
- X. Normal State Business Hours - Normal State business hours are 8:00 a.m. – 5:00 p.m. Monday through Friday except State Holidays, which can be found at:
<https://dbm.maryland.gov/pages/default.aspx>– keyword: State Holidays.
- Y. Notice to Proceed (NTP) – A written notice from the Procurement Officer that work under the Contract, project, Work Order (as applicable) is to begin as of a specified date. The NTP Date is the start date of work under the Contract, project, Work Order. Additional NTPs may be issued by either the Procurement Officer or the Contract Monitor regarding the start date for any service included within this solicitation with a delayed or non-specified implementation date.
- Z. NTP Date – The date specified in a NTP for work on Contract, project, Work Order to begin.
- AA. Nurse Family Partnership- Evidence Based Home Visiting program
- BB. OFCHS- Office of Family and Community Health Services
- CC. Offeror – An entity that submits a Proposal in response to this RFP.
- DD. Personally Identifiable Information (PII) – Any information about an individual maintained by the State, including (1) any information that can be used to distinguish or trace an individual identity, such as name, social security number, date and place of birth, mother’s maiden name, or biometric records; and (2) any other information that is linked or linkable to an individual, such as medical, educational, financial, and employment information.
- EE. Procurement Officer – Prior to the award of any Contract, the sole point of contact in the State for purposes of this solicitation. After Contract award, the Procurement Officer has responsibilities as detailed in the Contract (**Attachment M**), and is the only State representative who can authorize changes to the Contract. MDH may change the Procurement Officer at any time by written notice to the Contractor.
- FF. Proposal – As appropriate, either or both of the Offeror’s Technical or Financial Proposal.
- GG. Protected Health Information (PHI) – Information that relates to the past, present, or future physical or mental health or condition of an individual; the provision of health care to an individual; or the past, present, or future payment for the provision of health care to an

individual; and (i) that identifies the individual; or (ii) with respect to which there is a reasonable basis to believe the information can be used to identify the individual.

- HH. Request for Proposals (RFP) – This Request for Proposals issued by the OFCHS, with the Solicitation Number and date of issuance indicated in the Key Information Summary Sheet, including any amendments thereto.
- II. Security Incident – A violation or imminent threat of violation of computer security policies, Security Measures, acceptable use policies, or standard security practices. “Imminent threat of violation” is a situation in which the organization has a factual basis for believing that a specific incident is about to occur.
- JJ. Security or Security Measures – The technology, policy and procedures that a) protects and b) controls access to networks, systems, and data.
- KK. Sensitive Data - Means PII;PHI; other proprietary or confidential data as defined by the State, including but not limited to “personal information” under Md. Code Ann., Commercial Law § 14-3501(e) and Md. Code Ann., St. Govt. § 10-1301(c) and information not subject to disclosure under the Public Information Act, Title 4 of the General Provisions Article; and information about an individual that (1) can be used to distinguish or trace an individual’s identity, such as name, social security number, date and place of birth, mother’s maiden name, or biometric records; or (2) is linked or linkable to an individual, such as medical, educational, financial, and employment information.
- LL. Service Level Agreement (SLA) - Commitment by the Contractor to MDH that defines the performance standards the Contractor is obligated to meet.
- MM. SLA Activation Date - The date on which SLA charges commence under this Contract, which may include, but to, the date of (a) completion of Transition in, (b) a delivery, or (c) releases of work.
- NN. Software - The object code version of computer programs licensed pursuant to this Contract. Embedded code, firmware, internal code, microcode, and any other term referring to software that is necessary for proper operation is included in this definition of Software. Software includes all prior, current, and future versions of the Software and all maintenance updates and error corrections. Software also includes any upgrades, updates, bug fixes or modified versions or backup copies of the Software licensed to the State by Contractor or an authorized distributor.
- OO. Software as a Service (SaaS) - A software licensing and delivery model in which software is licensed on a subscription basis and is centrally hosted. For the purposes of this RFP, the terms SaaS and PaaS are considered synonymous and the term SaaS will be used throughout this document.
- PP. Solution - All Software, deliverables, services and activities necessary to fully provide and support the RFP scope of work. This definition of Solution includes all System Documentation developed as a result of this Contract. Also included are all Upgrades, patches, break/fix activities, enhancements and general maintenance and support of the Solution and its infrastructure.
- QQ. State – The State of Maryland.
- RR. Source Code – Executable instructions for Software in its high level, human readable form which are in turn interpreted, parsed and/or compiled to be executed as part of a computing system.

- SS. System Availability – The period of time the Solution works as required excluding non-operational periods associated with planned maintenance.
- TT. System Documentation – Those materials necessary to wholly reproduce and fully operate the most current deployed version of the Solution in a manner equivalent to the original Solution including, but not limited to:
- 1) Source Code: This includes source code created by the Contractor or subcontractor(s) and source code that is leveraged or extended by the Contractor for use in the Contract;
 - 2) All associated rules, reports, forms, templates, scripts, data dictionaries and database functionality;
 - 3) All associated configuration file details needed to duplicate the run time environment as deployed in the current deployed version of the system;
 - 4) All associated design details, flow charts, algorithms, processes, formulas, pseudo-code, procedures, instructions, help files, programmer’s notes and other documentation;
 - 5) A complete list of Third Party, open source, or commercial software components and detailed configuration notes for each component necessary to reproduce the system (e.g., operating system, relational database, and rules engine software);
 - 6) All associated user instructions and/or training materials for business users and technical staff, including maintenance manuals, administrative guides and user how-to guides; and
 - 7) Operating procedures.
- UU. Technical Safeguards – The technology and the policy and procedures for its use that protect State Data and control access to it.
- VV. Third Party Software – Software and supporting documentation that:
- 1) are owned by a third party, not by the State, the Contractor, or a subcontractor;
 - 2) are included in, or necessary or helpful to the operation, maintenance, support or modification of the Solution; and
 - 3) are specifically identified and listed as Third Party Software in the Proposal.
- WW. Total Proposal Price - The Offeror’s total price for goods and services in response to this solicitation, included in Financial Proposal **Attachment B** – Financial Proposal Form.
- XX. Trainer- Person or persons responsible for successfully training all home visiting sites on Maxwell, any changes to Maxwell along with updates to the Maxwell Data Base System.
- YY. Upgrade - A new release of any component of the Solution containing major new features, functionality and/or performance improvements.
- ZZ. Veteran-owned Small Business Enterprise (VSBE) – A business that is verified by the Center for Verification and Evaluation (CVE) of the United States Department of Veterans Affairs as a veteran-owned small business. See Code of Maryland Regulations (COMAR) 21.11.13.

Appendix 2. Offeror Information Sheet

See link at http://procurement.maryland.gov/wp-content/uploads/sites/12/2018/04/Appendix2-Bidder_OfferorInformationSheet.pdf.
